Two Byzantine Pottery Fragments

Left: The ring foot of a pottery bowl, its interior displays, against a background of pale yellowish-green slip, a bird within two concentric circles.

3" maximum circumference

Prob. ca. 12th c.

Purchased from the Antique Shop, Hilton Hotel, Istanbul, on November 5, 15, 1968, for about \$26.

Right: Half of the ring foot of a pottery bowl, its interior displays, against a bright yellow slip, a "tree of life" design.

2 3/4" maximum circumference

Prob. ca. 12th c.

Found in 1968 near the Church of Saint Demetrios, Salonica.
