Wish List: Ellen Bell

33A/26 Large lizard figurine. Colleen has this bag & has offered to wash it - there is also a lot of bajareque. Lizard was found among the bajareque chunks, with its head toward the E wall of the trench

33B/18 A lot of nice polychromes. There may be bit of confusion with this lot as its base extends into fill - the guys got excited & kept pulling sherds

33A/20 earspool

33B/24 Definitely fill material, there is a large hunk of a pierced censor w/ an elongated U handle - includes portions of handle, bowl, and side; large chunks of obsidian along with obsidian blades, & a jar - black paint. Some of this may have come from the ^{living} surface, as I didn't recognize the boundaries in time to stop the workers.

Wish list 3-5-90. (Some of these my overlap.)

A hand-drawn sketch of a landscape. A road or path runs diagonally from the top left towards the bottom right. On the left side of the road, there are several trees and a building with a chimney. On the right side, there are more trees and a building. The drawing is done in a simple, sketchy style with some shading.

Problem lots 1990

31E/44 - Hope - two bags, have same lot#, but, in reality are separate lots.
No record of what they really should be.

Hope - 31s, had to remember lots - some she did, but left the old tag on, some
she couldn't find. SEE LIST. She also has a list that went over 3 digits - See list
again.

the one from 4/30 should be changed to 39B/15 - it was in notes &
lot cards, but not on tags for Shards.

Marne:

17/11 I assigned 39B/10 twice,
the first 4/18 and the second 4/30.

I'm changing the second to 39B/15.

Marne -

12-6-90

3-13-90

I messed up in a major way, somehow.
My Excavator number is 20. Yesterday,
3-12-90, I doubled upon lot numbers. Although
there was already a ~~22~~ 33A/26-29,
I used 'em again, not knowing I'd fucked up.
Please help me.

My old numbers

33A/26

33A/27

33A/28

33A/29

My new numbers

33A/40

33A/41

33A/42

33A/43

I've changed the computer stuff and the lot
cards. Please forgive me.

Your amor,

MARNE:

I have a primary
deposit whose label
has been misprinted!

It currently reads 31N/27
Bag 30'3
but should read 31N/28.

it is one of 2 bags (the other bag
only contains a mano frag) If you
could catch this I'd appreciate it!
