CATALOG NUMBER: PSB3M/1-1a-d

SUBSTANCE: Ceramic

OBJECT: Scored censer lid frags

CAT. NUMBER	FULL DESCRIPTION	CAT. BY	PHOTO/DWG NUMBER
PSB3M/1-1a-d	<p>These are four fragments of a Scored censer lid that all fit together. The paste is pretty coarse with lots of visible medium and large sized inclusions, (ranging up to small pebbles. The inclusions are white, black, grey, shiny + pink. The paste itself is brown/orange in color. The None Scored side has been fairly well smoothed in places it looks like it might have remnants of an orange wash but due to the color of the paste I am inclined to think this might more likely just be a semi self slip resulting from the smoothing process. The scored side was also smoothed smoothed before scoring scoring. The scoring is of medium depth and fairly narrow. It looks like it was done w/ a single pointed sharp tool. The incisions run both horizontally and vertically forming the "typical" pattern of rectangular spaces of uneven size. The horizontal lines seem to have been made before the vertical + both made while the clay was wet. The scored surface is burnt.</p>	6	

Thickness:
Min: 1.19cm

Max: ~~1.51cm~~
1.47cm

Incision
width 0.3cm depth 0.2cm
