OBJECT: Scored censer lid frag

CAT. NUMBER	FULL DESCRIPTION	CAT. BY	PHOTO/DRAWING
PSB 3C/9-6	<p>This is a fragment of a scored censer lid w/ part of the rim edge attached. The paste is medium to medium coarse w/ a fair number of small to medium white, black + pink inclusions. The non scored side of the sherd has been smoothed, smoothing marks are visible. The scored side also looks to have been smoothed before it was scored. The scoring is neither deep nor wide. It was probably made by a single pointed instrument. The lines run on opposite diagonals forming rectangles of irregular sizes. The transition to the rim is a slow gradual curve marked only by the fact that the rim and a bit up onto the sherd face is the paste color while the scored sherd face is blackened or burned. Probably from use.</p> <p>The sherd curves very slightly.</p> <p>Thickness min - 0.7cm max - 1.08cm</p>	6	6
