WKCG, New Voice of Kenyon

Kenyon College found that it had a new medium of expression two weeks ago when its own radio station WKCG went on the air for the first time. The new baby's cries were audible on most of Gambier's radio sets, but it took time for the station's technicians to improve the quality of tone, iron out "bugs" and make certain changes in one so young.

Though in its infancy, ambitious staff members are optimistic about the station's future, and are eagerly going ahead with their plans. Suggested several months ago by Dr. John W. Black, head of the Speech Department, designing and construction were undertaken by Nate Marple and Dave Weller during the summer term. This work was completed early in September, at which time three test transmissions were made.

15 Watts, 300 Feet

Operating from a studio in the Speech Building on a frequency of 560 kilocycles and utilizing a 15-watt transmitter in the basement of the Speech Building, WKCG couples its power into the Ohio Power Company lines. In accordance with FCC regulations, the station cannot radiate more than 300 feet from any power line, but this, nevertheless, makes it possible for the station to be picked up in most parts of Gambier.

Growth Expected

Sandy Lindsey, Station Manager, hopes eventually to expand the station's meager facilities, and lengthen its broadcasting hours. At present, WKCG can be tuned in at 3:00 to 5:00 p.m.; and from 6:45 to 8:00 p.m., Monday

Drama Group Plans Five Plays for '46

In the coming year the Dramatic Club intends to present five plays at Kenyon. Two are in production now: Thurber's and Nugent's *The Male Animal* and *Arms and the Man* by George Bernard Shaw. The other three are: *The Wild Duck* by Ibsen, *The Milk-White Flag* by C. H. Hoyt, and Moliere's *Tartuffe*.

SIX ACCEPTED BY HILL PLAYERS

Six new members have been chosen by the Speech Department head, Dr. John W. Black, for the campus Hill Players, an honorary society for recognition of dramatics work. The new members are Phil Fendig, James Hansen, Nevin Kuhl, Stewart Perry, John Swope, and Herschial Welsh.

The membership of this group is ordinarily determined by the former members, but since there were no former Hill Players now on campus, Dr. Black decided to re-institute the group.

These men were qualified by participating in a major capacity in seven play productions and having senior standing in the college. The group is limited to eight members, but all who have qualified to date have been accepted.

through Saturday. The station offers a variety of musical programs including "Symphony Hall", "Platter Parade", "Favorite Melodies," Musical Scrapbook," and "Salutes." Features include "The College Calendar," "Library Annotations," "Science Notes," and "The High School Hour." Sports news may be heard on Monday at 7:15 and on Friday at 7:00 p.m.

Coordinating the activities of the various departments of the station are Messrs. John Hackley, Nevin Kuhl, and Howard Janis.

Profs. Ashford and Eberle Examine ASTP At Denison U. Meeting

Professors W. Ray Ashford and Frederic Eberle were members of a discussion panel at a meeting of the American Association of Teachers of French at Denison University, October 26th.

Since Kenyon had a part in the ASTP Program, the discussion topic, "What profit can we derive from the ASTP experience in the language field?" was particularly significant to the members of Kenyon's Modern Language Department.

Professor Ashford explained the set-up and functioning of the AST Language Program with emphasis on the incentives behind the program.

Captain Eberle criticized reports which had been made on the results of the Army Program. Eberle stated that undeserved publicity had been given to the achievements of the ASTP. The ASTP results, he said, were far from "miraculous" when one considered the facilities at its disposal. The fact that selected students, selected teachers, and large incentives were involved accounted for its high-pressure performance. With the same facilities any institution could well duplicate the results. In ASTP methods, Eberle concluded, there obtained nothing which a progressive teacher of modern languages did not utilize.

Chalmers Plans Music Department To Be Housed in Rosse Hall

Philo Begins 119th Year

The 119th year of Philomathesian Society was begun on Wednesday evening, October 23rd, with the election of officers for the ensuing season. Gordon Newcombe, gained the presidency, Douglas Meldrum, the vice-presidency, and James Pratt, the secretariat.

On October 30th at a short business meeting of the Society, the program committee announced that the first open forum will be held on November 13th and that the subject will be, tentatively, "New Trends in Political and Economic Thought."

College Convocation Confers M.A. on Kenyon

Lloyd Tyrell Kenyon, Fifth Baron of Gredington, for multifarious interests, anticipated achievements, and in celebration of family concern for the College, was granted on October 20th at a special Convocation the honorary Master of Arts degree of Kenyon. Lord Kenyon, educated at Eton and Cambridge, is a member of the Court of Governors of the University of Wales, of the Council and Court of Governors of University College of North Wales of which his father was president and of the Advisory Council on Education for Wales. He has further serious interest in agriculture and paleography.

At the conclusion of the Latin ceremony, Lord Kenyon spoke informally to the audience of students, faculty, and Homecoming alumni, relating his family's pleasant associations with the college. He

Scope of Training to be Left to Professor

President Gordon Keith Chalmers announced this week, in an interview with a *Collegian* reporter, that plans are partially completed for a music department at Kenyon.

No faculty appointment has been made, but a professor of music is scheduled to arrive for the opening of the second semester. The scope of the new department will be left to the discretion of the instructor, but courses in Music Appreciation and Church Music will be offered as well as a number of others. Also plans for an orchestra and a marching band are under consideration.

A temporary building, located between Mather and Rosse halls, will house the newest addition to Kenyon's curriculum. After the completion of the new Field House, the Music Department will use the remodeled basement rooms in Rosse Hall. At that time the auditorium will be completely renovated and will then be used for assemblies, concerts, small, informal dances, and smokers.

A single classroom, containing two pianos, and an office will be the only rooms in the temporary building. More equipment will be installed as the music department grows and moves into larger and permanent quarters. The present record collection, located in Peirce Hall, will be used for instruction purposes, but it will eventually be housed in an especially built room in the new Library.

The actual construction of the Music Building will be delayed until after the completion of the housing units at Harcourt and Bexley. At the opening of the second semester, the men of Kenyon will have a music department to further their liberal education.

Dr. Denham Sutcliffe is the newest member of the faculty to have accepted the society's invitation to membership.

presented to the College three gifts: a Phi Beta Kappa key and Psi Upsilon badge which were presented to Lord Kenyon's father when he visited the college at the Centennial in 1924, and a mourning ring which the first Lord Kenyon had made at the untimely death of his beautiful wife.

During the Homecoming celebrations, Lord Kenyon visited the division parties and was initiated into Delta Phi Fraternity.

Committee Neglects Duty

An Editorial

Although the semester is already in its third week, the all-important Executive Committee, which governs the Assembly Fund and campus business enterprises, is still nonexistent. This Committee, made up of the heads of the various activities committees has yet to be instituted, and its duties are left undone.

The newly-begun laundry service is operating without student consent and control. The College Shop and the candy concession are left unregulated.

The most important duty the Executive Committee is entrusted with—the allocation of funds—is neglected.

This means that no money will go to student activities until some action is taken by the Committee. The Athletic Department, the Speech Department, the *Hika*, and the *KC* will all be operating on their self-determined budgets with the expectation of a certain allocation when the Executive Committee does meet.

If action is not taken in the near future, it will be difficult for the Executive Committee to refuse to agree to the requests of the groups who will petition it for the amounts they have expected and expended. Therefore, the students may have to spend more than they want for the various campus activities to.

Some of the members of the Executive Committee have been elected, but not all. In your own interests demand that the activities committees elect their representatives and begin the performance of their duties.

Canon Demant Speaks As Bedell Lecturer

Under the Bedell Lectureship, V. Auguste Demant, Canon and Chancellor of St. Paul's Cathedral, England, spoke October 28th, and 29th on "A Philosophy of Christian Spirituality."

The Lectureship as established by Bishop and Mrs. Bedell on June 23rd, 1880, was a fund of five thousand dollars to provide for biennial lectures on the Evidences of Natural and Revealed Religion, or the Relation of Science to Religion. Since its founding, the fund has been increased to ten thousand dollars by the transferral of accumulated income to the principal.

Canon Demant has been in the United States lecturing at Berkeley Divinity School, New Haven, Conn.

A 'Clearing House' Needed

Here is one of the many ways in which the new student
government may be put to immediate and convenient use.Complaints have been heard from many students that it was
impossible to attend the meetings of a number of different
campus groups. The reason was simple: too many meetings
were scheduled for the same day and time.This situation can be removed by using an instrument well-
provided-for in the new student constitution: activities com-
mittees (from which elections are held to make up the student
fund-appropriating body). For example, the Discussion Club
Committee, made up of the heads of Philomathesian, Nu Pi
Kappa, International Relations Club, the French Club, et al.
could determine regular and specific days and times for un-
conflicting meetings of the various groups. **The discussion
club heads, acting as a clearing house, should do so immedi-
ately.** They thus assure maximum attendance at their respective
gatherings.

HILLTOPICS

by Sandy Lindsey

The subject of singing down Middle Path has been recurring
of late and we essay to pass a few additional remarks on the
matter for the benefit of those minds not yet nightly set at
ease by brotherly bedtime stories about Kenyon traditions.
Singing down the path, we gather, is a hoary and venerable
heritage and ought to be accorded respect due its traditional
value and also its immediate worth. We are not given to
venerating the past—that smacks slightly of reaction—but
the matter deserves serious consideration. The last issue of
Collegian carried an article on the subject (written by a fresh-
man, no less!) so we must beg your indulgence for being re-
petitious. The book has it that any individual or group of in-
dividuals on the path at the time a group is singing down
should step "quietly" aside and allow the men to go by.
Note the word "quietly." Despite some rare instances the
singing is not unpleasant to the ear and on some occasions
it is downright tuneful! Talking or joining in the singing is not
only bad manners—it ain't cricket!

Speaking of bad manners brings us to an enlargement upon
that theme because the times are ripe for a clear statement
on the subject. We are creatures of appearances, as Plato put it
and as we behave so we are judged. There has been a notice-
able lack of ordinary common courtesy around the campus
of late. Indeed it might be said that a strong air of boorishness
and rudeness is hanging like a pall over the whole campus
community. To be sure there are exceptions, for which let us
be grateful. But on the whole there is a sad lack of gentle-
manliness. We do not suggest that this regrettable atmosphere
is concentrated in any one class but we urgently propose that
some measure be taken to re-establish the traditional relation-
ships between upperclassmen and lower in the fond hope that
the ensuing lessons in discipline and big-brother advice (good,
bad, or indifferent) may make a beginning in the direction of
bringing up the whole spirit and conduct of the student body.
We need to be proud of our Kenyon heritage and the
way to show it forth to the world is by disciplined conduct,
gentlemanly manners, and gracious mien among ourselves and

with others. This is a terribly serious thing and every true
Kenyon man will reflect upon it and act accordingly.

Lest we have palled you with too much that is dry—we think
we can sympathize thoroughly with the several professors
who have not yet stopped thinking and lecturing in terms of
"terms" instead of "semesters." Natch, it's understandable.
We find ourselves so conditioned to the hour-and-a-half
schedule that when the profs go over the regular hour we
don't notice it until we turn up late at the next class.

Tsk. Reminds us of a pome (well, what did you expect?) by
Praed—

I think that some have died of drought,
And some have died of drinking;
I think that naught is worth a thought—
And I'm a fool for thinking!

After that last paragraph the 'pome' takes on new signifi-
cance. Nicht wahr?

Veteran's
News

This column is directed to
the veterans enrolled at Ken-
yon College. In addition to
what occurs here on campus in
regard to former service men,
we will publish important in-
formation from weekly news
releases we are now receiv-
ing from the Veteran's Ad-
ministration Branch Office
No. 6.

Most veterans enrolled have
had, by now, an interview
with either Mr. V. Lee Prior
or Mr. R. W. Schmunk, the
veteran's administrative offi-
cers serving Kenyon. Mr.
Prior is the Asst. Training
Officer and Mr. Schmunk is
the Contact Representative
from the Veterans Adminis-
tration Sub-Regional Office in
Mansfield, Ohio. They will be
in the Speech Building every
Thursday to assist veterans.

The Insurance Division of
the Veteran's Administration
will have the Assembly period
on November 7th. This meet-
ing will be of importance to
veterans at Kenyon.

Mr. Prior will assist vet-
erans in problems relative to
their education or subsistence
allowance. Mr. Schmunk will
be available to assist veterans
in other benefits under the
laws administered by the Vet-
erans Administration such as:
problems relative to National
Service Life Insurance includ-
ing reinstatement and con-
version to permanent plans,
on-the-job training and ap-
prentice training under the
GI Bill of Rights, Vocational
Rehabilitation Training for
disabled veterans, Home,
Farm, or Business Loans guar-
anteed by the government,
out-patient dental or medical

treatment for service con-
nected disabilities, Hospital-
ization, Compensation or Pen-
sions, or any other question
relative to the rights and
benefits of veterans.

If at any time during the
week you have a question re-
garding your status as a for-
mer service man, you may go to
the Speech Building and see
Dr. J. W. Black. The other
day Doctor Black said that
there were still 14 students
who are not completely settled
regarding their eligibility for
college training under the GI
Bill of Rights. At the present
time there are 334 students

Kenyon Yields To Marietta 11

Statistics of the Game

	Marietta	Ken
First downs	13	7
Yards gained, rushing	214	110
Yards gained, passing	73	4
Yards gained, total	287	114
Forward passes attempted	15	11
Forward passes completed	8	1
Forwards intercepted by	2	2
Fumbles	5	5
Own fumbles recov. 0		3
Yards lost on penalties	45	15

Sparked by the fine play of their 145 pound quarterback, Bob Weaver, the Marietta College eleven recovered from a first half quandary to turn back a tired Kenyon team, 12 to 0, before a Homecoming crowd at Benson Bowl on October 19th. The Lords, who had had things pretty much their own way throughout those first two quarters, were no match for their heavier opponents in the second half.

Marietta's first touchdown came midway in the third quarter shortly after Whiting, the Marietta fullback, recovered Vail's fumble on the Kenyon 37 yard line. From there, Glod carried the ball to the 28. Weaver made a first down by gaining one yard on a quarterback sneak. After Glod lost a yard on the next play, Weaver took command again and scored on a brilliant

VERERANS COLUMN (Continued from page 2)

who are or soon will be receiving subsistence from the government. If at any time a student changes his address at Kenyon, that is, if he moves within his division or changes divisions, it is necessary that he file a change-of-address form through the Speech Building. It is Dr. Black's job to be your advocate here at Kenyon and, therefore, if you have any problems, personal or academic, resulting from your veteran status, or need help and advice on filing papers, complaints, or correcting records, come to the Speech Building and discuss them with him.

The following information is taken from a news release and is of importance to all former service men. The National Service Life Insurance

28 yard dash through the entire Kenyon team. Hamister blocked the try for the extra point.

Late in the fourth period, the "Mariettamen" drove 57 yards to score their second touchdown of the afternoon, Glod going over standing up from the one foot line.

Kenyon's only opportunity to get into the "points-for" column knocked loudly in the second quarter when the Purple and White team, in a sustained drive, carried the ball 63 yards to the Marietta goal line, but

(Continued on page 6)

files for World War II veterans of Ohio, Michigan and Kentucky are now located at the Veteran's Administration Branch Office No. 6, 52 South Starling Street, Columbus 8, Ohio. World War II vets in the three-state area will now send their premium payments to the Columbus Branch Office address. It is of the utmost importance that you include complete information, specifically: full name, present mailing address, "N" or "V" insurance certificate numbers, service serial numbers, date of discharge from the service and date of birth.

Government-paid tuition to an educational institution does not place a veteran in a "special privilege" class. Student veterans must abide by all rules and regulations of the institution where they are enrolled. They must maintain satisfactory academic marks. Willful misconduct or unsatisfactory progress are grounds for withdrawal of subsistence and tuition payments. Attendance must be regular. The VA insists on 12 hours work per semester. This can be relaxed, however, by Dr. Black through the VA if sufficient reason is presented.

ALUMNI DANCE

The Kenyon Alumni Association of Northern Ohio has announced a dinner dance to be given Saturday, November 9th at 7:00 P.M. at the Cleveland Club. Jack Horwitz and his band will play. The dinner dance will be semi-formal and five dollars per plate, and undergraduates are invited to attend. Particulars may be obtained from the Alumni Office in North Ascension.

VAIL SPARKS TEAM

Featured this week is a close-up of a member of Kenyon's football team whose name tells the story—Arthur "Sparky" Vail.

Always a conscientious worker on the Purple and White eleven, Sparky has been playing good football since prep school days when he held down the position of guard at the Morgan Park Military Academy and Deerfield Academy.

FULLBACK ARTHUR (SPARKY) VAIL

In Kenyon's line-ups in '41 and '42, Vail left before the next season for the Navy Air Corps and played for the undefeated DePauw team in '43. Incidentally, he was captain of the squad that year. Back again for his last year, Sparky is playing with pre-service teammates, Andy Morgan, G. Collett and George Whittaker. But likable Sparky does not confine his athletic abilities to the Gridiron; he is a main cog on the track team and a good golfer.

Second Outplayed Team Throws Purple and White For Another Loss

For the second time this season an outplayed opponent has been able to take advantage of the "breaks" to defeat a hard playing Kenyon eleven. Capital University turned the trick last Friday afternoon in a mid-October downpour. Playing at home, on Bernlohr Field, the "Caps" scored twice in the opening quarter to win their first victory in five starts.

The game had hardly begun before Capital made its touchdown. "Sparky" Vail received the opening kick-off for Kenyon on the 20 and returned it to the 33. The Lords gained only six yards from scrimmage on their first three tries and on the fourth Vail went back to punt. The pass from center was poor, Vail's kick was blocked, and the Lutheran's left end, "Whitey" Schmidt, carried the ball six yards to score. Sutton's attempted conversion for the extra point hit the upright, and the score stood; Capital 6, Kenyon 0.

A few minutes later, Schmidt definitely established himself as Capital's hero of the day by racing down under Norm Divine's punt to catch Kenyon's substitute halfback, Dave Walther, in his own end zone for a safety. Those two small points proved the margin of victory for the heretofore "winless" Capital team.

The Lords bounced back in the second quarter to score for the first time since last year's Heidelberg game. Starting from their own thirty-five, the boys from Gambier, led by

Groff Collett and Harry Eschenbrenner, went the sixty-five yards to the Capital goal line in a sustained drive, Eschenbrenner going over from the four yard line. The try for the extra point was no good. Capital 8, Kenyon 6.

The playing conditions were such in the second half that neither team could do much of anything. Kenyon's running attack netted only 19 yards and the Caps, 20, in the entire latter thirty minutes of play.

Groff Collett averaged four yards per try rushing from scrimmage, and Harry Eschenbrenner, 3.6 yards. Both backs played heads up ball, the former seeing a full sixty minutes of action.

The defensive work of Vail and Cooke, together with the whole Kenyon line, allowed Divine, Susil, Yontz, and Sutton, the Capital backfield, to gain only 44 yards from scrimmage while the Lords rolled up 134.

Coach Dave Henderson has shifted "Sparky" Vail from the fullback spot to left half in a move that may well remedy whatever ails the Kenyon eleven. Harry Eschenbrenner will replace Vail at fullback.

Kenyon Meets Ashland Tomorrow

Tomorrow Ashland will be host to a jinxed Kenyon eleven at the former's home field. To date Ashland has won 2, lost 2, and tied 1. They lost to Hiram last week 26-12, and tied Mt. Union the week before 6-6. The Mt. Union squad is rated one of the best in the state, although they lost last week to Case 13-0.

Kenyon's opponents Saturday, Ashland, was defeated by Hiram last week. The prospects for a Kenyon victory seem brighter than ever.

The Lords played without the services of Dick Shibley, right guard, who was injured in the Marietta game.

Swimming Season Outlined; Coach Asks for Volunteers

Coach Bob Parmelee started off the 1946-47 swimming season by outlining the program for the coming year. Twenty-four prospects were on hand, with at least ten more expected.

"Training, Study, and Practice," said Bob, "are the only ways we can turn out a winning team." He emphasized NO DRINKING OR SMOKING, including dance weekend. The Lord coach stated that anyone breaking this rule would be cut immediately.

The first practice will be held Monday, Nov. 4, at 9:00 P.M. and will continue on Mon., Wed., and Fri. 9:00 to 10:30 P.M. On Tues., Thurs., and Sat. it will be held 1:30 to 3:00 P.M.

With the first meet less than six weeks off (Dec. 14, Case),

it will take a lot of hard work to get the squad in shape. Incidentally, if there are any back-strokers or distance men who would like to try out for the team, please contact Mr. Parmelee as soon as possible.

It is of interest to note that the Kenyon mermen hold every single Conference record, and the Purple and White Coach expects to keep this record up, and even better it.

CHEERLEADERS ORGANIZE

The reappearance of cheerleaders at Kenyon football games is a welcome one. Bob Angell, Bob Wysong, and "Dusty" Miller voluntarily organized this among themselves, and much praise should be given them. They can only be successful if the entire student body gives them 100 per cent support. (HINT: LEARN THE CHEERS). If any student has some cheers which would be appropriate for Kenyon, please see Bob Angell in N.L. 12.

Pasini Begins Soccer Training

Pat Pasini, organizing a new sport at Kenyon, has begun the long and arduous task of preparing a soccer team for possible intercollegiate competition. Soccer is a game that is fast becoming one of the most popular sports in the country. It is a game that gives the participant fast action and rugged body contact. For the onlookers, it provides an exciting time with many thrills and spills.

From the material that

turned out for practice on the first day, there are many players who have had much experience and show promise of developing into strong aggressive players. Unfortunately they are in a minority, and much drilling in the fundamentals will be necessary before we can ever think of putting a team on the field. However if enough interest is shown in soccer, we can look forward to a good season next year.

INTRAMURALS

Starting out the touch football season with a bang, the Delts added a few more points to their already high (1027) score by turning back a strong Beta nine. The game ended in a 6-6 tie, but in the extra five plays each team was allowed, the Delts came out on top. In case new students are not familiar with the Intramural activity, here is how it works:

A Victory trophy is presented to the division first reaching 2000 points. Points are earned by winning a game, the number of players participating in the contest, and by the team winning the college championship. Men with varsity awards in any sport are prohibited from playing that sport in the Intramural series. Dick Hershberger is president of the Intramural Sports Program. Anyone wishing to know more about this activity can obtain a copy of "A Handbook of Intramural Sports" from Mr. Pasini in Rosse Hall.
