DENISON DEFEATED

Kenyon College sustained a severe loss in the death of Professor Arthur Cleveland Hall, which occurred June 23. He was born in 1865 in Middle敦, Conn., of an old and distinguished family. His mother was the daughter of Bishop Jarvis of Connecticut, and his father was a prosperous merchant, a partner at one time of the firm of A. T. Stewart, another relative was a Commodore in the U.S. Navy and his ancestors fought in the Revolutionary war. From them he inherited valuable books, paintings and furniture, which adorned his home in Gambier.

Dr. Hall received his bachelor's degree from Trinity College, Hartford, in 1888, where he was a member of Delta Psi and he was afterwards elected to Phi Beta Kappa. He devoted several years to journalism and business, was Assistant Superintendent of the exhibit of the Bureau of Charities and Correction at the World's Fair in 1893, and in 1894, served as Lecturer in Economics at Johns Hopkins University. His next appointment was to the fellowship in Sociology at Columbia, which he held for three years, engaged at the same time in settlement work in New York City. In 1901 he was granted the degree of Ph. D. by Columbia, and then taught for a year at Princeton, and was called to Kenyon in 1904 as Edwin M. Stanton Professor of Economics.

While here, Dr. Hall spent one summer near Buffalo as a special agent of the U.S. Bureau of Corporations to investigate the great industries of that city, and another summer he was a delegate to the National Conference of Charities. At another time, he visited the scene of the operations of the Rough Riders in order to report on the sociological aspect of the case. In all these activities, he was an earnest and thorough worker and in his daily work of teaching equally devoted and conscientious. Because of his conspicuous ability as an orator he was chosen to make the principal address on Stanton Day, when Mr.

(Continued from Page 3)
Carnegie visited the college, and to present several distinguished candidates for honorary degrees, such as Ambassador Dudley, Mr. Carnegie and others. Only the day before his death he presented Col. Kilbourne for the degree of L. D. and delivered an eloquent and polished address.

Literary work also claimed his attention, and he published an important work on "Crime and Social Progress," which has been used as a text book in colleges and is recognized as an authoritative treatment on the subject.

Dr. Hall was a deeply religious man, and took an active interest in the work of his church; he served on the vestry of Harcourt Parish and as a member of the county committee of the Layman's Forward Movement. In athletics, too, his interest was keen. Not only was he a proficient tennis player, but he organized cross-country runs, and one year trained the college track team.

Whether in athletics or sociological investigation, in religious work or college instruction, the same enthusiastic devotion, the same determined endeavor to help and benefit his fellow men, the same thoroughness and perseverance characterized all his work and his agreeable personality left a lasting impression upon colleagues and pupils.

Resolutions

Adopted by the Kenyon Assembly.

Whereas it has pleased Almighty God in His infinite goodness and mercy to remove from this world our much respected Professor Arthur Cleveland Hall, be it Resolved, that we, the students of Kenyon College, have suffered the loss of a valued instructor and true friend. And be it Resolved, that the Student Body tender its sincere sympathy to the family of the deceased. And be it further, Resolved, that a copy of these resolutions be spread upon the minutes of the Assembly, that they be published in the Collegian, and that a copy be sent to the family of the deceased. Respectfully submitted,

RICHARD R. HARTER,
JOHN D. SOUTHWORTH,
FRED G. CLARK.

Committee.

Ohio Wesleyan has a Senior honorary organization called the Jesters' Club. Besides fathering the undergraduates they publish a paper known as The Bauble with the significant motto, "Keep the lemon, let the juice squirre where it may."

The Reserve Banquet

The team and the men who accompany the team will receive a great treat after the Reserve game in the shape of a banquet given by the Cleveland Alumni Association.

This banquet is given every year by our loyal alumni in Cleveland and they certainly do themselves proud. Whether we win or lose we always receive a royal welcome. Let's have a big crowd.

Dedication of New Library

Although the cornerstone of our new Alumni Library was placed in position during the summer, the formal dedication ceremony was delayed until the opening of college.

Thursday, October 6, at high noon students and residents of Gambier gathered in front of the rising structure to witness the ceremony.

Following a hymn sung by the choir, Dr. Smythe opened the service with prayer. After ascertaining to the structure all the benefits which its worthy function deserves, Dr. Smythe led the assembly in a benediction.

In a few timely remarks President Peirce told of the destruction of Hubbard Hall on last New Year's morning and of the subsequent plans for rebuilding with which all Kenyon men are acquainted. After reading the names of the donors and excerpts from many documents relating to the library, these papers were carefully placed in the top of the cornerstone by President Peirce.

A Thrill and Hike concluded a very pretty and impressive ceremony, which sealed our well-behaved edifice as a reality.

Mystic S. C. I. Still With Us

The Freshmen were initiated into the mysteries of their first S. C. I. on the evening of September thirtieth. After being marshalled "en mass" in front of Old Kenyon they were marched into the reception room in the basement. At this point all the Freshmen who played football were released and the rest left to their fate and to the tender mercies of their inquisitors.

The meeting did not prove very exciting and lasted but a short time. It will no doubt help the attendance of Freshmen at football practice for those who come out regularly are to be exempt from persecution.

The S. C. I. committee this year consists of Bowlin, Chairman; Glass, Marty, Snyder, Chisholm, Wickham, I. J. Kochline, Shory.

DENISON DEFEATED
(Continued from Page 1)

The Kenyon team went up against a harder proposition than it expected when it met Mt. Union at Canton, Saturday, Oct. 16. Mt. Union won by the unusually large score of 16-0, one of the most sided scores that Kenyon has figured in for a number of years.

The Mt. Union team easily outclassed the Kenyon players from the start to the final whistle. The opponents played with greater dash, they were heavier, and worked the forward pass successfully and without seeming interference from the Kenyon team, not that the Mt. Union men knew more football than the pupils of Coach Pierce, but that they used what knowledge they did have to better advantage.

Coach Dennis Pierce was disappointed in the showing of his men. He expected a hard game, but afterwards, expressed the opinion that the defeat was a better thing than a victory, inasmuch as the Mt. Union game was not a conference affair, and as it excluded any possible shadow of overconfidence that might have clouded the team before the Reserve game.

In the Mt. Union game, the opposing team could not gain consistently through Kenyon’s line, and once even were held for downs on Kenyon’s 6 inch line. In the use of the forward pass, however, Mt. Union excelled. Skiles, Marty and Aves again did very effective work for Kenyon and Capt. O. Cable was the usual strong man of the line.

A CORRECTION

In the last issue of the Collegian the editor lamented because Kenyon's enrollment had fallen below one hundred. The registrar calls attention to the fact that there are now one hundred and eleven men in school and that more are expected. We gladly acknowledge our mistake and we would be pleased to report that there were two hundred here.

RESERVE

On to Reserve! Now is the time when every man should show what he is made of and whether he is going to stand by the team or not. It is very easy to have spirit and enthusiasm when every thing goes well, but a time like the present is the time which will bring forth a man's colors. Kenyon has lost to a small school and has no easy games ahead, but even so the season can be made a successful one, if we do not give up. Talk football and above all go with the team to Cleveland. Don't think you will see anything which will make you ashamed for Kenyon always plays well against worthy opponents. You will find that the team, which was mediocre against Otterbein and Denison and weak against Mt. Union, will develop a strength that will hold Reserve.

Many things might keep you away next Saturday, but none of your excuses are valid. Studies—will be with you the whole year. Money—either borrow or catch that fast freight. Anyway to get there should be your business, and we feel that Kenyon men will keep up their reputation of undying loyalty.

Remember, to keep Kenyon on the football map we have to make a strong showing against Reserve. We can't do this unless you help the team.

THE LITERARY SOCIETIES

The few men whose interest in the welfare of our two literary societies is real, become somewhat disheartened by the popular levity which seems to have attached itself to their endeavors. Perhaps these students are clinging to institutions which have ceased to be the profitable of training for twentieth century work, or it may be said that they are directing their endeavors in channels which are dis-avowed by modern Waverley man. Be this statement true or false, the sincere gratitude which our older alumni express to these societies in June stimulate the ambitions of these students present at thebanquets and they resolve to carry the work through with renowned vigor. These men deserve the support of the student body.

The man who will not avail himself of opportunities is more to be pitied than rebuked. For over three-quarters of a century these societies have offered students of Kenyon the opportunity of supplementing their class room work with a general exposition of their literary abilities. Those who accepted the opportunity were fortunate and those who dis-continued it were decidedly un-fortunate. Active and spirited membership in our two literary societies is at once a privilege and a duty which every undergraduate owes to himself and to Kenyon.

ENCOURAGEMENT

This year ought to be a good one for Kenyon from college work down through every activity. It is starting out right and the men seem to have the right spirit.

The heads of every branch of our activities seem to have ambition to excel other years. This cannot do otherwise than produce results.

The literary societies have started with a boom and are doing work that never was attempted before Thanksgiving in other years.

The Glee club has begun with a boom and, as the faculty has lifted the ban on the annual trip, there is no reason why they shouldn't make good with a vengeance this year. The leader is an extraordinarily good one and with last year's experience will undoubtedly produce a fine club.

The Civic League and the Dramatic club both show promise of something good to come and these two activities are doing more than in other years.

In athletics the graduate manage- system is being tried out and it seems to be working well. With this vexing question settled the student body will be able to tackle other problems with the energy that, in the past, has been spent in raising money to pay coaches.

We see this year then that everything is starting well. Let us not lose our enthusiasm and let us see that we end the year in the spirit we are beginning.

THE REVILLE

The advantage that this year's Junior class obtained in holding their Reville election last year is now belied to the modern Waverley man. The book on the book is progressing rapidly and this year's book promises to surpass all previous efforts. The board is already hard at work and all feeling of the book will be of the best. Many new and novel ideas are being worked out and when the book finally reaches its purchasers it will certainly be welcomed.

One feature which is sought to prove a success is the idea of running a great number of outs which will show true examples of Kenyon life. An official photographer, appointed by the editor, is always at work pick- ing up interesting pictures here and there.

Keep the Reville in mind and call at it on every occasion. This book helps to bring men to Kenyon and for that reason ought to be helped along by all classes.

COLLEGE PREACHER

The sermon, Sunday morning, October 16, was preached by the Rev. Dr. Warner of Trinity Church, New Orleans, La. The sermon, preached from the college pulpit for some time, has received such favorable comment from Kenyon students as did the sermon of Dr. Warner.

Dr. Warner was graduated from Trinity College and has been rector of Trinity Church for eighteen years. By and by he won a place in the hearts of the people of New Orleans, when he took such an active part in stamping out the yellow fever epidemic of a few years ago.

Dr. Warner took as his subject, the words "Our Father" taken from the introductory sentences of the Lord's Prayer. He impressed, most forcibly, the idea that men and especially young men could not live unto themselves, and that we were dependent upon another.

President Peirce addressed the meeting of the students in the Sterling Room, Sunday evening, October 23.

In opening his remarks, he expressed the regrets of Dr. Warner in not being able to meet the students and told of Dr. Warner's important connection with the General Convention.

Dr. Peirce talked of the importance of personal self-examination. He said that there was a growing tendency among men to cover over these very sins and weaknesses which they criticized so much in others. It is very important, then, if men would keep a close oversight upon the work, life and training of the student. Especially this is beneficial for new men. Get out and meet your advisor. Don't wait for him to look you up. Help strengthen this strong feature of Kenyon.

Here's the List

Professor Allen—Anderson, Jenkins
Professor Devol—Baird, Lugnig
Professor Downey—Bewman, Lewis, Stiekenberg
Professor Fountain—Bristie, Khorabough, Tusman
Professor Harrison—Moore, Their
Professor Manning—Dobie, Gregg, C. H., Gregg, J. A.
Professor Nichols—Goode, Ol.
Professor Peirce—Dunn, Palmer, Wonder
Professor Reeves—Rettig, Young, J. H.
Professor Wolaver—Harper, Manchester, Walton
Professor Weid—Harris, G. T., Russell, Wanda
Professor West—Houston, Reif, Harris, S. E.

Freshman military companies at Ohio State are required to drill four days a week this year. Three days will be devoted to regular drill and one to lectures.
THE KENYON COLLEGIAN

COLLEGE NEWS

Societies Now Getting Organized—Bits From Here and There.

The Collegian board held its second meeting on Wednesday, Oct. 12, at which time the first number was criticized and plans for its betterment adopted. The following men were elected to the editorial staff: K. T. Siddall, '11, F. G. Harkeys, '12, F. J. Matthews, '13, and D. C. Wheaton, '13.

These men have done fine work and are worthy to take a place on the board.

The editor has also appointed the following Freshmen to the staff as reporters: Bowman, Harper, and O'Ferrall.

What has become of the Canoe club? Old King Winter will force them out of business unless the members get out their paddles soon.

The Biology excursions have already started under Dr. Walton's supervision. This is always a sign that college work has actually opened. The country around Gambier is a good field for this work on these fine days.

Fred Zinn, Chas. Siegchrist, Ray Cahill, Carl Jones and "Happy" Sparks were on the Hill over Sunday, Oct. 9.

The Uvics club met last Monday evening for the purpose of determining its policy for the coming year. Professor Downey was chosen faculty advisor to the club held by the late Dr. Hall. After transacting old business the members engaged in a discussion relative to the requirements for membership. It was decided that only those men are eligible to membership who show by written dispositions, that they have a keen interest in civic and political affairs.

The club will endeavor to ascertain the politics of the college by taking a straw ballot upon the coming gubernatorial election. Ballots and instructions will appear in a future issue of the Collegian. In the opinion of its members, the club this year will be an active and not an honorary organization.

The Oratorical and Debating Association

On Wednesday, October 12, the Kenyon Oratorical and Debating association held its first meeting of the year, with a good attendance. Officers were elected for the year 1910-11 as follows:

President—R. M. Watson.
Vice-President—E. M. Mason.
Secretary-Treasurer—C. R. South.

Mr. L. K. McCafferty was elected by the club to the office of manager, this office to be confirmed by the Executive Committee.

Benjamin N. Hayward Married

Benjamin N. Hayward of the class of '12 was married on Monday, October 10, to Miss Ruth E. Garrett at the bride's home in Tippecanoe City, Ohio. "Benn" is at present the secretary of the Ohio Lumbermen's association.

Mr. and Mrs. Hayward will hold their wedding at home at The Oakwood, Columbus, after the first of November.

Kirk B. O'Ferrall, '99, attended the wedding in capacity of usher.

A Straw Vote

In order to get a little enthusiasm aroused for the coming November election the Uvics club arranged a straw vote for the election of the two candidates for Governor of Ohio. Gov. Harmon and Mr. Harding. This will take place some time during the week preceding the election and every man in college will be asked to cast his vote for his particular candidate. Further particulars will appear in the next "Collegian."

Work on Library Progressing

The new library building is progressing slowly. The contractors are in no hurry, as bids were not asked until the building must be up by only the first of September of the coming year. The contractor expects to have the roof on by the beginning of January, 1941. When the work has progressed to the main floor, which is about to be laid, the cellar floor, the hardest and longest to construct is now finished, externally as far as possible, most of the ties of stones can be laid more rapidly. The rock used is principally that of the old building, and is cut in a shed back of the stack rooms. When promised to be a salinity has developed into one of the best things Kenyon has known for years, for the new library building will be greatly superior to the old one, which was becoming inadequate for the number of books it contained.

Star Athletes Drop from Entering Class

Already some of the new men have been discouraged and dropped out and it is with regret that the college has lost these men. Sapp and Emerine Sapp was a fine base ball player, having signed up with the St. Louis Americans and although he would have been kept out of the intercollegiate game, his services as a coach would have been most valuable. Emerine on the other hand was a good football man, having made a name on the gridiron with Fostoria High. Let us keep a good hold on to the men we have so that no more good material will be lost.

Glee Club

Already Manager Gaines of the Glee club has started on plans for a fine trip for the boys this winter. He is endeavoring to arrange contracts with Kenton, Toledo, Sandusky, Cleveland, Pittsburg and Canton and if he is successful it will be a trip well worth taking. Although the time for the trip has not been definitely settled it is probable that the first of January will be the date.

With a trip like this to which to look forward, it should be the wish of every man on the Hill who can sing or play a mandolin to get out and try for the club. Then when he has made it, to come out to every rehearsal and help Leader McCowatt turn out one of the best Glee clubs that Kenyon has ever put on the road. It is every man's duty to do this.

LAWLIE LECTURE

A lecture has been arranged for the lawliefoundations which will undoubtedly be of great interest to Kenyon men. On Wednesday, November 16, Mr. Irving Bacheller, the popular author, will lecture at Ross Hall on "The Cheerful Yankees." No one who has read his "Eben Holden" and "Dr. and L." will fail to be interested in their author. "Eben Holden" has become a classic in American literature, and few good Americans have omitted it from their libraries. Mr. Bacheller will undoubtedly receive a warm welcome at Kenyon, and the happy subject of his lecture will certainly draw a big crowd of listeners.

AN OLD "NUPPI" PIN

Have you ever seen one of the old literary society pins? There is one in college now and all of the Nu Pi Kappa men have had a chance to examine it. It is of solid silver and is shaped like a crescent. The title of the society is spelled out on the pin. The man who owned this pin, attended Kenyon in the forties and a member of his family sent this pin to form a part of the new trophy room.

Reserve's oldest graduate died last week at the age of 96. He graduated in the class of 1859.

(Continued from Page 3)

Football Doil

The team need not feel disheartened to have suffered a bitter defeat at the hands of Mt. Union. The result, of course, will remain long in the minds of the men on the team, and perhaps will be considered a harder game to lose than almost any other, because of the fact that the Mt. Union game was not a necessary one. Mt. Union is not a conference college, and many of the undergraduates feel that the Kenyon team should not have taken on this game. To the management the result was a financial success, and after all, the defeat is not so bad a blow on Kenyon's football record as the team members seem to take it. The experience will enable them to prepare for Reserve, and the defeat will put fight into every man on the squad. The college is behind the Coach, the players, the team, and we are waiting to trim Reserve, Case and O. S. U.

The Reserve-State game of Saturday last was a victory for State by two field goals, a score of 6 to 0.
The ragged work of both teams in that game only serves to increase Kenyon's stock on the Reserve-Kenyon game of Oct. 22.

Word comes from Michigan that Pontius, ex '13 Kenyon, is a member of the Freshman team there. Last Saturday Pontius made a touchdown against Heidelberg. We certainly wish he were here instead of at Michigan.

Oberlin easily defeated Wooster and looks bad for that team if they don't show improvement before Kenyon plays them.

Denison put up a better battle against Case than we expected and the Cleveland team only secured a 10-0 decision against Coach Freeman's team.

Kenyon's defeat by Mt. Union parallels the defeat of Yale by the Army. Kenyon, of course, should defeat teams from schools like Mt. Union and all sportmen hate to see the outsiders win. The fact that their eligibility rules are a trifle lax does not help their cause any.

Action has been taken whereby the United States Military Academy at West Point is an approved college, and as such is entitled to have its work recognized for professional licenses and for university certificates.

Big Celebration Held at University of Indiana on October 11.

Following the plan adopted by many other colleges and universities, Case has given up the flag rush and substituted the Push Ball contest, flag-of-war and wrestling matches in its place. In the first contest held Oct. 1, the Sophomores succeeded in pushing the five-foot ball over the goal of the first year men in forty-seven minutes. The ball weighed between two and three hundred pounds.

In a recent issue of the Denisonian of Denison University, Kenyon spirit was spoken of. Here it is: "Kenyon spirit is a large factor in many of the victories won by the purple and white. It is this indelible spirit that Denison will have to cope with in the coming game."

A senior society at the University of Maine has recently voted to offer a cup to be held each year by the fraternity which ranks highest in scholarship for the previous year. One result of this will be that the relative standing of the fraternities in scholarship will be made public. Last year the same organization worked out and presented to the student body recommendations limiting the student activities in which any student could engage in one term, and the recommendations were adopted by the student body.

Total gifts to both income and principal of the United Finances amounting to $2,008,291 are shown in the first annual report of the new treasurer of Yale, George Burnley Day, as compared with $1,224,050 for the previous year.

Christopher Royce, a phenomenal youth who was said to have the most perfectly trained mind in America, and who entered Harvard at the age of fourteen, died the other day in an insane asylum, the victim of overstudy.

All members of the Athletic Association at Michigan are given a ticket to the varsity tennis courts, a ticket to the varsity game, and the All-Freshman games played at Ann Arbor this year.

To protect graduates from poor investments after they leave college, the University of Michigan is giving a special course in "Gold Bricks," and other spurious metal counterfeiting the appearance of the genuine article.

A Carnegie medal and $2,000 for college expenses have recently been awarded to a Bowdoin student for rescuing a child from a burning building.

At Kansas University the Student Council has undertaken an anti-graft campaign, and purposes to eliminate the profits to be made from the more lucrative positions in the school.

An alumnus of Pennsylvania has given his alma mater $100,000 with which to establish a chair of medicine.

The Yale Dramatic Association's new theatre building fund now amounts to $10,029, besides cash on hand of $1,359.

But a few years ago Illinois University had only 500 students. Now it has 6000, and there are 700 persons on the teaching force.

The Michigan Union, the student club of the University of Michigan, is prosecuting an active campaign for members and expect to have 2500 this year. Last year the total membership was 786.

Henceforth Freshmen meetings at De Pauw University will be presided over by the president of the student body, instead of by a member of the faculty.

At a football rally held at Otterbein University just before the Ohio State game, $450 was raised for athletics.

The Chinese students of the University of Pennsylvania recently gave a play written and acted by themselves. The play was entitled, "When East and West Meet."

Two thousand five hundred and thirty-five students of Pennsylvania University engaged in athletics last year.

The University of Washington has a fully equipped printing plant and prints every one of its own publications.

Steps are being taken by the faculty at Columbia to organize a student forum, for the expression of undergraduate sentiment.

When the president of the Ohio State Student Council appeared before the Freshman class to present them with the gray and scarlet cap, he was kissed long and hard.

Chauncey Windsor Judd, ’07, Wins the “Lister Prize Essay.”

Charles Donald Rarcy, ’11, is now secretary of the Travelers Insurance Co. of Columbus, O.

Chauncey Windsor Judd, ’07, and now in his last year at the John Hopkins Medical school has just won the one hundred and fifty dollar prize offered there for the “Lister Prize Essay.” His subject was “The Life and Work of Lister” and the essay comes to us in pamphlet form printed by the John Hopkins Hospital Bulletin.

The essay is most comprehensive and, aside from possessing literary merit, shows remarkable knowledge and familiarity with the life of the great surgeon.

“Fuzzy” Fultz, ’10, who has spent a few days on the “Hill” on Wednesday for his home in Portland, Ore., where he will take up the lumber business with his father.

Clarence C. Childs, ’09, has been at the Yale Law School since leaving Kenyon, and this year he has a place at tackle on the Yale team.

Lemuel Brigan, ’09, is studying medicine in Cincinnati. He is coaching a football team, called the Night Riders.

Edward Southworth, ’10, is attending the Cincinnati Law School.

Elliott Reynolds, ’08, returned to the Hill Oct. 1 for a week’s visit. His work with an insurance firm in Chicago keeps him away from Gambier and his former home at Mt. Vernon.

Charles Singchrist, ’10, is working for the Hinde and Douch Paper company in Sandusky, Ohio.

George Southworth, ’08, is living in Norfolk, Neb., working for the Midwest Life Insurance company.

Earl H. Crippen, ’11, left college during the latter part of Sept. to engage in the lumber business with his father at Corry, Penn.

Halden K. Read, ’10, is employed by a chemical factory in Cleveland, Ohio. He visited the “Hill” recently.

THE KENYON COLLEGIAN

Ray Cahill, ’08, who was back on the “Hill” Oct. 22nd to witness the Kenyon-Denison game, is teaching in Rayon High school at Youngstown, Ohio.

Ralph Metzger, ’06, is teaching in the High School at Troy, Ohio.

CLASS CONTESTS

The Freshmen won the canoe rush at Ohio State.

The Freshmen at Amherst won the flag rush in two minutes.

At Reserve the Freshmen won the flag rush. They numbered the Sophs 3 to 1, yet it was a hard fought contest.

Syracuse university Freshmen are taught to swim. They are not merely unceremoniously dropped in, but have an instructor who is not a sophomore.

At Oberlin the Sophs won the tip contest. They tied 72 Freshies while the latter tied 37 Sophs. There were 90 Sophs to 107 Freshies. Consistency of work won for the Sophomores.

At the annual “tank scrap” between the Freshmen and Sophomores at Purdue University, four students were hurt, two being kicked into unconsciousness. The Sophomores were victorious.

In spite of the handicap of smaller numbers, the Sophomores of Syracuse almost invariably win the annual salt rush and it is proposed to inaugurate a contest that will more evenly match the two classes.

The Freshman girls living in Hough Hall, Miami University, were required by the Sophomore girls recently to appear at dinner dressed as babies.

Bexley Men

(Continued from Page 1)

The occasion was the first Sunday evening service of the Kenyon chapter of the Brotherhood of St. Andrew during the present school year. These services will be held every Sunday evening during the fall and winter and interesting as well as inspiring addresses are promised.

Boards at the University Dining Club of the University of Missouri will eat in “common interest” groups hereafter. There will be a table where nothing but German is spoken; a Hopkins table, an engineers’ table, a football table, composed of football men who are often late to supper; a senior lawyers’ table and various other tables composed of men from the same county or town or men who are members of the same clubs.

FATIMA TURKISH BLEND CIGARETTES

What beautiful precision—what certainty of action and result governs every movement in Physics.

Really we know of no suitable comparison except in Fatima Cigarettes—where our infinite knowledge of tobacco blending makes certain your enjoyment of all the rare qualities possible in a cigarette.

They act like a lever in elevating your taste. And if you’re inclined to plain packages you’ll rise to the occasion—Get 20 for 15 cents.
