Honorable Abe D. Waldauer
Commerce Title Building

My dear Abe:

I do not know when I have been quite as happy as to hear about Senior Zwirz. I wish you would tell him how much I should like to be there when the presentation is made. Who knows but what that could be possible, though we must agree at the moment it is very doubtful. Please convey to him my deepest congratulations.

I wish you would write out a little summary of George and the father and I will give you a paragraph about my early connection with the boy and your subsequent interest. I should like to keep that in my personal memory file.

Looking forward to seeing you before too long, and with all good wishes, I am

Very sincerely yours,
