DANCE WEEK END  
EDITION  
Fall (?) 1949

## Old Kenyon Framework Completed

A milestone in the restoration of Old Kenyon was passed this week when the reinforced concrete framework was completed. Begun August 18, when the first concrete foundations were poured, the job required a little less than fifteen weeks. A total of 1357 cubic yards of concrete were needed to raise the building to its present height of three stories. The construction work on the 122-year old dormitory is now about 28 per cent completed.

The next major task in the restoration will be that of framing the roof and the spire. The structural steel for that purpose will be delivered sometime next month. With the raising of the roof and spire the building will begin to assume the proportions for which it was so well known for nearly a century and a quarter.

For the benefit of Dance Week End guests, following is a short description of the rising "new Old Kenyon":

Inside the present framework, which is being temporarily winterized so that work can continue uninterrupted through the next few months, a modern college dormitory is being fashioned. Space is being utilized on five floors, including the basement and the attic, which never before served any purpose except for storage and Dance Week End. Where there were once tiny bedrooms and cavernous lavatories in the basement, there will now be social quarters for four divisions, equipped with lounges, cardrooms, and reception rooms. There will also be storage rooms.

The next three floors will have lighter, airier rooms, all facing on a center east-west hallway that will reach every stairway in the building. On the top floor, where there have been fraternity parlors for many generations, there will be additional dormitory rooms. An innovation on the south side of the building will be small single rooms running the length of the building between the two wings. Each will have a dormer window.

The new Old Kenyon will house 158 men, 46 more than the old building. It will have vastly improved plumbing and lighting facilities and will be stone, concrete and steel throughout. It is expected to be ready for occupancy by September 1950.

## Big Brother Is Watching You!

# Now Is the Time for All Good Men To Come to the Aid of the Party

## Week End Festivities Erupt Today

Gambier, O. — December 2 — At the hour of noon the students of Kenyon College will silently close their books and usher in the Fall (?) Dance Week End. Quietly the students will prepare themselves for the numerous guests that will predominate on the campus over the week end. A few men will be rushing around Gambier trying to get flowers for the ladies arriving later.

The high spot of any Dance Week End is the formal dance Friday night. This year Ray Anthony will provide the music for the 10 to 3 session. As is customary each year all of the divisions will have parties at which the guests will be honored. Early in the morning a brief recess will be called to allow everyone to gather their scents. During the afternoon everyone will be glued to their radios to hear the Notre Dame — S. M. U. football game. Then, as the evening draws on, the refrains of Jack Melick and his orchestra will be heard rising from Peirce Hall.

The weather promises to be perfect. Meteorologist Canon Watson has given us the latest report: clear and cool. This part of the week end should complete the fine time that everyone will have.

## Library Receives Hillyer Volume

A copy of "The Bedroom Companion, or a Cold Night's Entertainment" was recently received by the Kenyon College Library, according to a Library spokesman.

The volume, which bears the subtitle "Being a Cure for Man's Neuroses, A Sop to His Frustrations, A Nightcap of Forbidden Ballads, Discerning Pictures and Scurrilous Essays, in fine: A Steaming Bracer for the Forgotten Male," is a delightfully executed pot-pourri of shady pieces by such well-known authors as Rex Stout, Philip Wylie, Lucius Beebe, Ogden Nash and William Rose Benet. Discerning and scurrilous cartoons by Abner Dean, Otto Soglow, E. Simms Campbell and Gardner Rea are also included.

It is expected that the book, a gift from the private collection of Prof. Robert Hillyer, will be placed on closed reserve.

## Hill Poet Represented In College Anthology

"Wealth Is the Seed," a poem by Donald Edwards, Junior transfer student, was recently accepted for publication in the Annual Anthology of College Poetry published by the National Poetry Association.

The anthology, "a compilation of the finest poetry written by the college men and women of America," represents every section of the country. According to the NPA, Edwards' poem was one of the relatively few selected from thousands of submitted works.

Woof! Woof!

## Gambier Dogs Plot Mass March on Saturday Dance

BULLETIN — Gambier, December 1 — Less than an hour ago Gambier's terrifying dog-student dispute broke out in violence in the staid dining hall of the Commons as a ferocious member of the fang-dripping army attempted to remove by force the gentle headwaiter who has so often been forced to carry him from the midst of hundreds of frightened students. Luckily, a COLLEGIAN photographer was already under a table with his camera to take this picture of the horrifying spectacle.

About a week before the recently buried Thanksgiving vacation, Gambier residents and transient students may have noticed mystic doings among the local dog population. There were strange sniffings and rubbing of moist noses; tails jiggled and the gossiping under favorite trees increased.

A Collegian reporter, intrigued by the incidents, satisfied his curiosity late Wednesday evening when he investigated a strange swishing and rustling that suddenly brushed through the village. Following a slow spaniel, he uncovered a mass meeting of dogs at Harcourt Place.

As he lay crouched nearby in a damnable uncomfortable position interpreting howls and barks, he learned that the Gambier dogs were planning a mass revolt against the Kenyon student body on the Saturday of the following BIG WEEK END. This is it — revenge for the removal of their brothers from the Commons by brutal headwaiters. This is revolt!

Not breathing or even daring to perspire, our reporter managed to uncover the details of this hideous canine revolt. Their rage is directed against us and our Commons. Therefore, they will wreak revenge on Peirce Hall at the hour of its semi-annual glory. With legs raised on high, they will sully the floors of our festooned Commons in the presence of honored guests.

Something must be done! No Kenyon student must waver; none can stand aside and let our gleaming waxed floor suffer insult. An injustice has been done these unthinking animals. For some reason (God only knows what it is) the dogs of Gambier must be appeased.

The headwaiters have removed the dogs. The Collegian suggests that one of them face up to the horrid delegation. Better yet, let him meet a representative of the

## O.U. President Is Assembly Speaker

"Why Are We Here?" This was the title of a talk given by Dr. John Baker, president of Ohio University, at the College assembly Tuesday morning.

President Baker outlined four reasons for attending college. He stated that a student should not only gain general wisdom and knowledge from his college experience but should also learn to use common acceptable manners. President Baker said that in addition to these two points, American colleges should teach their students to take advantage of the opportunities in a free society and instruct the students in their responsibility to democracy.

He declared that a college degree is no guarantee of a happy life and that students put too much faith in making certain contacts that will provide them with jobs after graduation. "Colleges should focus more attention on liberal arts as a preparation for careers and spend more time in 'personal education,' thereby furnishing a better background for professional and non-professional people," Dr. Baker said in closing.

## Big 'Shows' Planned by Divisions

Fall (?) Dance Week End will start rolling in earnest this afternoon when the first batch of division parties gets under way amid a blast of let-off steam. Details are still in the nebulous stage, but most of the affairs will be open, as in the past.

### Beta Theta Pi

The Betas plan a highball party tonight and, with the Dekes and Alpha Deltas, a combo party from 2 to 5 Saturday afternoon in the Beta lounge.

### Psi Upsilon

Psi U's will have a sea-breeze party this afternoon.

### Sigma Pi, Alpha Delta Phi

Sigma Pi and Alpha Delta Phi are having a traditional formal shrimp-cocktail party tonight and a French 75 party Saturday. Mrs. Jones of Mt. Vernon will cater for the shrimp-cocktail party.

### Delta Phi

The D. P.'s have scheduled an oriental costume party for Saturday afternoon at 7, open only to those in costume. The lounge will be decorated as an opium den.

### Phi Kappa Sigma

The Phi Kaps plan a closed French 75 party before the dance tonight.

### Archon

The Archons are planning two cocktail parties from 3 to 5 this afternoon and Saturday and a hot rum punch party tonight.

### Delta Kappa Epsilon

The Dekes plan a formal banquet tonight at the Alcove and a faculty reception after the banquet until the dance.

### Middle Kenyon

The Mu Kaps are throwing a pre-dance champagne punch party tonight, a Saturday morning breakfast, closed, at the Village Inn, and a Saturday afternoon swimming party followed by a rum punch party, also closed.

### Delta Tau Delta

The Deltas plan a cocktail party this afternoon with cocktails and "Hoover-dooers" served by a "friendly bartender" from the Sunset Club. Tom Carruth plans a Saturday night match box party in room 15, the "blood-shot eye room."

Perplexed oriental husband: "Our child is white. Is velly strange."

Wife: "'Tis true. Two Wongs don't make a white, but occidents will happen."

— Mis-A-Sip.

Mike Schiffer wishes to make it known that he is slowly frosting over. Someone "misappropriated" his camel's-hair overcoat two weeks ago yesterday, and Mike hasn't seen hide or hair(s) of it since. The guilty culprit or absent-minded professor who ran off with the pelt may return it to S. L. 7 with no questions asked, according to shivering Schiffer.

## An Apology

In the Kenyon Collegian of November 18, there appeared a small item concerning the recent shooting at the Delta Tau Delta fraternity house in Columbus, Ohio. The apparent joking manner in which the Collegian treated the tragic death of a neighboring Ohio State University student seemed to many inexcusably crude. As the official undergraduate newspaper of the College, the Collegian reflects the opinions of the College as well as the opinions of the editors.

The item was intended as a harmless joke which stemmed from a local incident and was in no way designed as flagrant jest in the wake of tragedy. Through short-sighted disregard by the editors to possible interpretations by readers who were directly or indirectly affected by the shooting, or who were ignorant of the local connection, the item was printed. The Collegian therefore feels that it owes an apology to the families and friends of the men involved in the shooting, to the Delta Tau Delta fraternity, and to all others who found this particular item distasteful.

W. PILCHER, Editor.

## Woodwind Ensemble Plays To Appreciative Audience

A capacity audience heard the Oberlin Woodwind Ensemble perform at Peirce Hall yesterday in the second of a series of subscription concerts sponsored by Kenyon College this season.

The performance, which was conducted by Oberlin Music Professor George E. Waln, was loudly applauded by the more than 400 people who came to hear the concert from the College and neighboring cities. For the first time this season, the Mount Vernon High School hired a special bus for the concert, and scores of people drove in from Mount Vernon and neighboring towns.

Selections played by the Ensemble included Mozart's Quintet for Piano and Wind Instruments, Chamber Music for Wind Instruments, by Paul Hindemith, and Sextet for Piano and Woodwinds, by Edward Burlingame Hill.

The Ensemble consists of students from the Oberlin Conservatory of Music, and is made up of six pieces: flute, oboe, clarinet, bassoon, French horn, and piano. They played with the same precision and excellence which marked their previous performance in many large Eastern and Midwestern cities, as well as their radio concerts, performed over many of the larger networks.

Future concerts at Peirce Hall will include performances by the Abernethy Trio, bass baritone Paul Matthen, and the Walden String Quartet. According to Professor Paul Schwartz, head of Kenyon's music department, tickets are still available for the remainder of the concerts this season.

## Cynic's Corner

Why don't we look facts in the eye? All the previous confusion regarding Dance Week End was, after all, needless. Perhaps we can show you that such a week end is a luxury we do not need.

We have, in and about our fair community, more outlets for the normal passions of college men than any other university within five miles. Mt. Vernon offers a pleasant atmosphere in which the Kenyon man may easily meet a female (of the opposite sex) and indulge in an evening of intellectual licentiousness or plain simple romance, as he will. The various colleges in Ohio are more than willing to give the Kenyon man his girls and that brings us back to Dance Week End. What, after all, is this highly flouted three days but an opportunity to increase still further the sensual desires of the college man beyond the bonds of human endurance. Surely, the weekly activities are enough to satisfy us, and thus we question the necessity of Dance Week End. After all, what this school lacks in sex, it more than makes up for in frustration.

AMES & CREIGHTON

### CHESTERFIELD WINNER

Arthur Sherwood of Delta Phi won the Chesterfield Award last week for his letter on the recent Student Council decision.

## Another So-So Art Exhibit in Philomathesian

For the last two weeks, Kenyon has been exposed to another mediocre art exhibit. The drawings that are now on display in Philomathesian Hall are the works of a 27-year old artist named Herbert Fink. There are no sparkling pieces among the lot of them, but there are several that stand out.

Mr. Fink, who presents the greater part of his work in pen and ink, shows a thorough understanding of the medium. Though the drawings are by no means incompetent, the repetition of the medium, with one or two exceptions, and the similarity of subject matter do not make the show very interesting. Fink, a good draftsman, controls his medium well.

The reasonably good figure compositions give the desolate quiet feeling that the artist wishes to convey. In these better-than-average drawings, he offsets the figures which are not balanced on the paper with a very linear building in the background. These buildings are done with the barest amount of detail and in their design, they are almost abstract. The exhibit also includes a few portraits. Though his pen line is bold and very strong, he continues to display a good feeling for the solidity and depth of the body.

The most interesting sketches in the group are those which portray perpetual motion. With this type of expression, Mr. Fink is similar to the 20th Century Italian Futurists who have also experimented in a similar manner. Of all the pieces in the show, these show the most imagination and meet with considerable success.

A work of art, a painting, or a sketch should leave the observer with some kind of emotional feeling after seeing it. Mr. Fink's work hardly does that at all. The artist, though an able technician, leaves the viewer unimpressed with an attitude of — "well?" It may be said though that he succeeds more as an illustrator than as a fine artist.

Any of the originals now hanging in Philomathesian Hall may be bought individually at the bookshop for \$30.00.

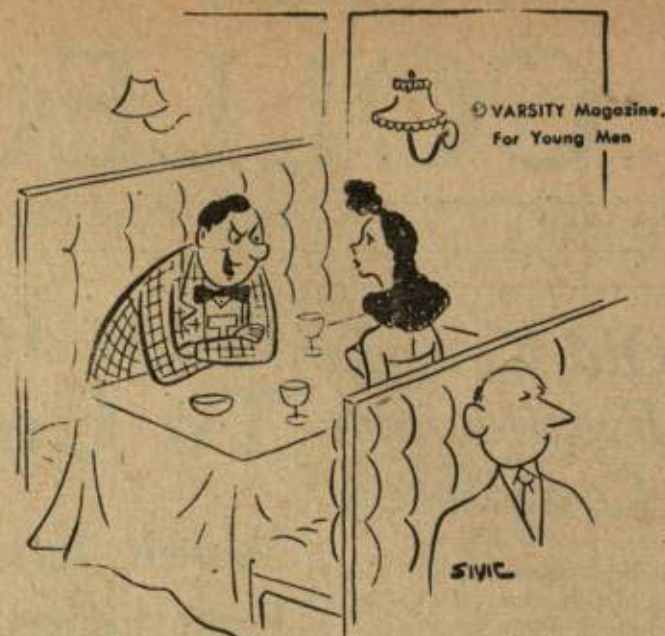

M. S.

## Announce Civil Service Science Aid Examination

The U. S. Civil Service Commission has announced an examination for Physical Science Aid to fill positions paying from \$2,200 to \$3,100 in various Federal agencies in Washington, D. C., and vicinity. The optional branches covered by this examination are chemistry, physics, metallurgy, geology, mathematics, and other branches of physical science except meteorology.

To qualify for these positions, all applicants will be required to take a written test. In addition, for positions paying \$2,450 and above, they must have had from 1 to 4 years of appropriate experience in the physical science. For the higher grades, part of this experience must have been in a specific branch of physical science, depending upon the position for which application is made. Pertinent education may be substituted for the required experience.

Further information and application forms may be obtained from most first- and second-class post offices, from civil service regional offices, or from the U. S. Civil Service Commission, Washington 25, D.C. Applications must be received in the Commission's Washington office not later than December 13, 1949.

## School for Scandal

by Si Lo

It was once suggested that the Kenyon Dance Week End be called Philanderer's Chase, but the Rock Charmers from Gambier's Hill would have none of it. One of the knolly-weds, a resident of Chaste Tower, called it sacrilege and said the shades of the founders would rise if such a move were made. Not wanting the shades to rise the sug-jesters dropped the matter.

What do you think of the liberal arts?  
Why I agree with you Sir,  
Then pat my back  
And I'll pat yours  
And we'll both be good and true, Sir.

Several of the divisions had trouble securing chaperones for the many parties to be thrown over the week end. There was a time when parties were less tame than they are today and chaperones put their names on waiting lists. Could be that unhappy memories keep some faculty couples away. Could also be that happy memories keep others at home on Dance Week End.

Could be.

There have been many sets of rules laid down governing your conduct during Dance Week End. The President, the Dean, the Student Council, each of the Divisions, and the government of Gambier, Knox County, Ohio and the United States, all have put limitations on the amount of enjoyment you can have. There are also the Ten Commandments, which, added to the aforementioned, just about eliminate any possibility of fun for the Kenyon student and his date. By following each of the prescribed rules you are destined to live a long and healthy life. But by crowding any one of them you are almost certain to remember the Fall Dance, 1949, as a happy and adventure-some one.

Wheeling into Gambier yesterday with a special consignment of choice liquor, driver Claude Hammerhonk slowed down long enough to wave at our Collegian photographer. The liquor, donated by Frank Costello, will be auctioned off after the dance tonight by Prof. Ashford, with all proceeds going to the Old Kenyon Reconstruction Fund.

# Lacrosse Team Begins Pre-Season Practice

For the uninitiated, lacrosse, Kenyon's newest spring sport, has started a pre-season warm-up with drills in fundamentals, movies and scrimmages. Yes, the lacrosse bug has bitten early this year and coach Bill Stiles has had his "legalized mayhem" boys out for a two-week outdoor session that terminated yesterday with a preview of some new plays.

The wood-wielders will have to count heavily on new men this year Stiles stated at Wednesday's practice. Even with 15 lettermen returning, this spring's rough schedule will draw heavily on the new prospects as well as the experienced hands.

The defense will be built around Dave Jensen, who will be playing his fourth year of lacrosse at Kenyon and who is co-captain elect with George Alliegro. Ex-halfback star from the Lords' 1947 football team, Paul Buck, has shown unusual talent and improvement during the fall practice. Big Steve Root will also see plenty of action next spring as a new defenseman.

Stiles has been shopping around looking for someone to fill the key position of goalie. He might have just what he is looking for in the person of Bud Meier, who has served in the cage on the hockey rinks.

The attack will be greatly strengthened by Jerry Ellsworth, a transfer sophomore, who has had three years' experience at Mt. Hermon School in Massachusetts. An attack of Whitey Hollen-

bach and high-scorer John Jones from last year's squad plus Ellsworth might be one of the starting trios in the attack circle.

"The midfield positions are wide open and highly speculative," Stiles commented at the close of the outdoor practice tilts. Al Murphy has shown great improvement and will be counted on to fill in one of the open midfield slots next spring. Bob Jones, Bob Corder, Co-Captain George Alliegro, Bob McCullagh, Paul Conn, and Lenny Burrows will add the necessary experience as lettermen to the midfield's scoring punch.

With the help of many new men, the defense will be strong this year. To aid Dave Jensen's mallet mashers, Brent Olmstead, George Holthaus and Lew Weingard will be the returning lettermen.

Next week, the stickmen reluctantly go indoors to the cramped quarters of the field house. The practice schedule will be divided into three days a week with the attack, defense and midfields working separately Wednesday through Friday. The game scrim-

## In the Intramurals

Team	W	L	Pt
Middle Hanna	2	0	10
Middle Leonard	2	0	10
Middle Kenyon	1	0	5
Archon	1	0	5
North Hanna	1	1	5
South Leonard	1	1	5
East Wing	1	1	5
South Hanna	0	1	0
Bexley	0	1	0
Harcourt	0	1	0
North Leonard	0	2	0
West Wing	0	2	0

Continuing from where they left off last season, Middle Hanna has racked up its 9th and 10th consecutive victories by smashing North Leonard, 65-5, and by winning 34-29 over North Hanna. Middle Leonard stayed in the running by beating the East Wing five, 31-25 and topping South Leonard, 30-26. North Hanna, bouncing back after the Middle Hanna defeat, beat South Hanna by nine points.

mage before Thanksgiving vacation indicated that a lot of work must be done on fundamentals this year. Stiles says that he will try to use the southern style of fast passing this spring instead of the slower individual play that is used in the north.

A nine-game tentative schedule has been arranged with seven of the games having set dates. Denison's new team will take its place in the Ohio Lacrosse Conference this year and a home-and-home series has been arranged with the Lords. This will give the Stilesmen six Ohio games and one inter-sectional game with Penn State at State College, Pa. The Friday afternoon of Spring Dance Week End will feature a home contest with the Big Red lacrosse team from Denison. There is a good chance of having two more inter-sectional games with R. P. I., Olympic champs from Troy, N. Y., and Hobart. Lehigh, Lafayette, Drexel and Stevens have all been solicited for games but no replies have been received.

A New England or upper New York State tour is being planned to fill in the first week of spring vacation. Games with Harvard, M. I. T., Tufts and the Boston Lacrosse Club would be on the New England itinerary while R. P. I., Union, Utica College and Army "B" would fill out the New York trek. The trip is highly tentative but would be a great chance for the team to gain some rugged game experience.

By springtime, when the winter sports are concluded and a young man's fancy turns to . . . lacrosse, the wood-waving warriors plan to swell their ranks to a squad of approximately sixty-five men. New recruits are encouraged to try out and, according to Stiles, many of the new men will take over positions held by some of the "old pros" from last year's squad.

# Lords Face Otterbein In Thursday's Opener

With less than one week remaining before the opening game against a tough Otterbein five, the Lord's hardcourt team has been scrimmaging hard in preparation for the rugged season which lies ahead. Led by the two high scoring forwards of last year's record breaking team, Dave Bell and Len Burrows, the Kenyon squad will be faced with the task of overcoming the loss of Eppa Rixey.

The easy-going Rixey not only provided the needed scoring punch for the last three seasons but was also outstanding in his rebounding work under both bank-boards. The problem of overcoming such a loss will mean that the small but faster team of this season will have to rely on their aggressive style of play. To do this Coach Henderson is planning on using a fast break type of offense and a straight man-to-man defense.

Last year's defensive ace, Perry Trinkner, will undoubtedly see a lot of action this season. As for the other two starting positions, Henderson has worked various combinations in practices and will probably not make a final choice on the starting team until game time next Thursday night. Looking good in those two spots have been Ranney Bucey, Chuck DeWitt, Sol Bogen, and Tom Davis. Besides Bert Craig and Gerri Cannon, who have been plagued with injuries, the Kenyon squad is in good physical condition for the opener here next Thursday on the Wertheimer Field House floor.

## Tankmen Prep For First Meet With Case Tech

The Kenyon tankmen have been paddling up and down Shaffer Pool for the past three weeks in preparation for the rapidly approaching swimming season. The team is working hard this week on pacing, as the first meet is December 10 against Case. Coach Bob Parmelee lost quite a few men last year, but is looking forward to a successful season.

There are only two returning lettermen from last year's varsity. These are Captain Harry Lang and George LaBalme. Up from last year's freshman squad are Herb Ullmann, George Christ, Lou Mellen, Dud Fowler, Bob McOwen, Prentiss, Wickham and Jud Speer.

Harry Lang and Herb Ullmann will probably swim the sprints with Lang ploughing through an occasional 440. The backstroke will be handled by George Christ and Lou Mellen, while George LaBalme will swim the breaststroke. Bob McOwen will be the distance man and Fowler, Speer, and Wickham will fill in the distances and the relays. Ullmann will do the diving.

The team doesn't have the depth this year it did last and there are going to be quite a few very close meets. Our rival in the conference again this year will be Oberlin, who has quite a few men returning from last year. Most of our meets are at home this year, the season ending with the conference meet at Oberlin.

## Santa Has New Thrills in Baby Dolls

Catering to all little girls yearning to have a doll just like a real baby, Santa's pack this Christmas will feature Dy-Dee dolls who drink from a bottle, cry, sleep, need diaper changes and take baths. Another new thrill for little doll mothers is a Dy-Dee step-on diaper can which has a sanitary lining just like a real baby's and comes with a clothes line and clothes pins. Another delight will be Mommy's Baby, a new doll that clearly differentiates the syllables of "ma ma" when her tummy or legs are patted.

## "With Silver Bells And Cockle Shells . . ."

The following is from the May, 1947 Dance Week End issue of the Collegian:

"With grass planted and some shrubbery, the Harcourt ground will be one of the most beautiful spots on the Hill."

Uh huh.

Question: "How do chorus girls get mink?"

Answer: "The same way minks get mink."

— Mis-A-Sip.

## Senior Pictures

Mr. Richard Taylor, representative from the MUELLER STUDIOS, will be at the College on Monday, December 5, between the hours of 10 a.m. and 12 noon; 1 p.m. and 6 p.m. Seniors may view their proofs and place orders for pre-Christmas delivery. Mr. Taylor can be contacted in the REVEILLE office.

## Brown Open-house Stars Gambier Social Season

One of the most exciting events of the Gambier social season took place last Wednesday when Mrs. Ray Brown held open-house to celebrate the completion of her new bathroom.

The festivities took a novel turn early in the evening when Mrs. Brown announced that the party would be in the form of a "bathroom warming," and ushered her guests into that section of the household. And a novel and stunning bathroom it is, too! Decorations all follow the latest psychological trend, with sea-green walls embellished with iodine-colored octopi being employed throughout. Mother-of-pearl fixtures complete the harmonious motif. All viewers agreed that it is the most modern and unique bathroom in the Gambier vicinity.

The party exploded into mirthful laughter when Mr. Brown arrived home early from the Bank at 9 p.m. and proceeded to make "Crane Co. Punch," a delightful beverage, in the bathtub. For anyone who was unaware of the meaning of the Punch's name, Mr. Brown explained that all of the plumbing fixtures were manufactured by the Crane Co., hence the name "Crane Co. Punch." The punch was served in delicate antique sea-shells which Mrs. Brown's mother picked off of the beach at Coney Island during her honeymoon.

As each guest left, he or she was presented by Mr. Brown with a ticket good for one hour's use of the facilities of the new chamber, thus adding a note of practicalness to the evening's festivities.

A castaway on a desert island, following another shipwreck, pulled ashore a girl clinging to a barrel.

"How long have you been here?" asked the girl. "Thirteen years," replied the castaway.

"All alone? Then you're going to get something you haven't had for thirteen years," said the girl.

"You don't mean to tell me there's beer in that barrel," said the castaway.

## Gambier Jottings

beer party in Philomathesian Hall. Dr. R. D. Cahall entertained members of the Kinsey Club at a last week. Dr. Cahall lectured on the intimate life of Marie Antoinette, while Wink'em and Drop the Handkerchief were played during the evening. The Kinsey Club is composed of members of the History 11 class.

S. Billings Cummings of Peirce Towers spent the week end.

Gordon Chalmers entertained at the high table in the Commons last Tuesday the President and Secretary of the Brotherhood of Shoelace Manufacturers. Shoelaces were served.

Dr. Charles M. Coffin and Mrs. Coffin sat in their front parlor last Sunday.

There was a young lady named Maude,  
A sort of society fraud.  
In the parlor, 'tis told,  
She was distant and cold,  
But on the veranda, my Gawd!  
— Mis-A-Sip.

Dr. Maxwell Elliott Power wishes to announce that it was another Maxwell Elliott Power who was sentenced to the penitentiary last week for a child-bride slaying.

Mr. David H. Pendleton was confined to his quarters in Middle Kenyon last Wednesday morning. He was also a Mt. Vernon visitor last Tuesday nite.

Mr. John S. Tomassene called on Mrs. Gordon Keith Chalmers last week. Mr. Chalmers is President of Kenyon College.

Mrs. John Crowe Ransom wishes to announce that several part-collie puppies will be available for adoption in about 57 days.

Mr. Teddy LeRoy Styers wishes to thank his many friends who have already presented him with bottles of liquid refreshment in anticipation of the Dance Week End festivities.

Mary had a little car  
She drives it very brisk.  
But Mary doesn't care, you see  
She only has her \*.  
— Mis-A-Sip.

The  
Rector and Friar  
on  
DANCE WEEK END

"... Of course I only had a drop of sherry, but they wouldn't even listen!"

Beneath this stone a virgin lies,  
For her, life held no terrors.  
Born a virgin, died a virgin —  
No hits — no runs — no errors.  
— Mis-A-Sip.

Reporter (to visiting Frenchman): "And what are you most interested in over here in America, Duke?"

The Duke: "I wish to meet that famous Mrs. Beach who had so many sons in the last war."  
— Mis-A-Sip.
