Verbal Description:

fragment of a multichamber candelero with evidence of at least 5 chambers. The chamber walls are smooth + curved and the bases flat. The chambers are burnt more heavily toward the bottom with fireclouding toward the top. what little of the exterior wall remains seems to have been pretty well smoothed and has incision in what may have been a crosshatch design. ✓ The top is flat + smooth. on the bottom there is the possibility of a small very worn nubbin foot under one chamber.
