There is other use wear visible: y - (n)

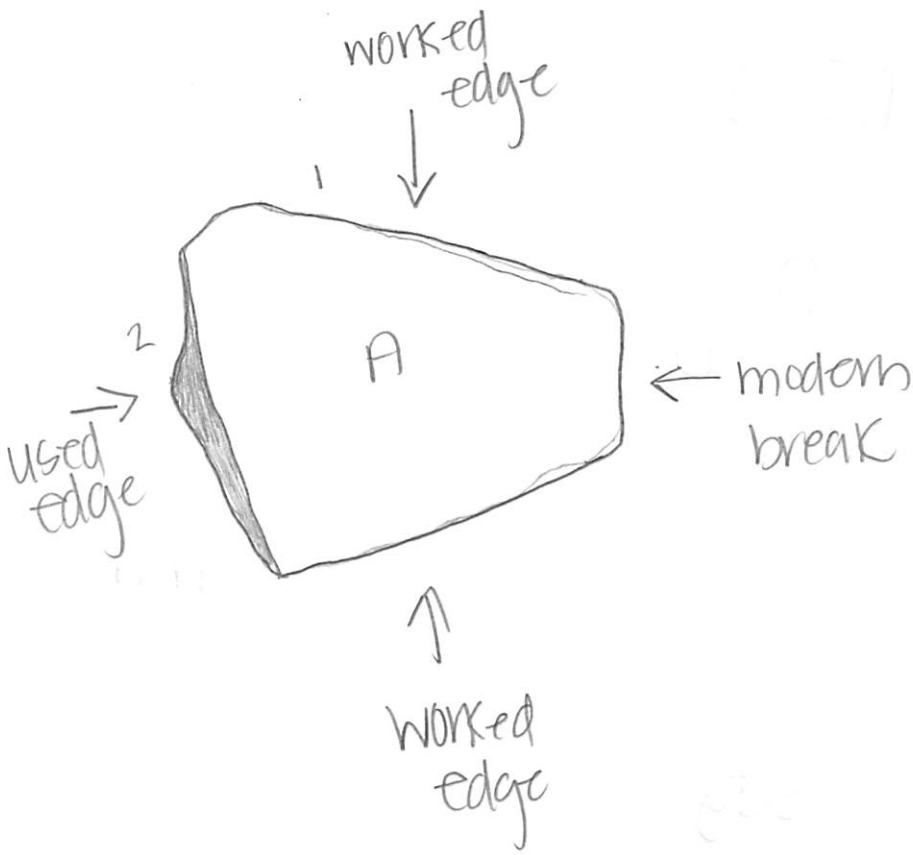

Trace the item on the reverse, both frontal view and profile, and show where there is use. **BACK**

Describe the use:

The type-variety from which this was made is: SJg

Comments:

Despite the fact that this was catalogued as a USED sherd it appears rather to be a WORKED sherd with very little evidence of use. Instead 2 sides appear to have been prepared. The third side, uneven and lumpy, appears to have been used.
