PSB 3E/26-1	<p>This is a fragment of a scored censer lid. The paste is of a medium ^{coarse} texture with many small + some medium size inclusions of white, mica, yellow + brown. The unscored side of the sherd has been fairly well smoothed and shows possible remnants of an orange wash. The scored side also seems to have been smoothed before scoring the scoring is not very is deep + of medium width. It looks to have been made by a single, not too sharp, instrument while the clay was still wet. The scored side is burnt.
