Additional descriptive comments on figurative or decorative portion of the exterior:

This is a strange little piece with a rounded projection that looks rather like a figurine support foot. However, when fitted with 202AV/028-3, it appears ^{conical} more like a headdress projection, sticking vertically up from the head. These piece appear to have been parts of a hollow figurine.

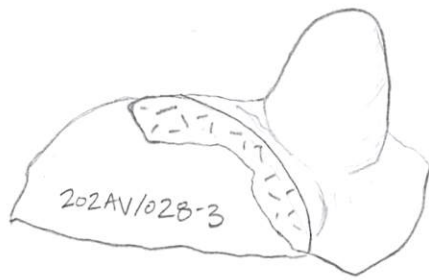

The item is: not eroded - slightly - moderately - very - extremely eroded.

It: has - does not have other damage. Describe:

Not drawn - drawn. Where? on back.
