I thank you for your letter and gave me large

gives pleasure. You are now the only one who tells me about my genes that I am doing well. you can vividly imagine how impatiently I always await a message from you and how interested I am in every little thing that concerns you. you know what they mean to me.

The situation of Ziviah worries me greatly. I recently had news that Ziviah has changed her address. She was probably visiting gejrusek. I don't know your new address. I beg you my dear, and get in touch with my relative H. Springen (Chaluz - Warsaw, now Bendzin). He will have great pleasure from it and will keep you informed from Ziviah. there is also frumka and uncle ben dori will be very happy if you give him your greetings. they are much better off than Ziviah.

As for me, I am with Machnota and I am satisfied that I have nothing to do with Hejrusek. I don't know how things will continue, but I hope for the best. I don't think Aunt Aliyah can help me right now. nevertheless, the only thing that keeps me going is that I will one day meet uncle Meuchadi.

I hope you took my request to heart etc. write to me more often and ask you to give my regards to my uncle Ben Dori and ask him to give a sign of life.

I salute you. as well as the other relatives

your

Joseph.

Josef gave me your address and so I want to write you a few lines. I would like to ask you, my relative Pinchas Lubjani. ker from me and to tell him and my friend banativ that I'm healthy, work and think of you a lot. my wife magi, souri, josef white and a number of other friends are still with me. your messages made me very happy, i live in thoughts with your whole family and follow with interest the development of the dear children esra and tnuva, who i would very much like to see in person. my greatest sorrow is that i don't get any messages from jescha and his family, who has been with Zywia for months, i'm afraid he's feeling very bad and unfortunately i don't have the opportunity to support him, me and my family here work hard and are in constant contact; especially choser and ganir are doing well. i am in lively contact with nathan.

Greetings to you,

your Eli
