**PROYECTO VALLE DE CACAULAPA
CATALOG FORM**

DATE: 23 JULY 2005

LOT NUMBER: 202DW/015

SUBSTANCE: Ceramic

OBJECT: Worked sherd

CATALOG #: 202DW/005-3

MULTIPLES? N

DRAWN BY: 59

PASTE GROUP (for ceramics):

EXCAVATOR: ?

CATALOGED BY: 59

MAXIMUM--HGT/LENGTH: 4.22
cm

WIDTH: 3.34 cm

THICKNESS: .54 cm

VERBAL DESCRIPTION: This worked sherd is intact: y - n.

If no, approximately what percentage is preserved (give a number): —

The shape of this object is approximately: triangular - square - rectangular - oval - tear-drop - other (describe):

diamond-biface - y

A scribed/lightly incised line demarcating the circumference is visible: y - n

The margin/edge was chipped to form the item: y - n

The margin/edge was deliberately ground to smooth it: y - n — side 2

The margin/edge is smoothed from use: y - n

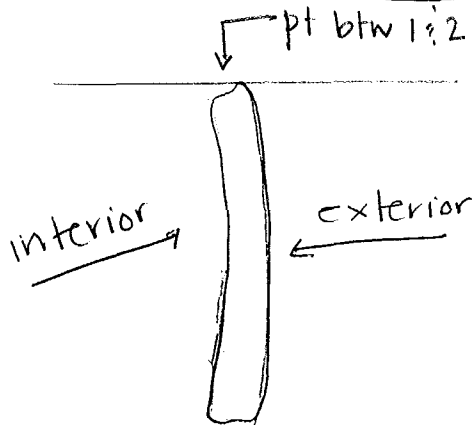

There is other use wear visible: y - n

Trace the item on the reverse, both frontal view and profile, and show where there is use.

Describe the use: side 2 has the most use wear - it is the only side that appears intentionally ground to smooth: it is also the straightest side. The pt btw sides 1 & 2 has more use on the interior edge (as seen in profile drawing) as does

The type-variety from which this was made is: CAN The pt btw sides 2 & 3

Comments:

The other sides are not as smooth: more clumpy and the edges are more angular: not as much use wear
