Captain C. M. Cable is 20 years old and tips the scales at 155. This is his third year on the Kenyon team, and he was honored with the captaincy as a reward for his consistent playing at right guard last season. Captain Cable was chosen by several critics as a guard on the 1909 All-Ohio college team. His lack of size is more than compensated for by his aggressiveness.

Robert Weaver, who played the position of quarterback in all of the games is 21 years of age. His football experience was gained at the Kenyon High School where he played two years, being elected captain his last year. Bob has put up a fast game at quarter this year and used good judgment in many tight places. He weighs 150 pounds.

Captain Jim Cable was elected to his position on the Kenyon team to take the captaincy made vacant by the leaving of Captain C. M. Cable. The Captains Cable are not relatives though fellow-classmates and team-mates at football. Captain J. H. Cable is 22 years old and weighs 170 pounds. He played football on his preparatory school team at New Philadelphia and on the Athletic Club team there. His position on the Kenyon team is at right-tackle.

Axtell is as good a man as there is on the Kenyon team. His playing at right end has gained for him a position on several line-ups of the second All-Ohio team. Axtell is 22 years old, weighs 160 pounds, and is six foot ball. His position is right end.

Cecil Krieg comes from Minneapolis, where he attended the Minneapolis Central High School, playing half-back on the football eleven, as well as being a member of the school’s track and lacrosse teams. This is his first year on the Kenyon team. Krieg is solidly built and weighs 178 pounds. He played fullback, and participated in every game on the Kenyon schedule this year. With his weight and speed, "Anoka" should make a star player for Kenyon in the two years of college football remaining to him.

John Wickham is from Norwalk, Ohio. His experience in preparatory school athletics consisted of four years play on the Norwalk team, in the positions of guard, quarterback and left half. This is Wick's first year on the Kenyon team, and his position is half-back. He weighs 156 pounds, and although small makes up for size in fighting spirit.

Frank Marty is the Tennis champion of Ohio, holds several cups won in golf, wrestling, boxers, fences, is an expert swimmer, plays baseball among the best of
then, plays basketball well, and runs the 100 yards in 10.5 seconds. Marty was captain of the football team at Franklin High and Woodward High School, Cincinnati. His football experience extends over a period of seven years, during which his position has been always at left tackle, which position he plays on the college team. Marty weighs 165 pounds and is 23 years old. His work this year has been almost the best on the team and he is every inch a fighter.

Snyder, center, is practically a new man at football, his experience having been confined to playing on the Freshman team last year. During the season, however, he has put up a strong consistent game in both offense, defense, forming a bulwark on the line against the opponent’s attacks. He is eighteen years of age, weighs 160 pounds and stands 5 ft. 11 in.

Lane, left guard, had four years of high school football—captain the last year—when he entered college. As he weighs 172 pounds he proves a tower of strength on last year’s Freshman team. This year, although not playing in all the games, he has put up a first-class article of football in the games he has played. He is a foot tall, 19 years of age and has two more years of football ahead of him.

Crawford, right guard, is the largest man on the squad. He weighs 184 pounds and is 6 ft. 2 in. in height. He came to college with more experience whatever went out and made the Freshman team. He has two more years in which to play football and gives promise with careful coaching and training. He is 21 years of age.

Win L. Aves, who has been playing end is but 19 years old and only weighs 130 pounds. He is without doubt one of the best little ends for his size in Ohio. His speed and his pluck have been a feature throughout the year. Tex played football at the West Texas Military Academy; also the Borden Academy.

R. H. Reinheimer, who played right end and half is 22 years old. At Sandusky High he played three years and was this year one of Kenyon’s best all-around football men, being able to play almost any position well. At Wooster Reinheimer distinguished himself by playing a star game.

Harold K. Dwyn was among, although only weighing about 140 pounds has been alternating at right and left half, being one of the fastest men on the team. He is 21 years of age and had gained his experience at the Hyde Park High School in Chicago. Fudge played in six games and was a very good ground gainer.

John Southworth whose position was left guard played in the whole of five games besides parts of the other three. In the Reserve and Case games he played especially well despite his light weight. He is half of the long line of Southworths, all of whom are Kenyon football men and who have done a great deal for Kenyon, and John has certainly kept up that reputation in fine style.

John A. Dickenson who played center and guard in the Mt Union, Wooster and Ohio State game is 18 years old. At the Michigan Military Academy Dick first began to play football, and with the experience which he received there he has been able to do some good work for Kenyon this year.

This year, as last, the Ohio football season brought forth a triangular fight for the championship. Denison, Wesleyan and Reserve had strong teams, but they were eliminated before the middle of the season, leaving Oberlin, Case and State in the field.

Alton Oberlin had a very light team, she has the best claim to the championship, having defeated Case and played a nothing-to-nothing game with State. Case can claim second place by virtue of winning every conference game with the exception of that played with Oberlin. State was beaten by Case and held to a tie by Denison and Oberlin; and therefore cannot be considered better than third.

Denison’s team was erratic, showing flashes of championship form at times. It was beaten early in the season by Kenyon. Later, it played close games With Reserve and Case, and held State to a tie. On Thanksgiving day Cincinnati University defeated it by a large score.

Kenyon’s record this fall was a great disappointment, partly because it was so unexpected. Four men, who were depended upon to give us a strong team, were forced to leave college almost before the season began. This, combined with a large quantity of bad luck, caused the season to be the worst that Kenyon has experienced for some years.

It is hard to make any forecast concerning the season of 1914. Case, Reserve, and State, however, will be weakened by the loss of some of their best players, while Oberlin and Denison have several men who are “returners.” Cincinnati University is now in the conference and should turn out a good team. The coaches of most
of the conference colleges will be the same as this year.

Football in Ohio is at a much higher stage of development than it was several years ago. Ohio colleges are growing and are consequently able to spend more money on football. Kenyon must progress with the rest, if she is to remain on the football map. It has been suggested to hire a trainer in addition to the coach. Much of Oberlin's success this year was due to this system.

Reserve beat Kenyon by blocking kicks. Coach Scott seems to have taught his men the secret of this play. A blocked punt is always equivalent to a forty or fifty-yard run, and is a chance for a touchdown. Several of Reserve's victories can be traced to the ability of the team in this line.

THE STATE GAME

The last Thanksgiving game that Kenyon will play on Ohio State field for some years passed with our inevitable defeat at the hands of Ohio State two weeks ago. All the pluck and enthusiasm which our team and roots displayed was utterly impotent against the small rushes of the red and grey eleven and our long cherished hopes were shattered after a few minutes of play.

The weather conditions were quite in harmony with the general aspect and result of the game. Repeated calls of thunder finally gave way to a downpour of rain which drenched roosters and fans alike and converted the field into something of a boghole. It is at least gratifying to record the fact that the team never lost its spirit and courage nor the roosters their enthusiasm despite the hostile display of the elements.

At 2 o'clock our team was on the field, and our students body showed its support with a series of old-time "lickers" from section 3. No semblance of nervousness was displayed on the part of our players; on the contrary, the red blankets of their opponents seemed to infuriate them for the hard down the field under the kickoff fast enough to down the State runner in his tracks. From this point State fooled itself scarcely able to make five down in three plays and a punting match ensued. It was with extreme difficulty that State was finally able to force the ball over our goal line for a touchdown. The quarter ended with six points accredited to the heavyweights.

At the opening of the second quarter, the field became heavy enough to allow state to do some sliding and it became evident that Kenyon was in the ditches of a superior opponent. State scored twelve more points this quarter making the score 17 to 0 at the end of the half.

Throughout the second half, the ball was steadily advanced by the State team. Kenyon was unable to break the ponderous interference of the State backs. At two different times Kenyon came close to touchdown, but little kicks and trick plays were futile against the State team.

Altho the game was little short of disastrous to the Gambler exponents, it was most gratifying to see the completeness of play and the absence of dispute.

Our team was cleanly outclassed by State, but it preserved respect by its pugnacious endeavors against overwhelming odds. Special credit is due Axtell, Young and Marty.

A Letter from Philander Chase

An old clipping containing the following letter from Philander Chase to Henry Northrop was received from Bishop Leonard and is of interest to all Kenyon men as showing the contrast in tuition, board, etc., at that time and the present rates.

Washington, Jan. 31, 1820,
To Henry Northrop, Esq.:

Dear Sir—Your favor of the 21st inst. has just been received. I will take your son on the same terms I receive others provided he arrives by the commencement of the month of March and you now engage him. The reason of my saying this is that my number of family boarders is now nearly complete and if the vacancy be not occupied by your son it will be by another by the period mentioned.

The terms are $2 per week for board—boys bring with them sheets and blankets—mattress found by ourselves, washing a separate charge, mending except when it amounts to repairing by a tailor, done in our own family without charge (under this item it is expected the boy has plain, strong clothes and that they come in good repair.)

The tuition per quarter of a year will be regulated by the branches taught. It will be from $5 to $7. Books and stationery found by or at the expense of the scholar.

As it is a new establishment and I find myself out of pocket for more things and to a much greater amount than I expected some money in advance would be gratefully received—say $20.

Yours sincerely,

PHILANDER CHASE.

MT. VERNON, OHIO
SPECIAL NUMBER.

It was unfortunate that our first football issue should not have been after an unusually strong season but such was not to be the case.

In judging this issue remember that the editor and the board are restricted in regard to the amount of money spent and therefore many things had to be left out which would otherwise have been published.

In a way it is a pleasure for us to recognize and honor our team of this year because they did their best. In nearly every game the team played as hard as it was able and for that we give them credit.

The Alumni ask "What was the matter?" In answering them all we can say is that we were outclassed in most of our games. Spirit is a great thing but when you have a team against you, well-trained, well-coached, outweighing you from ten to twenty-five pounds to the man, spirit will not carry you through.

Then again the team of 1906 has spoiled Kenyon men. That team was an exception and we can hardly expect succeeding years to come up to that high standard.

Let us unite then and honor the men who played this year for it is much rarer to train and keep up spirit when you are losing, than when you are sweeping everything before you.

Next year's Freshmen

Now is the time to start working for next year. Dr. Walton sounded the key-note in December's assembly and the undergraduates and alumni should now begin in earnest a campaign for an athletically large entering class next year. Send every prospect a catalogue, a book of views or a "Reveille" and above all things prove to his parents the advantage of Kenyon College and Kenyon life.

December Assembly Meeting

The regular December meeting of the Assembly was held Dec. 5, at Philo Hall at which time the football men were given their "K's" and the Freshmen their numbers. Dr. Allen as chairman of the executive committee presented the coveted letters to the following men: Aves, Antell, C. M. Cable, J. H. Cable, Kring, Marty, Reinsheimer, Stiles, Supplee, and Southworth, Weaver, Wickham and Young. The Freshmen who were given permission to wear their numbers are Anderson, Bristor, Dobie, Dunn, Horton, Langmade, Lewis, Moore, Pettig, Hornsby, Tassman, Wander, and Young.

Vacancies from the dormitory and executive committees of the fifth constitutional division were filled by Mr. Southworth and Mr. Cable and Mr. Russel was elected to the lecture course committee.

Mr. Rheinheimer, chairman of the library subscription committee, reported that already over $400 had been subscribed and an appeal would be made to last year's graduating class in order to raise the amount of $8500, which sum was pledged in the motion passed last year by the Assembly.

The graduate manager, Dr. Walton, then addressed the members of the assembly upon the subject of the base ball schedule, reading, also, a communication from Denison University asking for an indoor track meet, to be held at Granville sometime in January.

Dr. Walton urgedly requested every man to be on the look out for possible Kenyon material and cooperate with him in getting a line on all prospective freshmen for next year.

A motion to appoint a committee of three to make alterations to the constitutions of the assembly as is necessary to bring it up to date and to publish such revised constitutions.

THE COLLEGIAN

It should be a matter of much interest and pride to the student body that the Collegian holds the title of being the oldest continuous paper published by the undergraduates of any Ohio college. It was established in 1866 and has been continued ever since. By point of time, the Miami Student, 1827, is in reality older, but this publication suspended issuance during the period that Miami was closed.

It is also noteworthy that the Reveille was the first college annual in Ohio, it being first published in 1838.

Furthermore, the Reveille was the only college annual for nearly 25 years, until Wooster published the first edition of the Index in 1874.

Indoor Track Meet with Denison Probable

There is some talk of an indoor track meet on or about January 15 with Denison at Granville. This should be carried out if possible, and all fellows in anyway prepared for track work should push this and make a success. It would undoubtedly be a good meet and would be an excellent forerunner for spring work in this line. Denison has some good material but there is no reason why Kenyon should not get together and trim them. All those who can do anything come out and help.
THE OUTLOOK

For Football in 1911 is Bright—Very Good Material is in Sight.

The team will lose from the Seniors Capt. J. H. Cable, C. M. Cable, Mason, Reinhheimer and Southward. Among the first team men who will be available as a nucleus for the team next year are Marty, Weaver, Skiles, Axtell, Downe, Krieg, Bowlin, Tassman, Snyder, Wickham, Allen, Crawford, Dickinson, Young, Bowles, and Lane. The Fresmen who will be eligible for the next team are Lewis, Anderson, Rohrbaugh, Wonders and Tassman. Of these men, there is not a one but has had capable and valuable experience, and the size and weight of Lewis, Anderson and Wonders should insure them a place on the college team. Rohrbaugh’s speed should make him invaluable to the team, as his playing on the Freshman team this year has created much favorable comment. He is not so much what men look for now to the footbal followers at present, but be on hand to retain his position at center. For the quarterback position there are Weaver, Young and Downe, and the backs will be more than cared for by Skiles, who played as well this year, and by Young, Witham, Anderson, Krieg and Rohrbaugh. Some of these latter men may have to be pushed forward to a line position.

The material for next year’s team is very promising. We need, however, a strong revival of the old time Kenyon spirit, not among the student supporters so much as among the boys themselves. If the college supports football and athletics to what men have the interest of the made an ideal manager. team at heart enough to guarantee their return to college next year. Kenyon’s greatest difficulty is not the loss by graduation as much as the loss of good men by leaving college. For a winning team in 1911, it is necessary absolutely that every possible candidate for the team to return in the fall.

The prospects for next year are bright. There is a wealth of material for the ends in Axtell, Aves, Allen and Wonders. At tackles are Marty and Lewis, and at guards are Lane, Crawford, Snyder. Wickham, Allen, Crawford.

EX. CAPT. CHESTER CABLE.

It was a blow to the team when it was announced that our captain would be forced to withdraw from school after the Wesleyan game. He had played for three years and was considered one of the best guards in Ohio.

Among the extent of ten or fifteen dollars a year per man, the athletists should unhesitatingly give them selves up to the best welfare of the team. Kenyon spirit would demand of them that they train religiously, that they put absolute obedience in the will of the coach, and that they practice consistently. No half-hearted measures are characteristic of Kenyon, and so our teams, especially in football, should meet every team in the state next fall, at least with an even break of winning.

YALE-HARVARD GAME

The “Yale” team of Old Kenyon defeated its opponents, the “Harvard” fighters from Ham Hall by the decisive score of 16 to 0 on Benson Field Saturday, Nov. 19, thus wiping out the 5 to 0 defeat of last year. Harvard was never very dangerous only reaching Yale’s five-yard line once when they were held for downs. O’Ferrall, Gaines and Rosabough distinguished themselves in the Yale line-up while McCafferty and Carey starred for Harvard. As is usually the rule all men playing on the varsity or scrub were ruled out, and the game was amusing if the players did back somewhat in training.

Lineup and summary: Yale 16 Harvard 0
Stuckenberg ........... Little (C) ......... L. E.
Hall ................. Matthews L. T.
Glass .................. Casey L. G.
Sprague ............... Clarke
Seest ............... W. F. Koenline R. G.
Beatty .................. Hanes R. T.
Kiechler ............ P. G. Russell R. E.
Siddall (G) .......... McCafferty Q. B.
O’Ferrall .............. Shuey L. H.
Rohrbaugh-Tasman .... Porter R. H.
Gaines .......... Cook-Manchester F. R.

touchdowns — O’Ferrall 2, Gaines. Goal from touchdown—O’Ferrall.

St. Andrew’s Day.

As an ideal way to celebrate St. Andrew’s day the Kenyon chapter of the Brotherhood of St. Andrew listened to an address by Dean Jones of the Seminary on Wednesday afternoon, November 30. Many college men besides the entire chapter were present.

Change of Schedule

Two important changes have been made in the schedule of the C., A. & C. No. 503, northbound, now arrives at 2:08 p.m. instead of at 1:35 p.m. No. 505, northbound, now goes through to Haldon, connecting with a Cleveland train at that point.

Dr. Nathaniel P. Dandridge

Dr. Nathaniel Pendleton Dandridge, a member of the class of 1866, died at his home in Cincinnati on November 6th. The deceased was an eminent surgeon. His interest in Kenyon was never faltering and just a few days before his demise, he presented the library with two valuable sets of books.

Nebraska’s freshmen-Sophomore contest takes the form of a ball rush. The two classes are lined up at equal distances, a line on which is suspended a number of cow bells. At the end of the rush the side having the greater number of bells on its side of the field wins. They also have a “hug-tying” contest in which five freshmen and five sophomores participate.
Financial Report and Prospectus from Graduate Manager.

Now, since the football season is over, it is interesting for us to review the financial report of the past season, and then to glance ahead at the athletic schedule for the remainder of this year. Although the manager has not finished his financial report of the season, he says that, in general, there will be a deficit of about $400 on the football season, but with the present arrangement, we are certain to be in better shape financially at the end of this year than we were last year.

The basketball season opens January 28, with Otterbein at Gambier. Other home games, which have been arranged already are Dennison on March 10 and Allegheny on February 23. The other games have not yet been arranged.

The baseball schedule will probably open on April 1, with Reserve to play on Bexley field. Reserve and Case also desire Cleveland games, but the dates are still unsettled.

On May 5 and 6 will occur what we might call an "athletic carnival" with Wooster which begins on Friday afternoon, May 5, when Wooster will oppose Kenyon in tennis on the local courts. On Saturday morning will occur a dual track meet between these two colleges, and the tournament will end on Saturday afternoon with the baseball game between the Wooster and Kenyon teams. All of this will occur on the local grounds. The manager is trying also to secure a tennis tournament with the University of Michigan in which games will be played both here and there.

The schedule for the next football season is not certain, but it is appropriate to give a brief prospectus of it in this issue. Kenyon will play Reserve in Cleveland on October 7, 1911. Allegheny college at Meadville, Pa., is very anxious to have the Kenyon football team play there on October 14, the occasion being the opening of their new $35,000 athletic field. It is probable that Kenyon will play the University of Cincinnati at that place on next Thanksgiving, but as yet none of these dates are certain.

"The Call of the Ministry."

On Wednesday evening, November 30, Rev. L. Cody Marsh of the class '17 addressed the college men in the chapel. He addressed the subject of which was "The Call of the Ministry" was delivered in a forceful and eloquent manner to more than fifty Kenyon and Bexley men.

INTER-CLASS BASKETBALL

To arouse more interest among Kenyon men in basketball an interclass league has recently been formed, with the following schedule:
Saturday, Dec. 9—Juniors vs. Freshmen. Sophomores vs. Freshmen.
Wednesday, Dec. 7—Seniors vs. Freshmen. Juniors vs. Sophomores.
Saturday, Dec. 10—Seniors vs. Juniors. Sophomores vs. Freshmen.

Two of these games have already been played, the Senior-Sophomore and the Junior-Freshman games. The Sophomores had an easy time with their older opponents, closing them out to the tune of 25 to 6. The Freshmen were able to elbow out a 33 to 11 victory over the Juniors. Thus far the percentage stands as follows:
1913 W L Pt
1914 0 0 0
1915 0 0 0
1916 0 0 0

It is hoped that the men will take an interest in these games for besides offering entertainment they are also a great help in picking out better material for the varsity.

Were Awarded "K"s"

At the meeting of the Executive Committee, Monday evening, Nov. 27, the following men were awarded "K"s: J. H. Cable, Reinhimer. C. M. Cable, Southworth. Axtell, Young. Weaver, Aves. Koepping, Skiles. Marty, Snyder. Wickham. Dr. Allen, Chairman of the committee, presented the letters at the December meeting of the Assembly.

Matriculation Exercises

The formal ceremony of matriculation was held Saturday, Nov. 19, when thirty-two successful candidates were enrolled as Kenyon men in full standing. At eleven o'clock the procession formed before the library, moving thence to the Church of the Holy Spirit.

Heretofore this exercise has been held after the Thanksgiving recess, but for various reasons the date was advanced.

The system of mid-term examinations to determine who are eligible to matriculate is done three miles long, to be used for experimental purposes.

"Spend more time on the English language and less on French and German" is the advice of president Schurrman to the engineering students of Cornell.

The students council at Iowa college, Grinnell, Ia., has recommended that dancing shall not be recognized as a college amusement.

As a punishment for flunking, the students at the University of Colorado must wear small blue caps, with green buttons.

THE REVILLE

Book Published by the Class of 1912 To Be Dedicated to Dr. Peirce

The class of 1912, which this year will publish the 1911 Reveille decided at a class meeting held Friday, December 2, to dedicate its book to the president of the college, The Rev. Dr. William Foster Peirce.

The contract for printing has already been let to the Champion Press of Columbus, and the engravings will be made by the Electric City Engraving Company of Buffalo. The Reveille Board has determined to make the 1913 Reveille a Kenyon picture-book, and great effort is being made to collect as many campus pictures and Kenyon views as possible.

Basket Ball

Never before in the history of basket ball at Kenyon college has there been so many men interested in the game so early in the season. The inter-class team system has been given the credit for this condition, but may it not also be accredited in part to a reaction in favor of basket ball which has become apparent during the last few days? The failure of last year’s team to “make good” was very apparent and lead, as will be remembered, to the appointment of a committee which was to consider whether or not it would be to the best interests of Kenyon to cease to take part in intercollegiate basket ball. This committee when it had listened to arguments on both sides decided to try one more year. The conditions drawn up are not unreasonable, but it will require constant training and good hard work on the part of the team picked this year to show results warranting the continuing of the game here. This is the state of affairs and Kenyon spirit is going to meet the emergency.

Of the men who were awarded letters last year we have Captain Weaver and Gaines still with us. The class teams are developing good material which, with the men whose ability is already known; Beatty, Sanderson, Young and Marty, will make a considerable squad to choose a squad of ten men after Christmas. The games will not start until after from so they will not interfere with examinations or the February festivities.

Every eligible man has an equal chance and reputation will not count. Men who make the team will be men who have come out regularly to practice and have trained in the true sense of the word. More depends upon this season’s results than ever before. Everyone lead a shoulder and push.

Minnesota Club Organizes

At a meeting of the Minnesota men at Kenyon, held December 4, an organization was formed and officers were chosen. The purpose of the society is to band together the men from the north-west and to be an assistance to the Kenyon Alumni association of Minneapolis and St. Paul. A dinner will be held in St. Paul at Carling’s immediately before Christmas, after which the Kenyon men will be entertained at the home of Mr. Charles W. Adams, ’83. The undergraduate members of the Minnesota club are E. M. Watson, ’12, President B. P. Hall, ’12, Vice-President H. S. Johnson, ’13, C. Krieg, ’13, W. Jenkins, ’14, Philip Lewis, ’14, C. M. Gregg, ’14, J. A. Gregg, ’14, and R. C. Millsapugh. The members of the Alumni association at Minneapolis are the Rev. James Triumbie, ’52, H. S. Gregg, ’81, C. W. Adams, ’83, C.

CUB' SIDDALL

Our Lasty Cheer Leader.

Although working under discouraging circumstances “cub” made a splendid cheer leader. He has also distinguished himself by being captain of the “Tails” team for two years.

CAPT. J. H. CABLE

After the withdrawal of Capt. G. M. Cable, this student tackle took up the leadership. Although not in condition being enough to show what he could do, nevertheless he was popular with the team.

Juniors at Stanford University wear plug hats.

FANCIFUL PHRASES OR

thoughts couched in beautiful language may be well enough for the classics, but one homely word is sufficient to describe Fatima Cigarettes - They’re “Bully” and unlike Shakespeare, we repeat—they’re “Bully.”

Works of the old masters of tobacco blending—authors of all your joys—are Fatimas. Plainly packed—10 additional cigarettes instead of a fancy box.

THE AMERICAN TOBACCO CO.
