Full Verbal Description

Solid fragment of a hollow, mold-made, anthropomorphic figure which includes part of a rectangular flange headless w/ 4 raised areas defined by 3 horizontal incisions. The raised bands/fields are separated from the central field of the head which is raised in relief. The central field includes an 'X' motif of raised and raised dots along its edge. A painted blue line bisects one of the spheres to the arm to its right. The central area is stippled/streaked white with blue & orange accents. The grooves of the flange are yellow, the raised areas (at least the upper & inner most) are blue, edges are cut, outer surface has small marks. NO fig core
