Additional descriptive comments on figurative or decorative portion of the exterior:

This rounded piece is difficult to identify. When fitted with 202AV/028-2, they appear to be a head-dress, with this portion making up the cap over the top of the head. Some excision marks remain on it, but the artifact is very eroded & it is difficult to understand their significance. It appears these two pieces were once part of a hollow figurine.

The item is: not eroded - slightly - moderately - very - extremely eroded.

It: has - does not have other damage. Describe:

Not drawn - drawn. Where? on back

Comments: Munsell 7.5 7/7
