Additional descriptive comments on figurative or decorative portion of the exterior:

This fragment looks to be a right earspool of a hollow figurine. It is extremely eroded, so that only the circular shape + inner dot are clearly identifiable. It was projecting off of the head ~~some~~ probably somewhat independently from the face. The interior and the layers around the firing core are an extreme orange color probably due to re-firing.

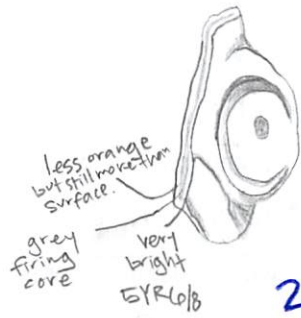

Munsell: 5YR 6/8

The item is: not eroded - slightly - moderately - very - extremely eroded.

It: has does not have other damage. Describe:

Not drawn drawn. Where? on back.

Comments: Munsell: 7.5YR 6.5/6 outside.
