This sherd has 2 spike adornos in a line across the top. The adornos are pierced through with a narrow hole. This hole goes ~~th~~ completely through the spike. The tops of the spikes are black, apparently from burning. The bases of the spikes and the area of the sherd surrounding the bases are decorated with red paint (10R5/8). The area below this is strong brown (7.5YR5/6). The paste is fine with many white inclusions located mainly on the surface of the spikes. The strong brown area appears to have been smoothed, while the adorno area is rough.
