Very Small Greek Travelling Triptych with Christ Pantocrator on the Central Panel and the Mother of God and St. John on the Wings

The wooden triptych has suffered some damage from age, two pieces now being missing from the top of the central panel. Believed to have come from Mount Athos.

Approx. 4 1/4" high (central panel) and 5 1/8" wide (including open wings). 15th c.(?)

Purchased from Iconostas, London, on November 26, 2015 for \$9,881.
