Additional descriptive comments on figurative or decorative portion of the exterior:

Possibly a leg w/ a foot at the bottom... but could also have been an arm that came around the front of the body of the object. Does have a wrist/angle band feature; + there ~~are~~ are 3 incised lines on the arm/leg area that is very faded + eroded. The coloring is also interesting in that there are several different colors of orange in different places on the object. Also in general, very worn + eroded.

It: has - does not have other damage. Describe:

Not drawn - drawn. Where?

Comments: Munsell: yellowish orange color, 10YR 5/6
brighter orange closer to hand/foot: 5YR 5/6
