## DIVISIONS TAKE 104 AS RUSHING ENDS

The longest and probably the most wearisome rushing period in recent Kenyon College history came to an end Sunday evening at 6:00 o'clock, and, after the fraternities caught their breaths and counted heads, it was learned that 104 men had been pledged. The largest number of new pledges belong to Phi Chapter of Delta Phi which

has 19, while the smallest number, 5, went into the recently formed Archon Society.

The percentage of men pledged was smaller than usual because many fraternities felt that they could not enlarge their organization much beyond their present crowded conditions. The following are the lists of names of the new pledges:

**DELTA PHI (19)**—John McNaughton, George Pollard, Ralph Briscoe, Dick Wilson, Jim Dun, Bill Harbison, Bob Vetrovsky, Dick Muller, Bill Keyes, Dick Biggs, Ted Church, Bob Wilson, Wayne Bailey, Dave Hamister, Len Burrows, Lee Hirsche, Art Sherwood, Don Brunson, and Jack Gregory.

**DELTA TAU DELTA (16)**—Don Ashman, Bill Bickle, Dick Bickle, Bob Brindley, Jerri Cannon, Tom Carruthers, Bill Coonley, John Carey, Chuck DeWitt, Tony Faust, Jack Greeley, Nick Nichols, Al Smith, Ralph String, Dave Upstill, and George Walker.

**SIGMA PI (14)**—Bud Jones, Bob Robertson, Lew Weingard, Lou Frazier, Bob Johnson, Craig Charlton, Bud Caulfield, John Parker, Hank Edgerton, Pat Houston, Dave Busch, Jim Leavenworth, Fos Harris, and Jerry Criblez.

**ALPHA DELTA PHI (14)**—Tom Averwill, Bob Bailey, Bill Bowman, Dick Chandler, Bob Giffin, Bill Larsen, Dick Lower, Dick Keener, Britt May, Don McElroy, Bill Miller, Warren Palmer, Fred Peake, and Jim Squires.

**PHI KAPPA SIGMA (13)**—Bob Lindberg, John Schlemmer, Bob Emerson, Dan Mason, Dave Hill, Lane Hart, Walt Hwazode-wich, Bart Allen, George Lenz, Bob McCulloch, Jerry Reiley, Dick Takes, and Ed Shepard.

**BETA THETA PI (9)**—Bill Simonds, John Schmidt, Ed Karkow, Forbes Barton, Peyton Pitney, Lee Schermehorn, Fred Holdridge, Bud Siegfried, and Ed Sawyer.

**DELTA KAPPA EPSILON (8)**—George Wilcox, Jack Moses, Tim Gilmore, Bob Hall, Al Wright, William Stump, Peter Crawford, and Bud Jones.

**PSI UPSILON (6)**—David Farnsworth, Bob Bell, Jud Bradford, Bill Orr, Charles Bartlett, and Dave Vogel.

**ARCHONS (5)**—Lex Hoedt, Bud McKinley, Al Keyt, Roger Whiteman, and Harold Duryee.

## Mu Kaps Choose Year's Slate

At elections held last Tuesday evening, Middle Kenyon elected Rex Nelson president, Ed Runge vice-president, Howard Janis treasurer, and Eric Propper secretary. The Independents wish all freshmen to know that they are welcome to visit the division at any time and use the parlor facilities.

## COLLINGS, WILLIAMS TAKE EDITORIAL POSTS

Arthur Barton, of Delta Phi, has announced his resignation as Editor-in-Chief of the *Collegian* and the appointment of Robert A. Collinge, Delta Phi and veteran newspaper man, as his successor. Mr. Collinge has in turn picked the following for his staff:

**Managing Editor:** Charles Williams, veteran, of Beta Theta Pi, has seen news service on the *Albans News*, various Navy papers, and on the news staff of the year's *Collegian*. His job will be the co-ordination of the activities of the other editors.

**Copy Editor:** John Borden, veteran, DKE, has been promoted to his position on last year's staff.

**Feature Editor:** Howard Janis, Middle Kenyon, remains in the same position he occupied on the staff.

**Sports Editor:** Sam Montague, veteran, of Delta Tau Delta, and a figure on the Kenyon sports field, has taken over the sports department and appointed Charles Hering, a Delt, as his assistant.

**Copy Editor:** Don Benny, veteran, of Delta Phi, occupies a new position on the staff. It is hoped that the work of this editor, an captain major, will eliminate any glaring typographical, grammatical, and spelling errors which badly marred last year's issues.

The fact that the new executives represent all but two of the divisions on the Hill should assure those who have, in the past, accused one fraternity of monopoly. Such widespread representation as this should really make the *Collegian* the voice of student opinion rather than the opinion of one division.

Bob Collinge is an old hand at editorships. As editor of the *Trumpet*, the *Camp Shelter*, *Regional Hospital*, *Grapevine*, *Waller*, *Beam*, and on the *Lansing*, *Ann Arbor*, *Michigan State*, he has gained experience which makes him the obvious choice for the job of top man. He brings the *Collegian* from long experience as Associate Editor, News Editor, and Make-up Editor successively. A veteran, Collinge was badly wounded in a similar misfire while on maneu-

## IMPORTANT NOTICE

Students who desire part-time jobs at the college during this school year must make their applications with the Dean's office soon, as the positions are rapidly being filled. Dean Bailey has asked the *COLLEGIAN* to stress the need for rapid action on the part of those students who have not filed as yet, and who desire these jobs.

vers, and was hospitalized for many months. He served overseas in Trinidad.

The new paper is a complete change over last year's issues. It is a weekly rather than a bi-monthly, on newsprint rather than smooth paper, and of tabloid size. By making the paper into a weekly, Collinge now requires a larger staff in order to be able to print more up-to-date news than has previously been possible. The *Collegian* can promise a much more accurate and satisfying series of issues than were printed last semester.

## Whitaker, Pittman Aid World Peace

At the University Summer School of Oslo University, students from 98 colleges and 31 states unanimously adopted the following resolution calling for the establishment of an international student exchange program. Kenyon College was represented unofficially at the summer session by Knowles Pittman and George Whitaker.

The resolution reads as follows: "We are 218 American students from 31 states and 98 colleges.

We are of different background, training and inclination, yet we are united here in the University of Oslo Summer School in our common desire for understanding and knowledge.

Norway has given us her schools, her professors, and her culture.

We, on our part, have tried to do two things: understand Norway and her people, and in turn explain America and its people to Norway.

The United Nations are now meeting around the conference table to make a lasting peace. But peoples make nations. We fear that understanding among nations is impossible unless there is corresponding understanding among peoples.

We 218 Americans have made our peace with Norway and her peoples through our experiences here. But Norway is only one country and we are only 218.

If 218 can be swelled to significant numbers and if our success here can be repeated, then there is truly hope for "One World."

We urge the establishment therefore of an international students exchange program and your cooperation in such a project."

# WELCOME!

## Old Friends Meet On Ocean Trip

An unusual meeting took place a few weeks ago shortly before the unconverted troop transport, "Marine Jumper", set sail for New York from the port of Le Havre with some forty or fifty French students aboard. There, on the dock, Michel Sciama and Roland Margueinaud were introduced by a mutual friend who had learned that both intended to travel to the wilderness of Ohio to pursue their studies in the United States. An exchange of questions revealed the startling coincidence that not only were both men going to Kenyon College, but that they were old schoolmates, having attended the same secondary school, Ecole Alsacienne, in Paris where both men make their homes.

The meeting occurred after the whole group of students had traveled from Paris to Le Havre on a special train. M. Sciama or "Mike," as he is already called, had spoken to a girl on the train with whom he had gone to school. She suggested that he meet M. Margueinaud who was also going to a college in Ohio. And so two French students who had not seen each other for over ten years, took the same train, met the same girl, sailed on the same ship, and were bound for the same destination, Kenyon College. Needless to say, they lost each other in New York. It's a small world but New York is a big place.

## Second Heritage Conference Held

The Second Conference on "The Heritage of the English Speaking Peoples and Their Responsibility" took place on the Hill on September 26, 27, and 28, 1947, featuring an impressive array of speakers and visitors, who were in residence at Gambier throughout the Conference. Indeed, the guest list resembled a veritable "Who is Who?"

Practically every phase of thought found a place on the crowded Conference-agenda, embracing such pertinent topics as Politics, Philosophy, Literature, Manners, Economics, Science, and Government and Labor. Distinguished men and women from all walks of life read papers, presided at sessions, or participated in the always lively and — in the case of the Government and Labor session — somewhat acrimonious discussion. The latter meeting presented Senator Joseph H. Ball (Rep., Minn.) and Mr. Victor G. Reuther, Educational Director of the United Automobile Workers of America, C. I. O. on opposite sides, with Kenyon Trustee Paul G. Hoffman, President of the Studebaker Corp., ably moderating in his delicate capacity of session-chairman.

# Write Us...

With the resumption of classes and conflicts, the *Collegian* presents its first issue to the readers. In this issue some of the old familiar features are again with us. Some new changes have been made, and many more are planned. But the *Collegian* remains as the sole representative of the feelings, opinions, and activities of the students of Kenyon College. In the year ahead, we of the new staff probably shall find many things wrong with the goings on about the campus. We should also be able to point with pride at many things. But, as before, we urge the students and faculty of the school not to just read the paper, but to help us complete our coverage by using our "Letters to the Editor" column as a public forum on anything that comes along that might need commenting on. This column is censored neither by the editors nor by the administration, and offers you the chance to tell the world just how you feel about any issue you choose. This is your newspaper. It has for its sole excuse of existence the representation of the students of Kenyon College to the outside world, and this can only be done with the support of you, the student. Many times we of the staff will have an opinion that will be exactly opposite to that of some of our readers. If these people really believe in their objections, we strongly urge them to write us a letter about it. We'll publish any opinion on any subject, always remembering that we are not immune to the laws of libel, and always acting accordingly. If you agree with the newest ruling by the dean, write us. If you disagree with the latest ruling of the dean, write us. In short, if you have an opinion, write us.

# A Plea...

President Truman has requested that the American public undertake a voluntary food rationing program to conserve food badly needed in Europe. Yet at an institution of supposedly intelligent and public-minded college students, there is an astounding food wastage. The fault is that of the students, not the kitchen staff. Take as an example the two students who last week entered the Commons, loaded their plates with food, decided against its consumption, and left without touching the plates. And yet these two returned for the second shift. If viewed from the selfish point of view, we should conserve to keep the Commons fee from rising with the cost of food by making the best use of what we have and thereby making the money at hand go further.

# Something New...

Everywhere we've looked for the past two weeks we've seen new faces. They belong to the two hundred or so freshmen who have come here, for various reasons, to obtain a college education. They can be classified in three categories: a) the unusual; b) the typical; c) the non-descript.

The number of faces that can be placed in the first category is, of course, small. To elaborate would be to expose myself to charges of slander.

In the second category we'd place all those faces that the gods have sent us to replace the old ones that are no longer with us. Although some of these faces haven't ripened fully, they promise, with age, to develop into a new batch of the same old, revered, Runyonheads that have been here since the school began.

Yes, hard as it may be for many of us old-timers to believe, there lies beneath the fuzz of many of these fuzzies a new "Beak," another 100 proof "Uncle Will," a "Bite," a "Lushwell," a "Sparky," and, perhaps, even a "Feeler." Call them what we will now, in time they will be at the stations of their illustrious forebears.

The third category applies aptly to the remainder of the frosh. At any party they're decorative; in any crowd, attentive; on any job, co-operative; and, generally speaking, damn good guys. But, we'd hate to call them "typical."

# Letters to the Editor

Bratnia Pomoc  
Stowarzyszenie Studentow  
i studentek  
Uniwersytetu Poznanakiego  
Poznan, ul. Czerwonje Armii 7

Dear Friends!

It is the first letter we are writing to you. We should like very much to get into contact with you and your University. We have heard much about you from Mrs. Phyllis Farley, the delegate of "World Student Relief" for Poland.

This organization did a lot of useful help for Polish students: we know that the funds for this purpose are provided from the voluntary contributions of the students from many countries, and particularly from America. We should like then to thank you sincerely for all your gifts like clothes, food and money, that we have got thanks to Mrs. Farley. You can be quite sure that we do get everything you send us, and that your gifts are divided properly among those who need them.

But the importance of your action is not only material. The fact, that you are so keen to help others confirms once more that the American Nation is always ready for sacrifices for the good of Manhood.

As to our working and living conditions—undoubtedly they are not quite so good as one can imagine. But we are working hard to remove the traces of war devastations, and to improve the standard of living of all the people in our country. Our greatest task at present is rebuilding of our Students Boarding House where about 1000 students lived before the war. It has been completely destroyed by the Germans, and now reconstruction work is going on. Certainly, this task is not easy one. We have got 500 thousand zL for that purpose from Mrs. Farley, but the rebuilding will still last some 2-3 years. We should be delighted if you could come to visit us. All the contacts with foreign fellow-students are very precious to us, and contribute remarkably to create stronger bonds of friendship and mutual understanding.

BRATNIA POMOC  
In name of all our colleagues we send the very best greetings for all of you.

To the Editor of the *Collegian*:

Please publish the following notice in the issue of the *Collegian* next week:

It is requested that the Senior, Junior, Sophomore, and Freshman classes meet **within a week** and hold elections of class officers—President, Secretary and Treasurer. The results of these elections are to be reported to the office of the Dean as soon as elections are held.

## Thespians Open Year's Activities

At the first meeting of the Dramatic Club this fall, President Edward Statler presided. A large amount of important and interesting business was presented and carried upon.

In past years, Dr. J. W. Black, head of the speech department, presented a fare of five plays for presentation by the Dramatic Club. The five plays, which were accepted by the club, are: "The Front Page," Nov. 6, 7, and 8; "Home of the Brave," Dec. 11, 12, and 13; G. B. Shaw's "Heartbreak House," March 4, 5, and 6; "Antigone," April 22, 23, and 24; and a Shakespearean Comedy, "The Taming of the Shrew" or "A Comedy of Errors" on May 27, 28, and 29.

Dr. Black also spoke about the changes in the speech department which include the addition of a new member to the faculty, Dr. James Michael, revision of old courses, and installation of new ones. Dr. Black went on to say that students are now coming to Kenyon because of the Speech department and in the future we will not lose students to other schools.

Plans for revision of entrance requirements to the Dramatic Club were also discussed and they were referred to a committee for action.

## SECOND HERITAGE

(Continued from page 1)

The quality of the papers was such a high level of scholarship that to attempt to single out a high spot would not only be sheer folly but an utter impossibility. Kenyon may well be proud to have had the privilege of being read at this Conference, dedicated to the principles of our liberal heritage — what these principles are and how to keep them.

QUARTERBACK JACK MOONEY.

## Mooney Out For Season

Mt. Vernon, Oct. 14

Latest reports from Mercy Hospital are that Quarterback Jack Mooney, injured in the first quarter of last Saturday's game with Sewanee, was suffering from two cracked vertebrae. Final analysis was this morning. Dr. Drake, in charge of the case, says that Jack will be in the hospital for two weeks, out of football for the rest of the season, but should be able to play basketball. The team can expect to suffer from the loss of its quadruple-

The Kenyon Lords, stringing from an overwhelming defeat at the hands of a surprisingly strong Sewanee eleven, moves to Marietta this Saturday, where they will renew their old rivalry with the Cardinals of Marietta College.

The Marietta team has not shown much this season, dropping two while winning only one, and that from a weak Rio Grande aggregation. There was a lot of talk last year about the weaknesses of last year's Marietta team but Glod and Weaver made things pretty rough for the Purple, as the Cards outplayed the Lords in every division.

Dave Henderson's men will be playing without the services of Jack Mooney, their stellar quarterback, who may not see any more action this season, so the teams' would seem to be evenly matched.

threat quarterback, but Coach Henderson already has found a few combinations that should halt the rumors of backfield weakness.

Jack, a former Willoughby High star, a Beta, and one of the most popular men on the Hill, was last year's president of the Frosh class. On the field, he is always a team player, but one of such natural athletic ability and sportsmanship, that he stands out on any team, whether football, basketball, tennis, or baseball. Although he started out on the second string of last year's squad, he was playing first string quarterback by the third game. His quarterbacking and passing were especially brilliant in the Ashland game.

## MOONEY HURT AS SEWANEE TIGERS RIP LORDS 40-0

According to an old proverb, "One flower makes no garland," but one Flowers certainly played a big role in handing Sewanee College the victory wreath in its game with Kenyon Saturday. Not being content after practically single-handed-

ly defeating the Lords last year.

Chuck Flowers started a 40-0 rout over Coach Dave Henderson's scrappy aggregation by connecting with Tom McKeithen for a 56-yard touchdown pass in the first quarter.

With Flowers again spearheading the onslaught, the Tigers drove to the four-yard line early in the second period. Flowers easily spun off tackle for the score and then settled back while his teammates carried on. Two more touchdowns were made in Sewanee's big second stanza. Captain Reed Bell went 12 yards off tackle for one marker, and Dud Colhoun smashed 4 yards for the other.

Kenyon improved in the second half, holding Coach W. C. White's charges to two tallies. Paul Uhrig, former Lord griddler, cut deeper into the Kenyon wound by intercepting one of John Horner's aerials and galloping 31 yards to pay dirt. Walt Bryant tossed three yards to Tommy Lamb in the final canto, accounting for the last Tiger tally. Ed Hamilton split the uprights on 4 of 6 conversions.

Bright spots for the Kenyon kids were the hard running of Hector Eschenbrenner and Bill Marshall and the peerless defensive performance of Dick Fornoff. Hect gained 67 yards in 14 carries for a 4.8 yard average, while Marshall picked up 22 yards in 7 tries for 3.1.

Kenyon received a damaging blow in the first quarter when Jack Mooney, brilliant quarterback, was injured while returning a kick-off.

### The Line-up:

Kenyon's gridders tore the lid off the 1947 season last Saturday and pulled an armful of dynamite out of the barrel. Coach Dave Henderson's lads displayed a sharp passing attack and a backfield of hard runners in whipping Bluffton 41 to 7.

Paced by Jack Mooney, stellar sophomore quarterback, the Lords scored in every quarter. Mooney not only exhibited plenty of football savvy in his field generalship and ball handling, but also completed 11 of 17 passes for 166 yards and two touchdowns. Mooney proved to be a quadruple-threat back when he skirted end for another touchdown and kicked an extra point.

Kenyon opened the scoring as Mooney heaved a 24 yard scoring aerial to Hal Mallory. Halfbacks Bill Marshall and Ross Haskell added TDs in the second canto on respective runs of one and two yards. Marshall bulled over through center, while Haskell circled the flank.

In the third stanza, Mooney and Sam Montague clicked for 8 yards and a marker. Later in the same period, Center Dick Fornoff blocked a Bluffton punt in the end zone and Dick Paisley

pounced on it for another score. The Beavers got their lone tally when Bill Gleason and Hugh Frost combined for an 82 yard pass play. Gleason booted the extra point. The last Lord TD came in the final frame when Mooney crossed into pay dirt from the three.

"Dead-Eye Dan" Harvey converted 4 of 5 points-after-touch-downs from placement.

Montague and Epps Rixey scintillated at end for the Purple and White. Montague snatched six of Mooney's flips and Rixey pulled in three. Fornoff was a bear on defense, stifling the Beaver backs at many instances.

Hector Eschenbrenner gained the most yardage, via rushing, as he reeled off 85 yards in 17 carries for a 5 yard average.

The new field house, which holds number two priority on the Kenyon Development agenda, will replace the now antiquated Ross Hall facilities. The new field house will contain locker rooms, bowling allies, squash

courts, besides the normal facilities for basketball and intramural sports. Benson Bowl will be turned over to intramurals, with new tennis courts at the north end. The new varsity field will have concrete grandstands and

fences to keep out the usual crowd of non-paying parasites. Construction of this much-needed field house can not begin, of course, until the KDP has reached its goal of over \$2,000,000.
