KENYON COLLEGIAN

A Journal of Student Opinion

Vol. LXXX May 6, 1954 No. 14

Packing To Come

Women Invade Gambier For Magic Weekend

Telephone and telegraph wires were hot all week with news that Kenyon College, in tiny Gambier, will be the center of the universe this weekend when it plays host to hundreds of beautiful girls from all over these United States. All the various press associations will be in touch with the Publicity Office at the small Ohio college to try to keep up with the latest developments in that event of events, the Kenyon Dance Weekend.

Reports that Life Magazine was to review the festivities were found to be unfounded, but those that suggested the Kenyon Review would add life to the party may have some foundation. Whether or not either of these publications shows up at the college over the weekend, they cannot be expected to show up the COLLEGIAN, whose staff will be working day and night until the situation is back to normal. What the staff will work at was left to the imaginations of the guests.

At Peirce Hall, the Great Hall is expected to be filled to capacity with Terpsichoreans, who will add an international flavor to the affair. There will also be a great number of dancers whose every step will be guided by the music of Sy Oliver and his Orchestra, on Friday night. On Saturday night, Billy Haskel and his Orchestra will play as Kenyon's stalwarts waltz around the dance floor.

The elaborate preparations made by the nine divisions to entertain their guests have been termed "adequate" by an impartial observer, who added that the Maharajah of Indore

was more complete with regard to table linens at one of his recent parties. Parties before and after, as well as during the main dances will form an integral part of the over-all program designed to afford everyone a "good time." For those who long for the great out-of-doors, we have that here, too, and most of the divisions plan to use it for picnics, barbecues, and the like. For the complete story on these parties, see the article on them elsewhere on this page.

KENYON GOES CO-ED COMBINES WITH L. ERIE

D. W. of Past Never Dull

Turn backward, turn backward, O time in thy flight. What of past Dance Week-ends? A glance at some back numbers of the Collegian has yielded contrast, parallels and other interesting material about the dance weekend of the past.

Take, for example, last year's dance week-end issue. No women in dorms without chaperones was the Administration's edict. To counter-act this measure, the Collegian as a public service advertised tents, mosquito netting and all other "necessary equipment" for an outdoor date.

There was this article in the Collegian in 1949, which sounds vaguely familiar. "Social Committee Cancels Johnny Long's Engagement." In this same paper, there was a column entitled the "Voice of Experience" which "Tells How to Act On a First and Only Date." It seems that it was a "syndicated column appearing in trade journals and plain envelopes from coast to coast."

Back in 1943, there was also a housing problem, only of a different nature. In an article about it, was this statement, "Alpha Delta Phi and Delta Kappa Epsilon, who expected to be living in the Alumni House by dance weekend" (The army occupied Old Kenyon), will vacate it for their guests." Well, frosh?

(Continued on page 4)

During the past week final arrangements have been completed for launching Kenyon College into a new era of its history. The administration, the trustees, and the alumni council have spent seven months in serious deliberation over an issue which, if put into effect, would completely sever the school from the 130 years of Kenyon tradition and ideals.

At last, thousands of idle wishes have received a concrete answer. THE COLLEGIAN announces, that the administration says that Kenyon definitely will become a coeducational institution when classes meet September 21, 1954.

Divisions List Parties

On Friday night, from 9 to 12, the Dekes are throwing an open house for the faculty with everything being served except the kitchen sink. Then with their dates, or equivalents, they will wander to the activity in Peirce Hall.

Saturday afternoon will feature a picnic — go somewhere in Ohio. If they do manage to return to Gambier, a hootch party will be held. Sunday afternoon will feature their usual tapering off party.

Bourbon and gin will be the headline attractions as the ADP's begin the weekend. They will be joined by the Taylors and the Longakers.

Saturday afternoon, Rusty Bryant and his Columbus combo will be enjoyed. This is to be followed by a picnic with the Psi U's. An 8:30 evening party at West Wing has been scheduled. Following the dance, beer with the dwellers of North Leonard is to be had.

Friday evening will be spent at a quiet cocktail party in the Psi U parlor. A combo-beer-on-tap afternoon will be spent Saturday with a joint picnic with the ADP's following.

A Vodka Orange Blossom

(Continued on page 4)

Kenyon's administration has frequently been confronted with suggestions that the school be made coeducational or, at least, affiliate with a women's college. With lack of support, from the alumni in particular, the suggestions never reached serious consideration.

Last October, however, during alumni homecoming, a situation arose which regained attention for the "pro-coeds" and, for the first time, offered them an effective means of persuasion. During the alumni meeting, Mr. J. Ashland Prescott offered an endowment to Kenyon College. The stipulations on the endowment ignited a heated controversy. Mr. Prescott offered to enrich the school by 3 million dollars on the condition that Kenyon College and Lake Erie College for Women be incorporated into a coeducational institution here at Gambier.

The alumni body agreed to allow the proposition to be considered by their council which would form the planning committee along with the trustees and present administrators. The committee labored at full speed to draw up tentative plans for establishing such a school. Lake Erie at first turned down the idea, but just after the beginning of this year, agreed to reconsider the matter and finally agreed when the plan proved feasible.

In the transformation from a man's college it was found that an endless series of problems arose concerning new administration, housing, social regulations, and changes in academic procedures. On Monday, May 3rd, the outlined proposal was formally approved by both Lake Erie and Kenyon colleges, and contracts for construction of buildings were signed.

We have been told that the first visible signs of change which we will observe next fall will be the foundations of three new buildings being constructed in Gambier. The first will be the long-awaited new library which will be

## Editor's Corner

Originally, this issue was intended to be devoted entirely to Dance Weekend, with some humorous articles thrown in to spice it up a bit. On Monday of this week, our plans were slightly upset, when from out of nowhere comes the startling news that next fall, Kenyon will be a co-ed school.

The *Collegian* is one-hundred-percent in favor of this change. While many time-honored traditions will disappear here on the Hill, the change should cause more good than harm. We are acquainted with the calibre of girl who attends Lake Erie, and know that they will be a valuable addition to Gambier, both academically and socially, especially socially. No longer will it be necessary to travel over thirty miles to the closest place where girls of our own age and interests are to be found. Instead, we will have the distinct pleasure of having our own co-ed community. We envision an entirely new social structure here, new parietal rules and all. While some may object to these changes, we are sure that the majority of the Kenyon student body joins us in a very happy welcome to the girls of Lake Erie.

The *Collegian* would also like to welcome the many guests on campus this week-end. Kenyon is a fine school in a beautiful community. But it is seldom more wonderful than when it is graced by the charm of lady guests, and it is never more beautiful than when it has been touched by May. So if you think we are happy to have you here — how right you are!

We hope that this will be a weekend that you'll remember as one of the outstanding events of your 1954. This will be the last Dance Weekend at Kenyon before it goes co-ed, and we all hope to usher out the old era and welcome the new, with all the festivities and fun possible. The campus will be a circus for these three days, as books are misplaced and blue books forgotten. If you have been here before, you won't need any introduction to the carnival activities. If not, it might take a few moments to get into the swing of things. Just remember that everyone is welcome everywhere at Kenyon. Your only ticket of admission is your appearance.

Join us in throwing cares to the winds and treat yourselves to the time of your lives. The time, the place and the boy demand it.

Girls Live  
In New Dorms

(Continued from page 1)

built next to the old one, facing Rosse Hall. The second will be a one and a half million dollar building situated north of Peirce Hall, where several old houses are now situated, including the Horn House. This is to be a combined student union and class building. The third building will be erected across the road from the Lewis and Norton Halls near the infirmary. This 87 room structure will be a new freshman men's dorm. The two new frosh dorms will be converted over the summer to house the first coeds in Kenyon's history.

It is expected that the new school will steadily increase in enrollment. The fact that coed schools attract the majority of high school graduates has forced Kenyon and Lake Erie to combine. Both have been in the "red" financially for several years. By combining, the boards of trustees of both colleges hope to remedy this situation. Dean Bailey, when questioned about this change, just smiled and said, "I'll be ..... if I can predict what will happen to this place now."

Is there any need to mention the most pleasing change which we will encounter? Girls in class, girls on middle path, girls in Peirce Hall, girls in chapel, girls in assembly, girls at the football games, girls at ROTC reviews, girls in the library, and, what's more — can you imagine a 26 year-old Blonde beauty replacing Cap Eberle?

By Phil Currier

The University of Houston, recognizing an acute problem which has plagued many schools throughout the U. S., has issued "necking rules" which limits areas of relative freedom. They also permit necking in parked cars when heads are showing. At Northwestern, kissing is permitted at the door, only when both partners keep their feet on the floor. Since Kenyon will be co-ed this weekend, perhaps I can step out of the role of an exchange writer for a moment and let our newer members in on the rules. The official "necking area" is mostly limited to the west side of middle path, including the Kokosing woods, the lodge road, and any other secluded spots. Rumor has it that the dorms are off-bounds after parties and rooms after nine in the evening. If you find it necessary to be in your cell after these hours, please be sure to note the positions of fire escapes and ropes. The problem of kissing when returning your dates to their caves can be solved easiest by not taking your date back at all. Of course, if you follow some of these rules too literally, you may have to try Houston.

The big news in this paper should be the shocker that Kenyon is going co-ed. I first got the hint in a recent copy of *The Student Prints*, the Lake Erie newspaper. The whole affair is very strange and has been treated with an aura of mystery which has me completely faked out. The news which broke about the Lake Erie campus earlier this week, took the students completely by surprise. The announcement produced many opinions, mostly befuddled. An editorial by Jane Walter pointed out that the change has been under consideration for some time although it is a complete surprise to the students. There are still a lot of empty spots to be filled in, but the administration of both colleges are working in close coordination and everything should be smoothed out by next fall. Said Miss Walter, "It is certainly going to seem strange for a while and not all students have shown themselves to be in favor of the measure. There has even been talk of a petition fighting such a radical move. However, we of *The Student Prints* are definitely supporting the move and will do all we can to help make the students of Lake Erie see the great benefits which will result from this change."

In the Spring a young man's thoughts turn lightly to blankets, portable radios, patio parties, and Bermuda shorts. Because of this I was somewhat surprised to read of the latest controversy at Dartmouth. It seems that college students have united to protest an official directive that Bermuda shorts be abolished from the campus. The action stemmed from a student petition signed by nearly a thousand undergraduates. The complained that "the damned pants are indecent and incite over-sexposure." *The Daily D* has backed the shorts and urged, "Hairy legs of the campus, unite! We have nothing to lose but our pants."

With a co-ed campus next year I wonder if Kenyon will have such a problem.

# DANCE WEEKEND, SPRING 1954

## FAMOUS LAST WORDS

Why don't we eat in the Commons, dear?

You boys certainly drink a lot down here don't you. . .

"Let's hit the sack"

"Watch out for that blonde . . .  
she's a judo expert!"

# McCarthy To Come To Kenyon!?

## D. W. History Dates To 1918

(Continued from page 1)  
Quotations were the style in '39 when Glen Gray's orchestra was on the Hill. For instance, "First come . . . first wolfed," or "It's all a matter of supply and demand." Or "Don't think wearing a pin is any protection." — (?)

In November of 1938, the *Collegian* came out with a big editorial on the average cost of fall dances in '36 through '38 and the figure arrived at was a little better than \$900.

A Kenyon dance weekend broadcast over a big radio Station? That's what happened when Buddy Rogers played in 1938.

Kenyon, like everybody else, had its troubles during the depression. In 1933 this statement was found in the *Collegian*. "These dance weekends are the basis of one of Kenyon's best known traditions — a tradition for which, up to this year, the possibility of dying out had not been considered. The Kenyon dances are widely known and the basis of their reputation is due to the fact that they provide some of the best college entertainment in the country."

Evidently Kenyon was a bookie's paradise back in 1932. The *Collegian* carried this item that year. "Some time ago it was thought that the dance would occur one week earlier, but this was changed because it would have interfered with the student's plans of attending the Kentucky Derby." First the Derby, now Mother's Day! April anyone?

Here is what was reported in the *Collegian* on the first dance ever held in the Great Hall of Peirce Hall "The usual rain failed to dampen the spirits of the guests and until the early hours of the morning the merry-makers lingered in the shelter of beautiful Peirce Hall. Never, in past years, has a fall dance been so well enjoyed."

Oh, the wit of years gone by. Here is a head from the 1926 *Collegian*. "DON'T SKIP THE HOP!"

You figure out this item from the 1925 report of the weekend. "It (the dance) was a great success in every way physically, financially, and spiritually."

As to this and future dance weekends, with such a background as this, what next? Tradition says something unusual or important will happen.

## A D.W. Suggestion; Boating on Kokosing!

May we suggest scenic riding in this?

or better yet . . .

If you don't have one of these boats now, why not plan on this next year? Nothing quite compares to boating on the Kokosing!

## Parties All Weekend In Every Division

(Continued from page 1)

party will highlight activity lounge with the bartenders before the dance Saturday and there are rumors that some sort of party is to be held afterwards. En Masse they will attend the Milk Punch party early Sunday morn. The rest of the day will be spent in silent meditation.

Chaperoned by the Camps and the Robert Browns, the Beta's will hold a gin and bourbon party in their lounge at Friday night's festivities. Saturday, South Leonard will play host to the traditional dance weekend combo, to be held inside, or else somewhere in the immediate vicinity surrounding the building.

No Saturday party had been scheduled at deadline, although one might be in the offing.

The Delts will have a formal cocktail party in the

lounge with the bartenders mixing Martinis, Manhattans, and Whiskey Sours. A banquet at the Village Inn, with Duncan Hines acting as head waiter, will be held from 9:30 until all is consumed.

A picnic and weight lifting contest is on the roster for Saturday P. M. Oh yes, beer will be served to the contestants. A pre-dance party has been listed and there is a chance for a post-dance party.

A closed campaign party will start off the weekend for the Phi Kap's with Sgt's Lurding and Perry officiating. At midnight, the Skulls will make an exodus to hear Sy Oliver.

A picnic will be held on Saturday afternoon, followed by a party in the upper room of North Hanna.

A 2:30 Bloody Mary party will be held followed by re-

(SPECIAL TO THE COLLEGIAN VIA THE MOUNT VERNON TICKER OF THE WP NEWS SERVICE . . . MAY 6, WASHINGTON D. C. EXCLUSIVE WP) . . . Senator Joe McCarthy (R-Wis.) today announced that his investigating subcommittee would tonight take to the road for a short investigation of several colleges. The committee will first stop at Kenyon College. From there it may possibly travel to Lake Erie College and to Western College, all in Ohio. Purpose of the short investigation, revealed McCarthy, was

"manifold." In a release issued to WP News Service McCarthy stated, ". . . charges of a varied nature have come to us. They concern both the political indoctrination of the pink faculty, and the destructive influence of certain other schools (Lake Erie and Western) on the young men of the great nation. Plans have been made in conjunction with the air force unit at Kenyon to fully clean out the bleeding heart liberals and fellow-traveling professors. The Military unit led by that great living American patriot, Capt. Mundt, will take over the weasling administration and establish military rule. My committee will then proceed with the business of weeding out the rats." In an exclusive interview with this WP News Service reporter, a committee staff member revealed a few details. The president of the school, G. K. Chalmers, has set up a red front which posed as a conservative force, and is aided by F. Bailey who has successfully passed himself off as a jaragon spouting reactionary. This red front which is called "the administration" is assumed to be "a plot so infamous in its implications as to completely smear over with a coat of red paint the communism of the Kremlin (Moscow)." Also red-washed by this front is a red cell which involves a majority of the faculty. Leading among them is a C. R. Ritcheson who has sold out his country to the British and is now occupied with turning over plans for an "American revolution" to an R. English, a London trained pinko, who passes himself off as a British socialist. In his course, both he and a man identified only as Desan teach blue-blooded American youth red, foreign

cuperation and wishes for Fall Dance to come soon.

A formal cocktail party will be held in the lounge of the "Peeps" with Martini's manhattan's, and whisky sours being made and destroyed in quick order.

Sandwiches furnished by the pledge class will be the main attraction at a picnic held somewhere in the boondocks. The picnic will be halted in time to join the rest of the Greeks at the dance. After the dance, a terrace party will be held.

Friday afternoon, the DP's will have a cocktail party followed by a closed martini-manhattan party preceding the dance. Saturday they will join the listeners and guzzlers

## Subversive?

DENHAM SUTCLIFFE

propaganda. A P. B. Rice is revealed to have been teaching an "Un-American, agnostic, cynical subject." The committee will not concern itself with the science department passing it over as inconsequential red minnows. Another suspect has been identified only as "Denny," who may be the key figure in the whole plot. McCarthy says concerning him, "we know that this man has spoken out as favoring investigations and, while we have nothing definite, there is something wrong somewhere." Another statement was made, "It is not enough today to be for America. To be so is to be suspected. Today to be not un-American, the citizen must be anti." McCarthy praised the work of the local chapter of the Woman's Association Against Un-Americanism who, he said, "have performed a great and wonderful service in revealing this plot to the proper authorities. They have told me of many un-American tools being used in this school and I must now leave my wife to exterminate out the seed weeds."

No Kenyon authorities could be reached. A phone call was answered only by a voice which uttered strange sounds.

at the combo party. After chow, high balls will be served both before and after the dance. Nothing has been scheduled for Sunday.

Archon will initiate the weekend in the afternoon with a cocktail party. A spiked punch and sandwich party will be held just before the dance.

Saturday a picnic will be held somewhere. A reported 48 quarts of beer in all sizes and shapes of containers has been purchased for the occasion. Pre and post-dance activities calls for another cocktail party.

# SKIP SIGNED BY CARDINALS

## In The Press Box

By Bill Fox

This coming Friday afternoon, two of the four Kenyon spring athletic teams will be in action against Ohio rivals. The tennis team will meet Western Reserve at home while the lacrosse team will play host to Denison. The golf and baseball teams will be idle.

Last Saturday, the same schedule was occurring. There was action on the tennis courts and on Benson Bowl, but there were not many spectators at either event. At a rough estimate, I'll say that there were about sixty people at the lacrosse game. That is about 15% of the student enrollment. Surely, the remaining 85% didn't spend the afternoon studying. The least we can do for our athletic representatives is to give them verbal and vocal support at their endeavors.

Friday afternoon, let's show our teams they have our support and have a big turnout for the lacrosse game and tennis meet.

Bill Ostrander still is unbeaten as he has won his first four matches of the year. . . "Breeze" Cahill was quoted as saying, "Diz and I played the best tennis of our lives against Miami's University." Miami's first doubles combination had previously been unbeaten. . . Both "Tookie" Cole and Jack Gammon were injured in Saturday's game, with Jack's leg injury being serious enough that he may be withheld from Saturday's game with Denison. . . Dick Nelson was changed from goalie to the midfield and was so proficient at it that he is in Coach Stiles' second midfield combination. . . Bob Rowe has continued his sensational hitting and still is batting over .400. . . As soon as the diamond men stop matching hits and errors, they will be tough to stop.

In regards to Coach Falkenstein's resignation effective June 12, all we can say is that we are all sorry to see him leave Kenyon. He did a good job while he was at Kenyon and while he did not have immediate success with his basketball and baseball teams, he showed signs that he was building for the future. The basketball team in the last two seasons has had a rather poor record, but next year looked like Kenyon's year in the Ohio Conference. The same holds true for the diamond nine.

We hope that Skip makes good at his new endeavor, and that he rises fast in the St. Louis system, as his proteges have done.

## Stickmen Clubbed By Oberlin, 10-2

Saturday, the Lacrosse team took it on the chin, this time from their mid-west rival, Oberlin, to the tune of a 10-2 lacing. This was their first loss to Oberlin in lacrosse since it was inaugurated. The Lords were never in the lead, although they threatened once in the first half. This makes their league record now one and one, while on the season they are one up and four down.

When veteran Fred Papsin scored at 1:22 of the second period, the score became 2-1 in Oberlin's favor, but it looked as if the Lords were to continue their mastery of the mid-west. The Lords did not score again until midway in the third period, however, when Al Spievack netted one. In the meantime, the Yeomen had piled in three more. They threatened to make it a run away in the last quarter.

Frosh goalie Charlie Opdyke played another fine game and was credited with 17 saves. Numerous times his defence men blocked shots from reaching him. On the other side, Pollack, the Oberlin goalie, had at least thirty saves as he stopped everything that came his way.

The Lords do not play home again, excluding the Dance Weekend game with the big Red of Deni-Dune, until May 22 against the Cleveland Lacrosse Club. They play all the league rivals within this period, with the big return match with Oberlin scheduled for the 15th of May.

## LEMASTERS

Fine Clothing For Men

## Netmen Split Two Matches

Kenyon's tennis team had a "splitting" week-end, first losing to powerful Miami and then trouncing Ohio U. May 1, the Lords waltzed over Ohio U. 9-0 as every singles player and doubles team won its match. Bill Ostrander won in singles and doubles again to continue unbeaten. The traveling Bobcat team looked very sharp in their green and white blazers, but their playing was not up to their uniforms.

On April 30, the netters could not cope with the Redskins of Miami and went down to a 7-2 defeat. Led by former Ohio State high school boys champ, Dick Klitch, the Redskins had too much experience and know-how for the Lords. The only bright spot for Kenyon was the stunning tennis played by Barry Cahill and Ostrander who upset Miami's number one doubles tandem 7-5, 6-2. Diz also won his singles for the other Kenyon point.

The Lords now stand 2-2 for the season.

## Golfers Improve After Two Loses

Kenyon's golfers are still looking for their first victory of the season after dropping two straight last week. Mt. Union really belted the Lords 15-1, but Wittenberg just managed to edge out the linksmen 9-7.

Capt. Tony reports that the team is improving with each match and should be ready to give their conference rivals some stiff competition soon. Barry Campbell, first man, is shooting in the low 80's now and should be breaking 80 in the next couple of matches.

Yesterday they played Ohio Wesleyan at home. Capital is the next foe, followed by two matches with Wooster, and the conference meet.

## Compliments of The People's Bank

Gambier, Ohio  
Member of Federal Deposit Insurance Corp.

It was disclosed today by the St. Louis Cardinal front office that Jess Falkenstein, baseball and basketball coach at Kenyon College, has been signed to a three year contract to manage their farm club, Joplin, in the class C Western Association. Falkenstein was signed to replace Bill Kelly, who resigned because of bad health.

## Marietta Nine To Play Here Tuesday

Kenyon's baseballers return to action Tuesday with a home game against Marietta. Marietta, led by their strikeout whiz, Ron Vogelbach, is leading the Ohio Conference thus far, and carries a 6-1 mark at press time. On May 15 the Lords play a return match with Otterbein at Westerville. The Lords suffered a 5-0 defeat at the hands of the Otters two week ago and will be looking for revenge. Two more home games follow against Ohio Wesleyan and Denison May 17 and 19, respectively. Wesleyan is always tough. After the 20-2 debacle at Granville, the baseballers will try and redeem themselves.

Coach Falkenstein made a big change in the line-up for the Ashland game when he moved Phil Pitney to first base and inserted John Stauffer in center field. This move was made in an effort to strengthen the team defensively.

Mike Taddonio and Bob Rowe are having a hot race in the hitting leadership of the team, with Rowe out in front with .425 and Taddonio's .417. Phil Pitney is hitting .321 and Bill Lowry rounds out the select circle with a .300 average.

### Ashland 10 — Kenyon 4.

The Lords traveled to Ashland last Thursday and were downed by the Eagles 10-4. Ashland has a fine ball club, although their field was a sea of mud. Starting pitcher Mike Taddonio was chased in the third inning. He and his successor Marty Waldman were plagued by infield errors and the solid Ashland hitting. Kenyon took the lead in the second when Lloyd Warner was safe on an error, was sent to third on John Stauffer's single and scored on Phil Pitney's double. Kenyon finished up with three in the ninth. Dick Block walked, with Chuck Schwarz running for him. Stauffer forced Schwarz. Pitney was safe on the pitcher's error. Taddonio singled. After Rowe drew a pass, Bill Williams, batting for "Judge" Jones, was hit by a pitch, forcing in the final run.

Richard Meyer, the General Manager of the Cards, said that Jess had been picked over five other men because of an excellent scouting record for the Card system. Jess, better known as Skip, has been a scout in the system for the past five years, and is credited with finding many outstanding young players, several of whom are now playing with various Class A Cardinal farm teams.

Upon receiving the news, Skip was overjoyed, though sad about having to leave Kenyon. Skip has been at Kenyon for two years, and while his baseball and basketball teams have not had winning records, he was building for the future. With only one man graduating from both the clubs it is believed that both of his teams would have had winning seasons in the following years.

Skip was a three sport athlete at West Virginia U, with a big emphasis upon baseball. He played shortstop and third base for three campaigns, having his best season during his junior year when he batted .406 and chased 36 runs across the plate in 17 games. The following year, he batted .369.

When asked how he felt about leaving Kenyon to accept this job, he said, "I am very sorry to leave Kenyon. I have had two very happy years in Gambier, and I shall remember them always. But I just can't turn this offer down because it might never come my way again. It will be a big job, and I hope that I can handle it well enough to satisfy Mr. Clark and Mr. Busch, the Cardinal President."

Falkenstein will report to Joplin as soon as Kenyon finishes its second semester. The club will be handled by the coaches until he arrives to take command.

All we, the staff of the Collegian, can say is that we hope he has a good three years at Joplin and that he will move up in the Cardinal organization. Good Luck, Skip.

**Your Wings are  
your Passport**

**wherever you go...**

Your Air Force wings are your personal passport to universal respect and admiration. They're a sign—recognized everywhere—that mark you as one of America's finest.

To wear them, you must win them... as an Aviation Cadet. They come with the gold bars of

an Air Force Lieutenant and earnings of over \$5,000 a year! They come complete with the admiration of a grateful Nation.

If you're single, between 19 and 26½, prepare to win this passport to success. Join the Aviation Cadets! For further information, fill out this coupon today.
