FEATURE NAME	DEPTH	HEIGHT	LENGTH WIDTH	CONSTRUCTION TYPE	ORIENTATION	ADJACENT FEATURES	COMMENTS
PEACEFUL EASY FEELIN'	45cm	16cm	70cm LONG 50cm WIDE	MEDIUM SIZED OBLONG COBBLES STACKED 3 LEVELS HIGH. FLAT FACES TO THE SOUTH. NO SMALL FILL. AVERAGE COBBLE SIZE: 25cm x 20cm	RUNNING 40° SOUTH OF EAST STONES ALTERNATE B/T THIS & 50° EAST OF NORTH	ABUTTS THE SE CORNER OF "NEW KID IN TOWN" AND "LIKE A ROLLING STONE" AND ABUTTS THE WEST FACE OF "KNOCKIN' ON HEAVEN'S DOOR" & "WITCHY WOMAN"	AS IT IS OF VERY SIMILAR CONSTRUCTION TO WITCHY WOMAN PERHAPS THEY ARE CONTEMPORANEOUS.
IDIOT WIND	38cm BELOW DATUM	13cm BELOW DATUM	1m 10cm LONG 36cm WIDE	SMALL TO MEDIUM SIZED COBBLES MIXED WITH SMALL STONES TO FORM A 2 LAYER POORLY PRESERVED WALL. FLAT FACES SOUTH AND NORTH. AVERAGE COBBLE SIZE: 25cm x 14cm	RUNNING 50° EAST OF NORTH. STONES RUNNING 40° SOUTH OF EAST	INTERDIGITATES WITH RAINY DAY WOMAN. CONNECTED BY SMALL STONES OFF THE NE CORNER TO LIKE A ROLLING STONE.	PROBABLY A DIVIDER WALL THAT IS CONTEMPORANEOUS WITH RAINY DAY WOMAN WOMAN
JUST LIKE A WOMAN	72cm BELOW DATUM	8cm BELOW DATUM	4m 31cm LONG - 2nd SECTION 1m 48cm LONG - 2nd SECTION 51cm WIDE	VERY LARGE GENERALLY BELOW COBBLES RESTING ON A LAYER OF SMALL STONES AND FILL RESTING ON A 3RD LAYER OF LARGE COBBLES. FLAT FACES WEST AVERAGE COBBLE SIZE 40cm x 20cm. IS BUILT IN 2 SECTIONS, ONE RUNNING SOUTH FROM SAD CAPE, THE 2ND STEPPING OUT 53cm TO THE WEST AND THEN CONTINUING SOUTH INTO EXCAVATION	RUNNING 40° NORTH OF EAST, STONES ORIENTED 40° SOUTH OF EAST	INTERDIGITATES WITH "SAD CAPE" FORMING THE NW CORNER OF THE STRUCTURE. ABUTTS "DON'T THINK TWICE" ALL ALONG ITS EASTERN SIDE. THE LENGTH OF THE FIRST SECTION.	MAJOR EXTERIOR PLATFORM WALL ALONG THE WEST CONTEMPORANEOUS WITH THE OTHER 3 EXTERIOR WALLS

#20

FEATURE NAME	DEPTH	HEIGHT	LENGTH WIDTH	CONSTRUCTION TYPE	ORIENTATION	ADJACENT FEATURES	COMMENTS
RAINWY DAY WORKMAN	47cm BELOW DATUM	24cm BELOW DATUM	46cm LONG (NOT TOTALLY EXCAVATED)	FLAT OVAL COBBLES 2 LAYERS DEEP, NO SM. FILL. FLAT FACES EAST 24cm WIDE AVERAGE COBBLE SIZE: 24cm x 15cm	RUNNING 50° NORTH OF EAST	INTER-DIGITATES WITH "ID IOT WIND" AT ITS NORTHERN END	
DON'T THINK TWICE, ITS ALRIGHT	44cm BELOW DATUM	11cm BELOW DATUM	3m 40cm LONG 25cm WIDE	MEDIUM SIZED STONES IN 2 MAIN LAYERS FILLED IN WITH SMALL STONES. 1 ROW WIDE. FLAT FACES EAST. AVG. COBBLE SIZE: 26cm x 18cm	RUNNING 40° NORTH OF EAST, COBBLES TOO.	ABUTTS "LILY, ROSEMARY: THE JACK OF ♡'S" AT ITS NORTH END AND RUNS THE LENGTH OF "JUST LIKE A WOMAN" ALONG ITS EASTERN FACE.	PROBABLY CONTENT. WITH "LILY ROSEMARY" POSSIBLY USED TO FORTIFY "JUST LIKE A WOMAN" ALONG THE NW SUMMIT ROOMS
SHELTER FROM THE STORM	75cm BELOW DATUM	28cm BELOW DATUM	3m 20cm LONG 28cm WIDE	SMALL COBBLES, 1 ROW THICK AND 4 LAYERS DEEP FILLED IN WITH SMALL STONES - FLAT FACES NORTH AND SOUTH. VERY WELL PRESERVED. AVG STONE SIZE: 22cm x 26cm	RUNNING 50° NORTH OF WEST	ABUTTS "QUINN THE ESKIMO" (SEEN ONLY IN CROSS SECTION). AND RUNS OFF THE TOP OF "HEARTACHE TONIGHT". ABUTTS NORTH "ALL ALONG THE WATCHTOWER" W/ "NEW KID" AND "THE TIMES ARE A'CHANGIN'"	DUE TO ITS DEPTH AND ASSOCIATION W/ THE EASTERN EXTERIOR WALL IT IS PROBABLY A VERY EARLY CONSTRUCTION - POSSIBLY CONTENT?

FEATURE NAME	DEPTH	HEIGHT	LENGTH WIDTH	CONSTRUCTION TYPE	ORIENTATION	ADJACENT FEATURES	COMMENTS
HEARTACHE TONIGHT	87cm	35cm	6m50cm LONG 70cm WIDE	LARGE TO MEDIUM SIZED COBBLES 2 LAYERS DEEP AND RESTING ON A THICK LAYER OF SM. STONE FILL. FLAT FACES EAST COBBLE SIZE RANGE: 24cm x 20cm TO 45cm x 40cm ALSO CONTAINS SOME SCHIST IN THE INSET STEP AREA (SEE BELOW)	RUNNING 20° EAST OF NORTH	INTERDIGITATES AND FORMS AN INSET CORNER WITH "LYIN' EYES". ALSO INTERDIGITATES & FORMS A NORMAL CORNER WITH "SAD CAFE". "A HARD RAINS A'GONNA FALL", "IT'S ALL OVER NOW" & "SHELTER FROM THE STORM" ALL RUN WEST OF THE TOP OF IT.	MAJOR EXTERIOR WALL ON ENTRANCE THE EAST AND PROBABLE MAIN ENTRANCE TO THE STRUCTURE.
HEARTACHE TONIGHT STEPS	77cm BELOW DATUM	44cm BELOW DATUM	2m LONG 58cm WIDE	MEDIUM SIZED COBBLES AND SCHIST SLABS LAYED TO FORM 2 MAIN STEPS UP TO A SCHIST/COBBLE PLATFORM EXTENDING WESTWARD INTO THE STRUCTURE FLAT FACES EAST & UP. AVG. COBBLE/SCHIST SIZE: 40cm x 26cm	RUNNING 20° EAST OF NORTH	INCORPORATED INTO "HEARTACHE TONIGHT" AND LEADING INTO "TANGLED UP IN BLUE"	STEPS OF MAIN WATER ENTRANCE OF STRUCTURE, CONTEMPORANEOUS WITH "HEARTACHE"

FEATURE NAME	DEPTH	HEIGHT	WIDTH LENGTH	CONSTRUCTION TYPE	ORIENTATION	ADJOINING FEATURES	COMMENTS
BLOWIN' IN THE WIND	42cm BELOW DATUM	10cm BELOW DATUM	1m 40cm LONG 63cm WIDE	MEDIUM SIZED OBLONG COBBLES 2 LAYERS DEEP AND 2 ROWS WIDE FILLED WITH SMALLER STONES. FLAT FACE EAST. SIZE RANGE: 31cm x 23cm TO 20cm x 10cm	RUNNING 50° NORTH OF EAST. ½ THE STONES ARE TOO, THE OTHERS RUN 50° NORTH OF WEST	ABUTS "TAKE IT TO THE LIMIT" @ ITS SOUTH END AND "ONE MORE CUP OF COFFEE" TO THE WEST. INTER- DIGITATES WITH "ITS ALL OVER NOW"	EASTERN WALL OF THE SE SUMMIT ROOM. PROBABLY CONTEMPORANEOUS WITH "TAKE IT TO THE LIMIT" AND "ITS ALL OVER NOW".
SAND CAPE A HARD RAIN'S A'GONNA FALL	42cm BELOW DATUM	42cm BELOW DATUM	1m 70cm LONG 1m 30cm WIDE	FLAT COBBLES OF MEDIUM TO LARGE SIZE (30cm x 40cm TO 20cm x 37cm) PLACED FLAT FACE UP. 1 LAYER THICK	RUNNING 50° NORTH OF EAST	ABUTS "BLOWIN IN THE WIND", "ITS ALL OVER NOW" AND RUNS OFF THE TOP OF "LYIN' EYES" AND HEARTACHE TONIGHT	A TERRACE/PATIO AREA OFF THE SE SUMMIT ROOM. THERE IS NO REASON TO BELIEVE IT IS NOT CONTEMPORANEOUS WITH "HEARTACHE TONIGHT"
LAY LADY LAY.	80cm BELOW DATUM	42cm BELOW DATUM	1m LONG 61cm WIDE	ROUNDED AND OBLONG COBBLES 3 LAYERS HIGH & (30cm x 15cm & 20cm x 24cm) FILLED WITH SMALL STONES AS FILL. SMALL INSET CORNER AT THE CENTER OF THE SOUTH FACE OF THE FEATURE. FLAT FACES SOUTH EAST AND WEST	RUNNING 20° SOUTH OF EAST. STONES ORIENTED 30° NORTH OF EAST	INTERDIGITATES ABOVE WITH "LYIN' EYES" ALONG ITS NORTH SIDE AND FORMS AN INSET CORNER WITH "HEARTACHE TONIGHT" AT ITS S NE CORNER	A SMALL PATIO OR 2 STRUCTURAL SUPPORT, PROBABLY CONTEMPORANEOUS WITH "LYIN' EYES" AND HEARTACHE TONIGHT THE EXTERIOR PLATFORM WALLS.
LYIN' EYES	70cm BELOW DATUM	29cm BELOW DATUM	4m 90cm LONG (NOT TOTALLY EXCAVATED) 60cm WIDE	HUGE COBBLES RESTING ON TOP OF LARGE COBBLES RESTING ON A THIN LAYER OF SMALL COBBLES (66cm x 35cm TO 13cm x 6cm) 5 DISCERNABLE LAYERS. FLAT FACES TO THE SOUTH	RUNNING 40° SOUTH OF EAST. STONES ORIENTED 40° NORTH OF EAST	ABUTTING "TAKE IT TO THE LIMIT" ON THE NORTH AND "LAY LADY LAY" AT THE SE CORNER. FORM THE MAJOR SE CORNER OF THE STRUCTURE WITH "HEARTACHE TONIGHT"	MAJOR SOUTHERN EXTERIOR WALL, PROBABLY AN ORIGINAL CONSTRUCTION CONTEMPORANEOUS WITH "JUST LIKE A WOMAN", "SAND CAPE" & "HEARTACHE TONIGHT".

FEATURE NAME	DEPTH	HEIGHT WIDTH	LENGTH LENGHT	CONSTRUCTION TYPE	ORIENTATION	ADJOINING FEATURES	COMMENT
SAD CAPE	99cm BELOW DATUM	41cm BELOW DATUM	8m ± LONG 50cm WIDE	VERY LARGE COBBLES THAT REST ON TOP OF SMALLER COBBLES WITH A FINAL LAYER OF SMALL STONES - SIMILAR TO THE OTHER EXT. WALLS BUT NOT AS WELL PRESERVED. FLAT FACES OUT AVERAGE STONE SIZE: 34cm x 23cm	RUNNING 40° NORTH OF WEST STONES FACING 30° E OF NORTH	THE SOUTH SIDE DISAPPEARS INTO EXCAVATION UNDER "DESPERADO". IT IS ABUTTED TO THE NORTH BY "TEQUILA SURPRISE", "HURRICANE" AND REST ON TOP OF "WASTED TIME". IT ALSO FORMS THE NW AND NE CORNERS WHERE IT INTERDIGATES RESPECTIVELY WITH "HEARTACHE TONIGHT" AND "JUST LIKE A WOMAN".	MAJOR SOUTHERN EXTERIOR WALL CONTEMPORANEOUS WITH "JUST LIKE A WOMAN", "HEARTACHE TONIGHT" AND "SAD CAPE"
HOTEL CALIFORNIA	13cm BELOW DATUM	13cm BELOW DATUM	1m 8cm LONG 75cm WIDE	SMALL, FLAT COBBLES FORMING TWO ROWS SIDE BY SIDE, FLAT FACES UP. AVERAGE SIZE 20cm x 20cm	RUNNING 50° NORTH OF EAST	RUNNING ^{OFF} TO THE EAST SIDE OF "NEW KID IN TOWN" AND BACK TO THE SOUTH OF DESPERADO.	A LATER CONSTRUCTION A PLATFORM AT THE TOP OF THE SOUTHERN ENTRANCE TO THE STRUCTURE.
LIFE IN THE FAST LANE	12cm BELOW DATUM	12cm BELOW DATUM	1m 50cm LONG 60cm WIDE	MEDIUM SIZED SLABS OF SCHIST AND COBBLES FLAT FACES UP FORMING A FLOOR SURFACE SIZE RANGE: 24cm x 30cm	RUNNING 50° NORTH OF EAST, SCHIST & STONES ALSO	SANDWICHED BETWEEN "NEW KID" AND "KNOCKIN' ON HEAVEN'S DOOR" AND RUNNING OFF THE TOP OF "PEACEFUL EASY FEELING.	A SCHIST FLOOR SURFACE RESTING ON FILL. PROBABLY A LATE CONSTRUCTION ADDED AFTER THE SUMMIT ROOMS WERE SUBDIVIDED

FEATURE NAME	DEPTH	HEIGHT	LENGTH WIDTH	CONSTRUCTION TYPE	ORIENTATION	ADJOINING FEATURES	COMMENTS
LILY, ROSEMARY & THE JACK OF HEARTS	38cm BELOW DATUM	10cm BELOW DATUM	1m 8cm LONG 38cm WIDE	MEDIUM SIZED COBBLES WITH SMALL STONES COMBINED FORMING A POORLY CONSTRUCTED (OR POORLY PRESERVED) LINE. STONES RANGING FROM 6cm x 6cm TO 28cm x 21cm. FLAT FACES TO THE NORTH AND SOUTH.	RUNNING 20° NORTH OF EAST AS THE ARE STONES THAT REMAIN IN PLACE	ABUTTING "DON'T THINK TWICE ITS ALRIGHT" BUT CONNECTED BY A JUMBLE OF SM. STONES. DOESN'T REACH ALL THE WAY TO "NEW KID IN TOWN" FORMING A PASSAGEWAY BETWEEN THE TWO	PROBABLY A LATER ADDITION TO THE NW SUMMIT ROOM ALTHOUGH IT IS ABUTTING "DON'T THINK TWICE..." THEY ARE OF VERY SIMILAR CONSTRUCTION AND ARE PROBABLY CONTEMPORANEOUS.
NEW KID IN TOWN	70cm BELOW DATUM	7cm ABOVE DATUM	41cm WIDE 4m 25cm LONG	MEDIUM SIZED COBBLES FILLED WITH SMALL STONES NOT WELL PRESERVED BY UNIT ABOUT 35cm AT 49cm BELOW DATUM THE MOST RECENT CONSTRUCTION OF "NEW KID" ENDS AND AN EARLIER LINE RUNS DOWN TO 70cm BD. FLAT FACES TO THE WEST, WALL DISAPPEARS INTO EXCAVATION "HOTEL CALIFORNIA" TO THE STONE SIZE RANGES EAST, FROM 18cm x 20cm TO 10cm x 5cm	RUNNING 40° NORTH OF EAST. STONES THAT REMAIN INTACT ARE ORIENTED SIMILARLY AT 40° NORTH OF EAST	INTERLOCKING WITH "HAGGIES FARM". ABUTTED BY "LIKE A ROLLING STONE" AT ITS SW CORNER AND "HOTEL CALIFORNIA" IN THE NE. MAY HAVE ONCE ABUTTED "SAD CAT" AT ITS NORTH END BUT IS TOO POORLY PRESERVED TO TELL NOW.	AS EVIDENCED BY THE DEEPER & OLDER PORTION OF "NEW KID" THIS WALL WAS PROBABLY AN ORIGINAL SUMMIT- BISECTING LINE FROM WHICH LATER DIVIDERS WERE BUILT FROM
LIKE A ROLLING STONE	50cm BELOW DATUM	15cm BELOW DATUM	1m LONG 66cm WIDE	LARGE COBBLES LAID FLAT ENT OF SMALLER STONES FORMING A THICK, SHORT WALL OR BENCH. FLAT FACE TO THE STONE NORTH, SIZE RANGE FROM 24cm x 40cm TO 8cm x 4cm	RUNNING 45° NORTH OF WEST, STONES ORIENTED BOTH THIS WAY & 45° WEST OF SOUTH	ABUTTS "NEW KID IN TOWN AT ITS EASTERN END. ATTACHED TO "IDOT WIND" BY SMALL STONES OFF ITS SW CORNER.	A LATER ADDITION TO THE EAST SE SUMMIT ROOM (SHALLOW, ABUTTING FEATURE)

FINAL NOTES - 5

FEATURE NAME	DEPTH	HEIGHT	LENGTH THICKNESS	CONSTRUCTION TYPE	ORIENTATION	ADJOINING FEATURES	COMMENTS
TANGLED UP IN BLUE	41cm BELOW DATUM	33cm BELOW DATUM		SCHIST AND COBBLES, THOUGH MAINLY SCHIST EMBEDDED IN FILL LYING FLAT FACE UP AND SPACED AT EVEN INTERVALS RISING GRADUALLY IN ELEVATION. ROCK SIZE RANGES FROM 14cm X 14cm TO 37cm X 26cm		ABUTS ITS ALL OVER NOW BABY BLUE TO THE SOUTH AND RUNS WESTWARD OFF THE TOP OF HEARTACHE TONIGHT	AN ENTRANCEWAY, TIERED STEPS(?) COMING UP FROM IT THE INSET STAIR IN HEARTACHE TONIGHT AND MOVING WEST UP TO DON'T THINK TWICE ITS ALRIGHT AT THE SUMMIT. FACES OUT ON THE SITE'S MAIN PARA
MAGGIE'S FARM	37cm BELOW DATUM	8cm BELOW DATUM	1m 30cm LONG 30cm WIDE	WELL PRESERVED. CONSTRUCTED MAINLY OF DENSELY PACKED SMALL STONES AVERAGING 10cm X 8cm IN FAIRLY ORDERLY ROWS THE TOP LEVEL IS MADE OF LARGER COBBLES AVERAGING 16cm X 17cm FLAT FACES TO THE NORTH/SOUTH BUT NOT AS WELL MAINTAINED TO THE SOUTH.	RUNNING 40° NORTH OF WEST STONES ARE ORIENTED THE SAME	INTERDIGITATES WITH N-S RUNNING NEW KID IN TOWN BUT STOPS SHORT OF DON'T THINK TWICE ITS ALRIGHT ABUTS SARA ON THE NORTH WEST END.	NW SUMMIT ROOM DIVIDING WALL PROBABLY CONSTRUCTED ALONG WITH SUMMIT BISECTING NEW KID IN TOWN. GAP BETWEEN MAGGIE'S FARM AND DON'T THINK TWICE ALLOWED PASSAGE BETWEEN ROOMS
SARA	38cm BELOW DATUM	14cm BELOW DATUM		TWO COBBLES STACKED ONE ON TOP THE OTHER, AVERAGE SIZE 20cm X 38cm FLAT FACE EAST	RUNNING 50° NORTH OF EAST	ABUTS MAGGIE'S FARM TO THE SOUTH	MINATURE DIVIDER IN THE NW SUMMIT ROOM CREATING A NARROW PASSAGEWAY.

FINAL NOTES - 4

FEATURE NAME	DEPTH	HEIGHT	THICKEST LENGTH	CONSTRUCTION TYPE	ORIENTATION	ADDITIONAL FEATURES	COMMENTS
WITCHY WOMAN	38cm BELOW DATUM	14cm BELOW DATUM	1m 20cm LONG 38cm WIDE	SMALLISH, FLAT COBBLES 3 LAYERS, ALTERNATELY SET AND WELL-FITTED. COBBLE SIZE RANGING FROM 26cm x 22cm TO 19cm x 12cm FLAT FACES TO THE WEST	RUNNING 50° NORTH OF EAST COBBLES GENERALLY ORIENTED 30° NORTH OF WEST	INTERDIGITATES WITH TAKE IT TO THE LIMIT, KNOCKIN' ON HEAVEN'S DOOR AND POSSIBLY PEACEFUL BASH FEELING. ABOUT'S LYINK EYES.	ORIGINAL WORK INTERIOR ROOM WALL BUILT SIMULTANEOUSLY WITH TAKE IT TO THE LIMIT & KNOCK ON HEAVEN'S DOOR
TAKE IT TO THE LIMIT	39cm BELOW DATUM	9cm BELOW DATUM	2m 50cm LONG 30cm THICK	REGULAR SIZED COBBLES IN TWO LEVELS, ONE ON TOP ONE AT THE BASE, FILLED IN BETWEEN WITH DENSELY PACKED SMALL STONES. COBBLE SIZE RANGING FROM 35cm x 30cm TO 20 x 28cm FLAT FACES ^{IN} TO THE NORTH	RUNNING 50° NORTH OF WEST COBBLES GENERALLY ORIENTED 60° SOUTH OF WEST	INTERDIGITATES WITH KNOCKIN' ON HEAVEN'S DOOR AND ABOUT'S BLOWIN' IN THE ^{ALSO} WIND. ABOUTED BY THE BACK OF LYINK EYES AND ONE MORE CUP OF COFFEE.	MAIN INTERIOR ROOM WALL BUILT SIMULTANEOUSLY KNOCKIN ON HEAVEN'S DOOR POSSIBLY PRECEDES BLOWIN' IN THE WIND PROBABLY AN ORIGINAL CONSTRUCTION.
ONE MORE CUP OF COFFEE	48cm BELOW DATUM	24cm BELOW DATUM	1m 4cm LONG 94cm WIDE	SCHIST SLABS RESTING ON TOP OF MEDIUM SIZED FLAT COBBLES. SCHIST SIZES RANGE FROM 37cm x 27cm TO 13cm x 14cm THIS FEATURE IS BADLY DISRUPTED. SCHIST FACES UPWARDS, COBBLES FACE OUT TO THE WEST AND NORTH	ORIENTED 30° NORTH OF WEST BY 50° NORTH OF EAST SCHIST IS HAPHAZARD TOGETHER DISRUPTION	ABOUTS TAKE IT TO THE LIMIT TO THE SOUTH AND BLOWIN' IN THE WIND TO THE EAST	RAISED FLOOR SURFACE, MOST LIKELY A LATER ADDITION TO THE SE SUMMIT ROOM

FINAL NOTES - 3

FEATURE NAME	BASE	HEIGHT	LENGTH WIDTH	CONSTRUCTION TYPE	ORIENTATION	ADJACENT FEATURES	COMMENTS
BEST OF MY LOVE	100cm BELOW DATUM	82cm BELOW DATUM	85cm LONG 75cm WIDE	4 VERY LARGE COBBLES FILLED IN WITH SMALLER ONES. 1 LAYER DEEP 2 LAYERS THICK. COBBLE SIZE RANGING FROM 54cm X 30cm TO 11cm X 9cm FLAT FACES ON NORTH, EAST AND WEST.	RUNNING 50° W OF SOUTH. STONES GEN. ORIENTED THE SAME	ABUTTING ALREADY GONE TO THE SOUTH.	AN ADDITION TO ALREADY GONE - AN OUTDOOR BENCH OR WORK PLATFORM?
WASTED TIME	82cm BELOW DATUM	75cm BELOW DATUM	3m 53cm LONG 53cm WIDE	MEDIUM SIZED COBBLES 1 LAYER DEEP, ONE LAYER THICK. COBBLE SIZE RANGES FROM 53cm X 27cm TO 23cm X 24cm. FLAT FACES TO THE NORTH	RUNNING 40° NORTH OF WEST	BENEATH SAD CAFE AND ABUTTING ALREADY GONE.	PROBABLY UN- ASSOCIATED TO STRUCTURE #20 BUT POSSIBLY CONNECTING IT TO STRUCTURE #4
KNOCKIN' ON HEAVEN'S DOOR	42cm BELOW DATUM	12cm ABOVE DATUM	1m 86cm LONG 48cm THICK	MEDIUM SIZED COBBLES WITH 3 LEVELS DEEP OF CONSTRUCTION ON TOP OF DENSE SMALLER FILL. 1 LAYER THICK, 1 FLAT FACES TO THE EAST. COBBLE SIZE RANGING FROM 23cm X 32cm TO 15cm X 17cm. FEATURE THICKENS TO 2 LAYERS WHEN IT JOINS WITH WITCHY WOMAN & BECOMES DENSER CONTAINING MORE SMALL STONES.	RUNNING 40° NORTH OF EAST COBBLES GENERALLY ORIENTED 40° NORTH OF WEST	INTERDIGITATED WITH THE TIMES THEY ARE A'CHANGIN' TO THE NORTH, AND ABUTTING TAKE IT TO THE LIMIT TO THE SOUTH. ABUTTING WITCHY WOMAN AND POSSIBLY INTERDIGITATING WITH PEACEFUL EASY FEELING	INTERIOR SUMMIT ROOM WALL, BECOMING AN ENTRANCE WAY WHERE IT JOINS THE TIMES THEY ARE A'CHANGIN'

FINAL NOTES - 2 GRAPH OF FEATURES

FEATURE NAME	BASE (DEPTH)	TOP (HEIGHT)	THICKNESS (LENGTH)	CONSTRUCTION TYPE-DESCRIPTION	ORIENTATION	ADJACENT FEATURES	COMMENTS
TEQUILA	82cm	50cm	2m 50cm	MAINLY LARGE COBBLES, 2	RUNNING	SOUTH FACE RUNS	POSSIBLE TERRACE
SUNRISE	BELOW DATUM	BELOW DATUM	LONG 80cm WIDE	MAIN LEVELS W/THE LARGER DEBONG COBBLES ON TOP AND SMALLER, ROUNDER ONES BELOW RESTING ON SMALLER FILL. FLAT FACES NORTH SOUTH SIDE BECOMES FILL WHERE IT RUNS UP AGAINST SAD CAFE-THE NORTHERN EXTERIOR WALL. COBBLE SIZE RANGES FROM 53cm x 23cm TO 18cm x 17cm	40° WEST OF NORTH COBBLES GENERALLY ORIENTED 40° SOUTH OF WEST	INTO SAD CAFE (40cm TO THE SOUTH) RUNS ATOP ALREADY GONE (200cm BELOW THE TOP OF TEQUILA SUNRISE & HURRICANE RUNS OUT OF THE WEST SIDE OF THIS FEATURE INTERDIGITATING WITH IT	BUILT AFTER ALREADY GONE HURRICANE BUT PRIOR TO SAD CAFE (TUMBLE FROM SAD CAFE HAD COLLECTED ON TEQUILA SUNRISE
ALREADY GONE	103cm	80cm	158cm LONG 47cm WIDE	ONE LAYER OF MEDIUM TO SMALL SIZED COBBLES RANGING FROM 40cm x 20cm TO 16cm x 20cm IN SIZE. 2 LAYERS THICK IN SOME PLACES. FLAT FACES OUT TO THE NORTH. SOUTH SIDE BECOMES FILL AND ABUTTS SAD CAFE	RUNNING 60° WEST OF NORTH COBBLES GENERALLY ORIENTED 70° SOUTH OF WEST	ALREADY GONE RUNS UNDERNEATH TEQUILA SUNRISE AND BEHIND BEST OF MY LOVE WHICH IT ABUTTS. IT WAS CONSTRUCTED PRIOR TO TEQUILA SUNRISE AS WELL AS SAD CAFE WHICH RESTS ON SOIL 20cm HIGHER.	POSSIBLY AN EARLY TERRACE MAYBE PRE-DATING THE MAJORITY OF STRUCTURE #2

FEATURE NAME	DEPTH	HEIGHT	LENGTH WIDTH	CONSTRUCTION TYPE	ORIENTATION	ADJOINING FEATURES	COMMENTS
THE TIMES THEY ARE A'CHANGING	64cm BELOW DATUM	7cm BELOW DATUM	2m LONG 30cm WIDE	MEDIUM/LR. COBBLES ARRANGED IN TWO LAYERS FILLED WITH SMALL STONES, FLAT FACE EAST. COBBLE SIZE RANGING FROM 33cm X 23cm TO 10cm X 13cm	RUNNING 40° NORTH OF EAST AS ARE THE STONES.	ABUTTING "KNOCKING ON HEAVEN'S DOOR" WITH WHICH IT FORMS A STEP UP TO THE SUMMIT. INTERLOCKING WITH "SHELTER FROM THE STORM" AND "ALL ALONG THE WATERTOWER" TO THE SE.	PROBABLY AN EARLY CONSTRUCTION, A FINAL ASCENT TO THE SUMMIT FROM THE INSET STAIR ON HEARTACHE TONIGHT
ALL ALONG THE WATERTOWER	40cm BELOW DATUM	37cm BELOW DATUM	65cm LONG 55cm WIDE	SMALL FLAT COBBLES, 1 LAYER DEEP, 3 ROWS THICK, FLAT FACES UP. AVERAGE SIZE 12cm X 19cm	ORIENTED 40° NORTH OF EAST AND 40° NORTH OF WEST	INTERLOCKING WITH "SHELTER FROM THE STORM ALONG THE NORTH SIDE; "DON'T THINK TWICE" TO THE WEST	A SMALL PLATFORM THAT PERHAPS ONCE EXTENDED THE LENGTH OF "DON'T THINK TWICE".
DESPERADO	53cm BELOW DATUM	8cm BELOW DATUM	30cm WIDE 2m 85cm LONG (NOT TOTALLY EXCAVATED)	3 DISCERNABLE LAYERS LARGE COBBLES ON TOP, SMALLEST STONES AT BASE. POORLY PRESERVED, FLAT FACES NORTH. SIZE RANGES FROM 37cm X 30cm TO 10cm X 15cm	RUNNING ORIENTED 40° NORTH OF WEST. STONES ORIENTED 25° EAST OF NORTH	ABUTTING "HOTEL CALIFORNIA" TO THE SOUTH AND RESTING ATOP "SAD CAPE". POSSIBLY ABUTTING OR ATOP "QUINN THE ESKIMO"	A LATER CONSTRUCTION, POSSIBLY TO FORTIFY "SAD CAPE". POSSIBLY CONTEMPORANEOUS WITH "HOTEL CALIFORNIA".
ITS ALL OVER NOW BABY BLUE	29cm BELOW DATUM	1cm BELOW DATUM	2m 30cm LONG 80cm WIDE	LARGE COBBLES STACKED ATOP A LAYER OF MEDIUM SIZED COBBLES FILLED IN WITH SMALL STONES. FLAT FACES TO THE NORTH. STONE SIZES RANGES 38cm X 35cm TO 15cm X 20cm	RUNNING 40° EAST OF SOUTH STONES ARE GENERALLY ORIENTED 50° NORTH OF EAST	INTERDIGITATES WITH "BLOWIN' IN THE WINDS. ABUTS "TANGLED UP IN BLUE" AND INTERDIGITATES WITH "HEARTACHE TONIGHT"	FORMS A WIDE PASSAGE (WITH "SHELTER FROM THE STORM") UP FROM THE INSET STAIR IN HEARTACHE TONIGHT WITH WHICH IT IS PROBABLY CONTEMPORANEOUS

ISIS	100cm BELOW DATUM	89cm BELOW DATUM	35cm WIDE	LARGE OBLONG COBBLES - 1 LAYER DEEP AND 1 ROW THICK. NO FILL FLAT FACES SE AND NW. AVERAGE STONE SIZE 40cm x 20cm	5° N OF W	INTERSECTING JOEY MIDWAY (SEE ABOVE)	(SEE ABOVE)

JAN 29, 1994

P96-97-1

I SET UP AN INITIAL TRENCH RUNNING NE ACROSS THE TOP OF ^{STR 20} SITE (128J). THE TRENCH MEASURES 1M X 10.6M ^{NE/SW} ^{WE} ^{50° E OF N} ARE BEGINNING IN THE 1 X 1M UNIT AT THE NE END OF THE TRENCH #1. EACH ^{LOT} ~~UNIT~~ WILL BE DIVIDED INTO 10CM UNITS MEASURED FROM GROUND SURFACE OFF THE ~~WESTERN~~ NW STAKE. LOT 1 ~~IS~~ CONSISTS OF CLAY-LIKE SOIL AND CONTAINED ONE SMALL PIECE OF BAHARECE. AT A DEPTH OF 10 CM THE LOT CONSISTS OF SEVERAL MEDIUM SIZED COBBLES WHICH COULD BE TUMBLE WE ARE BEGINNING LOT 2 IN THE NE CORNER ONLY WHERE THE ROCKS ARE SMALL AND DON'T APPEAR TO BE PART OF A POSSIBLE TUMBLE AREA. LOT 2, IN THE NE CORNER YIELDED 3 SHERDS, SOME WHITE NOTDULES (LIMESTONE?) AND APPEARS TO BE FREE OF TUMBLE. WE ARE CONTINUING EXCAVATION INTO THE NW AREA OF THE LOT. AS WE EXPOSE THE NW SECTION OF LOT 2 WE SEEM TO HAVE TUMBLE BOTH FROM STRUCTURE 20 AND THE ADJACENT STRUCTURE TO THE NE. 2 MORE POTSHERDS AND ANOTHER CHUNK OF BAHARECE HAVE TURNED UP. THE TUMBLE APPEARS TO BE INCONSEQUENTIAL AND WE ARE GOING TO PROCEED EXCAVATING THE REST OF LOT 2. WE WILL FINISH LOT 2 TOMORROW. SO

128J

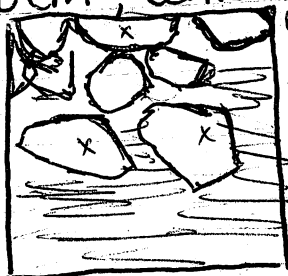

D96-97-2

JAN 30, 1996

WE ARE CONTINUING EXCAVATION OF LOT 2, LEAVING THE ROCKS IN PLACE FOR THE TIME BEING. THE STONES WE HAVE EXPOSED AT THIS POINT WHICH MAY BE TUMBLE ALONG THEMSELVES IN AN E-W LINE [↑] N WE ARE REMOVING THE ROCK AND CONTINUING DOWN AS SEVERAL SHERDS ARE LODGED UNDERNEATH THEM. THE SE CORNER OF

THIS LOT IS ~~NOT~~ LITERALLY ALL STONE OF VARIOUS SIZES. FOR THE MOMENT I AM GOING TO LEAVE THE ~~SE~~ SOUTHERN SECTION OF LOT 2 UNEXCAVATED AND CONTINUE DOWN TO 30CM (LOT 3) IN THE REST OF THE PIT. ALREADY SEVERAL POT SHERDS ARE APPEARING IN LOT 3. THE TUMBLE IN THE SOUTH END OF THE PIT CONTINUES DOWN TO LOT 3 SO WE ARE GOING TO EXCAVATE THE REST TO 40CM, LEAVING THE SOUTHERN PORTION ALONE FOR NOW. [↑] N SOME LARGE PEICES OF JOHN SAID HE THINKS THAT ARE ALL TUMBLE B/C

LOT 4 VEILED SHERD.

THE STONES OF THE

ANGLE THEY ARE LYING AT. WE ARE GOING TO REMOVE MOST OF THEM AND THEN PROBABLY MOVE ONE METER TO THE SOUTH TO SEE IF ANY CULTURAL MATERIAL FROM STRUCTURE 20 HAS TUMBLED THERE. SO FAR I HAVE NOTICED NO MAJOR CHANGES IN SOIL STRATIGRAPHY

1/30/96

P96-97-3

DUE TO THE CONFUSING ROCK FORMATIONS IN THE PIT 0-1 M ^{SOUTH} FROM THE MARKER WE ARE STARTING A NEW PIT 0-1 M NORTH OF THE MARKER. THIS WILL BEGIN W/ LOT 5. IN SUMMARY: LOT 1 = PIT 0-1 M S 1-10 CM; LOT 2 = PIT 0-1 M S 10-20 CM; LOT 3 = PIT 0-1 M S 20-30 CM; LOT 4 = PIT 0-1 M S 30-40 CM; LOT 5 = PIT 0-1 M N 0-10 CM

EXCAVATION OF ~~LEVEL~~ ^{LOT} 5 (THE FIRST 0-10 CM IN THE PIT 0-1 M N OF DATUM) YIELDED MANY SHERDS - INTERESTING IN LIGHT OF THE FACT THAT THE FIRST LOT IN THE ADJACENT PIT HAD NO ARTIFACTS IN IT. WE ARE NOW BEGINNING LOT 6. LOT 6 CONTAINS A FAIR NUMBER OF SHERDS BUT SO FAR DOES NOT SEEM TO BE RUBBLE FROM THE ADJACENT STRUCTURE TO THE NE. TODAY WE ARE STOPPING 20 CM DOWN AT THE BASE OF LOT 6.

1/31/96

THIS MORNING WE ARE BEGINNING LOT 7 IN ^{THE} UNIT 0-1 METERS NORTH OF DATUM (WHICH WILL HEREAFTER BE THE SHOE UNIT). LOT 6 AND 7 OF UNIT SHOE APPEAR TO CONTAIN TUMBLE AND RUBBLE FROM THE ADJACENT NE STRUCTURE AS WELL AS TUMBLE, OR THROWN OUT SHERDS FROM BOTH STRUCTURES. WE ARE REMOVING THE TUMBLE IN UNIT SHOE DOWN THROUGH LOT 8 (40 CM)

128J

1/31/96

P96-97-4

AFTER UNIT ONE AND UNIT SHOE ARE BOTH LEVEL AT 40CM WE ARE GOING TO EXPLORE POSSIBLE FEATURE "^{DESPERADO}~~SPRINKLE~~" WHICH IS PROTRUDING FROM THE SOUTH SIDE OF UNIT ONE. OK. WE ARE ASSUMING THAT UNIT SHOE IS A TUMBLE. WE FOUND SEVERAL PEICES OF A CRUSHED ^{POT UNDER} ROCK IN LOT 8. WE ARE BEGINNING LOT 9 IN UNIT SHOE TO MOVE DOWN BELOW THE TUMBLE. LOT 9 BEGINS AT 40CM BELOW GROUND SURFACE. IN LOT 9 ANDRES TURNED UP PART OF A STAMP. GO ANDRES. AS GREAT AS ANDRES IS HE SURE SCRATCHES THE HELL OUT OF MY SHERDS. LOT 9 HAS YEILDED HIGH CONCENTRATIONS OF SHERDS, CRUSHED UNDER THE TUMBLE AS WELL AS SOME LARGE CHUNKS OF BAJARQUE AND AN OBSIDIAN BLADE. WE TOOK LOT 9 DOWN TO 60CM AND ARE NOW MOVING BACK INTO UNIT ONE (0-1 METER SOUTH OF DATUM) TO EXCAVATE LOT 10 40-60CM. THIS LOT YEILDED LITTLE - ONE OBSIDIAN AND A FEW SHERDS. WE ARE NOW REMOVING TUMBLED ROCKS TO EXPLORE POSSIBLE STRUCTURE "^{DESPERADO}~~SPRINKLE~~".

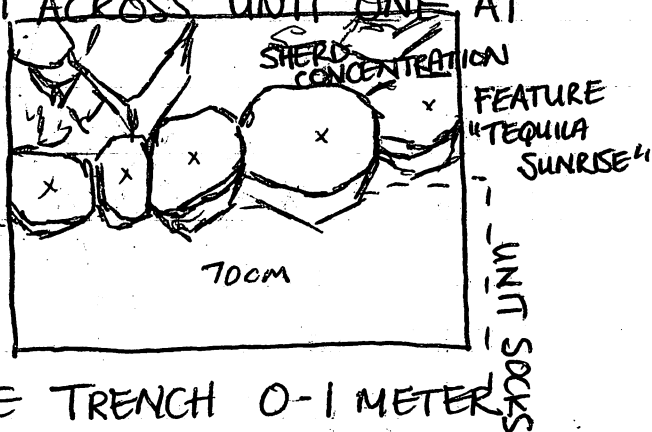

2/1/96

ONCE WE HAVE CLEARED THE RUBBLE FROM LOT 10 I WANT TO EXPOSE THE FIRST 10CM OF UNIT PANTS 1-2 METERS SOUTH OF DATUM IN SEARCH

2/1/96

P96-97-5

OF POSSIBLE FEATURE DESPERADO. FIRST HOWEVER I AM HAVING ANDRES EXCAVATE DOWN 10CM MORE (LOT 11) TO GET BELOW THE TUMBLE ZONE IN UNIT ONE. LOT 10 = 50CM-60CM BELOW GROUND SURFACE IN UNIT ONE; LOT 11 = 60-70CM BELOW GROUND SURFACE IN UNIT ONE. LO AND BEHOLD - WHILE REMOVING THE TUMBLE WE FOUND A POSSIBLE WALL RUNNING E-W THROUGH UNIT ONE AT ABOUT 70CM BGS. WE'LL CALL THIS POSSIBLE FEATURE TEQUILA SUNRISE. FEATURE TEQUILA SUNRISE RUNS EAST-WEST ACROSS UNIT ONE AT A DEPTH OF 65CM BGS WE ARE CLEARING AROUND IT AND THEN MOVING DOWN TO 70 CM IN THE AREA FROM THE TEQUILA SUNRISE.

BACK TO THE END OF THE TRENCH 0-1 METER NORTH OF DATUM. MY PRELIM. ASSESMENT IS THAT TEQUILA SUNRISE MAY BE A BASAL WALL SECTION. I AM CREATING A UNIT THAT RUNS NORTH FROM TEQUILA SUNRISE TO THE END OF THE TRENCH AND CALLING IT UNIT SOCKS. LOT 12 RUNS FROM 70CM-80CM BGS IN UNIT SOCKS. UNIT SOCKS, LOT 12 YELDED LOTS OF SHERDS AND REVEALED THAT FEATURE TEQUILA SUNRISE RESTS ON SOLO TERRA.

128J

2/1/96

P96-97-6

WE ARE NOW BEGINNING EXCAVATION IN UNIT PANTS 1-2 METERS SOUTH OF DATUM. LOT 13, 0-10cm BGS.

2/2/96

LOT 13 IN UNIT PANTS YIELDED VERY LITTLE IN THE WAY OF ARTIFACTS AND A LOT IN THE WAY OF STONES. SO THIS BEAUTIFUL FRIDAY MORNING WE ARE BEGINNING EXCAVATION OF LOT 14 10-20CM IN UNIT PANTS 1-2M S OF DATUM. I AM ALSO HAVING ANDRES CLEAN THE TUMBLE OFF OF THE # SOUTH WALL OF UNIT ONE. THIS LINE OF INQUIRY YIELDED NO INSPIRATIONS SO WE ARE CONTINUING WITH LOT 14. WE ARE ALSO GOING TO BEGIN TAKING OUT SOME OF THE LARGER STONES WHICH EVERYONE I CONSULTED THINKS ARE TUMBLE. I AM CREATING A NEW LOT, LOT 15 FOR THIS TUMBLE ZONE. IT WILL RUN FROM 20CM-45 CM BGS

2/5/96

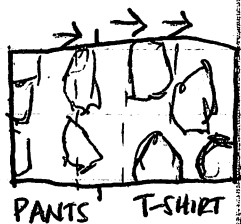

P96-97-6

THIS MORNING IS OFF TO A BIT OF A BAD START. MY GUYS ARE PISSED B/C THEY NEED SMALLER PICKS AND I THINK JOHN TOLD THEM ED WAS GOING TO TAKE CARE OF IT. ARGH. WELL, OVER THE WEEKEND, I GUESS DURING THE STORM, MY DATUM WAS KNOCKED OUT. I THINK I'VE PUT

2/11/96

P96-97-7

IT BACK IN APPROX. THE SAME SPOT THOUGH.
WELL I'M MOVING INTO THE STRUCTURE ANOTHER
METER TODAY. ~~BY~~ 2-3 METERS SOUTH OF DATUM
(NW CORNER OF ~~100~~ UNIT ONE) WILL BE UNIT T-SHIRT.
LOT 16 0-10 CM BGS IN UNIT T-SHIRT IS EXTREMELY
ROCKY. I WANT TO TAKE UNIT T-SHIRT DOWN TO
THE LEVEL OF LOT 15 (45cm) IN UNIT PANTS
INITIALLY TO SEE IF WE CAN FIND ANOTHER LINE.
HOWEVER, I SUSPECT WE WILL ULTIMATELY
HAVE TO GO DEEPER. LOT 16 YIELDED VIRTUALLY
NOTHING BUT CHIQUITAS (LITTLE STONES) SO LOT 17
WILL BEGIN AT 10CM AND GO DOWN TO ~~50~~ 20 CM
TO SEE IF WE CAN FIND ANOTHER FEATURE. SOME OF
THE TUMBLE MAY, OR MAY NOT, FORM A LINE.
THERE ARE SO MANY LITTLE ROCKS ITS HARD TO
SEE WHATS GOING ON BUT I DON'T THINK WE
HAVE ANYTHING BUT TUMBLE FROM A HIGHER LINE.
BEGINNING IN UNIT PANTS WE ARE GOING TO MOVE
BACK SOUTH TAKING OUT ROCKS UNTIL WE FIND OUR
LINE. THIS WHOLE PROCESS WILL BE LOT 18, 20- cm
WE HAVE IDENTIFIED TWO MORE FEATURES, ONE
IN UNIT PANTS AND ONE IN UNIT T-SHIRT. THEY
APPEAR TO BE SOME SORT OF ASCENT TO THE SUMMIT.
BOTH ARE STRUCTURALLY SOUND TO THE WEST
BUT HAVE DISRUPTED ON THE EAST SIDE.

2/5/96

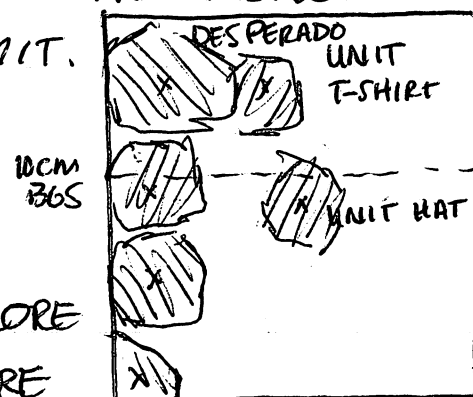

PA6-97-8

LOT 18 IS THE TERRACED EARTH AND RUB TUMBLE SURROUNDING THE NEW FEATURES, SAD CAPE (IN UNIT PANTS) AND DESPERADO (IN UNIT T-SHIRT). AFTER MAPPING THE NEW FEATURES INTO D96-97-2 WE ARE CREATING A NEW UNIT 3-4 1/2 METERS SOUTH OF DATUM, UNIT HAT. WE ARE EXCAVATING LOT 19, 0-10CMBS LOOKING FOR A ~~WALL~~ ~~WALL~~ POSSIBLE WALL VISIBLE ABOVE THE SOIL. UNIT HAT TAKES US TO THE SUMMIT OF THE MOUND OF STRUCTURE #20. BY LOOKING AT STONE PATTERNS ON THE SURFACE OF THE MOUND ED SUSPECTS WE MAY BE COMING UP ON A POSSIBLE ROOM. PRETTY EXCITING. AFTER TAKING DOWN LOT 19 10CM IT LOOKS LIKE IT MIGHT BE POSSIBLE THE TWO ROWS OF STONES ARE RUNNING PARALLEL TO ONE ANOTHER N-S ACROSS THE SUMMIT BEGINNING AT FEATURE DESPERADO. THIS WOULD FORM ONE THICK WALL BISECTING THE MOUND. IN ORDER TO EXPLORE THIS WE ARE CAREFULLY REMOVING THE SMALLER STONES FROM LOT 19. WE HAVE BEEN TURNING UP REALLY MINIMAL QUANTITIES OF ARTIFACTS FROM LOTS 17, 18 AND 19 - A FEW SHERDS AND ONE OR TWO CHUNKS OF BAJAREQUE. UNIT ONE AND UNIT SHOE (OUTSIDE THE TUMBLE ZONE) SEEM TO HAVE BEEN DEFINITE DUMP AND SPILL AREAS. I AM PLEASED TO REPORT THAT THERE SEEMS TO

2/5/96

P96-97-9

BE A ^{DEFINATE} ~~DEFINATE~~ LINE RUNNING N-S OUT OF FEATURE DESPERADO. ^{AT ABOUT 10CM BGS} ONCE WE'VE ESTABLISHED THIS I PLAN TO ^N MOVE DOWN TO THE SOUTH END OF THE TRENCH AND MOVE NORTH TO THE SUMMIT.

2/6/96

TODAY WE WILL CONTINUE TO EXPLORE A POSSIBLE CONTINUATION OF FEATURE DESPERADO TO THE SOUTH IN UNIT HAT.

THIS IS A LARGE BUSH ROOT GROWING SMACK IN THE CENTER OF UNIT HAT WHICH SCREWING UP OUR LINE. GERR.

INTERESTINGLY ENOUGH, ONE OF THE STONES I THOUGHT WAS PART OF THE POSSIBLE N-S RUNNING LINE LOOKS LIKE IT MIGHT BE A ~~THE~~ GRINDING STONE FRAGMENT. LOOKS LIKE LOT 19 MIGHT BE MORE EXCITING THAN I THOUGHT AFTER CLEARING OUT THE SMALLER STONES AND ROOTS WE APPER TO HAVE UNCOVERED SOME SORT OF PLATFORM TYPE STRUCTURE - PERHAPS THE ANCIENT SURFACE OF THE MOUND. I WAS CONCERNED THAT B/C THE METATE WAS ALMOST PART OF THE LINE AND SO CLOSE TO THE GROUND SURFACE THAT THERE MAY HAVE BEEN SOME DISTURBANCE SINCE DEPOSITION BUT ED MENTIONED THAT SOMETIMES PEOPLE WOULD RE-USE OLD GRINDING STONES IN THEIR WALLS AND SUCH. INTERESTING POSSIBILITY.

2/6/96

P96-97-10

SUMMARY OF THE INITIAL EXCAVATION OF THE
5 1/2 METERS (NORTH³ END OF THE TRENCH) OF THE AXIAL
TRENCH RUNNING APPROX. N-S ACROSS STRUCTURE #20

- UNIT SHOE: 0-1 METER NORTH OF DATUM (NW STAKE OF UNIT ONE) INCLUDING NORTHERN TRENCH WALL. 0-80 CM BGS, MEDIUM BROWN SOIL, CLAY-LIKE IN TEXTURE - CONTINUOUS THROUGHOUT THE UNIT. NO DISCERNABLE STRATIGRAPHIC CHANGES. THE HIGHEST CONCENTRATION OF ARTIFACTS YIELDED IN THE FIRST 5 1/2 METERS OF THE TRENCH CAME FROM THIS UNIT INCLUDING: SHERDS, BAJAREQUE, OBSIDIAN, FLAKE CORES, ONE STAMP FRAG. THE HIGHEST CONCENTRATIONS APPEAR FROM 40-60 CM BGS (LOT 9). SOME SHERD CONCENTRATIONS EVEN APPEARED TO BE PARTS OF CRUSHED POTS CAUGHT IN THE TUMBLE. THIS UNIT CONTAINED A VERY HIGH QUANTITY OF STONES, SMALL AND LARGE. IT DOES NOT SEEM UNREASONABLE TO SUGGEST THAT THIS AREA WAS PART OF A TUMBLE ZONE AND MANY OF THE CULTURAL MATERIAL FOUND HERE WAS CAUGHT IN THAT TUMBLE. IT ALSO SEEMS POSSIBLE, CONSIDERING THE CLOSE PROXIMITY (TO THE NE) OF STRUCTURE 22(?) THIS UNIT WAS ALSO A CASUAL DUMPING GROUND FOR OLD MATERIAL ITEMS. THIS UNIT CONTAIN NO STRUCTURAL FEATURES.
- UNIT ONE: 0-1 METER SOUTH OF DATUM (NW STAKE OF THIS UNIT) OF THE AXIAL TRENCH RUNNING APPROX. N-S ACROSS STRUCTURE #20. 0-80 CM BGS. MEDIUM-BROWN SOIL - CONTINUOUS THROUGHOUT W/ SOME CLAY INCLUSIONS. NO DISCERNABLE STRATIGRAPHIC CHANGES. LOW QUANTITIES OF ARTIFACTS, ESPECIALLY 0-40 CM BGS.

2/6/96

PQ6-97-11

SUMMARY CONT.

(UNIT ONE) WHICH WAS PRACTICALLY STERILE. SHERDS, BAJAREQUE ONE OBSIDIAN BLADE. BY 30CM BGS THE SHERD CONCENTRATIONS INCREASE. AT 50CM BGS A BASAL WALL, FEATURE TEQUILA (SEE PQ6-97-1) SUNRISE, RUNNING E-W APPEARED. THE 10-20 CM BELOW AND NORTH OF THE FEATURE YIELDED THE MOST ARTIFACTS, PROBABLY ASSOCIATED WITH UNIT SHOE. TEQUILA SUNRISE CONSISTS OF 4 MAJOR COBBLES W/ 2 MORE LARGE COBBLES (UNDISTURBED) ON TOP TO THE WEST. THE 2 LAYER HAS BEEN DESTROYED ON THE EAST SIDE.

- UNIT PANTS: 1-2 METERS SOUTH OF DATUM (THE NW STAKE OF UNIT ONE) OF THE AXIAL TRENCH RUNNING APPROX. N-S ACROSS STRUCTURE #20. 0-45CM BGS. MEDIUM-BROWN SOIL, VERY ROCKY- CONTINUOUS THROUGHOUT. NO DISCERNABLE STRATIGRAPHIC CHANGES. THERE WERE VERY FEW ARTIFACTS IN THIS ^{UNIT} ~~UNIT~~, SHERDS, BAJAREQUE. AT 30CM BGS AGAINST THE SOUTH WALL OF UNIT PANTS IS FEATURE SAD CAPE (SEE PQ6-97-2) CONSISTING OF TWO LARGE FLAT COBBLES TO THE WEST LAID ATOP SMALLER STONES WHICH CONTINUE TO THE EAST WHERE THERE IS SOME POSSIBLE STRUCTURAL DAMAGE. SAD CAPE, ^{RUNNING E-W,} ACTUALLY, VIRTUALLY DISAPPEARS TO THE EAST. THE CONCENTRATIONS OF SMALL STONES (15 X 10CM APPROX) IS REALLY HIGH.
- UNIT T-SHIRT: 2-3 METERS SOUTH OF DATUM (NW STAKE OF UNIT ONE) 0-10CM BGS. MEDIUM-BROWN SOIL, TONS OF ROCKY INCLUSIONS - CONTINUOUS THROUGHOUT. NO DISCERNIBLE STRATIGRAPHIC

2/6/96

P96-97-12

SUMMARY CONT. (UNIT T-SHIRT)

CHANGES. VERY FEW ARTIFACTS: SHERDS, BAJAREQUE. FEATURE DESPERADO AT 10CM BGS. ONE MAJOR COBBLE TO THE EAST AND TWO STACKED COBBLES TO THE WEST WITH PARTIAL DISTURBED FILL COMPLETING THE E-W RUNNING FEATURE. THIS UNIT APPEARS TO CONTINUE SOUTH INTO THE NEXT UNIT BUT IS PROBABLY STRUCTURALLY OLDER.

- UNIT HAT: 3-4 1/2 METERS SOUTH OF DATUM (NW STAKE OF UNIT ONE) OF THE AXIAL TRENCH RUNNING APPROX. N-S ACROSS STRUCTURE #20, SUBOPERATION 128J. ~~THIS UNIT~~ 0-10CM BGS. MEDIUM-BROWN SOIL, ALMOST COMPLETELY STONES - CONTINUOUS THROUGHOUT. NO DISCERNABLE STRATIGRAPHIC CHANGES. UNIT HAT CONTAINED A FAIR NUMBER OF ARTIFACTS: SHERDS, BAJAREQUE, 1 METATE. AT 10CM BGS 2 LINES OF COBBLES, RUNNING PARALLEL TO EACH OTHER IN A N-S DIRECTION, APPEARED. THE METATE WAS INCLUDED IN THE WESTERN LINE. THIS FEATURE, HOTEL CALIFORNIA, HAS 2 LINES OF MEDIUM SIZED COBBLES WITH A LINE OF SMALL STONE FILL RUNNING BETWEEN THEM. IT ALSO APPEARS TO REST UPON, AND BE A MORE RECENT CONSTRUCTION THAN DESPERADO. HOTEL CALIFORNIA MAY BE THE TOP SURFACE OF MOUND #20.

2/6/96

P96-97-13

WE ARE MOVING DOWN THE SOUTH END OF THE AXIAL TRENCH RUNNING APPROX N-S ACROSS #20. UNIT ARM, $9\frac{1}{2}$ - $10\frac{1}{2}$ METERS SOUTH OF DATUM MARKS THE SOUTHERN EXTENSION OF THIS TRENCH. LOT 20, 0-10cm BGS, REVEALED NO ARTIFACTS. LOT 21, 10-20cm BGS, YIELDED SOME SHERDS & BAJAREQUE AND ALSO A "SKUNK ROOT" WHICH REALLY CLEARS OUT YOUR SINUSES IF YOU SNIFF IT. LOT 22 ^{20-30cm} HAS, THUS FAR, YIELDED A FEW SHERDS. THIS UNIT HAS CONTAINED FEW ROCKS AND STONES SO FAR. THE SOIL IS A NICE FINE TEXTURE, MEDIUM-BROWN. I AM KIND OF SURPRISED THAT WE HAVE YET TO ENCOUNTER ANY TUMBLE FROM STRUCTURE #21 WHICH THIS UNIT ABUTS. LOT 23, 30-40cm THE SOIL IS GETTING CLUMPIER AT THIS DEPTH AND IS NO LONGER AS FINE AS IN THE FIRST 30 CM. STILL NO MAJOR TUMBLE - ONE LARGE STONE IN THE SW CORNER. WE ARE GOING TO EXCAVATE ONE MORE LOT, LOT 24 40-50cm AND THEN MOVE NORTH INTO THE STRUCTURE 1 METER.

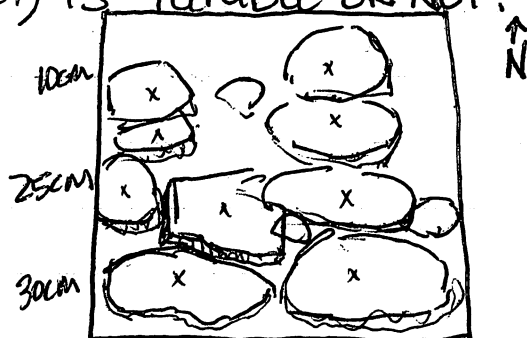

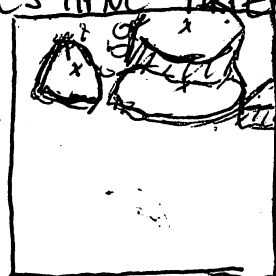

2/7/96

GOOD MORNING, ON THIS LOVELY RAINY DAY WE ARE BEGINNING EXCAVATION OF A NEW UNIT, $8\frac{1}{2}$ - $9\frac{1}{2}$ M SOUTH OF DATUM, UNIT NOSE. LOT 25 WILL BE 0-10cm BGS IN UNIT NOSE. I WAS UNSURE OF HOW TO PROCEED IN UNIT ARM B/C AT 50cm BGS WE BEGAN ENCOUNTERING STONES (TUMBLE?). I THINK WE

2/7/96

P96-97-14

SHOULD PROBABLY TAKE IT DOWN AT LEAST ANOTHER 10 OR 20 CM BUT I'M GOING TO HOLD OFF AND WAIT FOR ED. LOT 25 CONTAINED NO ARTIFACTS BUT A SUSPICIOUS-LOOKING SET OF STONES HAVE APPEARED TO THE NORTH END OF THE UNIT SO LOT 26 WILL TAKE 10-20CM BGS IN THE SOUTHERN HALF OF THE TO SEE IF THERE ARE MORE STONES THE ONES WE'VE ALREADY FOUND. THERE IS A LOT OF TUMBLED SM. STONES IN THIS UNIT AND IT IS VERY HARD TO SEE WHATS GOING ON. WE ARE CONTINUING WITH LOT 26, BASICALLY DIGGING AROUND THE LARGER STONES. THERE DOES APPEAR TO BE A POSSIBILITY OF THE NORTHERN STONES FORMING A LINE. I AM ENDING LOT 26 AT 30CM BGS (10-30cm) AND BEGINNING LOT 27. AT 40CM BGS SEVERAL MORE COBBLES ARE LYING FLAT. IT IS VERY DIFFICULT TO DISCERN IF THIS ~~WAS~~ LOT (27) IS TUMBLE OR NOT. WE ARE GOING TO DIG DOWN A LITTLE DEEPER IN LOT 27 IN ORDER TO ESTABLISH WHETHER THIS IS TUMBLE OR NOT. WE DISTURBED A NEST OF VICIOUS LITTLE ANTS AND NOW WE HAVE TO WAIT UNTIL THE BUGGERS DISPERSE. DAMN NATURE. BUT, AS ED SAID,

2/7/96

P96-97-15

THE ANTS MAY BE PROTECTING AN IMPORTANT SECRET.
WE HAVE TO VANQUISH THEM AND PUSH ON

I AM BEGINNING A NEW UNIT, UNIT WRIST WHICH
RUNS FROM THE STONE INCLUSIONS AT 40CM BGS
IN UNIT NOSE TO THE END OF THE TRENCH IN UNIT ARM
AT 50CM BGS. LOT 28, 50-60 CM BGS IS FULL OF
AN ODD ASSORTMENT OF STONES INCLUDING SOME
PEICES OF ~~SLATE~~^{SCHIST}. WELL, IT APPEARS THAT ITS ALL
TUMBLE - NICELY ARRANGED TUMBLE. SO WE'RE
GOING BACK INTO UNIT NOSE AND BEGINNING LOT 29
IN WHICH WE ARE GOING TO RIP OUT THE TUMBLE
DOWN TO 60 CM BGS. THERE WERE ABOUT 15 OR SO
SHERDS IN LOTS 27-28 AND LOT 29 HAS, THUS
FAR YELDED ONLY 3.

2/8/96

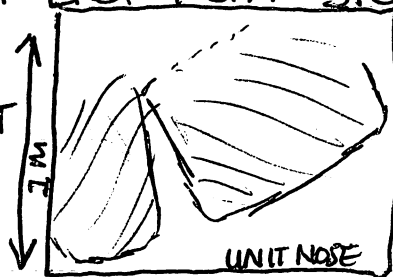

~~THE~~ LOT 29 HAS BEGUN TO YELD MORE SHERDS
AS WE WORK DOWN THROUGH THE TUMBLE. ANDRES
PEELS SURE THE STONES EMERGING ON THE NORTH
FACE OF UNIT NOSE FORM A LINE - PARTU B/C
I THINK HES RIGHT, AND PARTU B/C I DOUBT
I COULD DISSUADE HIM - WE ARE GOING TO EXPLORE
THIS FURTHER. THE SOIL IN THIS UNIT IS VERY
CAKEY AND CLUMPY, MUCH LIKE IN THE TUMBLE ZONE
AT THE NORTH END OF THE TRENCH. ANDRES WALL

128J

2/8/96

P96-97-16

IS LOOKING A LITTLE TENUOUS - ~~THE~~ THE STONES ARE NOT AS FLAT AS THEY SHOULD BE. WELL, WE SHALL SEE. THERE ARE SO MANY STONES IN THIS UNIT, AS WELL AS IN UNIT ARM, THAT IT IS BECOMING DIFFICULT TO DIG. WITH ED'S HELP, ANDRES HAS BEEN INSPIRED TO REMOVE THE LOWER SET OF STONES WHICH ARE NOT A LINE, BUT TUMBLE. WE ARE GOING TO FINISH UP LOT 29 AT 60CM BGS AND THEN MOVE DOWN ANOTHER 10CM IN BOTH UNIT ARM & UNIT NOSE. THIS WILL BE LOT 30; 60-70CM BGS IN UNITS ARM AND NOSE. THERE IS A HIGH PERCENTAGE OF TUMBLE CONTINUING INTO LOT 30 ALONG W/ A SLOWLY INCREASING NUMBER OF SHERDS, WHICH HOPEFULLY MEANS WE ARE NEARING THE END OF THE TUMBLE. THERE ARE SOME REALLY LRG. FLAT STONES UNIT NOSE AT C. 65CM BGS BUT THEY ARE PROBABLY JUST AMOUNT OF MORE TUMBLE. THE SM. STONES HAS DECREASED CONSIDERABLY, ESPECIALLY IN THE LAST 5CM (65-70CM BGS). AT 70CM BGS WE HAVE STILL FOUND NO ~~ARCHITECTURE~~ STRUCTURES. LOT 31 WILL RUN FROM 70-80CM BGS IN UNITS ARM & NOSE. THERE IS, ALREADY, A GREATER QUANTITY OF SHERDS IN THIS LOT. WE ALSO FOUND ~~AN~~ WHAT LOOKS TO BE A PEICE OF AN ENCENSARIO. OR A BOWL FOOT.

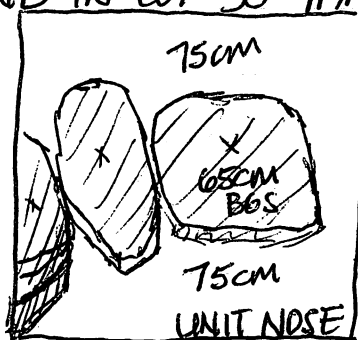

128J

2/8/96

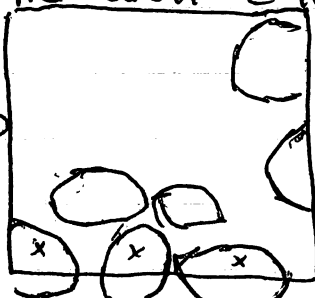

P96-97-17

THE LARGE STONES WE FOUND IN LOT 30 MAY BE FORMING A DIAGONAL LINE WHICH ED SUGGESTED MIGHT BE OLDER. WE ARE DIG AROUND THEM FOR IT TURNS OUT ^{THAT} THE LARGE ARE CORNER OF A STRUCTURE, POSSIBLY ONE THE PRE-DATES #20 & #21 (GINNY'S). WE ARE MOVING NORTH ONE ~~UNIT~~ METER, INTO UNIT EYE, TO SEARCH FOR A LINE FROM STRUCTURE 20. I'M NAMING THE 2 LINES ~~WANNACAW WANNACAW~~ ISIS AND JOEY (BOB DYLAN SONGS INSTEAD OF EAGLES B/C THEY MIGHT NOT BE PART OF MY STRUCTURE? SEE D96-97-4.

2/9/96

UNIT EYE RUNS $7\frac{1}{2}$ - $8\frac{1}{2}$ M SOUTH OF DATUM. LOT 32 RUNS 0-10cm BGS. LOT 32 CONTAINED NO EXCITING SURPRISES SO WE ARE MOVING ON TO LOT 33, 10-20cm BGS. LOT 33 WAS PRETTY UNEVENFUL, LOTS OF SMALL STONES AND A FEW ARTIFACTS. LOT 34 WILL RUN 20-30cm BGS IN UNIT EYE - STILL SEARCHING FOR A LINE. MUCH CONVINCED STONES ARE A THEY DO SO SURE B/C THERE IS NOTHING UNDER THEM

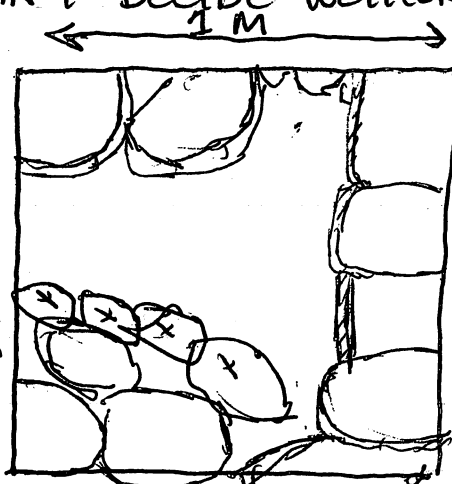

2/9/96

D96-97-18

IN CROSS-SECTION AND THEY ARE QUITE SHALLOW, ONLY 20CM BGS WHILE EVERYTHING ELSE WE'VE FOUND HAS BEEN DEEP. BUT I CERTAINLY DON'T WANT TO RULE ANYTHING OUT YET. THINGS ARE BECOMING VERY CONFUSING IN UNIT EYE. AT 30CM BGS SOME STRANGE ROCK FORMATIONS HAVE APPEARED AND I REALLY CAN'T DECIDE WHETHER THEY ARE TUMBLE OR NOT.

I'M GOING TO BE CAUTIOUS AND HAVE THEM THE CENTER REMOVING DIRT ONLY. I WOULD

LOT 35
30-40cm
BGS

UNIT EYE
30CM BGS
DIG ONLY IN
OF THE UNIT
AND SM. STONES
LIKE TO MOVE

ONE UNIT TO THE EAST BUT I'M GOING TO WAIT AND ASK ED. WE REMOVED THE SOUTHERN LINE OF LRG STONES AND FOUND AN E+W RUNNING LINE (AS MARKED ABOVE). IT ALSO LOOKS LIKE THE N-S RUNNING LINE MAY CONTINUE INTO THE NEXT UNIT TO THE NORTH. IN LOT 35 (30-40CM BGS) WE FOUND ANOTHER METATEIN PART OF THE TUMBLE.

NOW I WANT TO MOVE DOWN ON THE SOUTH ^{SEE D96-97-5-6} SIDE OF THE LINE TO SEE IF WE CAN FIND ITS BASE. THIS WILL BE LOT 36, 30-80CM BGS WE FOUND A SECOND LINE 25CM SOUTH OF

128J

2/9/96

PA6-97-19

THE FIRST LINE AND 15cm DEEPER. THEY ARE CONNECTED BY A LARGER ROCK WHICH IS PUSHING OUT OF THE UPPER LINE. IT APPEARS THAT THIS IS ALL ONE WALL FEATURE WHICH WAS ONCE STRAIGHT BUT HAS BEEN PUSHING SLOWLY OUTWARD OVER TIME. THIS WILL BE FEATURE LYIN'EYES. ED SEES THIS AS EVIDENCE THAT JOEY AND ISIS ARE EARLIER FEATURES AND THAT LYIN'EYES IS SHALLOWER THAN THE FEATURES TO THE NORTH (TEQUILLA SUNRISE, DESPERADO, SAD CAVE) B/C ~~BE~~ JOEY & ISIS WERE ALREADY THERE. VERY INTERESTING.

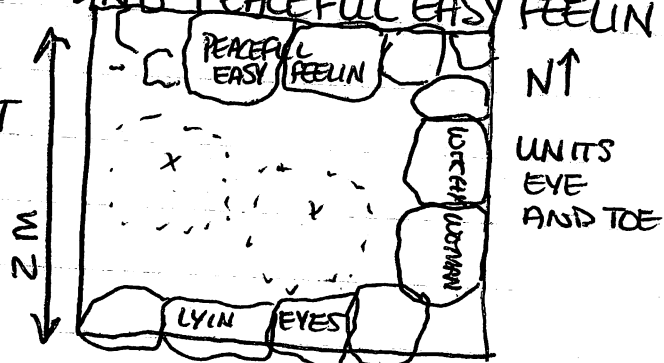

AFTER CLEANING OUT LOT 36 IN FRONT OF LYIN'EYES WE WILL MOVE ANOTHER METER NORTHWARD IN THE TRENCH. WELL, SURPRISE SURPRISE, OUR FEATURE (LYIN'EYES) GOES DEEPER THAN WE THOUGHT. WE ARE AT 70CM BGS AND STILL SEARCHING FOR THE BASE. WE ARE CREATING A NEW UNIT, UNIT TOE 6 1/2-7 1/2 M SOUTH OF DATUM. LOT 37 WILL BE 0-20CM BGS IN UNIT TOE. LOT 37 YIELDED SOME ARTIFACTS; SHERDS & BASAREQUE; AND MANY STONES. LOT 38 WILL BE 20-60cm BGS. I AM HOPING TO FIND A N-S RUNNING LINE IN THE EAST SIDE OF UNIT TOE CONTINUING IN FROM UNIT EYE.

2/12/96

P96-97-20

LOT 38 CONTAINS MANY SMALL PEICES OF BANAREQUE
 STUCK IN AND AROUND THE TUMBLED STONES.
 APPARENTLY, LAST NIGHT SOMEONE CAME AND LOOTED
 THE SITE, KNOCKING DOWN PEOPLES FEATURES AND
 PILLING THE UNITS WITH ROCKS. ASIDE FROM A
 FEW THROWN ROCKS, STRUCTURE #20 WAS LEFT ALONE.
~~WELL~~ I WAS LUCKY, BUT IT SURE DRIVES HOME
 THE VIRTUE OF GOOD NOTETAKING. IN LOT 38, UNIT
 TOE THE MUCH-HOPED-FOR LINE ALONG THE EAST
 FACE HAS BEEN UNCOVERED BUT WE HAVE YET TO
 ASCERTAIN HOW FAR NORTH IT RUNS. LOT 38 RUNS TO
 600CM, EXPOSING A SECOND POSSIBLE LINE RUNNING E-W.
 THE N-S RUNNING LINE WILL BE WITCHY WOMAN
 AND THE E-W RUNNING LINE WILL BE ~~INNOVATION~~
~~PEACEFUL~~ PEACEFUL EASY FEELIN'. AFTER CLEANING UP
 THE NEW FEATURES AND ENDING UNIT TOE AT 600CM BGS
 WE ARE MOVING ONE MORE METER TO THE NORTH: UNIT
 HAND 5 1/2 - 6 1/2 S OF DATUM - LOT 39 0-200CM BGS.
 WITCHY WOMAN RUNS N-S THROUGH UNITS EYE AND
 TOE CONNECTING LYIN' EYES AND PEACEFUL EASY FEELIN'
 AT 35 CM BGS. TWO
 LARGE FLAT STONES LIE AT
 600CM BGS AND MAY
 REPRESENT A FLOOR
 SURFACE OR EARLIER
 STRUCTURE

SEE P96-97-6

2/12/96

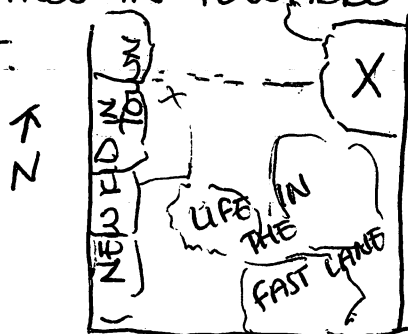

P96-97-21

UNIT HAND IS RAPIDLY TAKING SHAPE - MY GWS HAVE RAINED VALENTLY DESPITE THE RAIN. IT LOOKS AS THOUGH THERE MIGHT BE ANOTHER LINE RUNNING N-S THROUGH THE WEST SIDE OF UNIT HAND, HOWEVER IT IS STILL HARD TO TELL B/C OF THE LARGE QUANTITIES OF TUMBLE. ARTIFACTS HAVE, TYPICALLY, BEEN SPARSE. ONE KIND OF NEAT SHERD OR, AS MY WORKERS THINK, FIGURINE PEICE, HAD 3 ROUND BALLS OF CLAY ON IT. LOT 39, 0-30CM BGS IS OF THE USUAL FINE MEDIUM-BROWN SOIL THAT MOST OF THE SHALLOW LOTS HAVE CONTAINED (AS OPPOSED TO THE CLUMPIER SOIL DEEPER DOWN (50-80CM BGS)). IT IS STILL, AT 30CM BGS, VERY DIFFICULT TO TELL WHAT IS GOING ON IN THIS LOT. WE HAVE BEEN TURNING UP A LOT OF BAJAREQUE AND ARE NOW FINDING SEVERAL SCHIST COBBLES, MOST OF WHICH LOOK LIKE TUMBLE. ^{ONE W/ A HOLE IN IT.} THIS APPEARS TO BE A PLATFORM OR FLOOR SURFACE AT 30CM BGS FLANKED BY A POSSIBLE N-S RUNNING LINE 10CM BGS TO THE WEST. WE ARE ENDING LOT 39 AT 30CM BGS IN UNIT HAND AND MOVING INTO OUR FINAL UNIT IN THIS TRENCH: 4 1/2 - 5 1/2 M. SOUTH OF DATUM WILL BE UNIT NECK. LOT 40 WILL BE 0-30CM BGS IN UNIT NECK. BACK IN UNIT HAND, THE N-S RUNNING FEATURE 10CM BGS WILL BE NEW KID IN TOWN & THE FLOOR SURFACE WILL BE LIFE IN THE FAST LANE.

2/12/96

P96-9722

IN UNIT NECK $4\frac{1}{2}$ - $5\frac{1}{2}$ m SOUTH OF DATUM THERE LOOKS TO BE A CONTINUATION OF N-S RUNNING NEW KID IN TOWN WHICH ~~INTERSECTS A NEW E-W RUNNING LINE~~, TAKE IT TO THE UNIT WHICH IS NO MORE THAN 2 OR 3 m EGS. AS WELL AS LIFE IN THE FAST LANE. IT LOOKS AS THOUGH NEW KID IN TOWN CONTINUES ALL THE WAY DOWN TO (AND MAY BE A PART OF) HOTEL CALIFORNIA. LIFE IN THE FAST LANE PEETERS OUT ABOUT WHERE A LARGE STONE COMES IN TOWARDS NEW KID IN TOWN FROM THE EAST.

NOW THAT WE ARE DONE WITH THIS N-S UNIT NECK. RUNNING TRENCH WE ARE GOING TO QUICKLY LEVEL OFF

THE NORTH END OF THE TRENCH (FROM TEQUILA SUNRISE NORTHWARD - UNIT SOCKS, LOT 41 80-85cm) VICENTE JUST PULLED A NICE OBSIDIAN BLADE OUT OF LOT 41. THIS IS THE ONLY AREA ^{IN WHICH} WE HAVE FOUND ANY OBSIDIAN YET.

2/13/96

THIS MORNING I AM BEGINNING BY MOVING OUTWARD FROM MY TRENCH. UNIT REID - 0-1 m WEST OF UNIT ~~NAND~~ ^{HAND} NECK ~~4~~ $4\frac{1}{2}$ - $5\frac{1}{2}$ m S OF DATUM)

~~50/10/10~~

2/13/94

P96-97-23

UNIT RED IS RUNNING 320° (OR 30°) WEST OF NORTH
ALONG MY N-S RUNNING TRENCH (50° E OF N).

LOT 42 WILL BE 0-⁵~~10~~ CM BGS OF UNIT RED.

I CHOSE THIS SPOT FOR UNIT RED B/C I WANTED
TO EXPLORE DOWN THE WEST SIDE OF NEW KID IN
TOWN. WELL, APPARENTLY THIS WAS THE WRONG
THING TO DO. ED TOLD ME I SHOULD FOLLOW

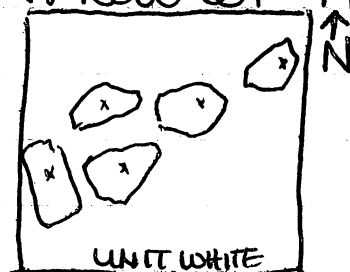

RUNNING
 140° E. OF
SOUTH

A LOWER FEATURE INSTEAD SO I AM QUICKLY
WINDING UP LOT 42 AT 5 CM BGS AND MOVING
TO A NEW UNIT. THIS NEW UNIT ^{WHITE} IS ^{F2} DATUM E

OF DATUM. LOT 43 WILL BE 0-20 CM BGS.

WE WILL DIG DOWN TO FEATURE TEQUILA
SUNRISE, EXPOSE IT AND CHASE IT OUT TO
THE EAST. LOT 43 YIELDED A SM # OF STERDS
AND SOME BAJAREQUE AS WELL AS WHAT MAY BE
A SUPERIMPOSED LINE RUNNING DIAGONALLY RUNNING
SE-NW AT 30 CM BGS. I AM UNSURE OF HOW TO
PROCEED SO I'M HAVING THEM DIG A NEW LOT 44
AROUND THE STONES, 20-40 CM BGS.

ED THINKS THE STONES ARE JUST
TUMBLE SO WE'RE GOING TO TAKE
THEM OUT. THE SOIL IN LOT 43 WAS

OF THE SAME MEDIUM-BROWN COLOR AND FINE
CONSISTENCY, BECOMING DENSER AND COARSER AS
WE INCREASE DEPTH.

2/13/96

PA6-97-25

SUMMARY OF THE SOUTHERN 5 METERS OF THE AXIAL TRENCH RUNNING APPROX. N-S (50°E OF N) ACROSS STRUCTURE #20, SUBOPERATION 128J

- LOTS 20, 21, 22, 23, 24, 28, 30, 31
• UNIT ARM - 9½ - 10½ M. SOUTH OF DATUM (NW STAKE OF UNIT ONE OF THE AXIAL TRENCH) 0-80CM BGS. MEDIUM-BROWN FINE-TEXTURED SOIL, CLUMPIER BELOW 30CM. NO DISCERNABLE STRATIGRAPHIC CHANGES. LOW ARTIFACT CONTENT; SHERDS & BAJAREQUE. TUMBLE ZONE FROM STRUCTURES 20 & 21 AND CONNECTING WITH #21, SUBOPERATION 128K. ALSO CONTAINING, ~~UNKNOWN~~ AT 80CM BGS PART OF FEATURE JOE4 WHICH MAY BE PART OF A STRUCTURE PRE-DATING #20. ARTIFACT QUANTITIES INCREASE JUST ABOVE JOE4. SEE DA6-97-4
- LOTS 25, 26, 27, 28, 29, 30, 31, ~~20, 21, 22~~
• UNIT NOSE 8½ - 9½ M. SOUTH OF DATUM (NW STAKE OF UNIT ONE) OF THE AXIAL TRENCH RUNNING N-S ACROSS STRUCTURE #20, SUBOPERATION 128J. 0-80CM BGS. MEDIUM-BROWN, FINE-TEXTURED SOIL, CLUMPIER BELOW 30CM. NO DISCERNABLE STRATIGRAPHIC CHANGES. MODERATE NUMBER OF ARTIFACTS; SHERDS AND BAJAREQUE. HIGH DEGREE OF TUMBLE AND SMALL STONES. CONTAINING FEATURES ISIS AND PART OF JOE4 AT 80CM BGS WHICH TOGETHER FORM A CORNER. SEE DA6-97-4
- LOTS 32, 33, 34, 35, 36
• UNIT EYE 7½ - 8½ METERS SOUTH OF DATUM (NW STAKE OF UNIT ONE) OF THE AXIAL TRENCH RUNNING N-S ACROSS STRUCTURE #20, SUBOPERATION 128J. 0-80CM BGS (SOUTH OF FEATURE LYIN' EYES) 0-60CM BGS (NORTH OF FEATURE LYIN' EYES). MEDIUM-BROWN SOIL - CONTINUOUS THROUGHOUT. NO DISCERNABLE

2/13/96 SUMMARY CONT.

F96-97-26

STRATIGRAPHIC CHANGES. MODERATE AMOUNT OF SHERDS, BAJAREQUE TRAPPED IN THE TUMBLE. CONTAINING FEATURE LYIN' EYES (SEE D96-97-5) IN PROFILE 30-75cm BGS TO THE SOUTH AND 30-50cm BGS TO THE NORTH. IT CONNECTS TO THE EAST TO FEATURE WITCHY WOMAN A NORTH SOUTH RUNNING FEATURE THAT CONTINUES INTO UNIT TOE (6 1/2 - 7 1/2 METERS SOUTH OF DATUM) IT MEASURES, IN PROFILE, FROM 10-50cm BGS ALONG THE EAST WALL OF UNIT EYE. AT 60cm BGS ^{THERE ARE} 2⁴ LRG FLAT STONES ~~COMMON~~ WHICH MAY, OR MAY NOT BE PART OF AN EARLIER STRUCTURE. ONE METATE RECOVERED, 30-40cm BGS.

- UNIT TOE 6 1/2 - 7 1/2 METERS SOUTH OF DATUM (NW STAKE OF UNIT ONE) OF THE AXIAL TRENCH RUNNING 50° EAST OF NORTH ACROSS STRUCTURE #20, SUBOPERATION 128J. 0-60cm BGS. MEDIUM-BROWN, FINE-TEXTURED SOIL - CONTINUOUS THROUGHOUT. NO DISCERNABLE STRATIGRAPHIC CHANGES. MINIMAL SHERD COUNT, SEVERAL BAJAREQUE CHUNKS. CONTAINING A PORTION OF WITCHY WOMAN RUNNING N-S FROM UNIT EYE. ALSO CONTAINING FEATURE PEACEFUL EASY FEELING WHICH INTERSECTS WITCHY WOMAN IN THE CENTER OF THE UNIT. PEACEFUL EASY FEELING RUNS, IN PROFILE, 30-50cm BGS TO THE SOUTH AND 30-25cm BGS TO THE NORTH. MODERATE-SMALL ARTIFACT ASSEMBLAGE OF SHERDS AND BAJAREQUE.

- UNIT HAND 5 1/2 - 6 1/2 METERS SOUTH OF DATUM 0-25cm BGS. MEDIUM-BROWN SOIL - CONTINUOUS THROUGHOUT, MANY SM. STONES. NO DISCERNABLE STRATIGRAPHIC CHANGES. MINIMAL SHERD COUNT

LOTS 37, 38

LOTS 39

2/13/96 SUMMARY CONT.

P96-97-27

ONE WITH CERAMIC BALLS ADDED ON. LARGE QUANTITIES OF BAJAREQUE, ON PEICE OF SCHIST WITH A HOLE DRILLED INTO IT. CONTAINING FEATURE NEW KID IN TOWN WHICH RUNS N-S ALONG THE WEST SIDE OF THE UNIT MEASURING, IN PROFILE, 10-25 CM BGS. A FLOOR SURFACE, FEATURE LIFE IN THE FAST LANE, COVERS UNIT HAT AT 25 CM BGS AND EXTENDS SOUTH INTO UNIT TOE. MANY OF THE COBBLES IN FEATURE LIFE IN THE FAST LANE ~~CONTAIN~~ ARE SCHIST SLABS. SEE D96-97-6

- LOT 40
- UNIT NECK 4 1/2 - 5 1/2 METERS SOUTH OF DATUM (NW STAKE OF UNIT ONE) OF THE AXIAL TRENCH RUNNING 50° EAST OF NORTH ACROSS STRUCTURE #20, SUBOPERATION 12BJ. 0-30 CM BGS. MEDIUM BROWN SOIL - CONTINUOUS THROUGHOUT WITH A HIGH PERCENTAGE OF TUMBLED 3M. STONES. NO DISCERNABLE STRATIGRAPHIC CHANGES. CONTAINING SMALL QUANTITIES OF SHEERDS AND BAJAREQUE. FEATURE NEW KID IN TOWN CONTINUES INTO UNIT NECK ALONG THE WEST WALL AS WELL AS A SMALL PORTION OF LIFE IN THE FAST LANE. HOTEL CALIFORNIA COMES IN FROM UNIT HAT TO THE NORTH CONNECTING WITH NEW KID IN TOWN.

2/13/96

PAGE-97-24

LOT 44 CONTAINS A MODERATE AMOUNT OF SHEERDS
AND A FEW SM. PEICES OF BAJAREQUE. WE ARE
ENDING LOT 44 AT 40cm BGS SURFACE, JUST ABOVE
H TEQUILLA SUNRISE. LOT 45, 40-80cm WILL COME
i DOWN AROUND TEQUILLA SUNRISE. I WANT TO CLEAN
OUT AROUND THE FEATURE AND THEN FOLLOW IT OUT
M TO THE EAST. IT LOOKS AS THOUGH THERE MAY BE
i A GREATER DEGREE OF PRESERVATION OF THE UPPER
r SECTION OF TEQUILLA SUNRISE IN THIS UNIT THAN
a THERE WAS IN UNIT ONE. LOT 45 IS VERY DENSE AND
n CUMPY BROWN SOIL. IT LOOKS LIKE TEQUILLA SUNRISE
d MAY MAKE A 90° TURN TOWARDS THE NORTH, BUT ITS DIFFICULT
a TO TELL AT THIS POINT. THERE IS ALOT OF BAJAREQUE UP AGAINST
! TEQUILLA SURSE. TEQUILLA SUNRISE DOES NOT TURN TO THE ^{NORTH} ~~EAST~~,
NOR DOES IT SEEM TO CONTINUE TO THE EAST. HMM. WE ARE
♥- GOING TO LEVEL OFF LOT 45, UNIT WHITE AT 80cm BGS
? AND THEN MOVE ~~1~~ SOUTHWARD ONE METER, PARALLELING
THE AXIAL TRENCH.

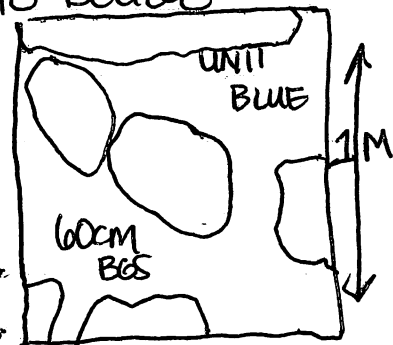

2/14/96

SINCE TEQUILLA SUNRISE DISAPPEARED IN UNIT WHITE
WE ARE MOVING ONE METER TO THE SOUTH IN ORDER
TO DETERMINE WETHER THE FEATURE TURNS IN THAT
DIRECTION OR NOT. LOT 46: 0-20cm BGS IN UNIT BLUE.
UNIT BLUE IS 0-1m SOUTH OF UNIT WHITE (1-2m E. OF

2/14/96

P96-97-28

DATUM) PARALLEL TO THE AXIAL TRENCH RUNNING 50° E OF N ACROSS STRUCTURE # 20. LOT 46 WAS PRACTICALLY FRUITLESS - A FEW SHERDS & ONE OR 2 PIECES OF BAJAREQUE. LOT 47: ~~ON~~ 20-40cm BGS - VERY ROCKY, WITH ANY LUCK ~~+~~ LOT 47 WILL BRING US DOWN ON PART OF TEQUILA SUNRISE, BUT I HAVE A SNEAKING SUSPICION THAT WE ARE GOING TO FIND A WHOLE LOT OF NOTHING. WE NEED ANOTHER 20cm BEFORE WE ARE LEVEL WITH ~~W/~~ TEQUILA SUNRISE. 40-60cm BGS IN UNIT BLUE WILL BE LOT 48. AT 60cm BGS THERE ARE SEVERAL LRG STONES, MOSTLY LYING AT ANGLES WHICH LEAD ME TO BELIEVE THEY ARE TUMBLE. THIS LOT CONTAINED ^N SOME SHERDS, BUT MOSTLY BAJAREQUE CHUNKS. I AM HAVING ANDRES DIG DOWN AROUND THE STONES JUST IN CASE. 60-80cm BGS IN UNIT BLUE WILL BE LOT 49.

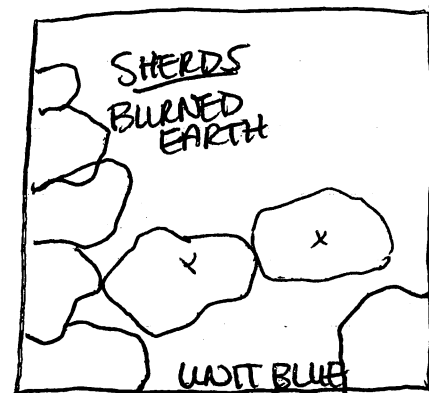

THE STONES ARE TUMBLE BUT REMOVING THEM HAS NOT REALLY CLEARED UP THE PICTURE ANY. WE TOOK OUT THE LARGE COBBLE FROM UNIT WHITE WHICH WE THOUGHT WAS PART OF TEQUILA SUNRISE IN ORDER TO BETTER SEE WHAT HAPPENED TO THAT FEATURE. ITS VERY CONFUSING, WE KEEP DIGGING BUT THERE IS JUST NOTHING BUT TUMBLE. WE DID PULL AN INTERESTING ENCENSARIO FRAGMENT OUT OF LOT 49 FROM AMONGST THE TUMBLED STONES. WE MUST'VE FINALLY HIT THE CULTURAL LEVEL B/C AT ABOUT

2/14/96

P96-97-29

75cm BGS WE ARE SUDDENLY TURNING UP MANY MORE
SHERDS (AND A SEEMINGLY WIDER VARIETY) AND BAJAREQUE.
STILL NO SIGN OF TEQUILA SUNRISE. ED MENTIONED
THAT SOMETIMES ARTIFACTS COLLECT ALONG CORNERS, MAYBE
THAT'S WHAT HAPPENED HERE. HE ALSO SAID ITS POSSIBLE
THAT TEQUILA SUNRISE IS THE BASE OF A FORMAL STAIRCASE.
WE'RE GOING TO KEEP FOKING AROUND IN UNIT BLUE, LOT 49
AND SEE WHAT WE CAN FIGURE OUT. ALSO IN THE
AREA OF THE SHERD CONCENTRATION
THERE ARE SOME SM. PATCHES OF \uparrow N
BURNED EARTH (75cm BGS).

SOME STONES IN UNIT BLUE WHICH
MIGHT FORM AN E-W RUNNING
LINE ARE BEGINNING TO APPEAR

75cm BGS. MORE SHERDS TOO. THERE IS ALSO SOME BURNED
EARTH ALONG THE POSSIBLE E-W RUNNING LINE.
AS WELL AS SOME MORE BAJAREQUE.

2/15/96

THIS MORNING I AM BEGINNING BY FOKING AROUND
THE NEWLY EMERGED, POSSIBLE E-W RUNNING LINE
CONTAINED AT 60cm BGS IN LOT 49. I AM BEGINNING
A NEW LOT TO CONTAIN THE FRUITS OF THIS SEARCH, LOT 50
75-80cm BGS IN UNIT BLUE ~~AROUND~~ AND WHITE.
THERE CONTINUES TO BE A LARGE AMOUNT OF BAJAREQUE

2/15/96

P96-97-30

IN FRONT OF THE POSSIBLE LINE. PULLED OUT ONE LARGE RIM SHERD W/ A HANDLE. I THINK IT IS WORTH EMPHASIZING HERE AGAIN THAT THIS AREA, AT THE NORTHERN EDGE OF STRUCTURE #20, IS THE ONLY SPOT, SO FAR, THAT WE HAVE FOUND A SIGNIFICANT NUMBER OF ARTIFACTS. THE LINE RUNNING E-W IS BEGINNING TO LOOK PRETTY SOLID. I AM HAVING 10CM MORE TAKEN OUT TO SEE IF THE LINE CONTINUES DOWN. LOT 51 WILL BE 75-80CM BOS IN UNITS WHITE AND BLUE. ALREADY WE ARE PULLING OUT A LARGE # OF SHERDS. MY WORKERS SEEM CONVINCED THAT WE HAVE FOUND LA COCINA. MUCHOS TIESTOS, THEY SAY. I WANT TO SCREEN THIS LOT B/C WE ARE PULLING OUT SO MANY ARTIFACTS. THESE SHERDS ALSO SEEM TO BE OF A HIGHER QUALITY (PAINTED & SMOOTH) THAN IN MOST OTHER AREAS I HAVE EXCAVATED. INTERESTING WOW - WE HIT THE MOTHER LOAD. TONS OF SHERDS, ONE CARBON SAMPLE, 3 OBSIDIAN AND SEVERAL CHIP STONE FLAKES & CORES - TONS OF BAJAREQUE. THERE IS ALSO AN APPARENT N-S RUNNING LINE SHOWING UP IN THE EAST WALL OF UNITS WHITE AND BLUE. ED THINKS THAT TEQUILA SUNRISE WAS BUILT LATER AND ON TOP OF THE E-W RUNNING LINE WHICH I AM NAMING ALREADY GONE. WE ARE NOW GOING TO BEGIN A NEW UNIT 2-3 M. EAST OF DATUM

2/15/96

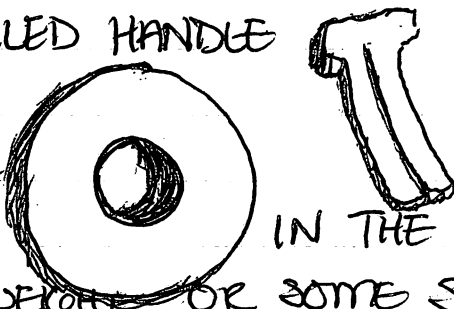

P96-97-31

UNIT YELLOW TO EXPLORE THE POSSIBILITY OF A N-S RUNNING FEATURE INTERSECTING ALREADY GONE.

LOT 52 WILL BE 0-20cm BGS IN UNIT YELLOW.

I THINK ITS WORTH NOTING BEFORE I GO ON THAT BACK IN UNIT BLUE, AT THE WEST END BASE OF ALREADY GONE THERE IS A LRG SECTION OF ORANGE (PRESUMABLY BURNT) EARTH. LOT 52 CONTAINS, AS USUAL, ALMOST NO ARTIFACTS. IT IS OF THE SAME RICH BROWN TOPSOIL THAT MOST OF THE SHALLOW LOTS ON STRUCTURE #20 HAVE BEEN. THERE WAS A LOW TO MODERATE % OF STONES. I WANT TO CONTINUE DOWN ANOTHER 20cm ~~more~~ IN SEARCH OF A N-S RUNNING FEATURE. LOT 53 WILL THEN BE 20-40cm BGS IN UNIT YELLOW. ~~when~~ THE SOIL BECOMES CLUMPIER AT ABOUT 30cm BGS AND COBBLE QUANTITIES INCREASE, SOME INTERESTING ARTIFACTS HAVE COME OUT OF THIS LOT. ONE DOUBLE COILED HANDLE AND A SM. DRILLED STONE

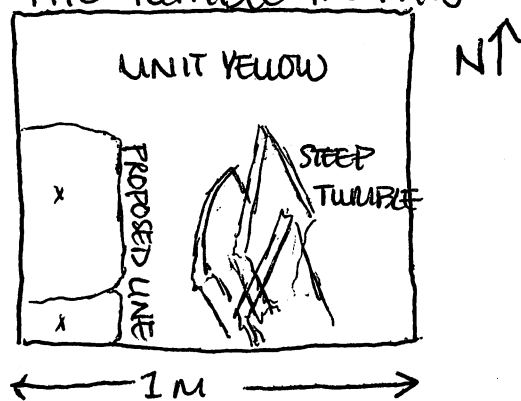

4cm IN DIAMETER WITH A 1cm x 1cm HOLE IN THE CENTER. IT COULD BE A LOOM WEIGHT OR SOME SORT OF BODY DECORATION, THE DEGREE OF TUMBLE IN THIS LOT IS INCREASING RAPIDLY AS WE DROP TO 40cm BGS. THERE IS ALSO A SURPRISING # OF SHERDS & VERY LITTLE BAJAREQUE UNTIL DEEPER INTO THE LOT. A NEW

2/15/96

PA6-97-32

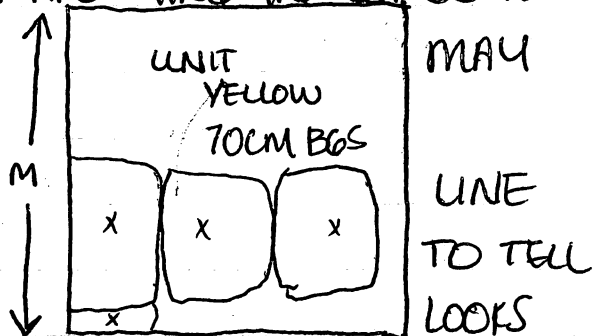

LOT 54, 40-60cm BGS WILL BRING US DOWN ON TOP OF WHAT MIGHT BE A N-S RUNNING LINE. THERE IS A LOT OF TUMBLE IN THIS NEW LOT. THERE IS A CONCENTRATION OF WHITE NODULES IN THE CENTER OF THIS LOT ALSO THE DIRECTION AND ANGLE OF THE TUMBLE IN THIS LOT, ESPECIALLY IN RELATION TO THE PROPOSED LINE - VERY STEEP TUMBLE ANGLING SHARPLY DOWNWARD TO THE EAST.

SO FAR THERE HAVE BEEN VERY FEW ARTIFACTS IN THIS

LOT. A NEW LOT, LOT 55, WILL BE 60- cm BGS AND ALLOW US TO EXPLORE THE POSSIBILITY OF A N-S RUNNING LINE. LOT 54 WAS VERY SPARSE W/ARTIFACTS. FROM THE WAY THE STONES ARE LYING IN LOT 55 IT LOOKS AS THOUGH THE LINE RUN E-W AT 70cm BGS.

BUT THERE IS A GAP IN THE WHICH MAKES IT DIFFICULT WHATS GOING ON BUT IT

LIKE SOME KIND OF PROJECTION, POSSIBLY OFF OF ALREADY GONE. WE ARE GOING TO CLEAN AROUND IT AND THEN MOVE BACK (SOUTH) ANOTHER METER TO SEE HOW IT RELATES TO ALREADY GONE. THIS WILL BE FEATURE BEST OF MY LOVE.

2/15/96

PA6-97-33

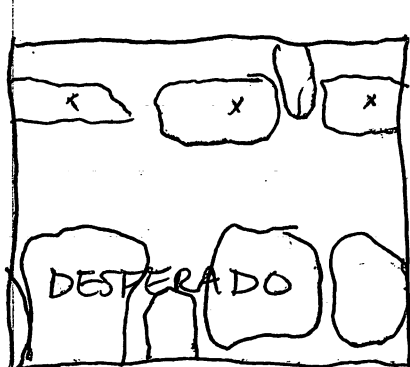

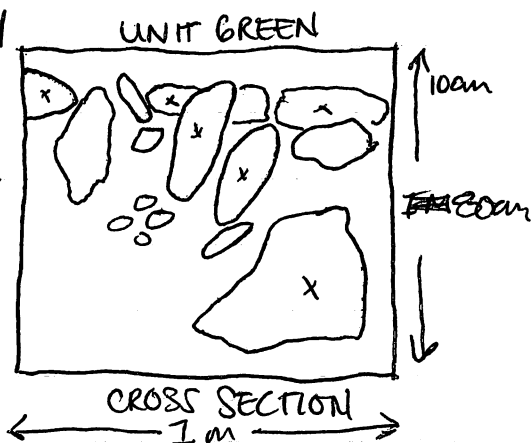

THERE WEREN'T VERY MANY ARTIFACTS IN LOT 55, BUT WE DID PULL OUT ONE BIG SHERD AT 75cm BGS IN FRONT OF BEST OF MY LOVE. I AM CREATING A NEW UNIT, 0-1 m S OF UNIT YELLOW (2-3 m E. OF D) IN ORDER TO EXPLORE THE JUNCTION OF BEST OF MY LOVE AND ALREADY GONE. LOT 56 WILL BE 0-20cm BGS IN THE NEW UNIT, UNIT BLACK. THIS LOT IS YIELDING EXCEPTIONALLY FEW ARTIFACTS BUT LOTS OF TUMBLE. AS LOT 56 YIELDED ONLY ONE SHERD AND NO FEATURES I AM CREATING LOT 57 20-40 cm BGS IN UNIT BLACK. LOT 57 CONSISTS OF A HIGH PERCENTAGE OF TUMBLE IN MEDIUM-BROWN SOIL WITH FEW SHERDS. THERE ARE ALSO QUITE A FEW LARGE COBBLES IN THE TUMBLE THAT MUST HAVE ONCE BEEN PART OF SIGNIFICANT ARCHITECTURE. LOT 57 SHOULD BRING US DOWN NEAR, OR ON TOP OF, THE JUNCTION OF BEST OF MY LOVE & ALREADY GONE. OK, NEW LOT, LOT 58 40-60cm BGS. THERE ARE VERY FEW ARTIFACTS IN LOT 58 BUT SOME REALLY HUGE COBBLES. IT LOOKS AS THOUGH ALREADY GONE MAY CONTINUE EASTWARD ON THE OTHER SIDE OF ~~AND~~ BEST OF MY LOVE. WE ARE NOW AT 75-80 cm BGS AND HAVE FOUND SOME VERY CONFUSING FEATURES. SEE DA6-97-8, 9.

2/16/96

P9697-34

IT LOOKS POSSIBLE THAT ALREADY GONE ~~IS~~ WAS, AT ONE POINT, A VERY THICK RETAINING WALL THAT HAS SINCE BEEN GREATLY DISTURBED BUT ONCE RAN BACK NEARLY TO DESPERADO. WHAT WE HAVE UNCOVERED AND IDENTIFIED IS THE REMAINING BASAL PORTION AND SKELETON (IN CROSS-SECTION). IN ORDER TO EXPLORE THIS POSSIBILITY WE ARE MOVING ONE METER S. OF UNIT BLUE (1-2 m SOUTH OF UNIT WHITE WHICH IS 1-2 m EAST OF DATUM). ^{UNIT GREEN} THIS WILL BRING US DOWN ON DESPERADO AND, MAYBE, ON ANY REMAINING STONES FROM THE SOUTHSIDE OF ALREADY GONE). 0-10cm IS LOT 59 WHICH REVEALED THE PROBABLE CONTINUATION OF DESPERADO. LOT 60 IS 10-~~75~~cm IN FRONT OF DESPERADO. THERE IS A LOT OF TUMBLE COMING OUT OF LOT 60 AND WE ARE GOING VERY SLOWLY AND CAREFULLY SO AS NOT TO MISS ALREADY GONE IF ITS THERE. THERE DEFINATELY APPEARS TO BE A LINE RUNNING E-W JUST BELOW AND IN FRONT OF DESPERADO

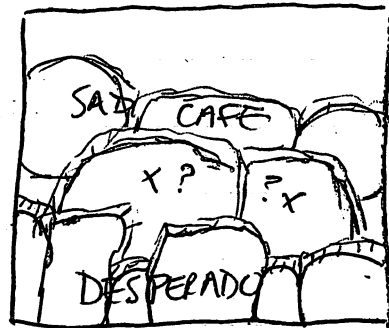

WE'RE GOING TO REMOVE THE OBVIOUS TUMBLE AND SEE IF THE LINE HOLDS TRUE OR IF ITS STILL FURTHER BACK.

2/16/96

P96-97-35

WELL, IT APPEARS, AFTER MUCH POKING AROUND THAT OUR THEORY FELL THROUGH. AFTER DIGGING DOWN IN LOT 60 IT LOOKS LIKE EVERYTHING IN FRONT OF ^{DESPERADO}SAD CAPE IS TUMBLE, ALTHOUGH WE DO SEEM TO HAVE FOUND THE CONTINUATION OF SAD CAPE AT 55 CM BGS. WE ARE CLEANING AROUND SAD CAPE UP TO DESPERADO, ~~UNAN~~ A THIRD LINE HAS APPEARED AND I CAN'T DETERMINE HOW IT FITS IN WITH DESPERADO & OR SAD CAPE I'M GOING TO SET UP ANOTHER METER TO THE EAST OF UNIT GREEN TO SEE HOW THESE THREE LINES PLAY OUT. IT WILL BE UNIT PURPLE.

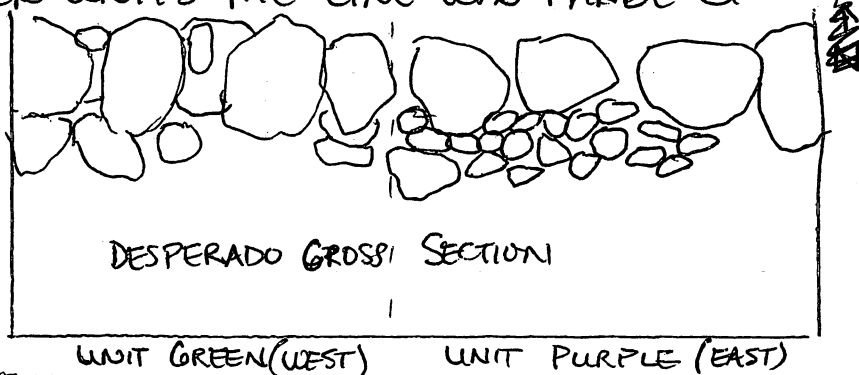

2/21/96

I'VE BEEN SICK AT HOME FOR THE PAST TWO ~~BE~~ DAYS BUT NOW I'M BACK AND THE DIRT IS GONNA FLY. WE ARE CONTINUING EXCAVATION IN UNIT PURPLE LOT 61 WILL BE ⁰⁻²⁰~~AD 10~~ CM BGS. THIS UNIT IS INTENDED TO EXPLORE THE 3 LINES IN UNIT GREEN AND THEIR RELATION TO ONE ANOTHER. DESPERADO IS PRACTICALLY VISIBLE FROM THE SURFACE. ED FEELS THAT THE MYSTERY LINE IS THE BACK OF SAD CAPE WHICH MAY HAVE BEEN

2/21/96

P96-97-36

THE MAIN BASAL WALL OVER WHICH DESPERADO WAS LATER CONSTRUCTED. LOT 62 WILL BE 20-30 CM BGS IN FRONT OF DESPERADO. LOT 61 CONTAINED A FEW SHEPDS AROUND DESPERADO, WAS VERY FULL OF SMALL TUMBLE AND WAS EXCLUSIVLY FINE MEDIUM-BROWN SOIL. DESPERADO IS NOT NEARLY AS WELL DEFINED IN UNIT PURPLE AS IT WAS IN UNIT GREEN, THE CROSS-SECTION CONTAINS ALOT MORE SMALL STONES WHEREAS IN OTHER UNITS THE LINE WAS MADE OF LARGE COBBLES ALTHOUGH SAD CAFE LOOKS SOMEWHAT DISTURBED IT IS DEFINATLY PRESENT

AT ABOUT 30CM BGS, SOME 20CM BENEATH DESPERADO SO FAR, LOT 62 WHICH IS MOSTLY DENSE TUMBLE, HAS TURNED UP A FEW LRG. CHUNKS OF BAJAREQUE SAD CAFE REALLY B/COMES DISTURBED, ALMOST TO THE POINT OF DISSAPPEARING ALONG THE TOP PART OF THE LINE - BUT THE BOTTOM REMAINS SOLID. I AM MOVING OUT ANOTHER METER TO THE EAST, UNIT ORANGE 2-3 M EAST OF UNIT BLUE (1-2 M SOUTH OF UNIT WHITE 1-2 M E. OF DATUM. TO TRY AND TRACE OUT ALREADY GONE OR SAD CAFE IN SEARCH OF A

2/21/96

P96-97-37

CORNER. LOT 63 WILL BE 0-20CM BGS IN UNIT ORANGE. SO FAR LOT 63 HAS YIELDED ONLY A FEW CHUNKS OF BASAREQUE AND A RIM SHERD.

ED SAYS HE BELIEVES THE TOP OF SAD CAPE (BACK IN UNIT PURPLE) MAY BE OBSCURED STILL BY TUMBLE. THEREFORE AS SOON AS WE FINISH LOT 63 IN UNIT ORANGE I WANT TO MOVE BACK INTO UNIT PURPLE AND TRY AND DEFINE OUR LINE A LITTLE BETTER. BACK IN UNIT PURPLE: LOT 64, 30-40CM BGS AROUND THE REMAINS OF SAD CAPE. THIS LINE OF INQUIRY PROVED FRUITLESS, THE TOP HALF OF SAD CAPE SIMPLY DISAPPEARS - ROOT DISTURBANCES? WELL, BACK TO UNIT ORANGE 20-50 CM BGS, LOT 65. ONE CAN SEE QUITE EASILY AT 30CM BGS THE CONTINUATION OF SAD CAPE INTO UNIT ORANGE CONTINUING EASTWARD. I REMEMBER ALL THE LARGE TUMBLED STONES FROM UNIT YELLOW, WHICH AT THE TIME I THOUGHT MIGHT BE ASSOCIATED WITH ALREADY GONE, NOW I BELIEVE THAT THEY TUMBLED DOWN FROM THE TOP OF SAD CAPE WHERE THERE HAS CLEARLY BEEN A LOT OF DISTURBANCE. LOT 65 HAS REVEALED MORE OF SAD CAPE AND 1 PIECE OF OBSIDIAN. WE ARE PULLING VERY LRG COBBLES OUT OF LOT 65 JUST BELOW SAD CAPE AS WELL AS SEVERAL SHERDS. LOT 66 WILL BE 50-60CM BGS IN UNIT ORANGE.

2/21/96

P96-97-38

LOT 66 WILL, WITH ANY LUCK, BRING US DOWN ON ALREADY GONE, WHICH SEEMS TO BE APPEARING IN THE SOUTHERN SECTION OF THE UNIT AT 50cm BGS. IT IS VERY ROCKY DOWN AT THIS LEVEL AND QUITE SLOW GOING. WE HAVE PULLED OUT SEVERAL POTSHERDS, MAYBE 10 OR SO.

IT IS DIFFICULT TO SEE IF THE STONES IN QUESTION ARE ALREADY GONE OR IF THEY ARE RESTING JUST ON TOP OF ALREADY GONE. I'M HAVING ANDRES TAKE THE MIDDLE OF THE UNIT DOWN A LITTLE FURTHER TO ABOUT 65cm BGS TO EXPLORE THE LINE FURTHER. LOT 66 WILL CONTAIN THIS EXTRA 5cm.

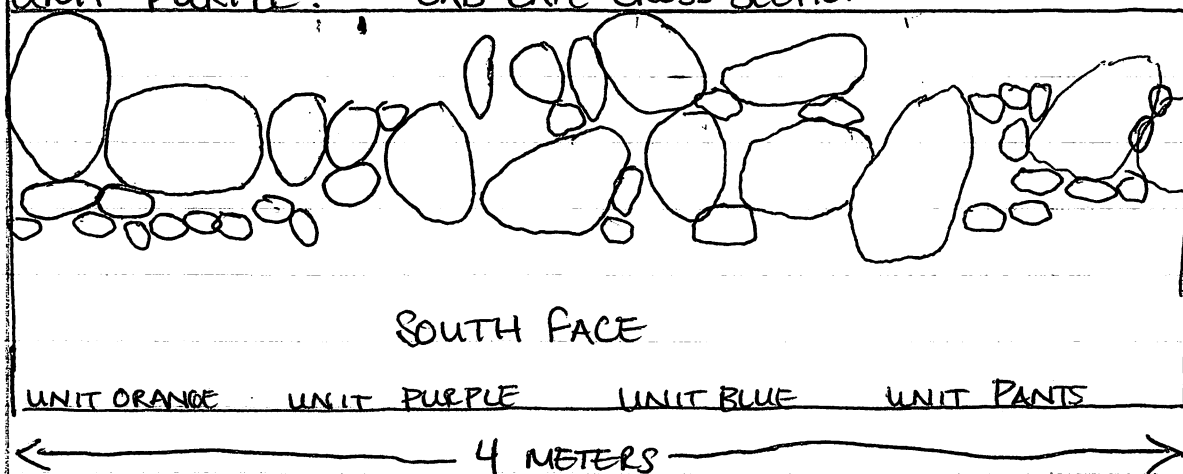

2/22/96

THIS MORNING I AM BEGINNING LOT 67, 60-65cm BGS TO CLARIFY THE EMERGING PICTURE IN UNIT ORANGE. IF THIS LINE OF INQUIRY DOES NOT BEAR FRUIT THEN I THINK I SHOULD CONTINUE TO FOLLOW SAD CAPE OUT TO THE EAST TO LOOK FOR A CORNER. LOT 67 IS TURNING UP SEVERAL SMALL, THIN SHERDS WHICH, I PRESUME

2/22/96

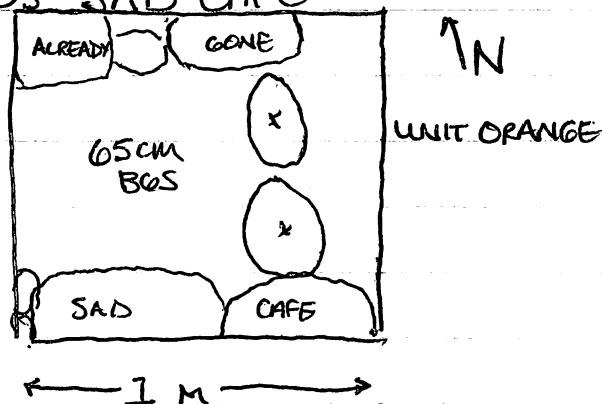

P96-97-39

ARE REPRESENTATIVE OF TERMINAL OCCUPATION.
I ALSO HAD ANDRES REMOVE 2 LRG COBBLES
THAT LOOKED AS THOUGH THEY ONCE BELONGED
TO SAD CAFE BUT HAVE SINCE BEEN PUSHED WELL
OUT OF LINE. THIS FURTHER CLARIFIES SAD
CAFE AND SUGGESTS TO ME THAT SOME SORT
OF DISTURBANCE (POSSIBLY A TREE ROOT) UPSET
PART OF THE LINE JUST AT THE E. EDGE OF
UNIT PURPLE. SAD CAFE CROSS SECTION

IN UNIT ORANGE, AT 60-65CM BGS (LOT 67) WE HAVE
WHAT APPEARS TO BE A SM. LINE CONNECTING
ALREADY GONE IN TOWARDS SAD CAFE

I WANT TO FIND THE
CORNER OF ALREADY GONE
SO WE ARE EXCAVATING A
 $\frac{1}{2}$ ~~1~~ M UNIT TO THE
NORTH OF UNIT ORANGE,
UNIT HALF 0-60CM LOT 68.

2/22/96

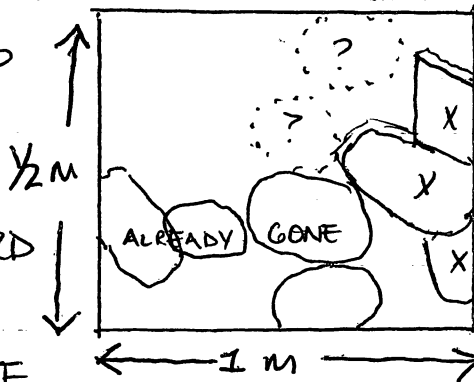

P96-97-39

THE FIRST 20cm OF LOT 68 CONTAINED NO ARTIFACTS AND CONSISTED OF FINE MEDIUM-BROWN TOPSOIL SURFACE FILL. WE ARE CONTINUING DOWN IN LOT 68 SEARCHING FOR THE CORNER OF ALREADY GONE.

AT ABOUT 40-50cm BGS IN LOT 68 WE FOUND WHAT LOOKS LIKE SOME PEICES OF AN ENCENSARIO PLATE. IT IS DIFFICULT TO TELL WHERE (IF AT ALL) THE CORNER OF ALREADY GONE IS SO WE ARE DIGGING DOWN ON THE NORTH SIDE OF THE WALL WHERE WE FOUND A CUT STONE $18 \times 18 \times 8$. AFTER DIGGING DOWN AROUND ALREADY GONE IT LOOKS LIKE THE WALL MIGHT CONTINUE TO THE EAST BUT I THINK THAT THE STONES IN QUESTION ARE REALLY TUMBLE B/C OF THE ANGLE AT WHICH

THEY ARE LAYING BUT IF ALREADY GONE DOES CONTINUE EASTWARD AT AN ODD

ANGLE TO THE NE.

IT DOES SO CIRCULAR

IT ALSO LOOKS POSSIBLE THAT THE LINE "CONNECTING" ALREADY GONE AND SAD CAFE CONTINUES TO THE NORTH. IT SHOULD BE INTERESTING TO SEE HOW THIS PLAYS ITSELF OUT. SO FAR, THE FIRST 50cm OF LOT 68 HAS YEILDED A TYPICAL # OF SHERDS.

2/22/96

P96-97-40

WE ARE DIGGING AROUND THE POSSIBLE N-S RUNNING LINE BUT IT IS DIFFICULT TO TELL. FOR EXAMPLE, ALREADY GONE IN UNIT ORANGE $\frac{1}{2}$ HALF IS A GOOD 5-10CM HIGHER THAN IN BLUE $\frac{1}{2}$ BLACK WHILE THE N-S RUNNING LINE IS LOWER, LEVEL WITH BLUE AND BLACK BUT HITTING SAD CAPE BELOW THE WALL. AFTER REMOVING ONE OF THE ANGLED STONES ON TOP OF ALREADY GONE IT LOOKS LIKE THE LINE MAY INDEED CONTINUE ON TO THE EAST. SEVERAL BLOCKS OF CUT STONE, AS WELL AS SOME SCHIST, ARE INCLUDED IN THE TUMBLE, AS WE DIG AROUND, TRYING TO DEFINE OUR LINES WE ARE UNCOVERING MORE SM. CHUNICS OF BAJAREQUE AS WELL AS A CHIP OF OBSIDIAN, THIS SEEMS TO BE A COMMON OCCURENCE AROUND WALL BASES AT THIS (N.) END OF THE TRENCH. WE ARE REMOVING STONES FROM THE TOP OF ALREADY GONE, ESPECIALLY THOSE AT FUNNY ANGLES TO ESTABLISH A CLEAR LINE. NOW THAT WE ARE AT 60CM BGS I WANT TO END LOT 68 AND BEGIN LOT 69, 60-70CM BGS AROUND ALREADY GONE AND THE POSSIBLE N-S RUNNING LINE. THERE IS A PATCH OF BURNED EARTH UNDERNEATH WHAT I THOUGHT WAS A N-S RUNNING LINE (BUT ACTUALLY STOPS AT ALREADY GONE. THE BURNED SECTION IS 10CM WIDE AND RUNS FROM 60-70CM BGS IN UNIT HALF.

2/22/96

096-97-41

WE ALSO PULLED OUT ANOTHER OBSIDIAN FLAKE AT 65cm BGS. SINCE WE HAVE DEFINED ALREADY GONE AND ESTABLISHED THAT THE N-S RUNNING LINE DOES NOT EXTEND BEYOND ALREADY GONE (TO THE NORTH) WE WILL TERMINATE LOT 69 AT 70cm BGS AND OPEN UP A NEW UNIT IM EAST OF UNIT ORANGE TO TRACE OUT SAD CAPE. IT WILL BE UNIT SKY THE FIRST 0-10cm OF WHICH WILL BE LOT 70. LOT 70 YIELDED 3 SHERDS AND NO SIGN OF SAD CAPE. WE WILL CONTINUE THE SEARCH WITH LOT 71 10-30cm BGS IN UNIT SKY.

2/23/96

WE ARE STARTING THIS BEAUTIFUL DAY WITH LOT 72 ~~20-40cm~~ 30-50cm BGS TO EXPLORE THE FRONT OF SAD CAPE IN HOPES OF THE CORNER BEING IN THIS UNIT. LOT 72 HAS ALREADY YIELDED AN OBSIDIAN FLAKE AS WELL AS MANY SHERDS - WHICH COULD BE DUE TO THE FACT THAT WE ARE COMING UP ON A CORNER? IT LOOKS POSSIBLE THAT SAD CAPE MIGHT TURN TO THE N. AND AS IT IS DIFFICULT TO DETERMINE WHERE THE CORNER IS WE ARE MOVING ONE MORE METER TO THE EAST, UNIT CLOUD 4-5m E. OF UNIT BLUE. LOT 73 0-20cm BGS.

2/23/96

p96-97-42

I SCORED 2 MORE WORKERS FROM JAIME AND AM HAVING THEM MOVE THE BACKFILL SO WE CAN FOLLOW TEQUILA SUNRISE TO THE WEST.

THE SOIL IN LOT 73 IS RATHER CLUMPY AND, THUS FAR WE ARE ARTIFACTLESS.

I AM BEGINNING A SECOND UNIT MOVING WEST 0-1 m FROM DATUM FOLLOWING TEQUILA SUNRISE. IT WILL BE CALLED UNIT ANT 0-200cm BGS IS LOT 74. THIS NEW UNIT IS ORIENTED 20° WEST OF NORTH. THE SOIL IN LOT 74, IS UNIT ANT, IS CLUMPY MEDIUM-BROWN AND ARTIFACTS ARE APPEARING EVEN AT 10cm BGS.

LOT 73 UNIT CLOUD IS PROVING VERY CONFUSING.

3 LARGE STONES, PRACTICALLY AT SURFACE LEVEL FORM AN ANGLED LINE BUT ARE ASSOCIATED W/ NOTHING ELSE. EVEN AT 200cm BGS IT IS DIFFICULT TO DISCERN WHETHER SAD CAPE CONTINUES INTO THIS UNIT OR NOT. DUE TO MASS CONFUSION WE ARE STOPPING EXCAVATION IN UNIT CLOUD AT 200cm BGS (BOTTOM OF LOT 73) AND MOVING ^{BACK} INTO ~~THE~~ UNIT SKY LOT 75 50-70cm BGS. IN LOT 75 UNIT SKY AT 50cm BGS IT LOOKS LIKE ANOTHER SMALL LINE IS EXTENDING FROM THE ~~END~~ NORTHERN FACE OF SAD CAPE, BUT IT COULD BE TUMBLE TOO. I AM HAVING ANDRES CLEAR DOWN AROUND IT.

2/23/96

P96-97-43

OVER IN UNIT ANT LOT 74 MY 2 NEW GUYS ARE
DIGGING THE SLOWEST 20CM KNOWN TO MAN.

IN UNIT SKY LOT 75 AT 60cm BGS THERE ARE A LOT
OF SM. TUMBLED STONES.

I AM MOVING BACK INTO UNIT CLOUD LOT 76
20-30cm BGS. IN UNIT ANT LOT 77 WILL BE
20-40cm BGS. IT LOOKS LIKE THE TOP OF A
HOPEFULLY BETTER PRESERVED TEQUILA SUNRISE IS
APPEARING AT 30cm BGS IN UNIT ANT (LOT 77).
~~ON THE OTHER HAND~~ WE ARE ALSO PULLING A FAIRLY
LARGE # OF SHERDS OUT OF LOT 77 UNIT ANT.

ON THE OTHER HAND, LOT 76 UNIT CLOUD REMAINS
A BIT OF AN ENIGMA. WE TOOK OUT THE "LINE"
THAT WAS ON THE SURFACE AND ARE LOOKING
FOR POSSIBLE EXTENSIONS OF SAD CAVE. LOT 78
UNIT ~~SKY~~ CLOUD WILL BE 30-60cm BGS IN THE
WESTERN 1/4 OF THE UNIT EXPLORING A POSSIBLE N-S
RUNNING LINE. OVER IN UNIT CLOUD TEQUILA SUNRISE

2/23/94

p96-97-44

IS HOLDING STEADY AT 30cm BGS. WE ARE CONTINUING TO PULL A GOOD # OF SHEPDS OUT OF LOT 77, UNIT ANT, ED BELIEVES THAT THE LOWER LINE, PROTRUDING FROM SAD CAPE IN UNITS SKY AND CLOUD IS AN EARLIER CONSTRUCTION. THE N-S RUNNING LINE WAS FALSE SO WE ARE PUSHING LOT 78 EASTWARD TO ENCOMPASS ALL OF UNIT CLOUD AND FOLLOW BOTH E-W RUNNING FEATURES. LOT 79 WILL BE 40-60cm BGS IN UNIT ANT IN FRONT OF TEQUILA SUNRISE. ~~IT LOOKS~~

IT LOOKS AS THOUGH LOT 78 HAS COME UP TO THE TERMINATION OF THE LOWER E-W RUNNING LINE (BELOW SAD CAPE) WHICH I WILL CALL WASTED TIME. WE ARE CONTINUING TO PICK AROUND IT TO TRY AND FIND THE CORNER OF SAD CAPE. OVER IN UNIT ANT PONCHO IS EXCAVATING IN FRONT OF TEQUILA SUNRISE W/ PAINSTAKING CARE. THE FEATURE EXTENDS NICELY TO THE WEST. LOT 80 WILL BE 60-80cm BGS IN UNIT ANT TO CLEAN OUT THE TERMINAL OCCUPATION LEVEL IN FRONT OF TEQUILA SUNRISE. ON THE "FLOOR" SURFACE IN UNIT ANT THERE IS A LAYER OF BAJAREQUE AT 70cm BGS. THE WORKERS THINK IT REPRESENTS AN OVEN, I THINK MAYBE A FLOOR, ED SAYS THE ANCIENT GROUND SURFACE.

2/23/96

P96-97-45

OVER IN UNIT CLOUD WASTED TIME LOOKS LIKE IT MIGHT ACTUALLY CONTINUE OUT TO THE EAST, BEYOND THE CORNER OF SAD CAFE

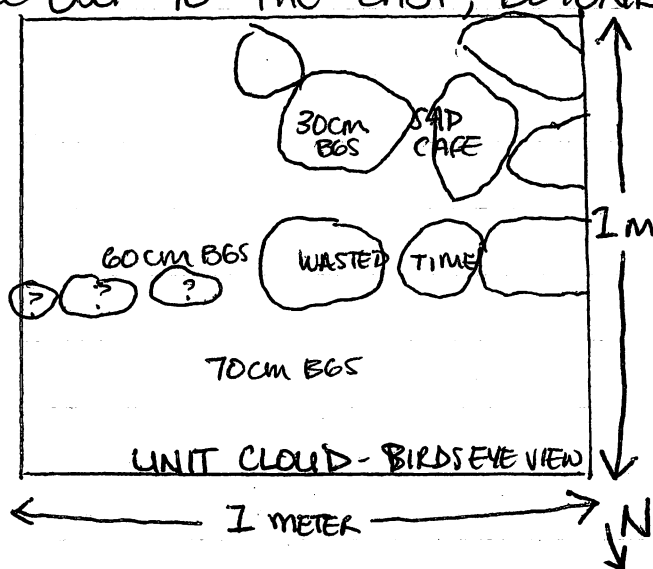

2/26/96

IT IS DIFFICULT TO TELL IF TEQUILA SUNRISE CONTINUES WESTWARD PAST UNIT ANT OR IF IT TURNS BACK TO THE

SOUTH. IN ORDER TO BE SURE I WANT TO MOVE ONE ^{HALF} ~~MORE~~ METER TO THE WEST TO ESTABLISH WHETHER IT IS A CORNER OR NOT. OVER IN UNIT CLOUD I AM HAVE THE TUMBLE CLEARED OUT AND CLEANED UP BEFORE WE MOVE ON. THIS WILL BE LOT 81. THE HALF METER WILL BE UNIT SPIDER 2-2 1/2 m WEST OF DATUM 0-40cm = LOT 82

I AM OPENING UP A NEW UNIT, 0-1 m SOUTH OF UNITS SKY AND CLOUD FOLLOWING OUT THE (HOPEFULLY) SOUTHERN EXTENSION OF SAD CAFE. THIS WILL BE UNIT RAIN. 0-~~40~~³⁰ cm BGS IS LOT 83.

LOT 81, UNIT CLOUD WAS AN EMPTY LOT. ~~THE~~ UNIT SPIDER, AT 20cm BGS IN LOT 82 HAS REVEALED WHAT MIGHT BE A WESTWARD EXTENSION OF TEQUILA SUNRISE, IT ALSO YIELDED A MANO FRAGMENT AT 15cm BGS.

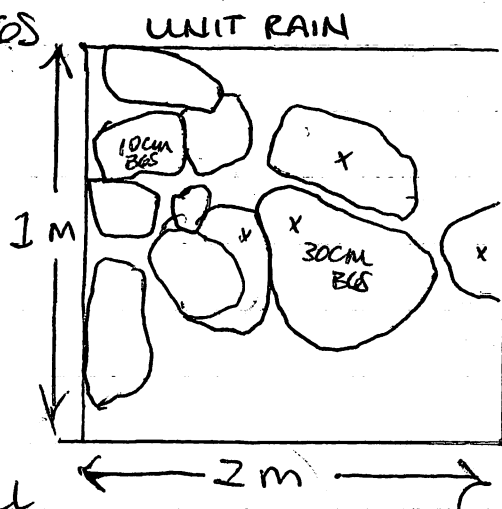

2/26/96

P96-9746

OVER IN UNIT RAIN IT LOOKS LIKE WE MIGHT HAVE FOUND HEARTACHE TONIGHT (SOUTHER EXTENSION OF SAD CAPE), BUT ITS NOT DEFINATE YET - WE ARE CONTINUING DOWN TO 20CM BGS TO SEE IF THE LINE IMPROVES. WE HAVE ALREADY PULLED SEVERAL SHERDS OUT OF THIS LOT (#83). LOT 82, UNIT SPIDER IS ALSO YELDING A GOOD # OF SHERDS (MAYBE 20).

LOT 84 UNIT RAIN WILL BE 20-40CM BGS LOOKING FOR HEARTACHE TONIGHT. THIS UNIT CONTINUES TO BE PERPLEXING. NOW TO LRG. FLAT STONES LINING UP E-W HAVE APPEARED AT 30CM BGS. ~~SOME~~ ED THINKS THAT THESE ↑ IN STONES REPRESENT THE EDGE OF HEARTACHE TONIGHT SO WE ARE OPENING UP A HALF METER UNIT 0-1/2 M EAST OF UNIT RAIN TO TRY AND COME DOWN OUTSIDE OF THE WALL. THIS WILL BE UNIT SUN, LOT 85 0-30CM BGS.

IN UNIT SPIDER LOT 80 WILL BE 40-80CM BGS. AGAIN, WE ARE PULLING A FAIR # OF SHERDS OUT OF THIS LOT (#80) IN UNIT SPIDER. WHILE UNIT SUN IS YELDING FEW ARTIFACTS. TEQUILA SUNRISE APPEARS TO BE HOLDING STRONG IN UNIT SPIDER AND THE # OF SHERDS IS STEADILY INCREASING. IN UNIT SUN I AM

2/26/96

P96-97-47

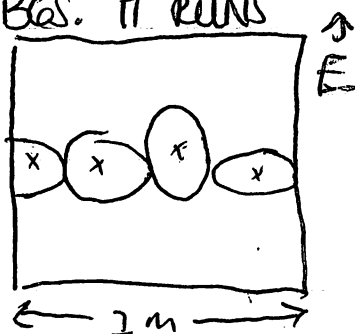

STARTING LOT 87 30-40cm BGS. I HAVE TEMPORARILY
AQUIRED 2 MORE WORKERS WHO I AM HAVING
FOLLOW LYIN EYES OUT TO THE EAST. THIS WILL
BE UNIT CHICKEN 0-1 m EAST OF ~~UNIT~~ EYE & UNIT
NOSE. 0-30cm BGS IS LOT 88.

IN UNIT SUN (ALONG HEARTACHE TONIGHT) THERE IS
VERY DENSE TUMBLE TO THE EAST OF THE WALL
WHERE WE ARE EXCAVATING AND WE HAVE PULLED
OUT SEVERAL SMALL SHERDS WHICH ALL LOOK TO BE
OF THE SAME TYPE & VARIETY. (LOT 87) NO BAJAREQUE.
IN UNIT SPIDER, AT 80cm BGS THE BAJAREQUE/BURNT
EARTH PATCHES WE ENCOUNTERED IN UNIT ANT
ALSO SHOW UP HERE AT THE BASE OF TEQUILA
SUNRISE. ITS POSSIBLE THAT WE HAVE FOUND THE
CORNER OF THE WALL SO WE ARE OPENING UP ANOTHER
1/2 m. UNIT, UNIT FLY 2 1/2 - 3 m W. OF DATUM LOT 89
0-20 cm BGS, TO SEE IF THIS IS TRUE.

IN UNIT SUN, LOT 90 WILL BE 40-60cm BGS IN FRONT
OF HEARTACHE TONIGHT.

IN UNIT CHICKEN A LINE OF GOOD SIZED COBBLES
HAS APPEARED IN LOT 88 AT ABOUT 5-10cm BGS. IT RUNS
EAST WEST & MAY BE ASSOC. W/ LYIN EYES.

AS NO, ITS NOT B/C A SECOND LINE, LYIN
EYES AS NOW APPEARED JUST SOUTH
OF IT - UNLESS THEY ARE BOTH PART OF
THE SAME WALL.

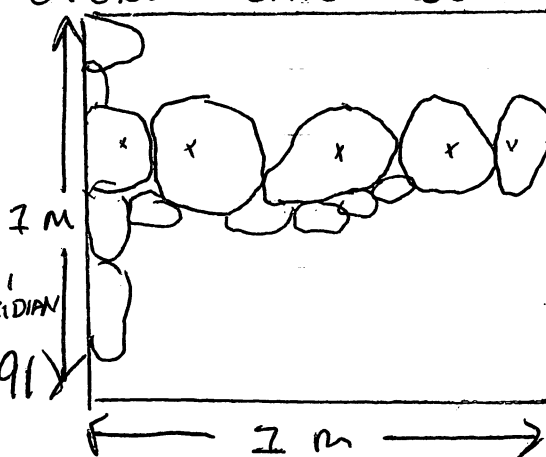

2/26/96

P96-97-48

ALTHOUGH THE NORTHERN LINE IS ABOUT 5cm HIGHER THAN ITS SOUTHERN COUNTERPART. OK, A LITTLE POKING AROUND (DONE OH SO STEADILY BY ME AT LUNCH) INDICATES THAT WE HAVE BUT ONE LINE IN UNIT CHICKEN WHICH LOOKS TO BE PART OF LYIN EYES.

IN UNIT SUN WE FINISHED HED A LOW # OF SHERDS AND 1 OBSIDIAN BEGINNING LOT 91 60-70cm BGS.

LOT 90 WHICH TO MODERATE AND ARE WHICH WILL BE

IN UNIT FLY WE ARE BEGINNING TO DEFINE WHAT APPEARS TO BE THE CORNER OF TEQUILA SUNRISE.

WE ARE BEGINNING LOT 92, 20-80cm BGS IN UNIT FLY (2 1/2 - 3m E. OF DATUM) IN FRONT OF TEQUILA SUNRISE. FOUND A CHIPPED STONE IN LOT 92.

IN UNIT FLY WE ARE PULLING OUT SOME NICE SHERDS, PAINTED & INCISED.

IN UNIT CHICKEN, LOT 93 WILL BE 30-70cm BGS IN FRONT OF LYIN EYES. ED THINKS THAT THE TOP LINE IS SEPARATE FROM LYIN EYES SO I AM CHRISTENING IT TAKE IT TO THE LIMIT. WE ARE FINDING LRG. SHERDS & LRG CHUNKS OF BAJAREQUE IN FRONT OF LYIN EYES, LOT 93

2/26/96

P96-97-49

AT THE BASE/CORNER OF TEQUILA SUNRISE (RUNNING THROUGH LOTS FLY, SPIDER & ANT (0-3m W. of Datum) AT A CONSTANT 80cm BGS THERE ARE PATCHES OF BURNT EARTH BECOMING THE MOST INTENSE IN UNIT FLY. ED ALSO MENTIONED THAT ANN'S STRUCTURE (A FEW METERS TO THE WEST) EXHIBITED SIMILAR BURNED AREAS AT ITS EASTERN PERIPHERY.

2/27/96

THIS MORNING I AM BEGINNING A NEW UNIT 0-1 m SOUTH OF UNITS FLY AND SPIDER (2-3m WEST OF DATUM) IN ORDER TO FIND THE CORNER OF TEQUILA SUNRISE AS IT EXTENDS TO THE SOUTH. THIS WILL BE UNIT ~~CATERPILLAR~~ MOTH, LOT 94, 0-20cm BS. I AM ALSO BEGINNING A NEW ~~UNIT~~ UNIT ~~SUN~~ 0-1 m EAST OF UNIT CLOUD TO FOLLOW OUT WASTED TIME TO THE EAST. THIS WILL BE UNIT STORM LOT 95 0-40cm BGS.

IN UNIT CHICKEN WE ARE CONTINUING EXCAVATION IN FRONT OF LYIN EYES & TAKE IT TO THE LIMIT LOT 96 WILL BE 70-80cm BGS. THE NORTH FACE OF LYIN'EYES DOES NOT SEEM TO BE HOLDING UP QUITE AS WELL IN THE EASTERN PORTION OF UNIT CHICKEN, I HOPE IT WASN'T DISTURBED.

IN UNIT MOTH IT LOOKS LIKE WE ARE BEGINNING TO SEE THE TOP OF PRETTY MAIDS ALL IN A ROW

2/27/96

P96-97-50

THE SOUTHERN (N-S RUNNING) EXTENSION OF TEQUILA
SUNRISE AT ABOUT 10CM BGS. THE CORNER IS
~~BE~~ BEGINNING TO DEFINE ITSELF AT APPROX. 200CM BGS.
THE # OF SHERDS FROM LOT 94 HAS BEEN LOW IN
COMPARISON TO OTHER LOTS IN THIS VICINITY, PERHAPS
~~DE~~ DUE TO ITS SHALLOW DEPTH.

IN UNIT CHICKEN I AM HAVING THE WORKERS CLEAN
OFF THE NORTH FACE OF LYIN' EYES BEFORE WE
CONTINUE FOLLOWING IT OUT TO THE EAST.

UNIT STORM IS COMING ALONG SLOWLY WITH, THUS
FAR (C. 20CM BGS IN LOT 95) VERY FEW ARTIFACTS.

• ORIENTATIONS.

UNIT MOTH: 50° E OF N - RUNNING PARALLEL TO THE TRENCH

UNIT STORM: 50° E OF S - BISECTING THE TRENCH

UNIT CHICKEN: 50° E OF - BISECTING (DIRECTLY OFF OF) THE TRENCH

IN UNIT CHICKEN, ON CLOSER INSPECTION IT DOES LOOK
AS THOUGH SOME OF THE STONES HAVE BEEN PUSHED
OUT SOMEWHAT ~~IN~~ IN THE EASTERN SECTION OF THE UNIT -
HOPEFULLY ~~THE~~ LYIN' EYES WILL BE BETTER PRESERVED
AS WE CONTINUE OUT TO THE EAST. LOT 96, FOR A
TERMINAL OCCUPATION LEVEL, YIELDED FEW ARTIFACTS
IN UNIT MOTH 20-60cm
BGS WILL BE LOT 97.
AROUND THE CORNER OF
PRETTY MAIDS ALL IN A
ROW

2/27/96

P96-97-51

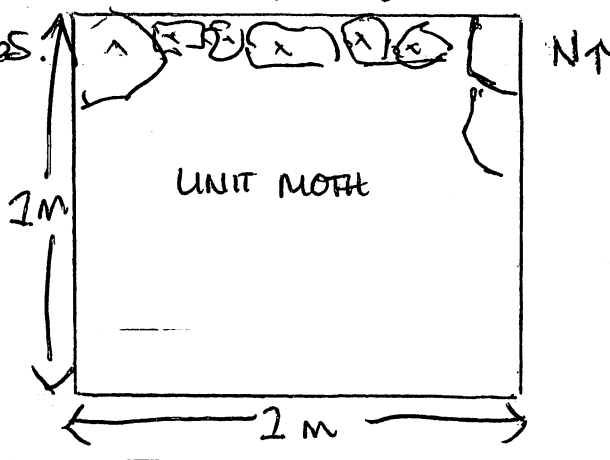

I AM BEGINNING A NEW UNIT 1-2 M EAST OF UNITS EYE AND NOSE, THIS WILL BE UNIT DUCK, LOT 98 WILL BE 0-20cm BGS IN SEARCH OF THE EAST-WEST RUNNING LINE LYIN' EYES.

UNIT STORM, LOT 95 CONTINUES TO CONSIST OF ARTIFACTLESS MEDIUM-BROWN SOIL WITH RELATIVELY LOW TUMBLE CONTENT. WE ARE BEGINNING LOT 99 IN UNIT STORM 40-60cm BGS.

IN UNIT MOTH THE PICTURE IS BECOMING LESS CLEAR. THE CORNER OF TEQUILA SUNRISE DOES SHOW UP AT THE WESTERN EDGE OF UNIT MOTH BUT IT ALSO LOOKS LIKE THE LINE MIGHT CONTINUE OUT TO THE WEST AT 35cm BGS.

WE ARE BEGINNING TO PULL LARGE # OF SHERDS OUT OF UNIT MOTH LOT 97

IN UNIT STORM WE HAVE FINISHED LOT 99

WHICH ENDED UP YELDING A GOOD # OF SHERDS. WHAT LOOKS LIKE A CONTINUATION OF WASTED TIME IS BECOMING VISIBLE. WE NOW NEED A NEW SUBOP # WHICH WILL BE 12BU. THE NEXT LOT IN UNIT STORM WILL BE 12BU LOT 01 60-80cm BGS.

IN UNIT MOTH LOT 97 SAD CASE IS BEGINNING TO

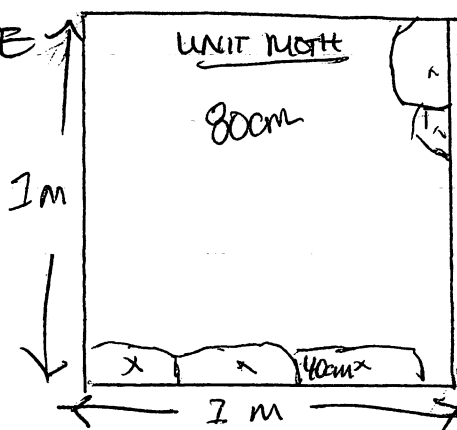

2/27/96

P96-97-52

PEEK OUT OF THE SOUTH FACE OF UNIT MOTH AT
APPROX 40 CMBS

IN UNIT DUCK IT LOOKS AS THOUGH TAKE IT TO THE
UNIT ENDS, POSSIBLY TURNING TO THE NORTH, THERE
IS A GOOD DEAL OF TUMBLE WHICH WE WILL NEED
TO GET THROUGH BEFORE WE CAN EXPOSE LYIN
EYES. VERY FEW SHERDS IN LOT 9B.

IN UNIT MOTH WE ARE CLEARING OUT THE LAST OF
THE TUMBLE ALONG WHAT WE HOPE IS N-S RUNNING
PRETTY MAIDS ALL IN A ROW & WHAT WE THINK
IS SAD CAFE

THIS WILL BE 128U
LOT 02 (60-80 CMBS)
OUT OF WHICH WE ARE
PULLING A LOT OF
SHERDS.

IN UNIT STORM, LOT 01 (128U) WE ARE PULLING OUT
SOME GOOD SIZED CHUNKS OF BAJAREQUE. WASTED
TIME LOOKS AS THOUGH IT EITHER TERMINATES
OR TURNS ^{TO} THE SOUTH IN THIS UNIT & LOT. WE ARE
ALSO PULLING TONS OF BAJAREQUE NODULES OUT OF
UNIT MOTH LOT 02 (128U) AS 2 OBSIDIAN FLAKES
AND MORE & MORE SHERDS

2/27/96

P96-97-53

IN UNIT DUCK WE HAVE FINALLY FINISHED LOT 98 (0-200cm BGS) WHICH YIELDED A GRAND TOTAL OF 3 SHERDS. LOT 03 (128u) WILL BE 20-30cm BGS ON TOP OF WIN EYES.

TO MY GREAT DISBELIEF (BUT WHAT TO MY WONDERING EYES SHOULD APPEAR!) WASTED TIME CONTINUES ON ITS MERRY WAY EASTWARD ALL THE WAY THROUGH UNIT STORM & , AS FAR AS I CAN TELL, BEYOND. HOWEVER, IN THE INTEREST OF TIME I AM OPTING TO BEGIN FOLLOWING HEARTACHE TONIGHT OUT TO THE SOUTH. UNIT HAIL 0-1 m SOUTH OF UNIT RAIN IS ORIENTED 50° E OF N (PARALLEL TO THE AXIAL TRENCH) LOT 04 WILL BE 0-10cm BGS.

UNIT DUCK LOT 03 YIELDED 3 SHERDS AND NO SIGN YET OF WIN EYES, LOT 05 30-50cm BGS WILL HOPEFULLY BE MORE FRUITFUL.

UNIT MOTH LOT 02 CONTINUES TO SPEW FORTH ARTIFACTS & BAJAREQUE - THE BAJAREQUE / BURNT EARTH AREA IS QUITE EXTENSIVE IN THIS AREA.

WE ARE NOW MOVING 0-1/2 m EAST OF UNIT MOTH TO TRY & DEFINE THE CORNER OF TEQUILA SUNRISE AND PRETTY MAIDS ALL IN A ROW (IF IT EXISTS) AND HOW IT RELATES TO SAD CAFE. THIS WILL BE UNIT WORM LOT 06 0-20cm BGS.

IN UNIT HAIL, LOT 04 YIELDED VERY FEW ARTIFACTS

2/27/96

P96-97-54

BUT WE DID COME DOWN ON THE TOP OF HEARTACHE TONIGHT AT C. 5cm BGS. LOT 07 @ 10-20cm BELOW GROUND SURFACE WILL EXPOSE THE REST OF THE TOP OF THE FEATURE.

UNIT DUCK IS CONTINUING TO PRODUCE FEW ARTIFACTS AND LOTS OF TUMBLE

IN UNIT WORM WE ARE STILL LOOKING FOR THE CORNER OF TEQUILA SUNRISE - SO FAR ONLY 1 BAJAREQUE AND 1 SHERD.

2/28/96

THIS MORNING I AM CONTINUING EXCAVATION IN UNIT HAIL, LOT 08 WILL BE 20-30cm BGS TO CLEAN OFF THE TOP OF HEARTACHE TONIGHT.

SINCE PONCHO & RUS NEVER SHOWED UP THIS MORNING I'M BACK DOWN TO TWO WORKERS - SOMEONE WILL SUFFER FOR THIS INJUSTICE...

IN UNIT WORM WE ARE CONTINUING TO COME DOWN ON THE CORNER OF TEQUILA SUNRISE, LOT 09 WILL BE 20-30cm BGS. IT LOOKS AS THOUGH PRETTY MAIDS ALL IN A ROW IS THERE, BUT STILL OBSCURED BY TUMBLE.

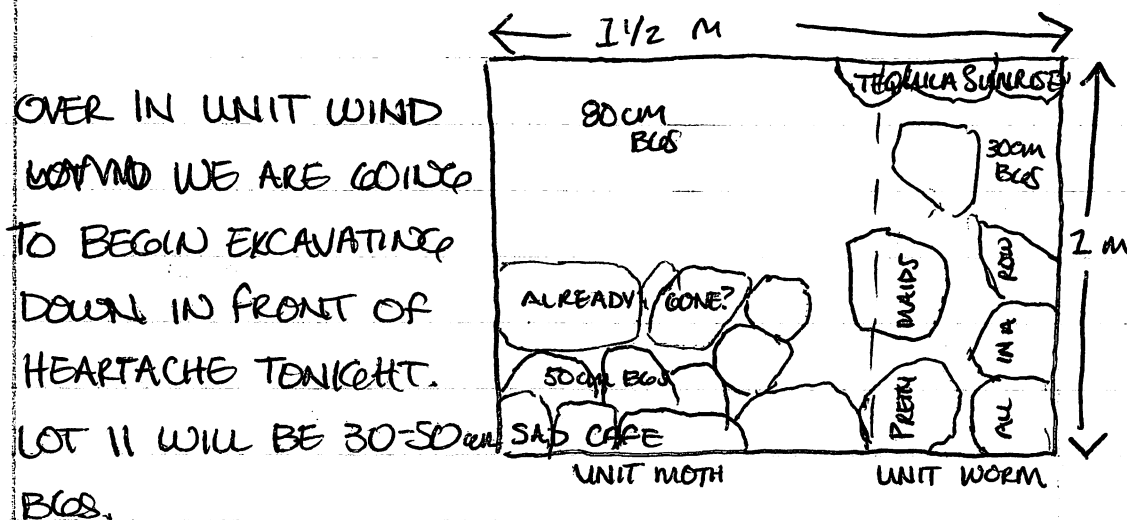

WE ARE OPENING ANOTHER 1/2 m UNIT 0-1/2 m EAST OF UNIT HAIL TO ALLOW VICENTE AND ANDRES MORE MANEUVERING ROOM IN FRONT OF HEARTACHE TONIGHT. IT WILL BE UNIT WIND, LOT @ 10 0-30cm BGS

2/28/94

P96-97-55

LOT 08 IN UNIT ^{HALL}WORM CONSISTED OF A LOT OF TUMBLE (MOSTLY VERY SMALL STONES) ABOUT 3 SHERDS AND A MANO FRAGMENT.

LOT 10, UNIT WIND ALSO CONTAINED VERY FEW ARTIFACTS. IN UNIT WORM IT IS VERY DIFFICULT TO DETERMINE THE COURSE OF OUR VARIOUS LINES. SAD CAPE CAN BE CLEARLY SEEN IN THE SOUTH FACE AND POSSIBLY ALREADY BONE BENEATH AND IN FRONT OF IT, WHAT IS CONFUSING IS TEQUILA SUNRISE & PRETTY MAIDS ALL IN A ROW. BUT I THINK THE REMOVAL OF JUST A FEW MORE TUMBLED STONES WILL HELP CLEAR UP THE PICTURE.

IN UNIT WORM IT LOOKS LIKE WE ARE FINALLY BEGINNING TO GET AN IDEA OF HOW & WHERE PRETTY MAIDS ALL IN A ROW FITS IN WITH TEQUILA SUNRISE AND SAD CAPE. IT LOOKS LIKE IT MAY CONNECT THEM. I AM TAKING OUT THE REMAINING 1/2m UNIT THAT SEPARATES UNIT WORM FROM THE AXIAL TRENCH

2/28/96

P96-97-56

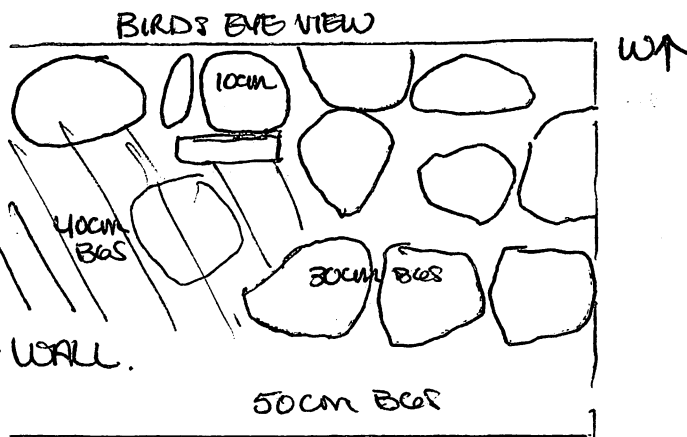

IT WILL BE UNIT BEETLE LOT 12 0-30cm BGS ~~CONV~~
 OR OVER IN UNIT WIND WE HAVE FOUND A FEW SMALL
 CARBON NODULES ALONG HEARTACHE TONIGHT. IT ALSO
 LOOKS AS THOUGH HEARTACH TONIGHT MAKES A SUDDEN
 TURN TO THE WEST B/C THE LINE BASICALLY FALLS

N↑ WE ARE GOING TO
 SLOWLY TAKE OUT THE
 TUMBLE AND TRY AND
 CONFIRM OR DENY THIS
 THEORY. THIS WILL BE
 "INCLUDING OF LOT 11.

THIS HAS REVEALED A
 BETTER PRESERVED SECTION OF HEARTACHE TONIGHT WHICH
 SEEMES TO CONTINUE TO THE SOUTH, BUT I CAN'T
 TELL YET WETHER IT WAS ONCE ALL THE SAME SIZE
 OR IF THE WALL ACTUALLY JUMPS BACK ABOUT 20-30cm.

TO EXPLORE THE
 VALIDITY OF THIS
 WE ARE MOVING
 OUT 1m MORE TO
 THE SOUTH TO TRY
 AND TRACE OUT THE WALL.

THIS WILL BE UNIT

MIST ~~ON~~ 2-3m SOUTH

HEARTACHE TONIGHT

OF UNITS SKY & CLOUD, LOT 13 0-20cm BGS.

2/28/96

P96-97-57

UNIT MUST LOT 13 YIELDED VERY FEW ARTIFACTS, BUT ONE SHERD LOOKED LIKE IT MIGHT BE A FIGURINE FRAGMENT. LOT 14 20-30 CM BGS SHOULD BRING US DOWN ON TOP [?] IN FRONT OF HEARTACHE TONIGHT.

IN UNIT BEERE LOT 12 WE CAME DOWN ON TOP OF PRETTY MAIDS ALL IN A ROW WHICH FORMS A PLATFORM BACK FROM TEQUILA SUNRISE TO SAD CAFE. SHERDS HAVE BEEN NIL TODAY.

2/29/96

THIS MORNING, IN UNIT MUST WE ARE CONTINUING EXCAVATION IN FRONT OF HEARTACHE TONIGHT, FOLLOWING THE FEATURE OUT TO THE SOUTH. LOT 15 WILL BE 30-50 CM BGS IN FRONT OF H.T. (UNIT LADYBUG)

I AM CREATING A NEW UNIT 1-2 m WEST OF UNIT WORM 0-1 m S OF UNIT ANT 0-1 m WEST OF DATUM TO ATTEMPT TO FOLLOW OUT SAD CAFE TO THE WEST. THE CORNER MUST BE CLOSE B/C OTHERWISE OTHERWISE WE ARE GOING TO BURST RIGHT INTO AMY'S STRUCTURE. LOT 16 WILL BE 0-30 cm BGS IN UNIT LADYBUG. FROM WHICH WE PULLED A METATE FRAGMENT.

IN UNIT MUST HEARTACHE TONIGHT IS ~~LOOKING~~ AGAIN POORLY PRESERVED, ~~AND NOT IN A MAINTAINED~~ AND ALL WE ARE PULLING OUT IS BASAREQUE CHUNKS. WE HAVE CLEANED OUT AROUND H.T. AND IT LOOKS PRETTY GOOD. NOW WE WILL CONTINUE TO FOLLOW IT OUT TO THE SOUTH.

2/29/94

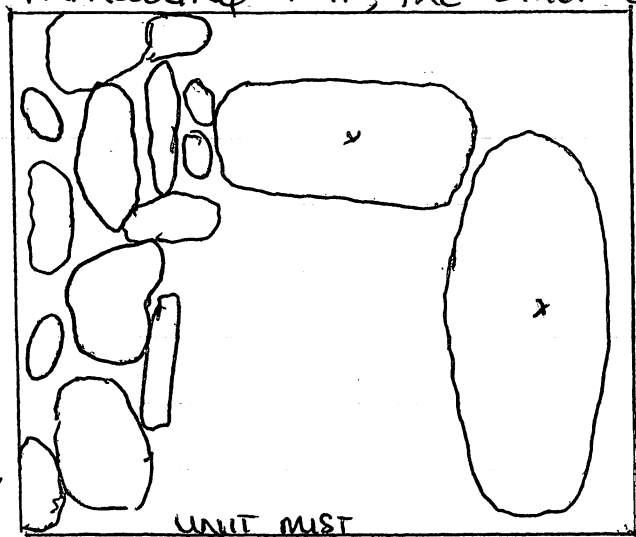

P96-97-58

INTERESTINGLY, TWO LONG FLAT COBBLES HAVE EMERGED
C. 500M BGS, ONE PARALLELING H.T., THE OTHER CONNECTING
THEM. THEIR

ORIENTATION
SUGGESTS A
NARROW PASSAGE 1M
OR DOORWAY?

WE ARE BEGINNING
A NEW UNIT
3-4M SOUTH OF

UNITS SKY & CLOUD

IN ORDER TO FOLLOW HEARTACHE TONIGHT TO THE SOUTH.
THIS WILL BE UNIT COLD, LOT 17 0-200M BGS.

IN UNIT LADY BUG WE HAVE FOUND NO TRACE OF
SND CHPE. A ROAD WAS CUT ACROSS THIS UNIT IN
RECENT TIMES & MAY HAVE DISTURBED THE WALL,
OR IT MAY SIMPLY END. LOT 18 WILL BE 30-500M
BGS, NO STRUCTURE, SMALL # OF ARTIFACTS. LOT 19
WILL BE 50-~~600~~CM BGS IN UNIT LADY BUG. THERE IS
A LARGE PATCH OF DARK BROWN BURNT EARTH AND
CARBON IN THIS LOT. LARGE BAJAREQUE/BURNT EARTH
AREAS AT 55 CM BGS & ONE LARGE RIM SHERD 14CM X 8CM.
ANOTHER AREA OF CHARCOL, THIS TIME A LONG PEICE
(LOOKING LIKE A BURNT STICK) WAS FOUND UP AGAINST
A ROCK. MANY SHERDS & BAJAREQUE TOO. PROBABLY
MORE AS WE GO DEEPER.

3/1/96

DPG-97-59

THIS GLORIOUS FIRST DAY OF MARCH WE ARE CONTINUING EXCAVATION IN UNITS LADYBUG AND COLD DOWN TO THE TERMINAL OCCUPATION LEVEL. IN UNIT LADYBUG LOT 20 WILL BE 60-80CM BGS AND IN UNIT COLD LOT 21 WILL BE 50-60CM BGS. IN FRONT OF HEARTACHE TONIGHT.

EXCAVATION IN UNIT LADYBUG HAS ESTABLISHED THE DISCONTINUATION OF SAD CAVE OUT TO THE WEST BUT IT LOOKS LIKE THERE MAY BE A CORNER AT THE EDGE OF UNIT LADYBUG AND UNIT MOTH.

OVER IN UNIT COLD HEARTACHE TONIGHT IS SHAPING UP TO BE A VERY NICE, WELL PRESERVED WALL. THERE ARE MANY MEDIUM TO LARGE SIZED COBBLES LAYING ABOUT AT THE BASE OF HEARTACHE TONIGHT BUT ASIDE FROM THE TWO OBLONG ONES THAT FORM A 90° < THEY SEEM (THUS FAR) TO BE PLACED RANDOMLY.

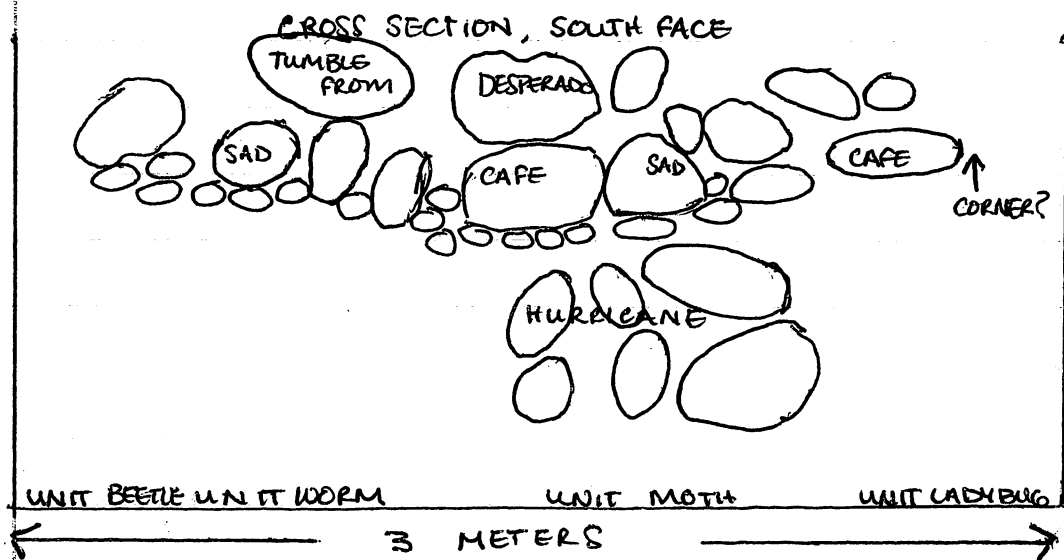

WELL, FURTHER EXCAVATION WILL UNDOUBTEDLY CLEAR THIS UP. SOME DO LOOK LIKE THEY GO BEAST & CONNECT W/THE OTHERS.

IN UNIT LADYBUG WE ARE FINDING MORE RED BURNT SOIL (C. 60CM BGS) AS WELL AS A MODERATE # OF SHERDS AND BAJAREQUE. NEXT DOOR, IN UNIT MOTH, WHAT WE THOUGHT WAS A CONTINUATION OF ALREADY GONE LOOKS LIKE IT MIGHT NOW BE AN OLD DECAYING TERRACE OF SOME SORT. IT WILL BE CALLED HURRICANE. SEE DPG-97- FOR A DETAIL OF THIS AREA.

3/1/96

P96-97-60

IN SEARCHING FOR THE CORNER OF SAD CAPE WE HAVE
THUS ESTABLISHED HURRICANE AS WELL AS TUMBLE
FROM DESPERADO, ABOVE & BACK (SEE CROSS SECTION BELOW)

WE ARE OPENING UP A NEW 1x1 m UNIT 0-1 m SOUTH
OF UNIT LADYBUG, IT WILL BE UNIT ~~WORM~~ MAGGOT
LOT 22 0-20cm BGS IN SEARCH OF THE CORNER OF SAD
CAPE.

ANOTHER NEW UNIT 4-5m SOUTH OF UNITS SKY & CLOUD
WILL BE UNIT HUMID LOT 23 0-20cm BGS ON TOP
OF HEARTACHE TONIGHT = A FEW SHERDS. LOT 24 20-80cm
BGS IN FRONT OF HEARTACHE TONIGHT.

IN UNIT MAGGOT THE CORNER OF SAD CAPE CAN BE CLEARLY
SEEN AT 15cm BGS, ONLY ONE CHUNK OF BAJAREQUE WAS
RECOVERED FROM LOT 22. LOT 25 WILL BE 20-40cm BGS
IN FRONT OF THE SOUTHERN EXTENSION OF SAD CAPE,
JUST LIKE A WOMAN.

3/1/96

P96-97-61

OVER IN UNIT HUMID IT LOOKS LIKE ~~HEARTACHE~~ WE MAY HAVE FOUND THE SOUTHERN CORNER OF HEARTACHE TONIGHT - GONNA POKE AROUND, CHECK IT OUT. ED SAYS ITS POSSIBLE THAT WE HAVE AN INSET STAIRWAY HERE SO WE ARE GOING TO CLEAN AROUND THE 'GOOD' LINES AND EXPLORE THIS FURTHER. SO FAR UNIT MAGGOT LOT 25 HAS YIELDED NO ARTIFACTS.

3/4/96

THIS MISTY MORNING WE ARE CONTINUING EXCAVATION IN UNIT MAGGOT, LOT 26 OF TERMINAL OCCUPATION 60-80cm BGS IN FRONT OF JUST LIKE A WOMAN. WE ARE OPENING UP A NEW UNIT, UNIT FREEZE 5-10m S OF UNITS SKY & CLOUD 3-5m E OF UNIT BLUE, LOT 27 0-20cm BGS ON TOP OF HEARTACHE TONIGHT. I AM SEARCHING FOR THE CORNER OF HEARTACHE TONIGHT WHERE, I HOPE, IT JOINS CYIN' EYES. ALONGSIDE JUST LIKE A WOMAN AT C. 65-70cm BGS WE HAVE FOUND A CONTINUATION OF THE CONCENTRATIONS OF BAJAREQUE & INTENSELY BURNT SOIL. (SEE D96-97-1 FOR BIRDS EYE OF THE BURNT AREA). IN UNIT FREEZE WE ARE PULLING OUT A SURPRISING # OF SHEERDS & SOME BAJAREQUE FROM LOT 27, UNUSUAL FOR A SURFACE LEVEL ON THIS STRUCTURE. AS SOON AS MY GUYS FINISH UP LOT 26 IN UNIT MAGGOT I WANT TO MOVE SOUTH AND TRY AND TRACE PEACEFUL EASY FEELING OUT TO THE WEST. THIS NEW UNIT WILL BE

3/4/96

P96-97-62

UNIT BUS 0-1m WEST OF UNIT TOE $7\frac{1}{2}$ - $6\frac{1}{2}$ m SOUTH OF DATUM. LOT 28 WILL BE 0-20cm BGS IN UNIT BUS.

IN UNIT FREEZE WE MAY BE COMING DOWN ON THE CORNER. LOT 29 WILL BE 20-50cm IN FRONT OF HEARTACHE TONIGHT.

LOT 28, UNIT BUS TURNED OUT TO BE AN EMPTY LOT, CONTAINING NO CULTURAL REMAINS. LOT 30 20-40cm BGS SHOULD BRING US DOWN ON TOP OF PEACEFUL EASY FEELING, ASSUMING ITS THERE.

WE DID NOT FIND A DEFINITIVE CORNER IN UNIT FREEZE, ALTHOUGH WE DID FIND SOME MORE LARGE OBLONG COBBLES JUST BELOW THE LINE WHICH ED THINKS MAY BE CONTEMPORANEOUS WITH JOBY & ISIS. WE ARE MOVING ONE MORE METER TO THE SOUTH TO LOOK FOR THE CORNER. THIS WILL BE UNIT BREEZE 0-20cm BGS LOT 31. THE CORNER OF HEARTACHE TONIGHT IS BEGINNING TO SHOW IN LOT 31 LOT 32, 20-50cm SHOULD DEFINE IT CLEARLY.

IN UNIT BUS, LOT 30 WE HAVE FOUND PEACEFUL EASY FEELING AND ARE NOW CLEANING AROUND IT. ALMOST NO ARTIFACTS HAVE BEEN RECOVERED FROM THIS UNIT. IT IS VERY DIFFICULT TO DEFINE PEACEFUL EASY FEELING, AS IT IS BARELY THERE. I AM MOVING INTO UNIT REDS 0-1 m WEST OF UNIT HAND TO TRY AND

3/4/96

P96-97-63

SEE IF THE OTHER SIDE OF THE WALL IS BETTER PRESERVED.
THIS SHOULD ALSO BRING US DOWN BEHIND NEW KID
IN TOWN. LOT 33 WILL BE 5-10cm BGS IN UNIT RED.

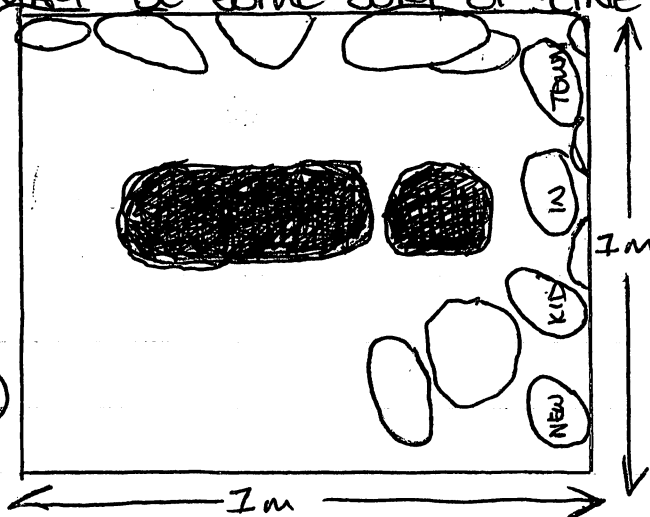

3/5/96

LOT 34 WILL BE 10-30cm BGS IN UNIT RED

WE ARE OPENING UP A NEW UNIT 0-1 m WEST OF
UNIT BREEZE WHICH WILL BE UNIT SNOW ATTEMPTING
TO MORE CLEARLY DEFINE THE CORNER OF ~~S~~ HEARTACHE
TONIGHT AND DETERMINE WHETHER IT CONNECTS WITH
^{LYIN EYES}
~~SAND CAVE~~ OR NOT. LOT 35: 0-20cm BGS IN UNIT
SNOW

THE TUMBLE IN UNIT RED IS EVENING OUT AT C. 20cm
BGS INTO WHAT MAY BE SOME SORT OF LINE OR
POSSIBLE SURFACE.

IN UNIT SNOW
WE PULLED OUT
A SMALL STONE
OF LIMESTONE FROM
LOT 34 (0-20cm BGS)
LOT 36 WILL BE
20-40cm BGS

IN UNIT SNOW. IN UNIT RED LOT 37 WILL BE
30-50cm BGS. RIGHT NOW IT IS VERY DIFFICULT
TO DISCERN WHAT IS A LINE AND WHAT IS JUST
TUMBLE. IT LOOKS AS THOUGH WE MAY HAVE A LINE
EMERGING FROM THE NORTH FACE OF THE UNIT.

3/5/96

P96-9764

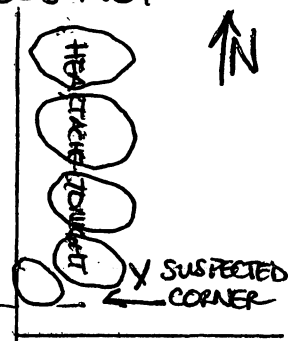

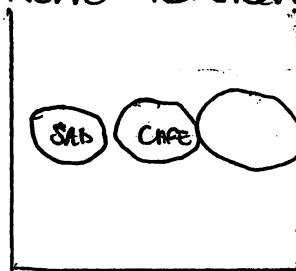

AND A POSSIBLE FEATURE INVOLVING THE LARGE COBBLE IN THE CENTER OF THE UNIT. HOPEFULLY EXCAVATION IN LOT 37 WILL HELP CLARIFY MATTERS. OVER IN UNIT SNOW LOT 34 WE ARE FLOODING ALONG TRYING TO DEFINE THE CORNER. IF IT IS WHERE WE THINK IT IS THAN HEARTACHE TONIGHT DOES NOT CONNECT TO ^{LYIN EYES} SADA WARE

WELL, WE SHALL SEE.

UNIT RED LOT 37 IS

GETTING WILDLY OUT OF

HAND, EVERY TIME I THINK

I'VE FIGURED OUT WHERE IT LINE IS, SOMETHING ELSE GETS UNCOVERED. PATIENCE PATIENCE. THE LINE DOES RUN ~~VERY~~ E-W, PERPENDICULAR TO THE AXIAL TRENCH AND IS DEFINITELY 2, POSSIBLY 3 LINES THICK.

NA IN UNIT SNOW, ED THINKS WE HAVE AN INSET CORNER ON HEARTACHE TONIGHT (ACTUALLY ENCOMPASSING UNIT BREEZE AS WELL AS UNIT SNOW). EXPLORATION OF THIS POSSIBILITY WILL BE LOT 38, 20-50cm INTO HEARTACHE

TONIGHT IN BOTH UNITS.

I AM OPENING UP A NEW UNIT 1-2m WEST OF UNIT HAND TO FOLLOW OUT THE E-W RUNNING LINE, LIKE A ROLLING STONE, OUT OF UNIT RED. LOT 39 WILL BE

3/5/94

P96-97-65

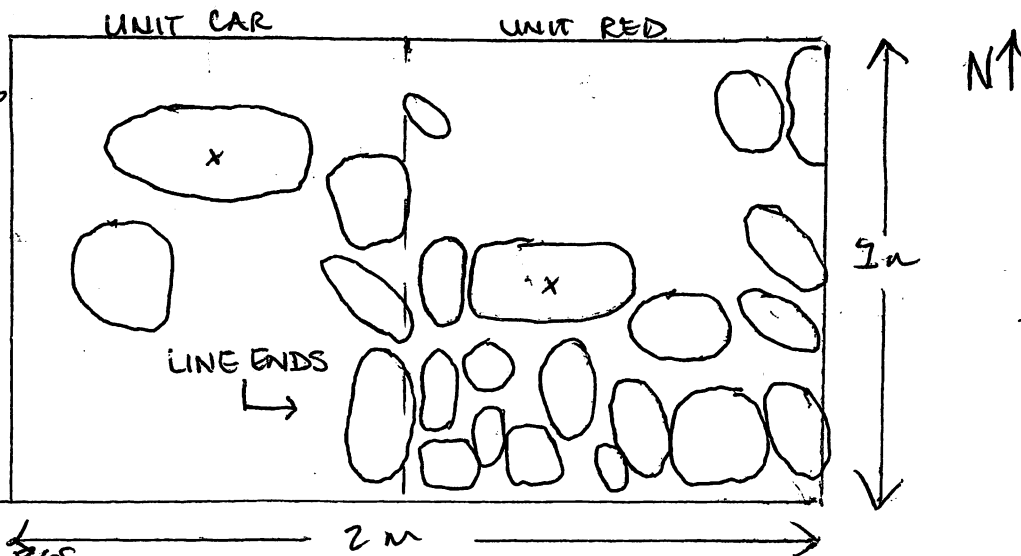

0-10 cm BGS IN THIS UNIT, UNIT CAR. THIS LOT REVEALED THAT LIKE A ROLLING STONE DOES NOT APPEAR TO CONTINUE INTO UNIT CAR. LOT 40 WILL BE 10-30cm BGS TO SEE WHATS GOING ON HERE.

I BEGAN A NEW UNIT (AFTER CLEARING OUT THE INSET CORNER) CONNECTING UNIT SNOW AND UNIT DUCK TO SEE HOW TEQUILA SUNRISE, THE INSET CORNER, AND ~~SAD CAPE~~ ^{LYNEX} RELATE. THIS WILL BE UNIT BRIDGE, LOT 41 0-30cm BGS.

AS USUAL, ARTIFACT NUMBERS HAVE BEEN VERY LOW IN ALL OF TODAY'S LOTS. NEVER MORE THAN 10 SHERDS A LOT.

I'M BEGINNING A NEW UNIT 1-2m WEST OF UNIT TOE, UNIT PLANE. LOT 42 WILL

BE 0-10cm BGS

SAD CAPE CAN NOW BE SEEN CLEARLY CONNECTING TO HEARTACHE TONIGHT. LOT 43 20-30cm BGS SHOULD CLARIFY THIS.

3/6/94

IN UNIT BRIDGE, LOT 44 WILL BE 30-50cm BGS

3/6/96

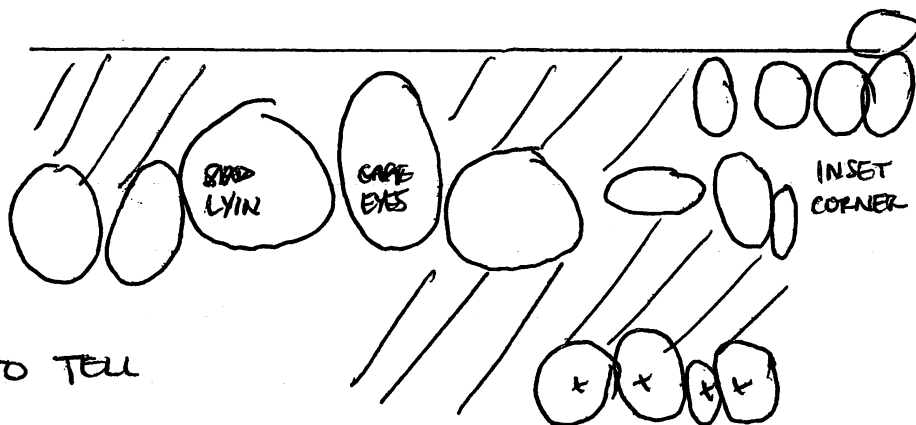

LYIN EYES

P96-97-66

DIGGING IN FRONT OF ~~SAD CAPE~~ AND FOLLOWING IT
BACK TO ITS INSET CORNER WITH HEARTACHE TONIGHT.
IN UNIT PLANE LOT 45 WILL BE 10-20cm BGS
LOOKING FOR A POSSIBLE EXTENSION OF PEACEFUL EASY
FEELING. WE FOUND A METATE FRAGMENT IN THIS
LOT, BUT THE STONES MOSTLY LOOK LIKE A LOT OF TUMBLE.
LOT 44, UNIT BRIDGE IS YIELDING A FAIR NUMBER
OF SHERDS IN FRONT OF SAD CAPE, ESPECIALLY FOR THE
SOUTH SIDE OF THE STRUCTURE WHERE ARTIFACT YIELDS
HAVE BEEN TYPICALLY LOWER.

IN UNIT PLANE, LOT 45 WE AREN'T FINDING MUCH
AND ITS DIFFICULT TO MAKE SENSE OF THE JUMBLED
STONES.

LYIN
EL ALONG ~~SAD~~
EKS
CAPE, IN UNITS
BREEZE, FREEZE
SNOW & BRIDGE

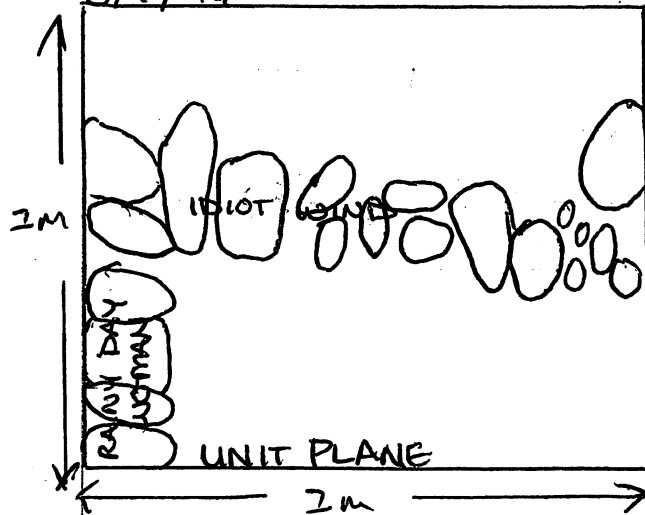

IT IS DIFFICULT TO TELL
WHERE THE LINE

COMES ACROSS. THERE IS A LINE WHERE ~~SAD CAPE~~ ^{LYIN EYES} COMES
IN, BUT THERE IS ANOTHER ONE FURTHER FORWARD TOO.
LOT 46 WILL BE 20-40cm BGS IN UNIT PLANE.
IT LOOKS LIKE A LINE (PEACEFUL EASY FEELING?) MAY
BE RUNNING E-W THROUGH PLANE BUT IT IS VERY
POORLY PRESERVED.

3/6/96

P96-97-67

OK. IN UNIT PLANE THE E-W RUNNING APPEARS TO BE IN LINE WITH, BUT UNRELATED TO PEACEFUL EASY FEELING. IT WILL BE IDIOT WIND. RUNNING OF OF IDIOT WIND TO THE SOUTH IS A

COBBLESTONE LINE, RAINY DAY WOMAN. HOW IDIOT WIND ? LIKE A ROLLING STONE ARE RELATED TO EACH OTHER, OR PEACEFUL EASY FEELING IS, AS OF YET, UNCLEAR. NOW WE ARE GOING TO FOLLOW A POSSIBLE N-S RUNNING LINE BACK FROM LIKE A ROLLING STONE. THIS WILL BE UNIT BIKE $\frac{1}{2}$ - $1\frac{1}{2}$ M WEST OF UNIT NECK. LOT 47 0-20cm BGS.

ANOTHER NEW UNIT, LOOKING FOR THE OTHER SIDE OF HEARTACHE TONIGHT, UNIT PAINT RUNS WESTWARD 0-1 M OFF OF UNITS HUMID AND COLD. LOT 48 WILL BE 0-20cm BGS IN UNIT PAINT. LOT 49 WILL BE 20-30cm BGS.

OVER ALONG ^{LYIN EYES} SAND CURVE, IN UNIT BREEZE WHERE IT JOINS HEARTACHE TONIGHT IN AN INSET CORNER, A FUNNY PLATFORM STICKS OFF TO THE SOUTH (SEE D96-97-14) WHICH WILL BE LAY LADY LAY. IN UNIT PAINT LOT 49 WE HAVE UNCOVERED THE TOP STEP OF THE INSET STAIRCASE ON HEARTACHE TONIGHT WHICH WILL BE TANGLED UP IN BLUE

3/7/96

PRG-97-68

THIS MORNING I BEGAN A NEW UNIT, UNIT STAIR
1 1/2 - 2 1/2 M EAST OF UNIT HAND ~~TO~~ TO CONTINUE
UP THE INSET STAIRCASE OFF OF HEARTACHE TONIGHT
& TANGLED UP IN BLUE LOOKING FOR A DOORWAY
OR ENTRANCE TO THE STRUCTURES MAIN PLATFORM.
LOT 50 WILL BE 0-20CM BGS.

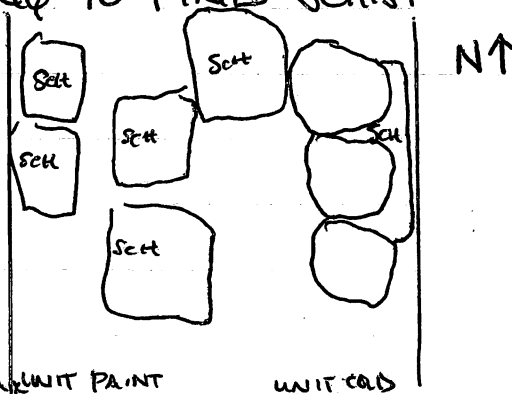

IN UNIT BIKE 1/2 - 1 1/2 M WEST OF UNIT NECK LOT 51
WILL BE 20-~~40~~CM BGS LOOKING FOR A N-S RUNNING
LINE OFF OF LIKE A ROLLING STONE. WE SHOULD
FIND THE LINE IN THE LOT, IF WE DON'T THEN THE
N-S RUNNING LINE IN UNIT RED IS JUST THE END
FACE OF LIKE A ROLLING STONE.

(20cm x 30cm)
IN UNIT STAIR LOT 50 WE FOUND A LARGE CARBON/
BURNT EARTH AREA IN THE NW CORNER OF THE UNIT
AT 20CM BGS. I BAGGED A SMALL SAMPLE.

THERE IS NO N-S RUNNING LINE IN UNIT BIKE,
AS I SUSPECTED. WE WILL CONTINUE LOT 51 LOOKING
FOR ANOTHER FEATURE.

WE ARE NOW CLEANING OUT LOT 52 20-30CM BGS IN
UNIT STAIR AND ARE CONTINUING TO FIND SCHIST
SIMILAR TO THOSE IN THE INSET
STAIR.

IN UNIT BIKE, LOT 51 WE ARE
COMING DOWN ON SEVERAL SLABS
OF SCHIST, I HAVE YET TO

3/7/96

P96-97-69

DETERMINE IF THEY FORM A FEATURE OR NOT. THEY
LOOK, RIGHT NOW, LIKE TUMBLE. A SMALL CUT STONE
FROM UNIT STAIR 25cm BGS MEASURING $17 \times 15 \times 10$
ORIENTATIONS:

UNITS PAINT & STAIR ARE RUNNING 40° W OF N
PERPENDICULAR TO THE AXIAL TRENCH

UNIT BIKE IS ORIENTED 50° E OF N PARALLEL TO THE
AXIAL TRENCH.

THERE DOES NOT APPEAR TO BE ANY FEATURES IN UNIT
STAIR. WE ARE MOVING WEST $1\frac{1}{2}$ M TO JOIN WITH
THE AXIAL TRENCH AT UNIT HAND. 0-20 CM IN
THIS UNIT, UNIT HALL, WILL BE LOT 53.
IN UNIT BIKE WE REMAIN FEATURELESS. ^{LOTS OF TUMBLE} THIS AREA MAY
BE PART OF A ROOM INTERIOR SO WE ARE GOING
TO EXCAVATE IT DOWN TO THE BASE OF LIKE A ROLLING
STONE (LOT 51) AND THEN EXCAVATE THE REMAINING
 $\frac{1}{2}$ M BETWEEN IT AND THE AXIAL TRENCH UP TO NEW
KID IN TOWN

IN UNIT HALL AT 15cm BGS WE FOUND ANOTHER CARBON
POCKET FROM WHICH WE TOOK A SAMPLE.

UNIT TRUCK 0- $\frac{1}{2}$ M WEST OF UNIT NECK - 0-40cm BGS
IS LOT 54.

IN UNIT HALL 20-40cm BGS IS ~~the~~ LOT 55. MANY LARGE
FLAT COBBLES ARE APPEARING IN THIS LOT, BUT NO
LINES YET - IT LOOKS LIKE THERE ARE, TWO OR 3 LINES
N-S RUNNING.

3/12/94

3/8/96

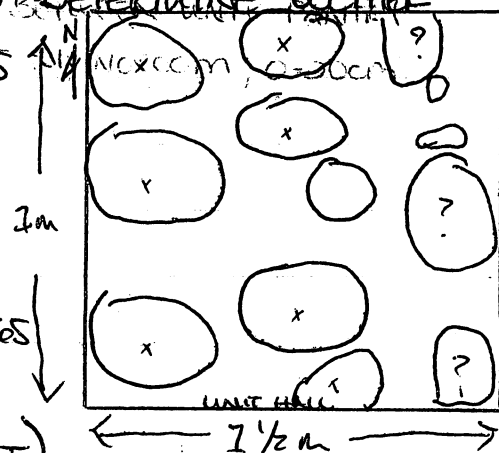

Pg 97-98-99

WENT EAST AGAIN. HAD TO SAY JUST YET. I AM HAVING VICENIE
THIS MORNING & I WANT TO FINALLY FINISH CLEARING
THE TUMBLE OUT OF UNITS BIKE & TRUCK. LOT 56 WILL
BE 40-50cm BGS IN UNITS BIKE & TRUCK ALONG THE
WESTERN FACE OF NEW KID IN TOWN & SOUTH FACE
UNITS BIKE & TRUCK. LOT 72 20-40cm BGS WILL BRING US DOWN
LIKE A ROLLING STONE.

IN UNIT HALL (T) IS DIFFICULT TO DETERMINE WHETHER

AND UNITS STAIRS ARE THE SAME. THERE ARE 3 N'S RUNNING LINES
BGS LOT 73.

SO I AM MOVING 0-1m TO
THE SOUTH, UNIT PATIO TO
SEE WHAT CONTINUES INTO THIS
UNIT. LOT 57 WILL BE 0-20cm BGS
THIS LOT YIELDED SOME SHELD'S BUT
ONLY ONE LINE (THE WESTERN MOST)

SO LOT 58 WILL BE 20-40cm BGS. WE ARE
CLEARING OUT TUMBLE NOW SEARCHING FOR THE
OTHER TWO POSSIBLE LINES. IT LOOKS LIKE THERE IS
ONLY ONE LINE IN UNIT PATIO - THE WESTERN MOST
LINE WHICH I WILL CALL KNOCKIN' ON HEAVEN'S DOOR.
WE ARE OPENING UP A NEW UNIT 0-1 m WEST OF
UNIT HAT TO CONTINUE FOLLOWING NEW KID IN TOWN
TO THE NORTH. IT WILL BE UNIT MOTORCYCLE 0-20cm
BGS IS LOT 59. AFTER FINISHING UNIT PATIO WE
ARE MOVING 0-1/2m SOUTH INTO UNIT SOLARIUM.
0-20cm BGS = LOT 60

3/8/94

P96-97-71

KNOCKIN' ON HEAVEN'S DOOR, RUNNING THROUGH
UNITS HALL & PATIO ALSO RUNS AGAINST THE TIMES THEY
ARE A'CHANGING (SEE D96-97-15).

NEW KID IN TOWN, LIKE A ROLLING STONE AND IDIOT
WIND SEEM TO BE THE BORDER OF 2 SIDES OF
A & SUMMIT ROOM, ONE THAT POSSIBLY EXTENDS
WESTWARD OUT TO JUST LIKE A WOMAN (THE WESTERN
EXTERIOR WALL). THERE SEEMS TO BE EITHER A
LONG, NARROW PASSAGE BISECTING THE SUMMIT
BETWEEN NEW KID IN TOWN & KNOCKIN ON HEAVEN'S
DOOR. ALTHOUGH IT IS ALSO POSSIBLE THAT THE AREA
USED TO BE BUILT-UP, FORMING A THICK WALL
ACROSS THE SUMMIT. HOWEVER, I THINK THE FORMER
EXPLAINING IS MORE LIKELY BECAUSE BOTH NEW
KID AND IN TOWN & KNOCKIN OF HEAVENS DOOR
HAVE THEIR FLAT FACES ON THE EAST SIDE MAKING IT
UNLIKELY THAT THEY ARE TWO PARTS OF THE SAME
FEATURE ALSO, LIFE IN THE FAST LANE LOOKS TO BE
A BADLY DETERIORATED SCHIST & COBBLE FLOOR SURFACE
BETWEEN THE TWO WALLS.

TANGLED UP IN BLUE & THE TIMES THEY ARE A'
CHANGING LOOK TO BE STEPS UP FROM THE A'SET
STAIR IN HEARTACHE TONIGHT TO KNOCKIN' ON HEAVEN
DOOR.

3/11/96

P96-97-72

THIS COLD AND DRIZZLY MORNING I AM CONTINUING EXCAVATION IN UNITS SOLARIUM AND MOTORCYCLE. IN UNIT SOLARIUM WE ARE LOOKING FOR A CONNECTION BETWEEN KNOCKIN' ON HEAVEN'S DOOR, WITCHY WOMAN & TAKE IT TO THE LIMIT. IN UNIT MOTORCYCLE I HOPE TO FIND OUT WHAT BECOMES OF NEW KID IN TOWN WHEN IT ENCOUNTERS HOTEL CALIFORNIA. LOT 61 WILL BE 20-40CM BGS IN UNIT MOTORCYCLE AND LOT 62 WILL BE 20-50CM BGS IN UNIT SOLARIUM. AT ABOUT 20CM BGS IN UNIT MOTORCYCLE WE HAVE ENCOUNTERED AN E-W RUNNING WALL, FAIRLY WELL PRESERVED. I WILL CALL THIS FEATURE MAGGIE'S FARM. WE ARE CONTINUING EXCAVATION ON THE NORTH SIDE OF MAGGIE'S FARM TO COMPLETE LOT 61 (20-40CM BGS) FROM WHICH WE HAVE PULLED A FEW SHEPDS AND A MAND FRAGMENT.

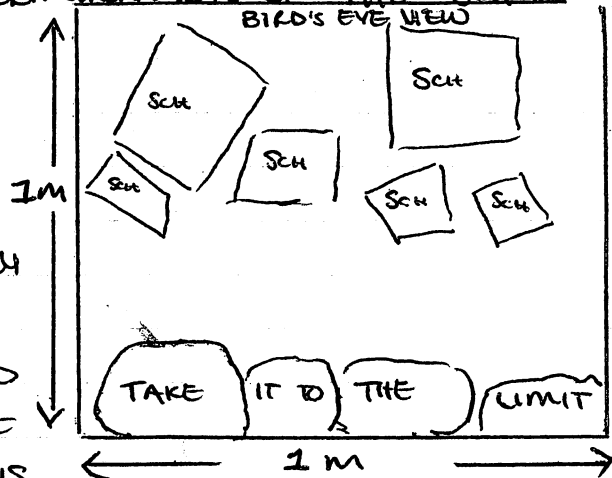

IN UNIT SOLARIUM LOT 62 WE FOUND THE CORNER OF KNOCKIN' ON HEAVEN'S DOOR & TAKE IT TO THE LIMIT. IT REMAINS UNCLEAR WHETHER WITCHY WOMAN IS PART OF KNOCKIN' ON HEAVEN'S DOOR, UNASSOCIATED OR (MORE LIKELY) ANY EARLIER CONSTRUCTION ASSOC. WITH SAD CAFE - WHICH TAKE IT TO THE LIMIT SEEMS TO HAVE BEEN BUILT ON TOP OF. WE ARE MOVING O-1 EAST OF UNIT SOLARIUM INTO UNIT KITCHEN TO FOLLOW

3/11/96

P96-97-73

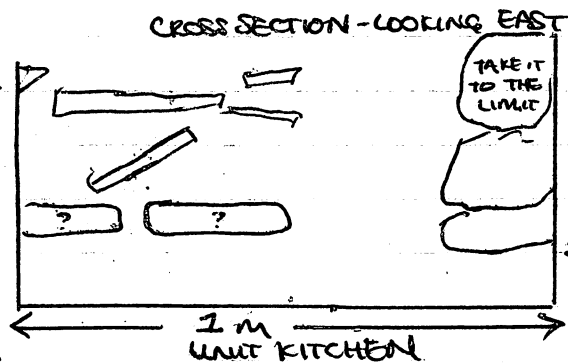

TAKE IT TO THE LIMIT OUT TO THE EAST. LOT Q3 WILL BE 0-20cm BGS IN UNIT KITCHEN. AT 20cm BGS IN LOT Q3 WE CAME UPON WHAT MAY BE A SCHIST FLOOR. IF IT IS THEN IT MUST BE FROM A LATER OCCUPATION THEN THAT REPRESENT BY TAKE IT TO THE LIMIT B/C IT IS FLOATING A GOOD 10-20cm ABOUT THE BASE OF THE WALL. THE SCHIST SLABS EXTEND FROM THE NORTH OVER ONLY $\frac{1}{2}$ m OF UNIT KITCHEN. LOT Q4 WILL BE 20-40cm BGS BETWEEN THE APPARENT TERMINATION OF THE SCHIST TO TAKE IT

TO THE LIMIT. IT ALSO LOOKS MIGHT BE A N-S (?) JUST SCHIST - POSSIBLY FLOOR. WE ARE TROWEL AROUND AND SEE IF WE CAN CLARIFY THIS PICTURE AT ALL.

N
LIKE THERE LINE (RUNNING) BENEATH THE TO RAISE THE GOING TO VERY CAREFULLY UNIT KITCHEN

OVER IN UNIT 20cm BGS MAGGIE'S FARM UP TO BE A PRESERVED WALL THAT FORMS A NEW KID IN TOWN.

MOTORCYCLE HAS CLEANED VERY NICELY 50cm BGS CORNER INTO

INTERESTINGLY, NEW KID IN TOWN, POORLY PRESERVED AND TUMBUNG SOUTH OF MAGGIE'S FARM SCARCELY LOOKS LIKE THE SAME LINE TO THE NORTH OF MAGGIE'S FARM WHERE THE STONES ARE WELL IN PLACE. ED SUGGESTED THAT THE SECTION OF NEW KID BETWEEN LIKE A ROWING STONE & MAGGIE'S FARM WAS A LATER ADDITION, MAKESHAFT

3/11/96

BIRDS EYE VIEW

P96-97-74

PARTITION.

BACK IN

LOT 64

DEPOSITS

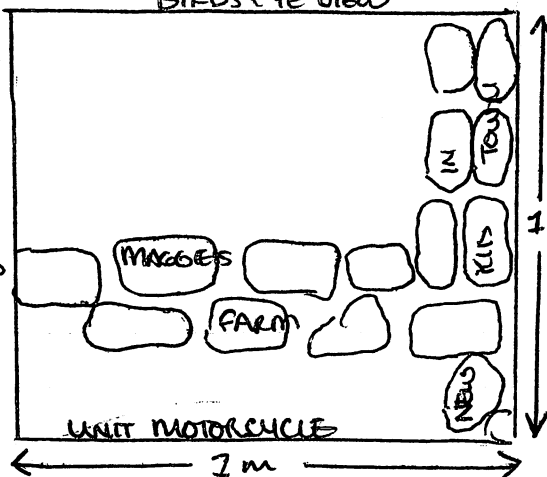

EARTH AND

THE SCHIST

GET A

WHAT IS

OPENING

N4 UNIT KITCHEN

WE ARE FINDING SMALL
OF ASH, BURNT
CARBON IN AND AROUND
SLABS. IN ORDER TO
LARGER VIEW OF
GOING ON I AM
UP THE 1/2 M UNIT

REMAINING BETWEEN UNIT KITCHEN AND UNITS HALL & STAIR.

THIS WILL BE UNIT BEDROOM 0-20CM BES WILL BE LOT 65.

WHEN THE GUYS FINALLY FINISH CLEARING OUT LOT 61 UNIT
MOTORCYCLE WE WILL MOVE 0-1M TO THE WEST TO FOLLOW
OUT MAGGIE'S FARM. THIS WILL BE UNIT VAN, 0-20CM BES
LOT 66

LOT 65 CONTAINED ONLY A SMALL SCATTER OF SHERDS
AND NO EVIDENCE YET OF A CONTINUATION OF THE
SCHIST FLOOR. WE ARE CONTINUING DOWN 20-30CM BES
(LOT 67) IN UNIT BEDROOM.

LOT 66, UNIT VAN IS GOING VERY SLOWLY. THEY ARE
JUST NOW COMING DOWN ON THE WALL AND HAVE
HAD A TYPICALLY LOW SHERD YIELD. IN UNIT VAN

3/12/96

IN UNIT VAN WE ARE FINISHING CLEANING OFF MAGGIE'S
FARM 20-40CM BES WILL BE UNIT 68.

IN UNIT BEDROOM WE FOUND NO SIGN OF ANY CONTINUATION OF
THE SCHIST FLOOR SO WE ARE GOING TO CLEAN OUT THE TUMBLE
AND MAKE THE UNIT LEVEL WITH THE SURROUNDING UNIT
LOT 69 WILL BE 20-40CM BES.

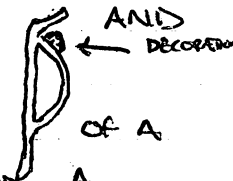

IN THE WEST END OF UNIT VAN A N-S RUNNING LINE OR
CORNER HAS APPEARED, WHEN HAVE COMPLETED LOT 68 I WANT
TO MOVE 1M TO THE WEST TO SEE HOW IT CONNECTS WITH

3/12/96

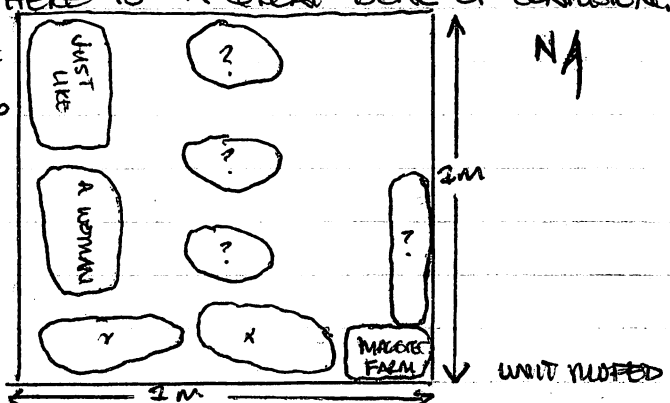

pg 97-75

JUST LIKE A WOMAN, THE WESTERN EXTERIOR WALL.

THIS IS UNIT MOVED 2-3 m WEST OF UNIT HAT. LOT 70 WILL BE 0-20 cm BGS. LOT 68, IN UNIT VAN YELDED VERY FEW SHERDS. LOT 69, ON THE OTHER HAND, IN UNIT BEDROOM IS TURNING UP A SIZEABLE # OF SHERDS AS WELL AS A TINY PORTION OF AN OBSIDIAN BLADE. I AM CONSIDERING DROPPING THIS ENTIRE AREA (INCLUDING UNITS SOLARIUM, PATIO AND WALL) ANOTHER 20 cm OR SO. ED SAYS TO FINISH CLEANING UP THE AREA AROUND THE SCHIST PLATFORM, WHICH I WILL CALL FEATURE ONE MORE CUP OF COFFEE, AND THEN MOVE ON, FOLLOWING TAKE IT TO THE LIMIT TO THE EAST. THIS NEW UNIT 0-1 m EAST OF UNIT KITCHEN WILL BE UNIT PANTRY AND 0-20 cm BGS WILL BE LOT 71. IN CLEANING AROUND ONE MORE CUP OF COFFEE WE PULLED OUT A JAR SHERD WITH HANDLE IT MEASURES 10 cm TALL X 7 cm WIDE HAS A DECORATIVE BUTTON ADDED ONTO THE TOP OF THE HANDLE THAT RESEMBLES A MINITATURE REPRESENTATION OF A CANDELERO. THIS SHERD WAS FOUND TRAPPED BEHIND A FALLEN PIECE OF SCHIST FROM ONE MORE CUP OF COFFEE. THE HANDLE, HEAD ON, IS MOUNDED,  WIDENING WHERE IT ATTACHES TO THE JAR, NARROWING, AND THEN WIDENING AGAIN IN THE CENTER. THIS IS PROBABLY THE MOST ELABORATE ARTIFACT I HAVE PULLED OUT OF THIS STRUCTURE YET. I NEED TO ADD THIS LOT TO THE PRIORITY LIST.

IN UNIT MOVED, LOT 70 THERE IS A GREAT DEAL OF CONFUSION, AND SEVERAL POSSIBLE LINES WHICH ONLY FURTHER EXCAVATION IS GOING TO CLEAR UP. A SIMILAR SITUATION IS OCCURRING IN UNIT PANTRY LOT 71. TAKE IT TO THE LIMIT APPEARS TO END AND MAYBE TURN NORTH? THEN

3/12/94

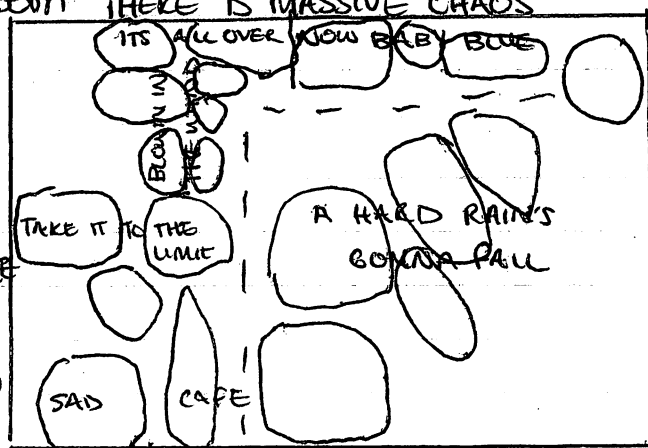

P96-97-74

~~WEST~~ EAST AGAIN. HARD TO SAY JUST YET. I AM HAVING VICENTE REMOVING THE 20CM STRIP SEPARATING UNIT PANTRY FROM UNIT FREEZE IN ORDER TO HELP CLARIFY THE PICTURE. THIS WILL BE INCLUSIVE IN LOT 71.

IN UNIT MOVED WE HAVING TROUBLE LOCATING JUST LIKE A WOMAN, HOPEFULLY LOT 72 20-40CM BGS WILL BRING US DOWN ON THIS FEATURE. WE PULLED A BEAUTIFUL TINY OBSIDIAN FLAKE OUT OF ~~THE~~ LOT (#71).

I AM OPENING UP THE REMAINING UNIT BETWEEN UNIT PANTRY AND UNITS STAIR. THIS WILL BE UNIT LIVINGROOM, 0-20CM BGS LOT 73. IN UNIT LIVINGROOM THERE IS MASSIVE CHAOS SEE D96-97-17.

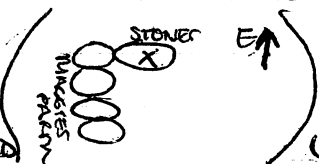

I AM NAMING THE N-S RUNNING SECTION BLOWIN' IN THE WIND WHICH CONNECTS TAKE IT TO THE LIMIT AND THE E-W RUNNING SECTION WHICH I WILL CALL ITS ALL OVER NOW BABY BLUE. THESE FEATURES

FORM A WALL AROUND A SQUARE PATIO/WORK-AREA SPACE ON TOP OF LYIN EYES & HEARTACHE TONIGHT THAT I WILL CALL A HARD RAIN'S GONNA FALL.

I AM OPENING UP A NEW UNIT ~~0-1m EAST OF UNIT~~ 3-4m SOUTH OF UNIT WHITE 1-2m EAST OF DATUM. THIS WILL BE UNIT MAD, 0-20CM BGS LOT 74.

UNIT MOVED, LOT 72 IS BRING US IN AROUND JUST LIKE A WOMAN, ALTHOUGH THE FRONT PART OF THE WALL (OUTSIDE FACE) SEEMS TO BE MISSING A CHUNCK. WE ALSO FOUND A STRANGE LITTLE PROJECTION OFF OF MAGGIE'S FARM, TWO STONES STACKED ATOP EACH OTHER SARAH. WE ARE OPENING ~~OF UNIT MOVED~~ UNIT SKATEBOARD

I'LL CALL THIS FEATURE A NEW ~~UNIT~~ 0-1m NORTH LOT 75 IS 0-10CM BGS.

3/13/96

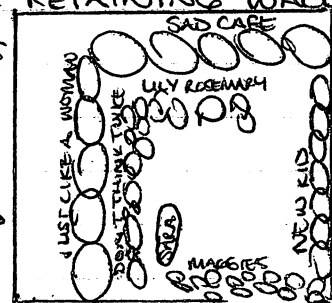

P96-97-77

THIS MORNING WE ARE CONTINUING EXCAVATION IN UNITS SKATEBOARD & MAD. IN UNIT SKATEBOARD LOT 76 WILL BE 10-30cm BGS IN SEARCH OF JUST LIKE A WOMAN. IN UNIT MAD LOT 77 WILL BE 20-40cm BGS. RIGHT NOW UNIT MAD IS JUST A MASS OF TUMBLE. UNIT SKATEBOARD LOT 76 HAS A GOOD NUMBER OF SHELDS AND IT LOOKS LIKE WE MAY HAVE COME DOWN ON A E-W RUNNING LINE THAT LINES UP WITH A LINE IN HOTEL CALIFORNIA. WE ARE GOING DOWN ANOTHER 20cm TO CHECK THIS OUT. LOT 78 WILL BE 30-40cm BGS IN UNIT SKATEBOARD. WE HAVE JUST PULLED 2 100M WEIGHT(?) OUT OF BOTH EXCAVATION UNITS. IN UNIT SKATE BOARD IT WAS A SCHIST TRIANGLE WITH A FINGER SIZED HOLE. IN UNIT MAD IT WAS A OVAL COBBLE WITH A SIMILAR HOLE.

WE ARE MOVING 0-1m EAST OF UNIT SKATEBOARD INTO UNIT ~~POOT~~ ROLLERSKATE TO TRY AND LOOK FOR THE E-W RUNNING LINE. LOT 79 WILL 0-30cm BGS.

IN UNIT MAD 2 POSSIBLE E-W RUNNING LINES HAVE APPEARED. LOT 80 40-50cm BGS WILL EXPLORE THIS. THIS ISN'T BEARING MUCH FRUIT, I WANT TO MOVE 0-1m SOUTH AND TAKE OUT THE REMAINING UNIT BETWEEN UNIT MAD AND UNIT HALL. THIS WILL BE UNIT ANGRY. 0-40cm BGS WILL BE LOT 81

WE HAVE SOME NEW DEVELOPEMENTS IN UNITS SKATEBOARD AND ROLLERSKATE. WHAT WE THOUGHT WAS THE BACK OF JUST LIKE A WOMAN IS REALLY AN INTERIOR ROOM WALL WHICH I WILL CALL DON'T THINK TWICE ITS ALRIGHT. IT TURNS TO THE EAST MAKING A NORTH RETAINING WALL LILLY, ROSEMARY, AND THE JACK OF HEARTS WHICH STOPS JUST SHORT OF NEW KID IN TOWN FORMING A SORT OF ENTRY OR PASSAGEWAY. WE ARE MOVING SOUTHWARD NOW, FOLLOWING JUST LIKE A WOMAN

3/13/96

P9697-B

AND DON'T THINK TWICE ITS ALRIGHT OUT. THIS NEW UNIT UNIT PARSEY 2-3 M WEST OF UNIT NECK, LOT 82 WILL BE 0-20CM BGS.

3/14/96

THIS MORNING WE ARE CONTINUING EXCAVATION IN UNIT PARSEY. LOT 82 BROUGHT US DOWN JUST IN FRONT OF JUST LIKE A WOMAN BUT DON'T THINK TWICE ITS ALRIGHT SEEMS TO STOP HERE. LOT 83 WILL BE 20-60CM BGS IN FRONT OF JUST LIKE A WOMAN

WE ARE BEGINNING A NEW UNIT ⁰⁻¹ 10 M EAST OF UNIT ANGRY TO TRACE OUT WHAT LOOKS LIKE A TRIPLE LINE OR PLATFORM IN UNIT ANGRY. THIS WILL BE UNIT STEAMED LOT 84 0-20CM BGS. IN THIS LOT WE FOUND ANOTHER PIECE OF SCHIST (RECTANGULAR 18 X 13 CM) WITH A FINGER SIZED HOLE DRILLED IN IT. THIS IS THE 3RD ONE IN THE NE SUMMIT ~~AND THE 3RD ONE~~. IN ORDER TO FIND THE BASE OF BLOWIN' IN THE WIND AND ITS ALL OVER NOW BABY BLUE I HAD TO DIG DOWN ABOUT 5 CM THIS "LOT" YIELDED ABOUT 7 SHERDS WHICH I BAGGED UNDER LOT 85. LOT 84 UNIT STEAM HAD SHERDS? A LOOM WEIGHT(?)

WE ARE MOVING DOWN ANOTHER 20CM IN UNIT STEAMED (20-40CM BGS LOT 86) WHICH SHOULD EXPOSE THE E-W RUNNING FEATURE ALL ALONG THE WATCHTOWER. (SHERDS? BT)

IN UNIT PARSEY WE JUST PULLED A METATE FRAGMENT FROM THE TOP OF JUST LIKE A WOMAN. UNIT PARSEY ^{LOT 80 83} ALSO CONTAINED SHERDS AND BT. WE ARE REMOVING UNIT GARLIC NOW - THE 1 1/2 M UNIT SEPARATING PARSEY AND BIKE. 0-20CM BGS LOT 87. EXCAVATION HERE HAS SHOWN THAT DON'T THINK TWICE DOES CONTINUE DOWN TO THE SOUTH AFTER ALL. WE FOUND A SMALL CARBON SAMPLE HERE TOO.

3/14/96

P96.97-79

IN UNIT STEAMED THE PICTURE GROWS INCREASINGLY UNCLEAR
WE FOUND SOME WEIRD REALLY THICK SHERDS AND ALL ALONG
THE WATCHTOWER IS PROVING POORLY PRESERVED AND HARD TO
FOLLOW.

I HAVE BEGUN DIGGING DOWN IN UNIT MOTORCYCLE, TRYING TO FIND THE
BASE OF NEW KID IN TOWN. THIS WILL BE LOT 88 30-50cm BGS.

WE MOVED OVER 0-1 m NORTH OF UNIT STEAMED TO HELP CLEAR
UP WHAT IS BECOMING A RATHER CONFUSING SET OF LINES. THIS WILL
BE UNIT CONTROL LOT 89 0-40cm BGS. (SHERDS: OBSIDIAN? BT)

WHERE I DUG IN UNIT MOTORCYCLE (LOT 88) I FOUND CHUNKS
OF BURNT EARTH IN THE CORNER OF MAGGIE'S FARM AND NEW KID IN
TOWN AS WELL AS SHERDS, SOME NICELY PAINTED, AND BT.
I HIT, AT 50cm BGS, WHAT LOOKS LIKE A COBBLE FLOOR, LEVEL
WITH MAGGIE'S FARM BUT NEW KID IN TOWN KEEPS GOING DEEPER.

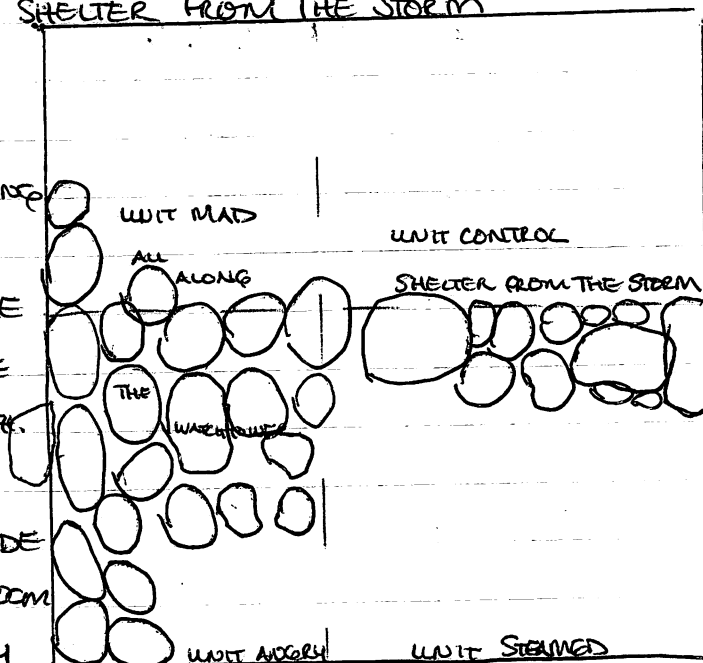

IN UNIT BASIL, A NEW UNIT 0-1 m SOUTH OF UNIT PARSLEY WE FOUND
THE SOUTH END OF DON'T THINK TWICE ITS ALRIGHT AND LOT 90
0-20cm IS BRINGING US DOWN ON JUST LIKE A WOMAN - SHERDS & BT.

UNIT STEAMED UNCOVERED ALL ALONG THE WATCHTOWER, A PLATFORM
RUNNING OFF OF THE TIMES THEY ARE A'CHANGING AS WELL AS AN E-W
RUNNING LINE OFF OF THIS CALLED SHELTER FROM THE STORM

3/15/96

THIS MORNING WE ARE CONTINUING
EXCAVATION IN UNIT CONTROL
LOT 91: 40-60cm BGS TO DEFINE
SHELTER FROM THE STORM TO THE
SOUTH AND DESPERADO TO THE NORTH.

IN UNIT BASIL SEVERAL LARGE
STONES HAVE APPEARED JUST OUTSIDE
THE WALL. LOT 92 WILL BE 20-50cm
BGS TO CHECK THIS OUT (PROBABLY

3/15/96

P96.97.80

JUST TUMBLE)

IN UNIT CONTROL LOT 91 WE PULLED ANOTHER OF THOSE OVAL SHAPED STONES WITH FINGER SIZED HOLES DRILLED IN THEM - THIS IS #4 FOR THE NE SUMMIT AREA, VERY HIGH # OF SUCH AN ODD ARTIFACT IN SUCH AN ARTIFACTLESS STRUCTURE.

IN UNIT MOTORCYCLE, WHERE I AM LOOKING FOR THE BASE OF NEW KID IN TOWN I ENCOUNTERED A COBBLE FLOOR, TAMBOURINE MAN (SEE D96.97.18) I AM GOING TO EXPOSE A BIT MORE OF THIS AND THEN MOVE DOWN BELOW IT TO CONTINUE LOOKING FOR THE BASE OF THE WALL. THIS WILL BE LOT 93 50-70cm BGS.

IN UNIT CONTROL SHELTER FROM THE STORM IS LOOKING VERY GOOD & WE HAVE PULLED SEVERAL LRG. FAT SHIELDS (LIKE THOSE IN UNIT STEAMED) AND BT TOO. SHELTER FROM THE STORM IS MUCH DEEPER THAN I ORIGINALLY THOUGHT - IT TURNS TO THE NORTH AT QUINN THE ESKIMO (SEEN IN CROSS-SECTION ON THE EAST FACE OF UNIT CONTROL) RUNNING OUT TO DESPERADO. WE FOUND A SM. OBSIDIAN BLADE HERE TOO.

IN UNIT BASIL JUST LIKE A WOMAN JUTS OUT ABOUT 20cm AND THEN CONTINUES TO THE NORTH. IN LOT 92 WE ARE FINDING BT AND SHERDS, SOME VERY NICELY PAINTED.

IN UNIT LOT 93 (SEARCHING FOR THE BASE OF NEW KID) I BELIEVE I FOUND THE BASE AT 65cm BGS BUT THERE IS AN OLDER ONE STILL CONTINUING DOWN BELOW IT. I HAVE FOUND MANY NEWLY PAINTED SHERDS, STONE TOOLS, BT. (SEE D96-97-19)

3/18/96

THIS MORNING I AM FOLLOWING SHELTER FROM THE STORM OUT TO THE EAST TO SEE HOW IT CONNECTS UP WITH HEARTACHE TONIGHT (OR IF IT DOES AT ALL). THIS UNIT, 0-1 m E. OF UNIT STEAMED, WILL BE UNIT CALM LOT 94 0-20cm BGS. IN UNIT BASIL LOT 95 ^(BT ONLY) WILL FINISH CLEARING OUT IN FRONT OF THE WALL (JUST LIKE A WOMAN) IN UNIT CALM 20-40cm BGS WILL BE LOT 96 (OBSIDIAN) SHERDS

3/18/96

P96-97-81

IN UNIT BASIL IT IS DIFFICULT TO SEE THE WALL BECAUSE OF TIGHT SPACE, I AM EXTENDING THE UNIT 30cm TO THE WEST AND $\frac{1}{2}$ m TO THE SOUTH. THIS, 0-40cm BGS WILL BE LOT 97. ^{SHERDS} LOT 96 ALSO YIELDED ANOTHER LOOM WEIGHT(?) IN UNIT CALM WE ARE PULLING OUT A FAIR # OF SHERDS AND BT. IT IS STILL TOO EARLY TO TELL IF SHELTER FROM THE STORM CONTINUES EAST OR TURNS NORTH AT QUINN THE ESKIMO. IT APPEARS AS THOUGH SHELTER FROM THE STORM DOES INDEED CONTINUE STRAIGHT OUT TO THE EAST WHERE IT B/C INCORPORATED INTO THE TOP OF HEARTACHE TONIGHT, MUCH LIKE 'ITS ALL OVER NOW BABY BLUE DOES. I THINK THAT THESE TWO E-W RUNNING FEATURES SERVED AS A WIDE PASSAGE OR HALL UP FROM THE INSET STAIR ON HEARTACHE TONIGHT GUIDING YOU UP TO ~~BY~~ THE TIMES THEY ARE A'CHANGIN' & KNOCKING ON HEAVEN'S DOOR, FINAL STEPS TO THE SUMMIT. I AM MOVING IN FRONT OF

THE TIMES THEY ARE A'CHANGIN' IN UNIT HALL TO TRY AND EXCAVATE DOWN TO STERILE SOIL. THIS WILL BE UNIT LOT 98 30-70cm BGS WE HAVE FOUND AN ODD ARTIFACT - A SMALL STONE ORNAMENT, CARVED ON BOTH SIDES WITH WHAT LOOKS TO BE A

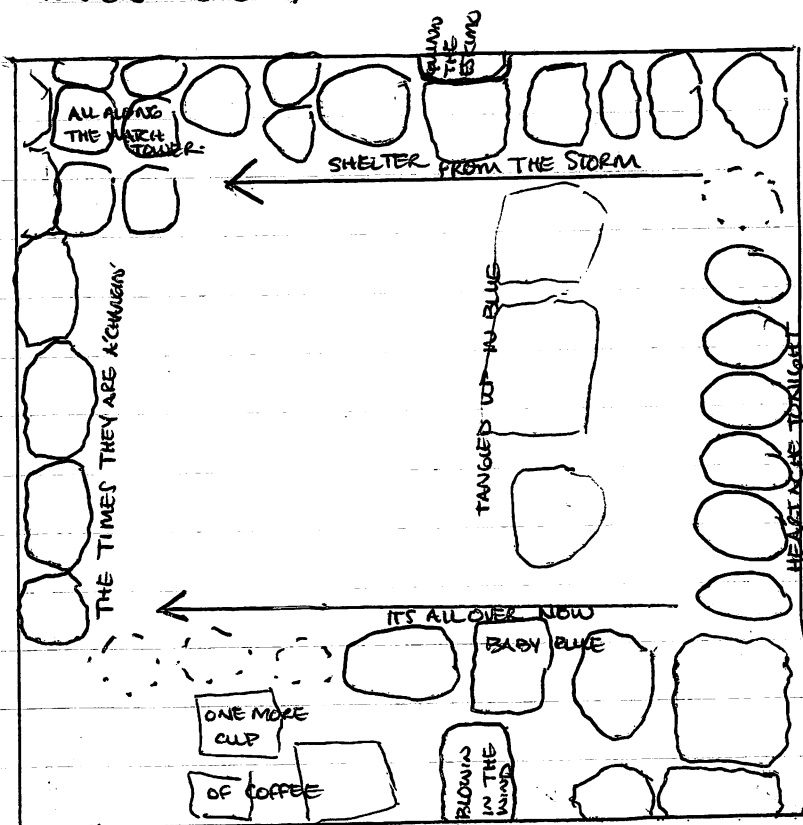

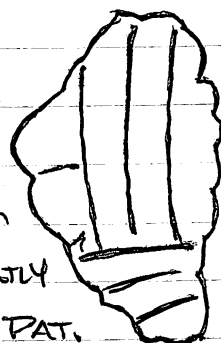

SHELL-LIKE DESIGN,

IT MEASURES

4cm x 2cm. I AM

BAGGING IT SEPARATELY

AND GIVING IT TO PAT.

WE ARE PULLING A LOT OF SHERDS & BT OUT OF LOT 98 - ENOUGH IN NUMBER & VARIETY TO INDICATE THAT THIS IS ALL FILL BENEATH THE MOST RECENT OCCUPATION SURFACE. ALSO TURNED UP A LARGE ^{PIECE} CHUNK OF CARBON.

I HAVE ESTABLISHED A NEW DATUM POINT (DATUM #2) FROM WHICH TO TAKE DEPTH/HEIGHT MEASUREMENTS. DATUM #2 IS THE NE CORNER OF UNIT HAND $6\frac{1}{2}$ - $5\frac{1}{2}$ m SOUTH OF DATUM #1 (THE NW CORNER OF UNIT ONE OF THE AXIAL TRENCH RUNNING ~~NW-SE~~ ^{EAST} ~~50° NORTH~~ ^{NORTH} OF ~~EAST~~ ^{NORTH} ACROSS STRUCTURE #20). DATUM #1 IS 20cm BELOW DATUM #2. ALL MEASUREMENTS WILL BE TAKEN USING A LINE LEVEL FROM DATUM #20. ALL DEPTH MEASUREMENTS WILL BE TAKEN AT THE LOWEST POINT BELOW DATUM ON THE FEATURE. ALL HEIGHT MEASUREMENTS WILL BE TAKEN FROM THE HIGHEST POINT ON THE FEATURE AND ALL WIDTH MEASUREMENTS WILL BE MADE AT THE THICKEST POINT ON THE FEATURE. FOR VISUAL REFERENCE SEE D96-97-21 (PLAN DRAWING)

STRUCTURE #20 IS APPROX. 10×10 m AND ORIENTED JUST A BIT EAST OF NORTH FACING OUT ONTO THE MAIN PLAZA OF SITE 128. LESS THAN 2m TO THE NORTH IS STRUCTURE #4 AND ALMOST IMMEDIATELY TO THE SE IS STRUCTURE #21

STRUCTURE #20 RESTS ON A PLATFORM MADE OF 4 MAIN BASAL WALLS - PROBABLY THE OLDEST FEATURES IN THE ^{MAIN} STRUCTURE, THE DEEPEST OF WHICH REST NEARLY 1m BELOW DATUM. THESE 4 WALLS: "JUST LIKE A WOMAN", "LYIN' EYES", "SAD CAFE" AND "HEARTACHE TONIGHT" ARE ALL CONSTRUCTED USING LARGE TO MEDIUM-SIZED COBBLES LAYERED AND PACKED WITH SMALL STONE FILL AND, AS THEY ALL INTERDIGITATE WITH ONE ANOTHER, THEY WERE MOST LIKELY BUILT ALL AT ONCE. OTHER FEATURES PROBABLY BELONGING TO THE FIRST PHASE OF CONSTRUCTION ARE "NEW KID IN TOWN" AND "SHELTER FROM THE STORM". BOTH OF THESE FEATURES RUN NEARLY AS DEEP AS SOME OF THE BASAL WALLS AND BI-SECT THE STRUCTURE IN OPPOSITE DIRECTIONS, NW-SW AND NE-SE. "NEW KID IN TOWN" DIVIDES HALF THE STRUCTURE INTO A NW SUMMIT ROOM BETWEEN ITSELF AND "JUST LIKE A WOMAN" WHILE "SHELTER FROM

"THE STORM" CREATES AN EASTERN SUMMIT ROOM BETWEEN ITSELF AND "SAD CAFE"

THE ENTRANCE TO STRUCTURE #20 POSES SOME INTERESTING QUESTIONS. "HEARTACHE TONIGHT" FACES OUT ON THE PLAZA AND PART OF THIS FEATURE FORMS A FORMAL INSET STAIRWAY THAT LEADS UP TO THE SUMMIT OF THE STRUCTURE. "SHELTER FROM THE STORM" ON ONE SIDE AND "ITS ALL OVER NOW BABY BLUE" ON THE OTHER FORM A WIDE PASSAGE UP FROM THE INSET STAIR. I THINK THAT BECAUSE "ITS ALL OVER NOW..." IS SO SHALLOW (MUCH MORE SO THAN "SHELTER") AND DIRECTLY IN LINE WITH THE INSET STAIR IT WAS PART OF A SECOND PHASE OF CONSTRUCTION IN WHICH THE AREA ON THE SOUTH SIDE OF "SHELTER" WAS PACKED WITH FILL AND TOPPED WITH "TANGLED UP IN BLUE". THEN "ITS ALL OVER NOW BABY BLUE" AND THE INSET STAIR WERE BUILT. ~~AND~~ ~~BUILT AT THE SAME TIME WERE~~ "BLOWIN' IN THE WIND", WHICH INTERDIGITS WITH "ITS ALL OVER", ~~AND~~ WAS THEREFORE CONSTRUCTED AT THE SAME TIME. IT IS ALSO BUILT TO THE SAME DEPTH AS "KNOCKIN' ON HEAVEN'S DOOR" AND "TAKE IT TO THE LIMIT" - TOGETHER THESE 3 FEATURES FORM THE SE SUMMIT ROOM AND I WOULD SUGGEST THEY WERE INCLUDED IN THE SECOND PHASE OF CONSTRUCTION AS WELL. "DON'T THINK TWICE ITS ALRIGHT" WAS ALSO PROBABLY BUILT AT THIS TIME ~~too~~, ALTHOUGH IT COULD HAVE BEEN ADDED IN A THIRD PHASE OF CONSTRUCTION ALONG WITH "ALL ALONG THE WATCHTOWER" TO SUPPLEMENT THE ASCENT TO THE SUMMIT.

ALSO PART OF A SECONDARY PHASE OF CONSTRUCTION IS "TEQUILA SUNRISE" FORMING A TERRACED AREA OFF OF "SAD CAFE". THIS FEATURE MAY HAVE BEEN USED AT ONE POINT AS A WORK AREA AS I FOUND MANY SMALL MIDDEN DEPOSITS ALONG ITS OUTER EDGES.

THE FEATURES "BEST OF MY LOVE" AND "HURRICANE" ARE BOTH SMALLER VERSIONS OF "TEQUILA SUNRISE". HOWEVER, WHILE "HURRICANE" RUNS DIRECTLY OFF OF "SAD CAFE" AND WAS PROBABLY CONSTRUCTED ALONG WITH "TEQUILA SUNRISE", "BEST OF MY LOVE" ABUTS "ALREADY GONE" A FEATURE RESTING BELOW THE DEPTH OF THE BASAL WALLS AND RUNNING AT AN ANGLE THAT INDICATES IT IS UNASSOCIATED WITH AND PREDATES THE MAIN STRUCTURAL FEATURES OF #20. "BEST OF MY LOVE" THEN, MOST LIKELY BELONGS TO THIS VERY EARLY STRUCTURE BUT MAY WELL HAVE BEEN UTILIZED AGAIN LATER ON AS A WORK PLATFORM OR ~~FOUND~~ SUPERSTRUCTURAL SUPPORT BASE.

I BELIEVE THAT THE NW SUMMIT ROOM WAS ^{ALSO} CREATED DURING THE SECOND PHASE OF CONSTRUCTION ALONG WITH THE FEATURES OF THE FORMAL ENTRANCE & SE SUMMIT ROOM. THE FEATURES HERE, MAGGIE'S FARM, IS BUILT UP FROM THE SAME DEPTH AS THE AFOREMENTIONED FEATURES.

THE THIRD PHASE OF CONSTRUCTION LIKELY INCLUDED SUCH FORTIFYING FEATURES AS "DON'T THINK TWICE ITS ALRIGHT", "DESPERADO", "~~WITCHY WOMAN~~ ^{AND} ~~WITCHY WOMAN~~", "~~WITCHY WOMAN~~ ^{WITCHY WOMAN}", "~~WITCHY WOMAN~~ ^{WITCHY WOMAN}" AS WELL AS ROOM DIVIDERS LIKE "LILY, ROSEMARY AND THE JACK OF HEARTS", "SARA", "IDIOT WIND", "LIKE A ROLLING STONE" AND "RAINY DAY WOMAN" AND RAISED FLOORS LIKE "HOTEL CALIFORNIA", "LIFE IN THE FAST LANE" AND "ONE MORE CUP OF COFFEE". IT LOOKS AS THOUGH "IDIOT WIND", "LIKE A ROLLING STONE" AND "PEACEFUL EASY FEELING" MAY HAVE ONCE BEEN A SINGLE FEATURE CREATING A THIRD SUMMIT ROOM IN THE WESTERN PORTION OF THE STRUCTURE. "DON'T THINK TWICE ITS ALRIGHT" AND "LILY, ROSEMARY" WERE ALMOST UNDOUBTEDLY BUILT TOGETHER AS THEY ARE OF NEARLY IDENTICAL CONSTRUCTION

TYPE, ~~DEPT~~ AND ARE CONNECTED BY A STRING OF SMALL STONES. "SARA" APPEARS TO HAVE BEEN ADDED ONTO "MAGGIE'S FARM" TO CREATE A NARROW PASSAGE INTO THE SW SUMMIT ROOM.

BOTH THE SECOND AND THIRD PHASES OF CONSTRUCTION SEEM TO BE RESTING AT APPROX. THE SAME DEPTH = FILL ADDED AFTER THE FIRST PHASE (ABOUT 40cm BELOW DATUM).

OF NOTE ARE "JOEY" AND "ISIS", TWO VERY DEEP FEATURES THAT RUN AT ANGLES INCOMPATIBLE WITH THE REST OF THE STRUCTURE AS WELL AS "ALREADY GONE" AND "WASTED TIME". THEY MAY TOTALLY PREDATE EVEN THE EARLIEST PRECURSORS OF THIS STRUCTURE OR THEY MAY HAVE SERVED AS AN OUTBUILDING CONNECTING AN EARLY VERSION OF STRUCTURE #20 TO #21.

ALSO OF NOTE WAS THE VERY LOW % OF ARTIFACTS RECOVERED FROM THIS STRUCTURE IN COMPARISON WITH THE OTHER STRUCTURES AT SITE 128. MANY OF MY LOTS CONTAINED LESS THAN 10 SHERDS, ALL OF VERY LOW QUALITY. EXCEPTIONS TO THIS WERE THE TWO AREAS WHERE WE EXCAVATED DOWN INTO THE FILL TO A GOOD DEPTH. WE FOUND THREE SPECIFIC AREAS OF ARTIFACT CONCENTRATION. IN THE NE SUMMIT ROOM WE FOUND 5 STONES (LOBBLE & SCHIST) WITH FINGER SIZED HOLES ^{DRILLED} IN THEM. OFF OF "TEQUILA SUNRISE" WE HIT A FEW MIDDEN DEPOSITS ~~AND HEAVY BURN~~ AS NEAR "BEST OF MY LOVE". ALONG THE NW EXTERIOR OF THE STRUCTURE WE ALSO FOUND AREAS OF INTENSELY BURNT EARTH & BAJAREQUE. THIS APPARENTLY CONTINUES OFF TO THE WEST, DISAPPEARING INTO EXCAVATION. WHAT CAUSED THIS, I DO NOT KNOW, BUT I BELIEVE IT OCCURRED PRIOR TO THE CONSTRUCTION OF THE BASAL PLATFORM (B/C OF ITS DEPTH).

IN CONCLUSION, STRUCTURE #20 ORIGINALLY WAS A 2 ROOM BUILDING SUPPORTED BY A 4-WALL PLATFORM

LATER, TERRACES AND WORKPLATFORMS WERE ADDED, A FORMAL ENTRANCE WAS CONSTRUCTED AND THE 2 ROWS BECAME 4. IN THE THIRD PHASE WALLS WERE THICKENED, ROOMS REDEFINED AND FLOOR SURFACES ADDED. THIS INDICATES INCREASING PROSPERITY AND A PROBABLE GROWTH IN POPULATION OR NUMBER OF INDIVIDUALS OCCUPYING THE STRUCTURE.

NAME	BASE TOP	LENGTH WIDTH	ORIENTATION	CONSTRUCTION	ADJOINS...	COMMENTS
CRASH TEST DUMMIES	73cm BGS 43cm BGS	4m LONG 90cm WIDE	RUNNING 10° WEST OF NORTH	IRREGULAR COBBLE ? BOULDER CONSTRUCTION LOOSE FILL OF EARTH AND STONES - POORLY PRESERVED (OR CONSTRUCTED) 3 LAYERS, 3 ROWS FLAT FACE WEST. AVG SIZE 20cm x 30cm	INTERLOCKS "THE EAGLES / THE POLICE", "THE DEAD" AND ABUTS "10,000 MANIACS ? "TOM PETTY"	EXTERIOR (WESTERN) BASAL WALL, MORE OF A FOUNDATION THAN A WALL. CRUDE, POOR CONSTRUCTION - PERHAPS A LATER MORE PERMANENT VERSION OF "TOM PETTY".
MARVIN GAME	89cm BGS 75cm BGS	63cm LONG 40cm WIDE	RUNNING 10° NORTH OF EAST	ONE LRG, FLAT COBBLE, SMOOTHED CONSIDERABLY ON THE TOP	JUST INSIDE THE CORNER FORMED BY "THE DEAD" AND "THE BAND"	POSSIBLY A STEP IN THE EAST SUMMIT ROOM, IT IS SMOOTH BUT DOES NOT LOOK LIKE IT WAS USED FOR GRINDING PURPOSES.
CONFEDERATE RAILROAD	11m BGS 34cm BGS	5m LONG WIDE	RUNNING 10° WEST OF NORTH	FAIRLY REGULAR COBBLES ? SMALL FILL ON THE ^{EAST} FACE ? IRREGULAR COBBLES ON THE WEST FACE. 3-4 LAYERS, 2-3 ROWS SIMILAR (BUT NOT AS NICE AS) "THE DEAD" AVG SIZE:	INTERLOCKS WITH "THE EAGLES", "THE BAND" AND ABUTS BOTH "PHIL" AND "JOHN DENVER"	THE EASTERN N-S RUNNING EXTERIOR BASAL WALL WITH A STEP OUT ONTO THE PLAZA ALSO SERVING THE EAST SIDE OF THE EAST SUMMIT ROOM
THE BAND	BASE 92 BGS TOP 32 BGS	4m 90cm LONG 55cm WIDE	RUNNING 10° WEST OF NORTH	SIMILAR TO "CONFED RAILROAD" UP TO WHERE IT INTERLOCKS WITH "THE DEAD". WEST OF THIS THE CONSTRUCTION IS MORE SIMILAR TO "THE EAGLES", 4-5 LAYERS 2-3 ROWS AVG SIZE: FLAT FACES SOUTH ? NORTH	INTERLOCKS W/ "CONFED. RAIL" ? "THE DEAD" (ON THE EAST) AND ABUTS "THE DEAD" (ON THE WEST). INTERLOCKS WITH "CRASH TEST DUMMIES"	POSSIBLY 2 PHASES OF CONSTRUCTION ON THIS WALL AS IT APPEARS TO HAVE 2 DISTINCT SEGMENTS - ONE WEST OF "THE DEAD", ONE EAST. EXTERIOR BASAL WALL

5/13/96

D96.97.109

395M/18 - CLEANING OUT AROUND THE CORNER OF "THE DEAD" & "THE BAND".

NOTE:

AS IS CONSISTENT W/ CONSTRUCTION IN THE N. END OF THE STRUCTURE, CONSTRUCTION WEST OF "THE DEAD" IS OF A TOTALLY DIFF. STYLE THAN THAT TO THE EAST. IT IS OF LRG. BOULDERS AND COBBLES OF IRG. SIZE & PLACEMENT W/ MANY APPARENT ADDITIONS & MODIFICATIONS. IT ALMOST LOOKS AS THOUGH THE PORTION OF STRUCTURE #5 VISIBLE FROM THE PLAZA (THE EAST FACES OF "THE FRONT") HAD A NICE FACADE WHILE THE WEST FACES & WEST SUMMIT ROOM SERVE FUNCTIONAL/SUPPORT PURPOSES ONLY & ARE OF A LOWER CONSTRUCTION QUALITY. IT IS, HOWEVER, HARD TO DETERMINE DIFFERENT PHASES OF CONSTRUCTION AS FEATURES OF VASTLY DIFF. CONSTRUCTION TYPE ARE INTERLOCKING & TERMINATE @ SIMILAR DEPTHS.

395M/20 - UNIT 15A 1-2M SOUTH OF UNIT 9 1-2M WEST OF DATUM. 0-600CM BGS. ON THE OUTSIDE CORNER OF "CRASH TEST DUMMIES" AND "THE BAND"

NOTE:

"THE BAND" HAS 2 DISTINCT TYPES (OR POSSIBLY PHASES) OF CONSTRUCTION. FROM "THE DEAD" EASTWARD IT IS A SOLID, DEEP REGULAR-COBBLE FEATURE, SIMILAR TO "CONFED. RAIL" & "THE DEAD" (WHICH IT INTERLOCKS WITH) THEN, TO THE WEST IT JUMPS W/ SLIGHTLY TO THE NORTH & B/C SOMEWHAT SHALLOWER & ITS CONSTRUCTION CHANGES RADICALLY TO RESEMBLE "THE EAGLES" & "CRASH TEST DUMMIES". SEE D96.97.42

5/10/96

D96.97.108

395M/15 - UNIT 8A 1-2m SOUTH OF UNIT 10 0-1m EAST OF DATUM.
20-60cm BGS IN FRONT OF "THE BAND" WHERE IT IS JOINED BY
"THE DEAD". LOTS OF SHERDS, LOTS OF TUMBLE.

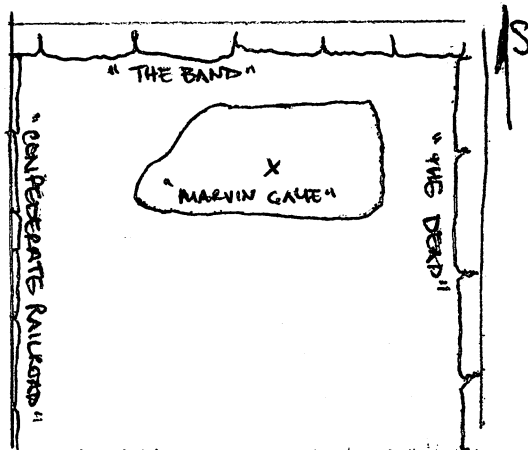

395M/16 - UNIT 12A 0-1m SOUTH OF DATUM, ^{OBSIDIAN CHERT} 0-20cm BGS
IN FRONT OF "THE BAND" (INSIDE STRUCTURE #5). VERY FEW
SHERDS, LOTS OF TUMBLE. LOOSE, CLUMPY BROWN SOIL.

395M/17 - ^{OBSIDIAN} UNIT 13A 0-1m SOUTH OF UNIT 9 1-2m WEST OF DATUM
0-30cm BGS IN FRONT OF "CRASH TEST DUMMIES" ~~IN THE BAND~~
(~~SW CORNER OF~~ "THE BAND" (SW INSIDE CORNER OF STRUCTURE #5)
IT LOOKS LIKE "TOM PETTY" A LINE CONTEMP. W/ "10,000 MANIACS" CONTINUES N-S HERE.

395M/19 - UNIT 14A 1-2m SOUTH OF UNIT 11 (DATUM) 0-30cm BGS
ON TOP OF "THE BAND".

NOTE:

"MARVIN GAYE" REMAINS SOMEWHAT OF AN ENIGMA. IT RESTS AT ABOUT
55-60cm BGS ON WHAT I PRESUME WAS ONCE THE FLOOR SURFACE
AND APPEARS TO BE SOME KIND OF STEP - BUT TO WHAT IS
UNCLEAR. IT LOOKS LIKE THE 8 WEST
SUMMIT ROOM WAS SHALLOWER
THAN THE EASTERN ROOM (WHERE "MARVIN
GAYE" IS) SO PERHAPS THIS SERVED
AS A STEP UP INTO THE HIGHER
ROOM DURING ONE OF THE EARLIER
OCCUPATION PHASES - PERHAPS IT IS
CONTEMPORANEOUS WITH THE 2 POSSIBLE
EARLIER LINES, "PHISH" OR "10,000
MANIACS" (UNDER ~~IN FRONT~~ "THE EAGLES" ⁴⁰ IN FRONT OF "THE POLICE",
RESPECTIVELY - SEE D96.97.41)

395M/18 - UNIT 12A ^{AGURINE HEAD} 20-60cm BGS, LOTS OF TUMBLE

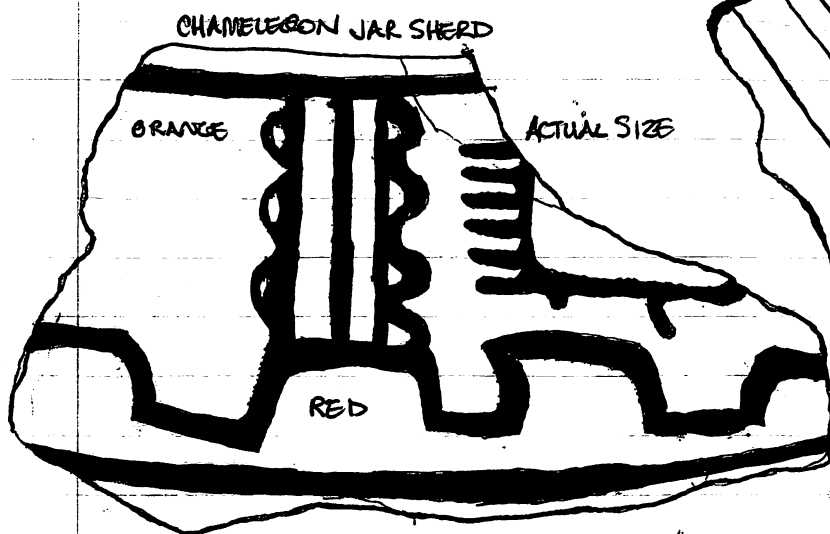

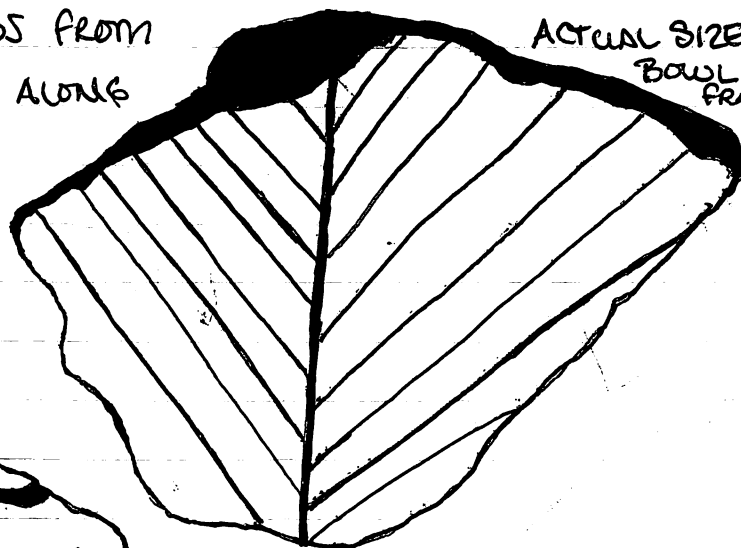

5/8/94

5/2/96

395I/21 - UNIT 13 1-2 M NORTH OF UNIT 6 0-20cm BCS ^{ON TOP} ~~IN FRONT~~ OF "CONFEDERATE RAILROAD". 20-50cm BCS IS LOT 24 - ~~MIDDEN~~ AT 50cm BCS FOUND A LRG. BT MOUND ABOUT 35cm IN CIRCUM. AND ABOUT 10cm HIGH (AT BASE OF WALL), CLAY BALL, SHERDS, METATE, OBSIDIAN.

*395I/22 - UNIT ~~9~~⁹ 2-3m ^{WEST} ~~EAST~~ OF DATUM 0-40cm BCS BEHIND FEATURE "CRASH TEST DUMMIES", A HIGH DEGREE OF TUMBLE. 40-60cm BCS IS LOT 27 *PL

395I/23 - UNIT 10 0-1m WEST OF DATUM 0-60cm BCS IN FRONT OF "THE DEAD" A WELL PRESERVED FEATURE RUNNING N-S LRG COBBLES FILLED W/TIGHTLY PACKED STONES 50cm HIGH. SHERDS, CENSER LID.

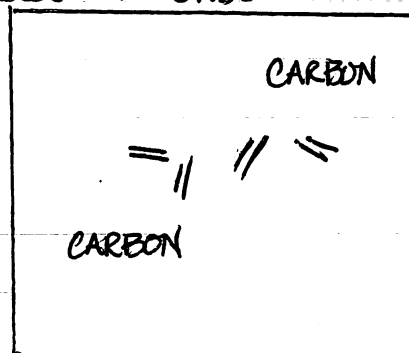

*395I/25 - UNIT 14 2-3m NORTH OF UNIT 6. MIDDEN 0-50cm BCS LIMESTONE, 1 OR 8 OBSIDIAN, CHERT, TONS OF SHERDS ALL ALONG THE EDGE OF "CONFEDERATE RAILROAD" ALSO AROUND NEW FEATURE "JOHN DENVER" A PLATFORM OR STAIR OFF THE CORNER OF "CONFED" AT C. 40cm BCS ~~AB~~

395I/26 - UNIT ~~14~~¹⁴ 1-2m 0-50cm BCS BEHIND "THE DEAD"

395I/29 - UNIT 15 0-1m NORTH OF UNIT 7 FOLLOWING THE BACK (^{WEST} ~~EAST~~ FACE) OF "CONFED" 0-60cm BCS

395I/28 - UNIT 16 ~~2~~ 0-1m WEST OF UNIT 14 AT THE CORNER OF "CONFED" AND "THE EAGLES" (?) 0-30cm BCS. POSSIBLE BURIAL AT C. 20cm IT LOOKED (SO FAR) LIKE 2 BONES AND 2 CARBON CONCENTRATIONS. SO SHALLOW? ABOVE / TO THE NORTH OF THE WALL ("THE EAGLES")

*395I/08 - 0-1m NORTH OF UNIT 9 0-40cm BCS - OBSIDIAN

4/29/96

P96.97.103

395I/15 - ONE SHERD WITH A PERFECT HOLE DRILLED IN IT. A LOT OF TUMBLE BUT NO CLEAR FEATURES. 40-60cm BGS IN UNIT 5 WILL BE LOT 16

395M/

395I/14 - A FEATURE, N-S RUNNING "CONFEDERATE RAILROAD", A DEEP WALL, 3 LAYERS WELL PRESERVED. GOOD COLLECTION OF SHERDS, SOME OBSIDIAN TOO.

4/30/96

#PL 395I/17 - BEGINNING EXCAVATION IN UNIT ~~7~~ ¹⁻² ~~2-3~~ M EAST OF DATUM TO EXPOSE THE OTHER SIDE OF "CONFEDERATE RAILROAD" 0-40cm BGS WILL BE LOT 17. VERY FEW SHERDS IN THE 1ST 20cm BGS. BONE FRAGMENTS IN THE NW CORNER @ c. 25cm BGS. LOT 20 40-60cm BGS, LOT 21 60-70cm BGS.
395I/18 - OPENING UP UNIT 12 0-1m NORTH OF UNIT ~~8~~ ⁶ (~~2-3~~ ²⁻³ m E of D) TO FOLLOW "CONFEDERATE RAILROAD" TO THE NORTH. 0-~~20~~ ⁶⁰cm BGS WILL BE LOT 18, FOUND A TINY PIECE OF BONE

395M/03 - CONTINUING EXCAVATION IN UNIT 2A LOT 03 (0-40cm BGS) STERILE. IT LOOKS LIKE THE STONE IN UNIT 1A MUST INDEED BELONG TO ANOTHER STRUCTURE JUST TO THE NORTH (#7?). LOT 04 WILL BE 40-60cm BGS IN UNIT 2A. LOT 04 CONTAINED A LARGE # OF SHERDS AND SOME SMALL TUMBLE - ~~A E-W RUNNING LINE AT 25cm~~

395I/16 - CONTINUING EXCAVATION. LOTS OF TUMBLE & MANY SHERDS SOME INCENSARIO PICES AND FIGURINE FRAGMENTS. OPENING UNIT 3 2-3m WEST OF DATUM. 0-~~20~~ ⁴⁰cm BGS WILL BE LOT ¹⁹ ~~18~~

395M/05 - OPENING UNIT 3A 2-3m NORTH OF UNIT 9 0-40cm BGS IS LOT 05. FOUND AN E-W RUNNING LINE, "THE EAGLES" AT 25cm BGS. LOT 06 40-60cm BGS - A LINE, PART OF "EAGLES"? OR OLDER?

395I/19 - FOUND A N-S RUNNING LINE "CRASH TEST DUMMIES" AT ABOUT 20cm BGS. LOTS OF TUMBLE.

395M/07 - UNIT 4A 0-20cm BGS. "THE POLICE" E-W RUNNING

4/29/96

P96.97.102

TODAY I AM TAKING OVER THE EXCAVATION OF STRUCTURE #5 FROM GINNY (FOR LOTS 1-~~10~~9 SEE P96.86.55-58) I AM STARTING LOT 10 IN UNIT 4 (SEE ~~D96.86.55-58~~ D96.97.33) 40-60cm BGS. IN UNIT 3 40-60cm BGS IS LOT 11. THIS AXIAL TRENCH RUNS E-W ACROSS STRUCTURE #5 AND IS 11m LONG & SUBOP 395I. DATUM IS THE SE CORNER OF UNIT 11 OF THE AXIAL TRENCH

ALSO ESTABLISHING A N-S RUNNING SECONDARY TRENCH OFF OF 395I. THIS WILL BE 395M. UNIT ONE A 0-20cm BGS WILL BE LOT 01

395I/11 - DARK RICH-BROWN SOIL AND A GOOD # OF SHERDS SO, EVEN THOUGH NO ARCHITECTURE HAS APPEARED I WANT TO DIG DOWN 20cm MORE.

(*) 395I/12 - ^{IN UNIT 3} 60-80cm BGS BENEATH THE TUMBLE IS BECOMING PRETTY GRAVELLY AND HAS FAR FEWER SHERDS THAN LOT 11, OBSIDIAN

395I/10 - VERY GRAVELLY BROWN SOIL, FEW SHERDS, OBSIDIAN

395M/02 - ~~0-20cm~~ 20-40cm BGS IN UNIT 1A BELOW LOT 01 ^{EMPTY LOT}

WHICH WAS RICH BROWN STERILE SOIL. LOTS OF TUMBLE, OBSIDIAN

395I/13 - ^{EMPTY LOT} UNIT 5 3-4m WEST OF DATUM 0-20cm BGS IS LOT 13. RICH BROWN SILTY CLAY TOPSOIL - LOTS OF TUMBLE & NO ARTIFACTS 20-40cm BGS WILL BE LOT 15

395I/14 - UNIT 6 2-3m E OF DATUM 0-⁶⁰~~40~~cm BGS IS LOT 14 RICH BROWN SILTY CLAY TOPSOIL. TUMBLE, A POSSIBLE N-S RUNNING LINE, VERY FEW SHERDS

395M/02 - ~~UNIT 2A 0-40cm BGS~~ IT LOOKS LIKE WE MIGHT HAVE COME DOWN ON THE EDGE OF STRUCTURE #7 - SEVERAL STONES AT 35-40cm BGS WHICH DON'T REALLY FORM A LINE BUT CLEARLY AREN'T TUMBLE EITHER. I AM MOVING INTO UNIT 2A AND EXCAVATING LOT 03 0-40cm BGS TO TEST THIS. TOP 20cm IS STERILE. 40-60cm BGS IS LOT 04

4/25/96

PAGE 97.101

395H: UNIT 44 - NO CORNER, NO ARTIFACTS, LOTS OF GRAVEL

395L: UNIT 12B YIELDED UP A WEALTH OF ARTIFACTS. MOVING INTO UNIT 13B 0-1m TO THE NORTH ^{OF UNIT 13B} 0-20cm BCS IS LOT 28.

UNIT 14B 1/2-1 1/2 m NE OF UNIT 13B. 0-40cm BCS IS LOT 29. 13B 20-40cm BCS IS LOT 24

LOT 49

395B: EXCAVATING IN UNIT 14 20-60cm BCS. LOTS OF TUMBLE, FEW SHERDS.

4/26/96

395L: NOW EXCAVATING UNIT ~~13B~~ ^{15B} 0-1/2 m SW OF ~~13B~~ ^{14B} 0-20cm BCS IS LOT 25. IN UNIT 13B ~~23~~ LOT 23 WE ARE FINDING LOT OF ARTIFACTS, CHERT (PROBABLY UNWORKED). 20-40cm BCS ^{IS} LOT 20

395B: EXCAVATING A 1x1/2 m UNIT IN UNITS 4 & 3 70-80cm BCS TO SEE IF THE OLDER LINE (RUNNING UNDER "TRASHY WOMEN" AND INTERSECTING A LINE RUNNING UNDER "FOREVER YOUNG") CONTINUES. THIS IS UNIT 24 70-80cm BCS IS LOT 50.

395L: LOTS OF LITHICS IN THE AREA AROUND "PASSIONATE KISSES" AND THE SW CORNER

395L: OPENING UNIT 16B, A 1/2 m UNIT 0-1/2 m TO THE SOUTH OF UNITS 9 & 10 TO FOLLOW OUT "10 FT TALL AND BULLET-PROOF" 0-20cm BCS WILL BE LOT 26

4/23/96

P96.97.100

IS LOT 17, 40-60 CM BCS IS LOT 18

395L: IN UNIT ~~11B~~^{9B} WE ARE EXCAVATING LOT ~~18~~¹⁵, ~~30-40~~⁰⁻⁴⁰ CM BCS WHICH IS A VERY GRAVELLY, TUMBLE-FILLED AREA.

395B: IN UNIT 12, LOT 46 IS REVEALING ALMOST NO SHERDS IN THE DENSE GRAVEL/TUMBLE FILL. WE ARE GOING BACK ALONG "TRASHY WOMEN" AND "AIN'T THAT LONEY" PULLING OUT STONES TO TRY AND BETTER DEFINE THE LINES. ANY ARTIFACTS FROM "TRASHY WOMEN" WILL BE LOT 47 ^{LOTS OF BT} AND ANY ARTIFACTS FROM "AIN'T THAT LONEY" WILL BE LOT 48 ^{BT}.

395L: AFTER EXCAVATING ALONG "FOOLISH PRIDE" IN UNIT 10B WE ARE MOVING INTO UNIT 11B 0-1m SW OF UNIT 4A 1-2m NORTH OF DATUM. 0-20cm BCS WILL BE LOT 19, ^{BT} LOOKING FOR THE CORNER WITH "FRIENDS IN LOW PLACES" 20-60cm BCS ^{BT} IN UNIT 9B WE ARE CLEARING OUT THE AREA WHERE "FOOLISH PRIDE" CORNERS WITH "AIN'T THAT LONEY" AND "ALL MY EX'S".

395B: "AIN'T THAT LONEY" WAS JUST A LITTLE FURTHER BACK BUT NOW ACTUALLY LOOKS LIKE A WELL-PRESERVED WALL.

4/24/96

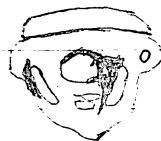

CONTINUING

395B: LOT 48, FROM CLEARING AROUND "AIN'T THAT LONEY"

395H: I AM OPENING UP A SMALL 1 x 1/2m UNIT IN UNIT 16A TO EXPLORE THE POSSIBILITY OF THE "MISSING" CORNER OF "STATE OF MIND" AND "TRASHY WOMEN" (SEE D96.97.30) BEING A BIT DEEPER DOWN. LOT 44 IS 50- cm BCS IN UNIT 22A

395L: CONTINUING EXCAVATION IN UNIT 11B LOT 19 - ~~BT~~ LOTS OF TUMBLE AND GRAVEL. ALSO OPENING UNIT 12B 2-2 1/2m SW OF UNIT 12 2-3m SOUTH OF DATUM. 0-20cm BCS IS LOT 21.

TONS OF SHERDS AND SEVERAL CORES IN THIS LOT. THE "WALL" IS ACTUALLY A PLATFORM SURFACE (SEE D96.97.32) WHICH STOPS SHORT OF "10FT TALL & BULLETPROOF"

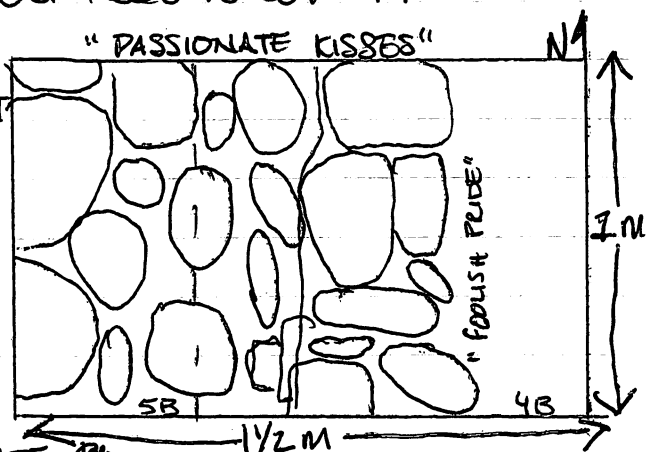

4/23/96

P96 97.99

395L: I AM ALSO OPENING UP UNIT 6B 1-2m SW OF UNIT 22 TO FOLLOW "AIN'T THAT LONELY" TO THE SW. 0-20cm BGS IS LOT 12.

395B: OPENING UNIT 24 2-3m SOUTH OF UNIT 4 TO FINISH EXPOSING "AIN'T THAT LONELY". 0-20cm BGS IS LOT 44

395L: FOUND, IN UNIT 6B, WHAT LOOKS TO BE A CORNER, WHICH DOESN'T LOOK LIKE IT QUITE LINES UP WITH "FOOLISH PRIDE". MOVING SW 0-1/2m TO MAKE SURE THIS IS INDEED A CORNER. UNIT 7B 0-20cm BGS IS LOT 13
IN UNIT 5B WE HAVE FOUND A FLOATING FLOOR SURFACE, "PASSIONATE

KISSES" WHICH MAY BE CONTEMPORANEOUS WITH "TEN FT. TALL AND BULLETPROOF". MOVING 0-1m NORTH UNIT 8B 0-20cm BGS IS LOT 14
* PL OBSIDIAN METATE BT

395B: IN UNIT 24 WE HAVE UNCOVERED THE TOP OF "AIN'T THAT LONELY" AND A SMALL # OF SHERDS. WE ARE TAKING OUT THE FINAL 1/2m TO EXPOSE THE EXTERIOR WALL. UNIT 25 0-1/2m SOUTH OF UNIT 24. 0-50cm BGS IS LOT 45. WE ARE NOW GOING TO BEGIN REMOVING THE UNEXCAVATED SECTIONS ASSOCIATED WITH "FOREVER YOUNG". UNIT 12 10-50cm BGS IS LOT 46,

395L: MOVED INTO UNIT 9B 1-2m SW OF UNIT 12 2-3m S. OF DATUM. 0-40cm BGS IS LOT 15

IN UNIT 8B LOT 14 WE ARE PULLING OUT A GOOD VARIETY OF ARTIFACTS BUT EVIDENCE FOR A CONTINUATION OF "PASSIONATE KISSES" IS TENUOUS. IN UNIT 4B/5B 20-40cm BGS WE HAVE EXPOSED THE FACE OF WHAT APPEARS TO SERVE AS BOTH A FLOOR & A WALL? THIS LOT 16

4/24/96

~~395B~~

395L: OPENING UNIT 10B 1-1/2m SW OF DATUM. 0-40cm BGS

4/22/96

P96.97.98

395B: IN UNIT ~~42~~ WE FOUND THE FRONT OF "AIN'T THAT LONELY" AS WELL AS THE CONTINUATION OF "ALL MY EX'S LIVE IN TEXAS". WE FOUND ALMOST NO SHERDS IN LOT 42. MOVING 0-1/2 m SOUTH TO EXPOSE THE BACK OF "AIN'T THAT LONELY", 0-⁷⁰cm BGS IS LOT 43 ^{UNIT 23 OBS/10/AN}
395H: HAVE FOUND SHERDS, TUMBLE AND LITTLE ELSE. DREW NE QUADRANT OF STRUCTURE, SEE D96.97. ~~30~~ 30. ~~LOT 44 IS 20-40cm BGS.~~

395L: IT IS, THUS FAR, QUITE DIFFICULT TO SEE IF "FOOLISH PRIDE" CONTINUES TO THE NORTH OR NOT, IN UNIT 4B

4/23/96

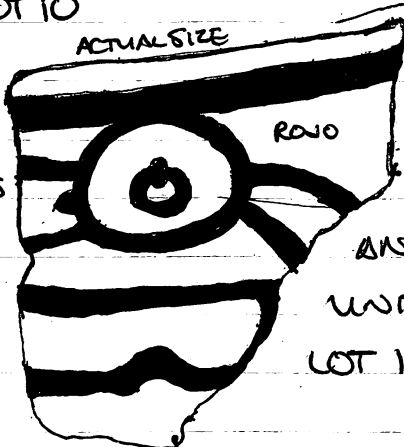

395H: CONTINUING EXCAVATION OF UNIT 21A LOT 43 (0-40cm BGS) THERE ARE SOME LRG. BOULDERS 20-30cm BGS BUT IT LOOKS LIKE ALL TUMBLE. "FOREVER YOUNG" IS A VERY CONFUSING FEATURE. THERE IS MORE TUMBLE AND ROCKY FILL IN THIS AREA THAN ANYWHERE ELSE AND THE FEATURE ITSELF, THOUGH SHALLOW, ^{AND BADLY CONSTRUCTED} IS ~~TOO~~ CAN'T BE TUMBLE B/C ITS THE HIGHEST POINT ON THE STRUCTURE.

^{395L}
~~395B~~ UNIT 4B LOT 09 YIELDED A GOOD NUMBER OF SHERDS AND EXPOSED THE TOP OF NORTHWARD CONTINUING "FOOLISH PRIDE". 20-³⁰cm BGS WILL BE LOT 10.

395B: IN UNIT ²³ LOT 43 WE ARE CLEARING BEHIND "AIN'T THAT LONELY", FINDING A GOOD NUMBER OF SHERDS IN THE RED-BROWN SILTY-CLAY SOIL.

395L: UNIT 4B LOT ^{*PL} 10

WE ARE FINDING LOT AND AT ONLY ALOT OF FLAT STONES TO GET MORE ROOM ARE MOVING INTO 0-20cm BGS IS

ALOT OF SHERDS IN THIS 25cm BGS HAVE ENCOUNTERED ~~OF~~ COMING OFF THE FEATURE. AND GREATER PERSPECTIVE WE UNIT 5B 0-1/2 m SW OF UNIT 4B LOT 11. ~~ILL~~

4/19/96

P96.97.97

39SH: NOW WE ARE MOVING ^{BACK} INTO UNIT 14A TO CLEAR DOWN BEHIND "STATE OF MIND", 20-~~60~~^{FIGURINE, BT}cm BGS IS LOT 41,

39SB: THERE ARE SOME BOULDERS ALONG THE BASE OF "TRASHY WOMEN" IN UNITS 14 & 18 I AM CREATING A 1x1m UNIT (19) 70-^{*PL}80cm BGS WILL BE LOT 39. SOIL CHANGES HERE, BECOMES LOOSE & SANDY/GRAVEL

39SH: MOVING INTO UNIT 20A 0-1/2m NE OF UNIT 14A TO CONTINUE CLEARING AROUND "STATE OF MIND". 0-80cm IS LOT 42.

4/22/96

39SB: EXCAVATING UNIT 20 2-3m SOUTH OF UNIT 3 2-3m NE OF DATUM 0-⁵⁰~~200~~cm BGS IS LOT 40 - LOOKING FOR A CORNER OF "TRASHY WOMEN" AND (WITH LUCK) "AIN'T THAT LONELY YET".

39SH: CONTINUING EXCAVATION OF UNIT 20A, LOT ^{OBSIDIAN}42. THE SOIL HERE IS VERY GRAVELLY & ^{SANDY} CONTAINS FEW ARTIFACTS.

39SB: FINISHED LOT 40 - LOTS OF BT INTERMIXED WITH REDDENED SOIL - SEVERAL PATCHES LIKE THIS ALONG THE BASE OF "TRASHY WOMEN". AS IT IS DIFFICULT TO TELL IF WE HAVE HIT THE CORNER OR NOT WE ARE MOVING SOUTH 1/2m UNIT 21 0-1/2m SOUTH OF UNIT 20 0-40cm BGS IS LOT ^{OBSIDIAN}41.

39SL: EXCAVATING IN UNIT 3B, 40-60cm BGS IS LOT 08. LOT 07 (20-40cm) APPEARED TO BE THE BEGINNINGS OF A MIDDEN, BUT LOT 08 DOESN'T SEEM TO BE PART OF THIS: THE SOIL CHANGES FROM REDDISH TO YELLOWISH BROWN HERE AND THE SHERD COUNT DROPS TO A COMMON LEVEL. WE ARE NOW MOVING NORTH TO TRY AND FOLLOW "FOOLISH PRIDE". UNIT 4B WILL BE 1/2-1 1/2m SW OF UNIT 5A 0-1m SOUTH OF DATUM 0-20cm BGS IS LOT 09.

39SB: AM UNSURE EXACTLY WHERE THE NEW LINE IS SO WE ARE FOLLOWING "AIN'T THAT LONELY" TO THE NE. UNIT 22 IS 3-4m SOUTH OF DATUM. 0-20cm BGS IS LOT 42

39SH: OPENING UNIT 21A TO FIND THE NORTH END OF "FOREVER YOUNG" (0-1m NORTH OF DATUM) 0-⁴⁰~~20~~cm BGS IS LOT 43.

4/18/96

4/18/96

PAGE 97.96

PAGE 97.96

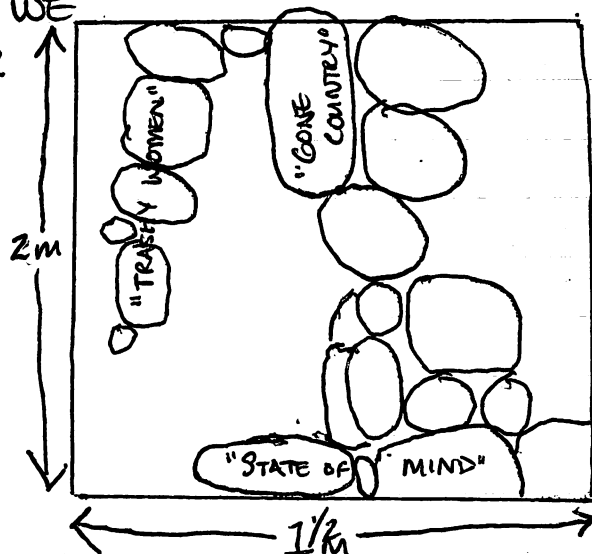

395B: FOUND NO MORE EVIDENCE OF AN OUTSET CORNER HERE
SO WE ARE PUSHING SOUTHWARD 0-1m, UNIT 16, 0-30cm BGS
WILL BE LOT 37

395H: UNIT 17A IS CHOCK-FULL OF TUMBLE, SHERDS, BT & OBSIDIAN
~~BUT AFTER CLEARING IT ALL OUT WE HAVE TWO LINES FACING EACH OTHER~~

~~BUT AFTER CLEARING IT ALL OUT WE~~
HAVE 2 GOOD LINES FACING EACH OTHER

I AM MOVING 0-1m TO THE SOUTH
TO FOLLOW ONE OF THEM. THIS WILL
BE UNIT 18A 0-⁴⁰cm IS LOT 40.

395B: IT IS VERY DIFFICULT TO
TELL WHERE EXACTLY THE LINE IS
HERE SO I AM MOVING 0-1/2m
NE TO COME UP THE FACE OF
THE FEATURE. THIS IS UNIT 17
0-⁷⁰cm IS LOT 38.

4/19/96

395H: FINISHING UP LOT ^{SHERDS BT} 40 (UNIT 18A) FROM YESTERDAY - LOTS OF
TUMBLE IS OBSCURING THE LINE.

395B: FINISHING UP UNIT 17 LOT 38 (0-70cm BGS) WHICH WAS
ALL TUMBLE. SOME INTERESTING SHERDS, MANY HANDLES. LOTS
OF LRG. BT CHUNKS. NOW MOVING INTO UNIT 18 0-1m NE OF
UNIT 11 & 1-2m S OF DATUM 0-50cm BGS IS LOT 39 BRINGING
US LEVEL WITH "TRASHY WOMEN".

395H - BEGINNING UNIT 19A 1 1/2m x 1m NE OF UNITS 17A & 18A. TO
CLEAN OFF THE REST OF THE TUMBLE AND DETERMINE HOW MANY
LINES WE HAVE HERE & HOW THEY RELATE TO "TRASHY WOMEN".
LOT 41 IS 0-^{CHEST BT} 40cm BGS. "TRASHY WOMEN" IS THE NE-MOST LINE, "STATE
OF MIND" ENDS AND "GONE COUNTRY" JUTS OFF IT RUNNING N-S.
(SEE DRAWING ABOVE)

4/17/96

pg. 97.95

395H: THE WALL "FRIENDS IN LOW PLACES" DOES NOT FORM A CORNER WITH "FOREVER YOUNG" AND IT LOOKS NOW LIKE WE ARE DEALING WITH AN INSET CORNER WITH "STATE OF MIND". I AM OPENING UNIT 15A TO FOLLOW "STATE OF MIND" TO THE NE. UNIT 15A IS 1-2 m NE OF UNIT 4A. 0-⁴⁰cm BGS IS LOT 33, "STATE OF MIND" IS LOOKING GOOD HERE, WE ARE CLEANING DOWN IN FRONT OF IT NOW. 40-60cm BGS IS LOT 36.

395B: IN UNIT ~~13~~ 13 WE FOUND A POSSIBLE CONTINUATION OF "ALL MY EX'S LIVE IN TEXAS" (SEE D96.97.28) A LINE THAT APPEARED IN UNIT 8A, FACING "AIN'T THAT LONELY YET". WE ARE MOVING INTO UNIT 14 TO TRY AND TRACE OUT "TRASHY WOMEN" TO THE SOUTH. UNIT 14 IS 0-1 m SOUTH OF UNIT THREE 0-40cm IS LOT ~~34~~ 34. I WANT TO CONTINUE DOWN, EXPOSING THE FACE OF "TRASHY WOMEN" 40-70cm BGS WILL BE LOT ^{BT} 35

395H: MOVING INTO UNIT 16A 2-3 m NE OF UNIT 4A TO FOLLOW "STATE OF MIND". 0-40cm WILL BE LOT 37

4/18/96

395B: IN UNIT 14 ~~WAS~~ EXPOSED THE FACE OF "TRASHY WOMEN" AND IN CROSS-SECTION (SOUTH FACE OF UNIT) IT LOOKS LIKE THE FEATURE JUMPS OUT TO THE NE. WE ARE OPENING UP A $\frac{1}{2} \times 1$ m SECTION UNIT TO SEE IF THIS IS TRUE. THIS WILL BE UNIT 15 0- $\frac{1}{2}$ m NE OF UNIT 14 (0-1 m S OF UNIT 3 (395B)). 0-20cm BGS WILL BE LOT 36^{BT}.

395H: UNIT 16A, EXPOSED MORE OF THE FACE OF "STATE OF MIND" AND WHAT COULD BE ITS CORNER (TURNING SOUTH)

~~BUT, IT DOESN'T, IT KEEPS ON TOLD THE NEXT SECTION.~~ 40-60cm BGS WILL BE LOT 38 (UNIT 16A). WE ARE MOVING 0-1 m TO THE SOUTH TO FOLLOW THE CORNER WHICH SHOULD JOIN "TRASHY WOMEN" THIS IS UNIT 17A 2-3 m NE OF UNIT 4A 1-2 m N OF DATUM 0-~~10~~cm BGS IS LOT 39.

4/16/96

20-40

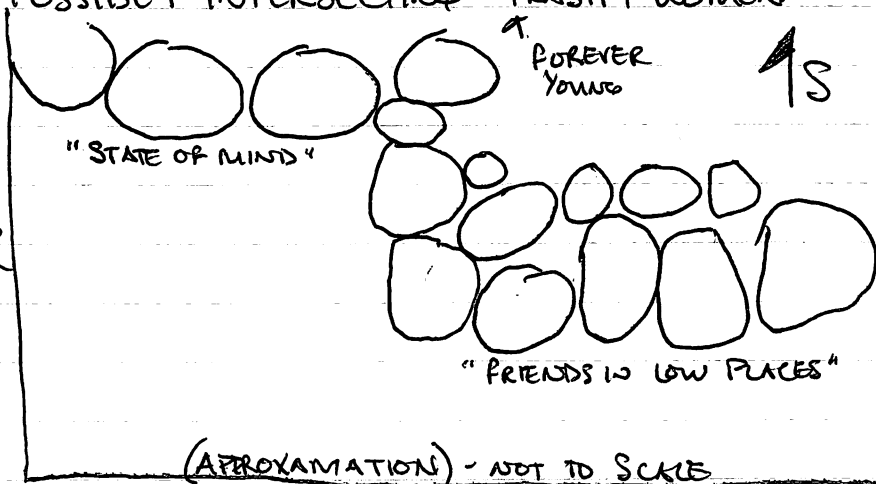

P96.97.98

395L: UNIT THREE B LOT 07 ~~10-20cm~~ ^{20-40cm} BGS SEEMS TO HEAVY FILL OR A MIDDEN DEPOSIT: CORES, ENCENSARIOS, STRAP HANDLES, LRG DECORATED SHERDS, OCARINA

395H - UNIT ~~EVEN~~ ^{TWELVE} A - REMOVING THE TUMBLE AT WHAT LOOKS TO BE THE CORNER OF "FRIENDS IN LOW PLACES" 20-60cm BGS LOT 30

395B - OPENING UNIT THIRTEEN ~~1-2~~ ¹⁻² m S of UNIT ~~THREE~~ ^{FIVE FOUR}. 0-40cm BGS IS LOT 33 - LOOKING FOR A POSSIBLE CORNER OFF "FOREVER YOUNG"

395H - UNIT ~~EVEN~~ ^{TWELVE} A LOT 33 - "FRIENDS IN LOW PLACES" DOES TURN TO THE SOUTH HERE, PRESUMABLY CONNECTING TO "FOREVER YOUNG" BUT A NE-SW RUNNING LINE ALSO EXTENDS OUT, MADE OF THICK, LARGE COBBLES, POSSIBLY INTERSECTING "TRASHY WOMEN" FURTHER TO THE NE, THIS WILL BE FEATURE "STATE OF MIND"

395L - WE ARE EXCAVATING UNIT THREE B, ^{BY 20cm} NOT ~~ONLY~~ LOTS WHICH CORRESPONDS TO THE STRATIGRAPHIC CHANGES LIGHT BROWN

SILTY CLAY (0-20), RED BROWN SILTY CLAY 20-~~40~~ ⁶⁰ AND YELLOW-BROWN GRAY SANDY CLAY 60-70

4/17/96

395H: OPENING UP UNIT FOURTEEN A TO SEE IF "FRIENDS IN LOW PLACES" DOES FORM A CORNER WITH "FOREVER YOUNG". UNIT 14A IS 0-1m NE OF UNIT 4A. 0-10cm BGS WILL BE LOT 34. ^{SHERDS} ~~BT~~

395B: CONTINUING EXCAVATION IN UNIT 13, LOT 33 (0-40cm BGS) THIS AREA IS FULL OF TUMBLE AND GRAVEL & VERY CONFUSING

4/16/96

P96.97-93

STRUCTURE #2 395H: UNIT FIVE A 60-70 cm BGS IS LOT 27

395L: UNIT ONE B 40-70cm BGS IS LOT 03

~~395B: BEGINNING A NEW SUBOT IN UNIT ONE C 0-1m NE OF UNIT SEVEN A (395H) 1-2m S OF DATUM. 0-20cm BGS IS LOT 01 AND WILL TRACE OUT "FOREVER YOUNG"~~

I AM ALSO MAKING A SECTION DRAWING TODAY OF THE AXIAL TRENCH (395B) WHICH WILL BE D96.97.26. DATUM REMAINS THE 5m POINT ALONG THE 10m AXIAL TRENCH

395L: UNIT TWO B 0-1/2 m SW OF UNIT SIX A 1-2m S OF DATUM. 0-40cm BGS IS LOT 04. 40-70cm IS LOT 05

~~395M: UNIT ONE C 20-60cm BGS IS LOT 02~~

~~395N: UNIT ONE D 0-1m NE OF UNIT THREE A (395H) 0-20cm BGS IS LOT 01~~

395H: UNIT TWELVE A 0-1m NE OF UNIT THREE A 0-20cm BGS IS LOT 28 FOLLOWING OUT "FRIENDS IN LOW PLACES" TO THE NE.

395B: UNIT ELEVEN # 0-1 m S OF UNIT ^{FIVE} FOUR 0-1 m NE OF DATUM FOLLOWING OUT "FOREVER YOUNG" 0-20 cm BGS IS LOT 30. 20-60cm BGS IS LOT 31. UNIT TWELVE 1-2m S OF UNIT ^{FIVE} FOUR 0-20cm BGS ~~395H~~ IS LOT 32 - CONTINUING TO LOOK FOR "FOREVER YOUNG" ALTHOUGH THE LINE ISN'T HOLDING UP WELL AT ALL - ITS POSSIBLE THAT WE HAVE HIT A FILLED-IN DOORWAY

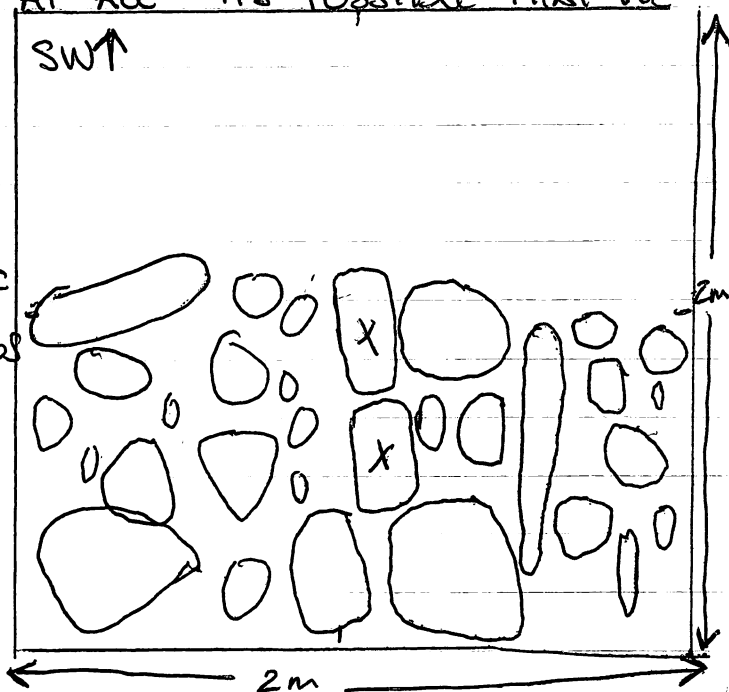

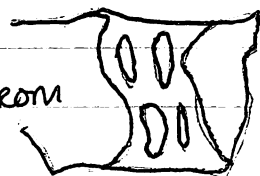

B/C THE X-MARKED STONES ARE FLAT FACED SOUTHWARD →

395H - UNIT THIRTEEN A 0-1/2 m NORTH OF UNIT ^{TWELVE} ~~ELEVEN~~ A IN FRONT OF "FRIENDS IN LOW PLACES" 0-20cm BGS IS LOT 29.

395L: UNIT THREE B 0-1m SW OF UNIT ONE B. 0-20cm BGS IS LOT 06

ELABORATE

HANDLE FROM 395L/06

4/15/96

Pg 97-92

STRUCTURE #2 - UNIT FOUR A LOT 14 YIELDED SHERDS & BT AND
BEGAN TO EXPOSE MORE OF THE SOUTH FACE OF "FRIENDS IN LOW
PLACES". LOT 21 ^{SHERDS & BT & A CORE} 40-60cm BGS SHOULD EXPOSE MORE, MAYBE
THE BASE OF THE FEATURE. THE SOIL BECOMES VERY GRAVELLY AT
55-60cm BGS. I WANT TO MOVE SOUTH INTO UNIT FIVE A. 0-20cm
BGS WILL BE LOT 22 - LOTS OF TUMBLE ON THE SURFACE.

UNIT NINE A LOT 20 (20-40cm) CONTAINS A HIGH % OF TUMBLE
WHICH WE ARE PICKING THROUGH, TRYING TO FIND THE LINE. IN
UNIT SEVEN A, LOT 19 (40-60cm BGS), ~~A SMALL COBBLE FEATURE~~
~~MAYBE~~ ~~TAKING SHAPE, FEATURE "AIN'T THAT LONELY YET"~~. THE SOIL, AT ABOUT
60cm BGS IS BECOMING SANDIER.

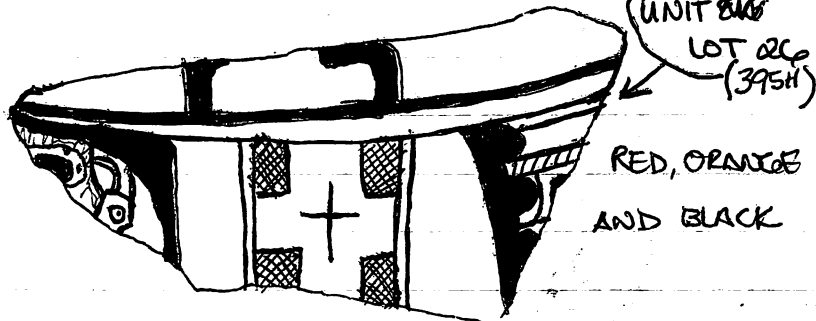

UNIT NINE A 40-²⁰60cm BGS WILL BE LOT 23, ON THE NORTH
SIDE OF WHAT MAY BE A FEATURE, FEATURE "AIN'T THAT LONELY YET".
WE ARE OPENING UP UNIT EIGHT A, 0-20cm BGS WILL BE LOT 24

395L - UNIT ONE B $\frac{1}{2}$ - $1\frac{1}{2}$ m SW OF UNIT SEVEN A (1-2 m SOUTH OF
DATUM) TO FOLLOW OUT "FOOLISH PRIDE". SOME LRG. RIM SHERDS
20-40cm BGS ON EITHER SIDE OF "FOOLISH PRIDE" LOT 02

395H - UNIT EIGHT A 20-²⁰60cm BGS LOT 25.
ENCENSARIO FOOT, BT, CHIP STONE FLAKE
UNIT FIVE A 20-60cm BGS LOT 26.

MOST OF THESE UNITS HAVE BEEN YIELDING A REASONABLE % OF
RED ORANGE SLIPPED SHERDS W/ BLACK PAINT DESIGNS & SOMETIMES
LIGHTER RED ORANGE SLIP STRIPES.

A NE BY SW RUNNING LINE HAS APPEARED IN UNIT EIGHT A
AT C. 50cm BGS. FEATURE "SHAMELESS".

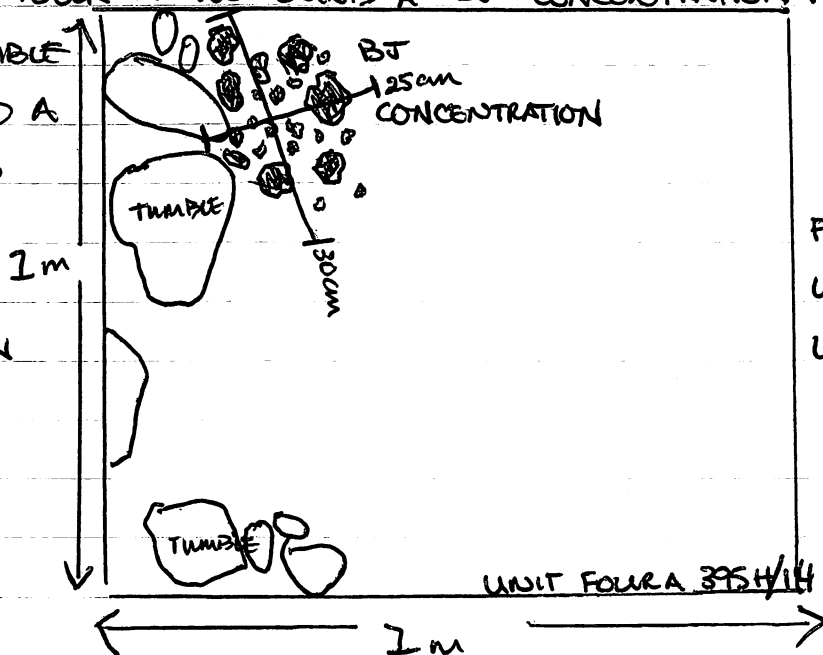

4/3/96

P96.97.91

STRUCTURE #2: IN 395B UNIT SIX I WANT TO MOVE DOWN ANOTHER 20cm RIGHT ALONG THE NE FACE OF THE UNIT B/C WHAT MIGHT BE A DEEP COBBLE LINE IS APPEARING AND I WANT TO CHECK IT OUT. 70-90cm BGS WILL BE ^{SHERDS OBVIOUS} LOT 29.

I AM MOVING INTO UNIT SEVEN A ^{H2} 0-20cm SOUTH OF DATUM 395H/16 WILL BE 0-20cm BGS

IN 395H/14 UNIT FOUR A WE FOUND A BT CONCENTRATION PILED UP AGAINST SOME TUMBLE WE HAVE UNCOVERED A THICK LINE RUNNING THROUGH UNITS THREE A. THIS FEATURE "FRIENDS IN

NE BY SW
FOUR A AND
WILL BE
LOW PLACES"

4/15/96

STRUCTURE #2 395^H: UNIT SEVEN A 20-40cm BGS WILL BE ^{SHERDS ONLY} LOT 17. UNIT FOUR A LOT 14 - CONTINUING EXCAVATION TO 40cm BGS BEHIND "FRIENDS IN LOW PLACES"

UNIT NINE A 3-4m SOUTH OF DATUM (5m PT. ALONG THE NE BY SW RUNNING AXIAL TRENCH 395B) 0-20cm BGS LOT 18. OVER BREAK SOME MINOR DAMAGE WAS DONE TO FEATURE "TRASHY WOMEN" - TWO STONES WERE KNOCKED OUT OF THE LINE

UNIT SEVEN A LOT 17 YIELDED ONLY SHERDS & NO FEATURES (EXCEPT THE CONTINUING FRONT FACE OF "FOREVER YOUNG"). 40-⁷20cm BGS WILL BE LOT 19. UNIT NINE A LOT 18 - SHERDS & BT AND A POSSIBLE LINE EMERGING RUNNING NE BY SW. LOT 20 20-40cm BGS SHOULD REVEAL MORE.

4/3/96

P96.97.90

• STRUCTURE #6: I AM NOT GOING TO CONTINUE EXCAVATION ON THIS STRUCTURE UNTIL AFTER SEMANA SANTA. WE HAVE BEEN FINDING AN INCREASING # OF ARTIFACTS, ESPECIALLY LITHICS, AS WE MOVED NW AND NE BUT I'M AFRAID THAT WE ARE COMING UP ONTO THE SW CORNER OF STRUCTURE #1 (OR THE WEST SIDE OF A YET UNDISCOVERED STRUCTURE BEHIND #5 (SEE D96.97.22) WHICH WOULD EXPLAIN THE SUDDEN INCREASE IN CULTURAL MATERIALS WHICH WERE QUITE SPARSE FURTHER SW IN STRUCTURE #6.

• STRUCTURE #2: THE MIDDENS FOUND AT EITHER ENDS OF THE LATERAL TRENCH (395H) RUNNING N-S ACROSS STRUCTURE #2 HAVE YIELDED A RICH VARIETY OF SHERDS, ENCENSARIO FRAGS, OCARINA FRAGS, CORES, BLADES, FIGURINES AND GROUND STONE. AT BOTH ENDS OF THE TRENCH THE MIDDENS BEGIN TO TERMINATE AT ABOUT 50-60cm BGS WHERE THE SOIL CHANGES FROM A RICH ^{BROWN} SILTY CLAY TO A GRAVELLY SAND FULL OF SMALL COBBLES.

I TOOK A FLOATATION SAMPLE FROM 395B/27, UNIT SIX (40-60cm) THE SOIL HERE CORRESPONDS TO THE SECOND STRAT (MIDDLE LEVEL) IN D96.97.23, IS BELOW "FOOLISH PRIDE" TO THE SW AND THE NEWLY EMERGED "FOREVER YOUNG" TO THE NW BUT STILL CONTAINS CULTURAL MATERIAL. IT IS JUST ABOVE THE GRAVELLY SAND SOILS AND I AM INCLINED TO BELIEVE IT REPRESENTS ONE OF THE EARLIEST OCCUPATIONAL DEPOSITS AT THIS SITE.

395H/13 ^{UNIT TEN} IS TURNING UP RED BROWN SOIL AND ^{VERY RED} BT CHUNKS AT C. 50cm BGS. IN UNIT THREE A ~~395H/12~~ 395H/12 WE HAVE IDENTIFIED 2 POSSIBLE

NE BY SW RUNNING LINES, WE ARE GOING TO MOVE SOUTH INTO UNIT FOUR A 0-⁴⁰100cm BGS LOT 14 AND THEN MOVE BACK NORTHWARD TO EXPOSE THE LINE. IN 395H UNIT TEN A LOT 15 WILL BE 40-60cm BGS

IN 395B/28 ^{METATE} UNIT FIVE WE ARE UNCOVERING A N-S RUNNING FEATURE "FOREVER YOUNG" WHICH COULD BE A THICK, STRUCTURE BISECTING WALL. WE ARE MOVING TUMBLE OFF THIS FEATURE NOW.

4/1/96

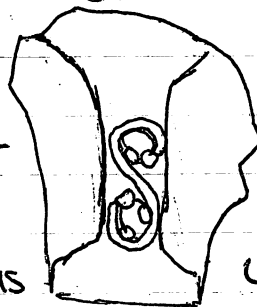

P96-9789

- STRUCTURE #6: WE FINISHED UP LOT 15 0-20cm BGS AND ARE NOW DIGGING 20-40cm BGS IN LOT 16. I HAVE MY SUSPICIONS THAT WE MAY ACTUALLY BE DIGGING IN THE SW CORNER OF STRUCTURE #1. WE PULLED TWO HUGE, ABSOLUTLY BEAUTIFUL LITHIC (CHERT) CORES FROM LOT 16.

- STRUCTURE #2: WE ARE MOVING INTO UNIT TEN A 0-20cm BGS 3-4m SOUTH OF DATUM WHICH WILL BE 395H LOT 08. UNIT TWO A 20-40 cm BGS, ~~WILL BE LOT 07~~ LOT 07 IS YIELDING A LOT OF SHERDS AND BT. BUT, SO FAR, NO FEATURES. FOUND A COOL HANDLE TOO.

- STRUCTURE #6: WE ARE MOVING BACK INTO 395D NOW UNIT MINUS FOUR TO EXCAVATE 40-60cm BGS LOT 17.

- STRUCTURE #2: TEN A 20-40cm BGS IS LOT TWO A 40-60cm BGS IS LOT 11 AND IN 20-40 40-60 cm BGS IS LOT 25 AND UNIT FOUR 40-60cm IS

10. UNIT
UNIT THREE SIX
LOT 26

4/3/96

- STRUCTURE #2: I AM CONTINUING EXCAVATION IN UNIT SIX 40-60cm BGS WILL BE LOT 27 (395B). IN UNIT FIVE 0-1m NE OF DATUM 0-20cm BGS WILL BE LOT 28. ^{OBSIDIAN CHIPSTONE TWO UNITS} THESE WILL COMPLETE EXCAVATION OF THE AXIAL TRENCH (395B) HAVING REVEALED "10FT TALL AND BULLETPROOF" A SHALLOW N-S RUNNING WALL IN UNIT NINE. "FOOLISH PRIDE" A POSSIBLE BASAL WALL RUNNING N-S IN UNIT EIGHT AND "TRASHY WOMEN" THE BASAL ^{N-S} WALL IN UNIT THREE.

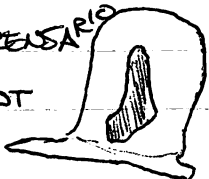

IN SUBOP 395H WE ARE OPENING UP UNIT THREE A 0-20cm BGS WILL BE LOT 12. UNIT TEN A 40-60cm BGS WILL BE ^{OBSIDIAN} LOT 13. *PL
IN UNIT TWO A WE COULD SEE A NE BY SW RUNNING LINE IN CROSS-SECTION WHICH I EXPECT TO COME DOWN ON IN UNIT THREE A.

4/1/96

pg 97-98

THIS MORNING WE ESTABLISHED A NEW TRENCH RUNNING APPROX. NE BY SW ACROSS STRUCTURE #5 WHICH GUNNY WILL RECORD IT IS 395 I.

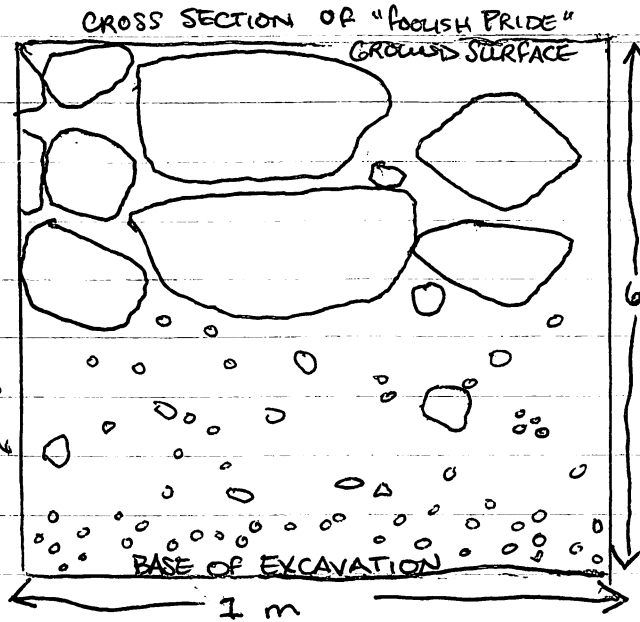

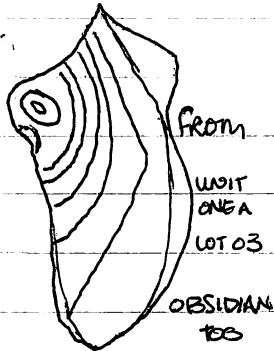

- STRUCTURE #6: I AM RUNNING A NEW SUBOT SOUTHWARD OFF OF 395 D (THE AXIAL TRENCH) WHICH WILL BE 395 J UNIT MINUS ONE A 0-1 m SOUTH OF UNIT MINUS FOUR 0-20cm BGS WILL BE ^{OBSIDIAN} LOT 01 TRYING TO FOLLOW A POSSIBLE N-S RUNNING LINE. I AM ALSO EXTENDING 395 D ANOTHER METER TO THE NE UNIT MINUS SIX 0-20cm BGS WILL BE LOT 15.
- STRUCTURE #2: CONTINUING EXCAVATION IN THE MIDDEN AT THE NORTH END OF 395 H, UNIT ONE A 60-80cm BGS IS LOT 04. CONTINUING EXCAVATION IN ELEVEN A 40-60cm BGS WILL BE ^{OBSIDIAN} LOT 05. WE ARE CLEANING OUT UNIT SEVEN ^{60-70 SHERDS} 40-60cm BGS LOT 23 AND CLEANING OFF THE BACK OF "FOOLISH PRIDE". ALSO STILL SEARCHING FOR A TRUE LINE ON TRASHY WOMEN IN UNIT TWO (395 B). IT LOOKS LIKE UNIT ELEVEN A MAY HAVE BEEN A MIDDEN AREA AS WELL. IN UNIT ONE A LOT 04 THE HIGH SHERD COUNT IS BEGINNING TO SLOW SOMEWHAT, AND OPENING UP THE SOIL HAS BECOME ALMOST ALL SAND AND COBBLES. WE ARE MOVING INTO UNIT TWO A (0-1 m SOUTH OF UNIT ONE A) 0-20cm BGS IS LOT 06. MOVING INTO UNIT SIX 0-1 m SW OF DATUM 0-20cm BGS IS LOT 24.
- STRUCTURE 6: THIS REMAINS AN ENIGMA BUT I FIND IT HARD TO BELIEVE THAT IT IS JUST A NATURAL ROCK FORMATION, WE ARE PULLING OUT TOO MANY SHERDS FOR THAT. 395 J LOT 02 WILL BE 20-40cm BGS IN UNIT MINUS ONE A.
- STRUCTURE #2: WE WILL SOON BE PUSHING BACK INTO UNIT THREE, STILL SEARCHING FOR "TRASHY WOMEN". I KNOW WE ARE GETTING CLOSE. FOUND AN ENCEUSARI¹⁰ PECE IN UNIT ELEVEN A LOT 05. AND AN OCARINA FRAGMENT FROM TWO A LOT 04. 20-40 cm BGS LOT 07

3/29/96

P96-97-87

STRUCTURE #2-

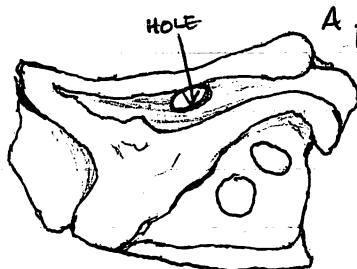

WE ARE EXCAVATING UNIT TWO LOT ¹⁹~~18~~ 40-60cm BGS. LOT 18 YIELDED 60cm A SMALL # OF SHERDS. IN UNIT EIGHT WE ARE SLOWLY COMING DOWN ON THE OTHER SIDE OF "FOOLISH PRIDE" AND ARE FINDING A SMALL TO MODERATE

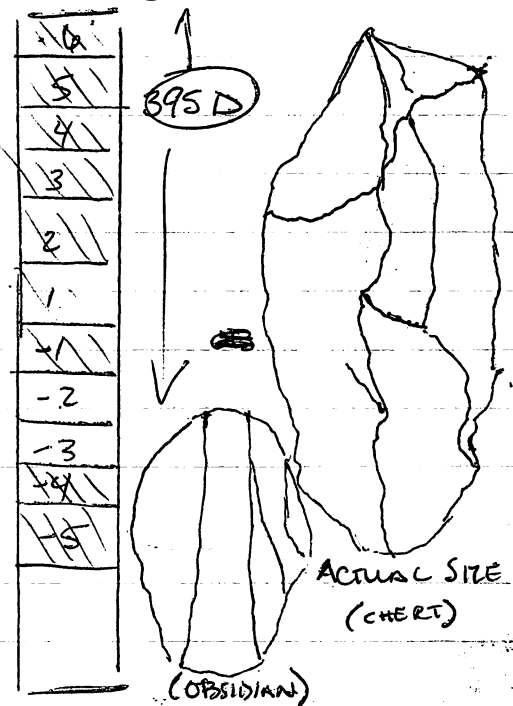

NUMBER OF SHERD. UNIT ELEVEN A ~~14~~ IS A RICH BROWN SILTY SOIL WITH A MODERATE NUMBER OF SHERDS COMING OUT OF IT. I ALSO MOVED INTO UNIT SEVEN 1-2m SW OF DATUM 0-20cm BGS WAS LOT 20 - MODERATE # OF SHERDS AND WE FOUND THE OTHER SIDE OF "FOOLISH PRIDE". 20-40cm BGS WILL BE LOT 21. IN 395H ~~14~~ UNIT ONE A LOT 03 WE'VE HIT A SMALL RT CONCENTRATION IN THE MIDDEN. IN THE SOUTH 1/2 OF THE UNIT AT 35cm BGS.

STRUCTURE #6 - I HAVE NO IDEA WHAT IS GOING ON OVER HERE. LOT 13 ^{UNIT MINUS FIVE} YIELDED A GOOD NUMBER OF SHERDS BUT REVEALED NO ARCHETETURE WE ARE DIGGING LOT ^{UTHICS} 14 20-40cm BGS.

STRUCTURE #2 - 395H UNIT ^{ONE A}~~ONE A~~ LOT 03 (20-60cm BGS), THE MIDDEN, HAS YIELDED 2 REALLY NICE LITHICS. ONE CHERT, ONE OBSIDIAN. FROM UNIT ELEVEN A LOT 02: UNIT SEVEN 40-60cm BGS WILL BE LOT 22.

A POSSIBLE PENDANT ORNAMENT?

3/29/96

P96.97.86

- STRUCTURE #2 - WE ARE CONTINUING EXCAVATION IN UNIT EIGHT 40-60cm BGS WILL BE LOT 17 IN FRONT OF "POOLISH PRIDE". I AM BEGINNING A NEW SUBOPERATION "H" SO 395H WILL BE A ^{SECOND} AXIAL TRENCH RUNNING 10° W OF N ACROSS STRUCTURE #2. THIS TRENCH IS 10m LONG AND BISECTS 395B AT 0-1m SW OF DATUM. WE ARE EXCAVATING THE ^{NW} MOST UNIT, UNIT ONE A 4-5m ^{NW} OF DATUM. 0-20cm BGS IS LOT ^{*PL 01} 18. THIS LOT HAS, THUS FAR, YIELDED 4 BAGS OF SHERDS

- STRUCTURE #6 - WE ARE CONTINUING DOWN IN UNIT MINUS FOUR 20-50cm BGS WILL BE LOT 12. WHAT LOOKS LIKE IT MIGHT BE A LINE IS IN THE NE END OF THE UNIT SO AFTER WE CLEAR DOWN LOT 12 I WANT TO MOVE BACK A METER TO TRY AND COME DOWN ON THE BACKSIDE OF THE POTENTIAL LINE. UNIT MINUS FIVE 0-20cm BGS IS LOT 13.

- STRUCTURE #2 - IN UNIT ONE A LOT OF WE ARE PULLING TONS OF SHERDS SOME ORNATELY DECORATED AND PAINTED RED, ON BOTH SIDES. AND A FIGURINE FACE PIECE MORE WORKERS HAVE ARRIVED. I AM GOING TO PUT TWO OF THEM BACK IN UNIT TWO TO REMOVE TUMBLE THIS WILL BE LOT 18. ON THE SECOND AXIAL

TRENCH 395H WE ARE OPENING LOT UNIT ^{ELEVATION 5-6} ELEVEN 4-5m S OF DATUM 0-40cm BGS IS LOT 02. UNIT ONE A

LOT 01 WAS DEFINATLY THE BEGINNING

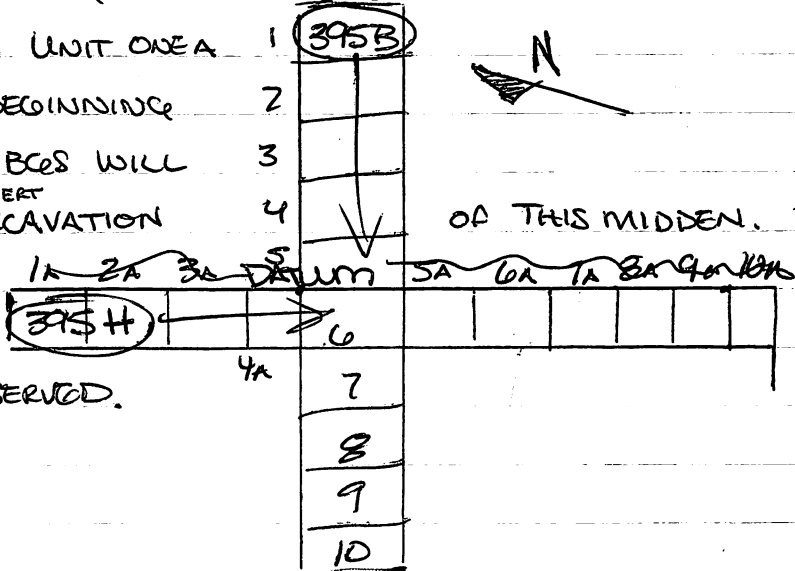

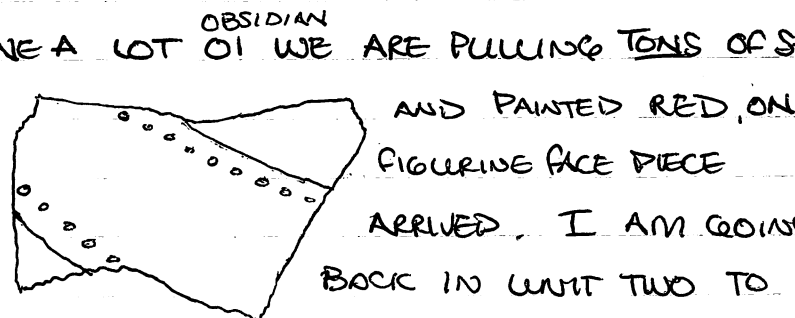

OF A MIDDEN 20-60cm BGS WILL

BE LOT 03 CONTINUING EXCAVATION

ARE PULLING OUT A TON

OF SHERDS, SOME LARGE

PIECES WITH HANDLES PRESERVED.

3/28/96

PG 97.85

- STRUCTURE #2 - UNIT THREE, LOT 11 (10-20 40 20 ~~20-40cm~~ BGS) YIELDED SHERDS AND A FEW BIG CHUNKS OF BT. IT LOOKS, IN CROSS SECTION, LIKE WE MAY HAVE DUG THROUGH PART OF A WALL SO WE ARE MOVING SW INTO UNIT 4 (1-2m NE OF DATUM - THE 5m POINT ALONG THE AXIAL TRENCH). 0-40cm BGS WILL BE LOT 13 AND, IF ITS THERE, SHOULD BRING US DOWN ON THE OTHER SIDE OF THE LINE.

IN UNIT NINE LOT 12 ^{PL} WE ARE FINDING A TON OF SHERDS AND A FEW FIGURINE FRAGMENTS, OBSIDIAN. WE PULLED OUT ONE SHERD ON WHICH YOU CAN SEE A SCAR WHERE THE LEG WAS AND THIS DESIGN WAS ON THE OUTSIDE.

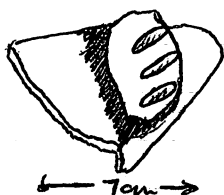

THIS UNIT, AND ~~UNIT NINE~~ APPEARS TO BE ALL FILL. UNIT NINE 40-60cm BGS WILL BE

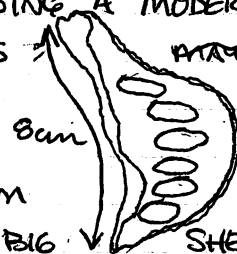

THIS LOT (12) AND LOT 134

- STRUCTURE #6 - WE ARE MOVING INTO UNIT TWO 1-2m SW OF DATUM (NW CORNER OF UNIT ONE). 0-20cm BGS IS LOT 09. WE ARE GOING DOWN ANOTHER 10cm BELOW LOT 08 ^{LITHIC} IN UNIT FOUR 20-30cm BGS WILL BE LOT 10. LOT 08 HAD ONLY A VERY FEW SHERDS. SINCE WE HAVE BEEN UNABLE TO FIND A SINGLE SOLID LINE ANYWHERE IN THE FIRST SIX METERS OF THE TRENCH I AM MOVING BACK ⁴⁻⁵ 3m NE OF DATUM STILL ORIENTED IN THE AXIAL TRENCH UNIT MINUS FOUR. 0-20cm ^{SHERDS} BGS WILL BE LOT 11.

IN HERE WE FOUND A SHERD WITH A STRANGE APPLIQUE ON IT. WE FINALLY FOUND WHAT LOOKS LIKE A N-S RUNNING LINE WHICH WE WILL EXPLORE MORE TOMMORROW.

STRUCTURE #2 - WE ARE EXCAVATING UNIT EIGHT NOW AS WE FOUND NOTHING BUT FILL IN UNIT NINE. 0-20cm BGS IN UNIT 8 1-2m SW OF DATUM WILL BE LOT 15. THERE IS A NICE CLEAR STRATIGRAPHY IN THIS END OF THE AXIAL TRENCH WHICH I DREW TO SCALE IN PG 97.23. THE SOIL IN UNIT THREE, AT C. 30cm BGS HAS BECOME FULL OF GRAVEL AND SANDY. LOT 13 IS YIELDING A MODERATE AMOUNT OF SHERDS (UNIT FOUR). UNIT EIGHT LOT 15 WE HAVE ALSO COME DOWN ON TOP AND IN FRONT OF FEATURE "FOOLISH PRIDE" RUNNING APPROX N-S. WE ARE CONTINUING DOWN 20-40cm BE ^{PL} LOT 16. FROM WHICH WE ARE PULLING SOME BIG SHERDS ALMOST CERTAINLY FROM THE SAME POT (ON AVERAGE 10cm x 8cm)

MAYBE A HANDLE? BGS WILL

3/27/96

P96-97-84

MINUS ONE 0-¹⁰20cm BCS IS LOT 06.

ON STRUCTURE #2 IN UNIT TWO LOT 08 WE FOUND A FEATURE THAT APPEARS TO RUN NE BY SW CALLED TRASHY WOMEN. WE WILL MOVE INTO UNIT THREE AND TRY AND FOLLOW IT. 0-¹⁰20cm BCS WILL BE LOT 10. (EMPTY LOT), 10-20cm BCS LOT 11

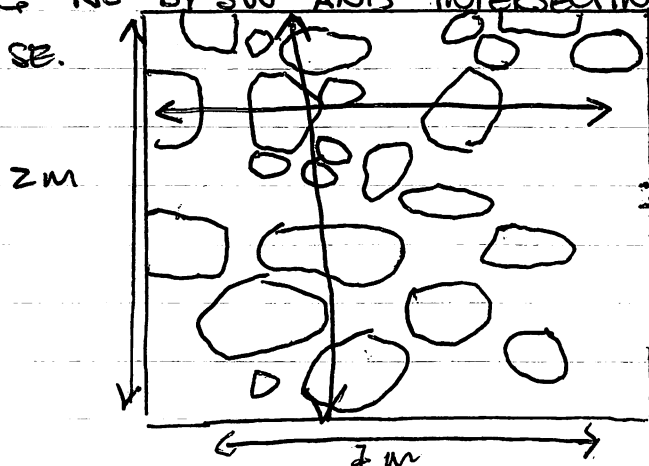

THUR

3/28/96

THUR

STRUCTURE #2 - CONTINUING EXCAVATION IN UNIT THREE LOT 11 (10-20cm BCS) LOOKING FOR THE EXTENSION OF "TRASHY WOMEN" IN UNIT NINE WE ARE CLEANING OUT THE REMAINING BACK DIRT FROM LOT 09 (0-20cm BCS) TO SEE IF WE HAVE FOUND MORE OF "10 FT TALL" BULLETPROOF. IN UNIT NINE LOT 12 IS 20-40cm BCS

STRUCTURE #6 - IN UNIT MINUS ONE WE ARE OPENING UP LOT 07 10-20cm BCS TRYING TO MAKE SENSE OF THE JUMBLE IN UNIT ONE WE ARE ALSO MOVING INTO UNIT FOUR 3-4m SW OF DATUM. 0-20cm BCS WILL BE LOT 08. WE FOUND A BEAUTIFUL CHERT CORE IN LOT 07 AND A STRANGE LOOKING PIECE OF STONE IN LOT 08 WHICH I COULDN'T DECIDE IF IT WERE MAN MADE OR NOT. WE ARE CLEANING AROUND WHAT LOOKS LIKE IT MIGHT BE A LINE RUNNING NE BY SW AND INTERSECTING ANOTHER LINE RUNNING NW BY SE.

SW WE HAVE BEEN PULLING OUT A LOW BUT STEADY # OF SHEERDS FROM THIS NE END OF THE AXIAL TRENCH.

3/27/96

P96-97-83

LOT 02. TP11 0-20cm BGS IS LOT 03. TP12 0-20cm BGS IS LOT 04. TP12 LOT 04 YIELDED 2 SHERDS, THE SOIL IS LIGHT BROWN AND FULL OF PEBBLES. TP9 LOT 01 CONTAINS THE HIGHEST SHERD YIELD OF THIS SUBOT (MAYBE 20 OR 30 SHERDS) AS WELL AS A VERY DENSE CONCENTRATION OF SMALL RIVER COBBLES IN SANDY SOIL. TP 10 LOT 02 HAS ONLY 2 SHERDS AND THE SAME SOIL MAKE-UP AS TP9. THERE IS LESS SAND IN TP 11, AND FEWER COBBLES (ONLY A FEW SHERDS). TP12 20-40cm BGS IS LOT 05.

ON STRUCTURE #2 UNIT TEN LOT 03 A SMALL COBBLE FEATURE, TEN FEET TALL & BULLETPROOF, HAS APPEARED AT 20cm BGS. DIGGING AROUND IT WE HAVE FOUND A LARGE NUMBER OF SHERDS. UNIT TEN 40-60cm BGS WILL BE LOT 05. IN UNIT ONE 40-60cm BGS WILL BE LOT 06.

TP 10 20-40cm BGS ^{SHERDS} WILL BE LOT 06. TP 11 ^{SHERDS} 20-40cm BGS LOT 07. TP 9 20-40cm BGS LOT 08. ^{EMPTY LOT}

ON STRUCTURE #6 UNIT ONE LOT 01 WE FOUND ABOUT 30 SHERDS IN BROWN SANDY CLAY SOIL. LOT 04 WILL BE 20-40cm BGS. IN LOT UNIT SIX LOT 03 WE FOUND ONE SHERD IN SANDY COBBLE FILLED SOIL. LOT 05 WILL BE 20-40cm BGS.

ON STRUCTURE #2 UNIT TEN LOT 05 YIELDED MANY SHERDS AND A VERY SMALL AMOUNT OF BT. I THINK 10cm MORE SHOULD TAKE US TO STERILE SOIL SO 60-70cm BGS WILL BE LOT 07.

ON STRUCTURE #6 PANCHO DECIDED TO TAKE THE INITIATIVE TO EXCAVATE UNIT FIVE 4-5m SW OF DATUM. 0-20cm BGS LOT 06

ON STRUCTURE #2 UNIT ONE LOT 06 YIELDED NO ARTIFACTS SO WE ARE MOVING INTO UNIT TWO 3-4m NE OF DATUM. 0-20cm BGS IS LOT 08. WE ARE ALSO MOVING NE INTO UNIT NINE 3-4m SW OF DATUM. 6-20cm BGS WILL BE LOT 09.

ON STRUCTURE #6 UNIT ONE, LOT 04 IS A CONFUSING JUMBLE OF STONES THAT DON'T FORM A LINE BUT ALSO DON'T LOOK LIKE TUMBLE. I AM MOVING BACK 0-1 m NE OF DATUM UNIT

395B

796-97-82

WE ARE BEGINNING WORK AT SITE 395 BY CLEARING OFF WHAT LOOKS LIKE THE 5 MAIN STRUCTURES OF THE SITE (SEE 796-97-1). I WILL BE EXCAVATING STRUCTURE #2 SUBOP 395B, GINNY WILL TAKE #4 395C. SUBOP A IS RESERVED FOR POSSIBLE PREVIOUS SURFACE COLLECTION. 395B IS INTENDED TO CLEAR AN AXIAL TRENCH RUNNING 70° EAST OF NORTH 10M LONG.

I AM EXCAVATING UNIT ONE OF THE AXIAL TRENCH (395B) WHICH 5-4m NE OF DATUM (5m INTO THE AXIAL TRENCH) 0-20cm BGS WILL BE LOT 01. UNIT TEN ⁴⁻⁵ 5m SW OF DATUM 0-20cm BGS WILL BE LOT 02. I AM GOING TO SCREEN ALL THE DIRT FROM ~~LOT~~ UNIT TEN.

6/27/92

OH MY GOD OH MY GOD OK. GOT ABOUT 40 WORKERS TODAY SO WE ARE CLEARING AND SETTING UP TEST PITS RUNNING OUT TO THE NW, SE, NE AND SW FROM THE PATIO GROUP. WE ARE ALSO CLEARING OFF STRUCTURE #1 AND #4.

STRUCTURE #2 395B. SHEETS
IN UNIT ONE WE ARE BEGINNING ~~LOT 03~~ LOT 03 20-40cm BGS
AND IN UNIT TEN LOT 04 20-40cm BGS.

I AM BEGINNING EXCAVATION ON STRUCTURE #6. UNIT ONE ~~DOWN~~ THE AXIAL TRENCH IS RUNNING 10° SOUTH OF WEST AND IS 6m LONG. ^{395D} UNIT ONE 0-1m ~~&~~ SEW OF DATUM (THE NW STAKE OF UNIT ONE) 0-20cm BGS WILL BE LOT 01. UNIT THREE 2-3m SW OF DATUM 0-20cm BGS IS LOT 02 AND UNIT SIX 5-6cm BGS IS LOT 03.

SUBOP 395E, ^{15A} THE SERIES OF TEST PITS (TP9-TP12) RUNNING 70° E OF N. ~~TP9-TP12~~ THEY ARE ALIGNED ALONG THE AXIAL TRENCH OF STRUCTURE #2 RUNNING 1x1m UNITS AT 3m INTERVALS. TP9 0-20cm BGS IS LOT 01. TP10 0-20cm BGS
