ALUMNI OFFERS

LAUNCH CAMPAIGN

Windy City Men Make Plans to Canvas Chicago Schools for Prospects

Plenty of Ginger Demonstrated By Alumni—Results Ought to Show Next Fall

The Savage Club Room of the Kuntz-Remillard Restaurant, Chi-

cago, was the scene of an invita-
tion gathering, Saturday even-
ing, March 6, when the members of Kenyon College Club with

their visitors assembled to enjoy a brief, steak dinner and discuss plans for

sending a freshmen delegation to Gambier next fall. That both

these ends were accomplished, can be justly stated, and before the

evening was spent very definite measures were taken to canvas

Chicago high and preparatory schools with a view to interest-

ing the men eligible, in Kenyon.

Unique and plain-spoken were the printed announcements of this

dinner and the committee is to be

commended for its work. The in-

formality of the program was well

out during the evening and con-

sequently the gathering

was a huge success.

Though the words “no set

speeches” appeared on the

announcements a few informal talks were given by the men present.

E. M. Anderson, ’14, acting as

toastmaster briefly outlined the

plans of canvassing the high

and preparatory schools of the

city and assigned to several

men all the schools of Chicago. By

the personal acquaintance and di-

rect contact with the men in ques-

tion it is hoped that a large num-
er of Chicago men may be in-

fluenced to come to Kenyon in the

fall.

Speeches offering suggestions were made by Messrs. W. P. Eli-

liott, ’70; Howard Mann, ’00, Con-

verse Goddard, ’92, and James

Cruiser, Jr., Vol. W. S. Jenkins,

’14, spoke of the work. Mr. Sharp, the work the club

hoped to accomplish and endorsed the plan for sending men to Ken-

yon. Mr. Jenkins called upon

the floor, H. C. C. Bailey, ’15, commented briefly on conditions in

Gambier and explained the plans for the customary Easter

1917 CLASS SONG

I

Round old Kenyon’s hill of glory
With its towering trees of green,
Comrades, let us sing the story
Of the class of seventeen.

Chorus
Ring out—ring out our martial song,
Life’s course is all too brief,
Four years at Kenyon, like the autumn leaf,
Will not linger long.

II

Classmates, sing and on the morrow
When we tread life’s troubled maze,
We shall all forget our sorrow
In the thought of Kenyon days.

Chorus
Ring out—ring out our martial song,
Life’s course is all too brief,
Four years at Kenyon, like the autumn leaf,
Will not linger long.

It's Dangerous!

Positively dangerous to have your eyes examined or glasses adjusted by graduate opticians and optometrists, none of whom have any medical education of the eye, its appendages or diseases.

Our glasses guaranteed to relieve headache and nervousness. Our $3.00 eye examination is always free to students of Kenyon College, also, reduced prices on glasses, when needed.

which hang in the White House; Portraits of President Garfield, Edwin M. Stanton and the Hou. Benj. Tappan are among his recent works and are to be found in the court-house at Steubenville.

When still a young man, Mr. Andrews married Miss Emma Stewart who died several years since. He married Miss Minta Minnegerode, of Alexandria, Va., near which place he made his home. During the winter months he spent much time at Washington and frequently went to Europe.

The body of the deceased was taken to Steubenville for interment. The funeral services were held from St. Paul's Church, Sunday, March 21.

Unfortunately, the fire which destroyed Hubbard Hall in 1910, took with it the pictures painted by Mr. Andrews. They included ones of Dr. Bodine, Mr. Tappan, and President Hayes.

Chicago Alumni (Continued from Page 1)

campaign carried on by the students during the April recess. The Club plans to get in touch with prospective students as early as possible this spring. When several are made known to the men a dinner will be given at some convenient place to which men will be invited. When something of the real Kenyon spirit can be made manifest to them by all the alumni who are present and short talks to them will be given in explanation of Gambier's distinct advantages. This plan ought to prove effective if even a small part of the enthusiasm shown at the above meeting is utilized at such a dinner.

Peace Movement (Continued from Page 1)

what we can to bring about peace. Mr. Leavitt then proceeds:

"We all realize that our President cannot now offer mediation, because the time is not yet ripe. For any of the belligerents to admit that it was opportune would be a confession of weakness, and that is not to be expected yet. But while the President cannot act, it is not possible for our Germans and Russians and Englishmen and Frenchmen and other citizens who are of the blood of some one of the belligerent nations to do something!"

"This is where my chimerical scheme comes in. That scheme is a well-organized movement in this country in which the people of German birth or married to the German people in Eu-

ope; the Russians here will appeal to the Russians; the French to the French; the English to the English; the Irish to the Irish; the Servians to the Servians; the Aus-
trians to the Austrians; the Hun-
garians to the Hungarians, and the Turks to the Turks. No German will appeal to an Englishman or a Frenchman, or any Russian to an Austrian, or a Belgian or a Servian to a Hungarian. In no case must the picture be of all the warring nations from all the people of the various bloods represented in this country. Yet the memorial in every instance will be identical."

Mr. Leavitt produced a draft of the proposed memorial and read it to the congregation. It began by stating forth that all the belligerents were represented in American citizenship and that they were living together, doing business with one another, that all enjoy the same liberties of church and state and persons guaranteed by the American Constitution, and that this in a country as big in size as all Europe. Furthermore, it stated that this was a government in which the people themselves rule, and that if all these blessings could be enjoyed by all these various races in the same country there was no reason why they should not be enjoyed by these same races who lived alongside of each other in Europe.

In closing Mr. Leavitt endorsed President Wilson's attitude toward the war and asserted that he, himself, favored Germany until that country invaded and devastated Belgium.

1915 Reville Goes to Press

With all material in the hands of the printer, indications are that the Reville will be on sale within a month. Adoption of new features and painstaking preparations of material insure a book better than those of past years.

Several changes will be found in the book. Instead of being one color the cover will consist of a light green border with central inlay. In addition, there will be many more snapshots of college scenes than in previous editions.

Among the contributions, two poems by Canon Watson and a drawing by Paul Hamm, '07, are noteworthy.

The price of the Reville is $2.50, cash in advance.

Baseball Schedule Is Arranged

At a recent meeting of the Executive Committee, Baseball Manager Bailey submitted the baseball schedule for the coming spring. While it is somewhat early to make any predictions, it is believed that Kenyon will make a fair showing in this branch of athletics considering the numerous disadvantages she is under. Three home games are arranged for and it is hoped that these will be better supported than in former years. As yet, no game is scheduled for May 7, though there is reason to believe that one may be arranged in connection with the Miami game. The schedule at present is as follows:

April 30—Miam at Gambier.
May 2—Open.
May 5—Miami at Oxford.
May 14—Denison at Granville.
May 21—Reserve at Gambier.
May 28—Wooster at Gambier.
June 1—Emory at Wooster.
June 9—Akron at Akron.

Arrangements are being made to procure new suits and it is expected that they will be ordered so as to be in Gambier directly after Easter. This will ensure early preparation for a good season. The diamond is to be put into shape as soon as the weather will permit, work on it and everything will be in readiness for the first game, April 30.

Dramatic Club

(Continued from page 1)

by Dr. Reesor's speech and the plan of procedure that he advanced met with the approval of everyone present. Mr. Morton of Buxley, who gave some helpful suggestions in the recent prediction, gave a short talk. He expressed his pleasure as being invited to attend the banquet of the club and wished it success. Mr. Bailey, being introduced as a member of the Collegian Board, commented on his satisfaction at being a member of the club. He did not offer to make the "Collegian" the official mouth-piece of the dramatic club, but did promise to record with due merit the accomplishments of the club. Several but interesting titles were given by Mr. Dean, Cross, Watley, McKimsey and Hauck. "Mr. Kelcher in a few closing remarks urged a strong organization of the club, a plan which has, in part, been carried out. The singing of "Thrill!" and the shrill of the club's personal "hiss!" concluded the congenial gathering.

If you are not in business for your health, you'll never have good health or much business.

Ex.

Pictures and Letters Given to Library

Through the kindness of Bishop Leonard several small gifts have recently been given to our library in shape of framed documents and pictures.

Probably the most valuable of these is a lithograph of Bishop Chase, after the painting by James Boyle, in 1840. The proceeds from the sale of this print were applied for the benefit of Jubilee College in Illinois, the second college founded by that great bishop.

Another framed picture is a representation from a recent number of the New York Times. It is taken from the historically accurate painting of the signers of the Treaty of Ghent, made by the English artist, A. Forrestier. The figure of Lord Gambier stands out prominently in the foreground.

The other two gifts are two letters of early Kenyon life. One from Bishop Roberts, dated, Sep. 8, 1818, concerning the bishopric of the Rev. Intrepid Morse, while the other is a letter from President Hayes to his "brothers in Old Kenyon."

Hop Committee Busy

Arrangements are now being made for the Sophomore Hop which will be given on the night of May 14. In selecting this date the committee aimed to include as many college activities as possible in hop week. A baseball game and a track meet must have been arranged for the two days and it is hoped a truck meet may also be arranged.

As this dance comes at the most delightful time of the year it is probably the most popular of the three and consequently much work is expended in making it a success.

A unique method of decorating is being devised by the committee and from all indications the class will have reason to congratulate itself for its efforts. The committee consists of the following men: Messrs. White (chairman), Noonan, Dall, McKenney, Shaner, Twigg, Molder, Nicholson and Endle.

Frank M. Weida, '13, was a recent visitor in Gambier. "Doc," as is the teaching staff at St. Al- bon's School, Knoxville, III.

E. H. Jones, '18, who has had to leave college on account of sickness is reported to be recovering. Mr. Jones on leaving for his home in Wisconsin was in a very weakened condition. He was accompanied by Messrs. Bailey, Dechant and Hamilton as far as Chicago, where he was met by relatives.

Mr. Jones' happiness is in the ratio of his realization of his ideals. Ex.

Kenyon defeated by Wooster Team

Gambier Men Manage to Win Some Firsts, But Lose in Finish—Good Showing Made

After gaining a good lead in the early events the Kenyon track team was overtaken and defeated 58 to 40 at Wooster on February 27. Kenyon excelled in the dashes, but failed to hold their own in the longer runs.

For the first three events Kenyon had a substantial lead, but in the succeeding events Wooster came from behind and after the tenth event to Kenyon men gained a point. Firsts were won by Gregg Leonard, Galberach, and Doll, Williams, who entered the 2-mile, half-mile, and mile, won second in the mile, the only points won for Kenyon in the longer runs.

Several of the events were very close. The 220 Kenyon won first and second with Markter of Wooster less than six feet behind Gregg, who won. To win the shot put, Doll had to break his own record to defeat Charnalay. The meet was closed by an extremely close relay, which Wooster won by a scant yard.

Summary of Events
1. 30-yard Low Hurdles; Gregg, Kenyon, 1st; Doll, Kenyon, 2d. Time 4.8 sec.
2. 30-yard Dash; Leonard, Kenyon, 1st; Markter, Wooster, 2d. Time 3.5 sec.
3. Mile Run; Richards, Wooster, 1st; Williams, Kenyon, 2d. Time 4:27.3.
4. 100-yard High Hurdles; Gregg, Wooster, 1st; all other disqualified by knocking over the last hurdle. Time 4.4-5 sec.
5. 440-yard Dash; Gregg, Wooster, 1st; Galberach, Kenyon, 2d. Time 56 sec.
6. 880-yard Run; Leavitt, Wooster, 1st; Johnson, Kenyon, 2d. Time 2:04 4-5.

Basketball Closes Good Season

Six Games Won—Seven Lost is Record of Kenyon Team—Next Year’s Outlook Good

Kenyon ended the conference season by winning and losing a game on the last trip. Miami was defeated 26-21 and Cincinnati defeated Kenyon 25-21. These games gave Kenyon a percentage of 156.4 for the season: six games won and seven lost.

At Cincinnati Kenyon lost, not because Cincinnati was better but because of wrestling refereeing on the part of Mr. Golby. Kenyon led 8 at the half when Mr. Golby proceeded to hand the game to Cincinnati. No less than twenty-two fouls were called on the Kenyon five.

The following night Kenyon played what was probably the best game of the season. Miami, strengthened by the return of Pierce to the center, expected to make the score on Kenyon. The variability, however, started off with a rush and only once did Miami tie the score. The game was close throughout and very closely played. No one person deserved special credit for winning the game; everyone played at his best.

Lawwill Lectures Especially Good

Canon Hanney on “Ireland and the War” and “Tennyson,” by Mr. Ward, Draw Crowds

The Lawwill lecturership commit-tee presented recently two speakers who demonstrated to pleased audiences that their extensive and favorable reputations were well deserved. The Rev. J. O. Hanney, Canon of St. Patrick’s, Dublin, gave an interesting address, Friday, March 5, on the subject, “Ireland and the War,” while on the following Monday Mr. Wilfred Ward, the famous biographer of Cardinal Newman, spoke on Al-fred Tennyson, from knowledge gained through intimate personal friendship with the great poet laureate.

In the beginning Canon Hanney presented the chaotic state which existed in Ireland before the outbreak of the war, due, mainly, to the Uister opposition to the Home Rule Bill. There were in Ireland less than five different armed bodies who were either antagonistic to each other or of rather dubious attitude. The effort of the crown to prevent the importation of arms had been an utter failure. It was indeed not surprising that Germany should have concluded that England was having enough trouble with the Irish and that it would be impossible for her to undertake a part in the continental struggle. However the Irish Nationalists completely surprised everyone by their profes-

Organize class to study missions

Traveling Secretary Ramsaur Interests Kenyon Men in Great Work—Class Large

The Student Volunteer Move-
ment for foreign missions is mak-
ing itself strongly felt at Kenyon, since the visit of Mr. W. H. Ramsaur, one of the eight traveling secretaries of the movement. The most fruitful result of his visit is the organization of a mission study class in which the larger number of the student body has enlisted. Before leaving Mr. Ramsaur acknowledged that several men had pledged themselves to work in the foreign fields.

This was Mr. Ramsaur’s second visit to Gambier. Last year he was here for only a few hours and of course nothing definite was ac-

Military Camp for College Students

Much interest is being shown by men of the eastern schools in regard to a military summer camp to be established for college men by Major General Leonard Wood, commanding the eastern division of the army. The camp, which is designed to create a system of military instruction will be located at Plattsburg Barracks in New York state. In addition there will be three others of similar nature in other parts of the country. At these camps the college and university students will receive training from officers and generals in the regular army. The plan was first conceived by General Wood when he was a chief of the General Staff and it is thought that such a plan will lead to the creation of a large military reserve.

The presidents of many of the more prominent eastern institutions, Lowell of Harvard, Hadley of Yale, and Hibben of Princeton, heartily endorse the plan and are practically unanimous in their praise of the scheme.

A more detailed account of the purposes in the establishment of these camps is gathered from what the general staff has recently given out:

"The benefit of these camps to the nation is that they foster a patriotic spirit, without which a nation soon loses its virility and falls into decay. They spread among the citizens of the country a more thorough knowledge of military history, military policy, and military need, all necessary to the complete education of a well-equipped citizen in order that he may himself form just and true opinions on military topics.

As a military asset these camps are of great value, since they afford the means of materially increasing the military reserve of the United States by instructing a class of educated men from which in time of national emergency would probably be drawn a large proportion of the volunteer commissioned officers, upon whose judgment and training at such a time the safety and even the lives of many of their fellow-countrymen will largely depend.

The ultimate object sought is not military aggrandizement, but to make provisions, in some degree, to meet a vital need confronting us as a peaceful and unwarlike people, to the end that peace and prosperity may be preserved through the only safe precaution, viz., more thorough preparations and equipment to resist any effort to break such peace."

Ohio University is trying to get a chapter to the military fraternity, Delta Sigma Rho, established.

Two Boxley Men Change Residence

The Rev. W. H. G. Lewis, Bex., '93, rector of St. Luke's Church, Brockport, N. Y., recently accepted a call to the pastorate of Christ Episcopal Church at Lockport, N. Y. Mr. Lewis, who has been in Brockport for eight years, will take up his new duties on Easter Sunday. Before going to New York state he held charges at Toledo, Oberlin, Ashland and Warren.

The Rev. J. A. G. Tappe, Bex., '74, has left his charge at Toledo to become curate at the Rev. E. Cole Sherman, rector of St. Paul's, Akron. He will have the special duties of St. Andrew's, Akron and also will conduct services at Barberton.

Constant Southworth, '98, was a recent visitor at Gambier.

Lectures On Hayes Administration Postponed

The series of lectures to be given during May on the Harrison Foundation by Professor John W. Burgess has been postponed till next autumn. Mr. Burgess, who was to have spoken on the administrations of President Hayes, has had to go to Europe and consequently will be unable to get to Gambier during the present college year.

This turn of affairs is especially regretted by the members of the course in United States history, comprised chiefly of seniors and juniors, who in addition to using the text of the above historian, would delight in seeing the creator of the banes of their existence.

The University of Chicago has instituted gym classes for the university employees. Thirty men have signed up under Alfred C. Kelley for the classes which will be held on Wednesday evening.

THAT SINFUL PRINTER

Unobserved and unannounced, the president of a church society entered the composing room just in time to hear these words issue from the mouth of the boss printer:

"Billy, go to the devil and tell him to finish that 'murder,' he began this morning. Then kill 'William J. Bryan's Youngest Grandchild,' and dump into the hell-box. Then make up that 'Naughty Parisian Actress' and lock up 'The Lady in Her Bonnet.'"

Horrified, the good woman fled from that place of sin, and now her children wonder why they are not allowed to play with the printer's youngest.

No man ever successfully made love when he had a cold in the head.--Ex.

**BASKETBALL SEASON ENDED**

(Continued from Page 5)

**Kenyon-Allegeny**

The last game played by the team was with Allegeny College at Meadville, with a score of 50-23. Kenyon never had a chance against the strong Pennsylvanian team, and was constantly on the defensive. Allegeny took the lead at the start, every man was a good shot and consequently Kenyon was outclassed.

The passing of the Kenyon team was not so good as it has been on other occasions, due to the small floor, while the poor lighting system was quite a drawback. Too much credit cannot be given the Allegeny team. They are without a doubt the best team Kenyon played this season. Denison and Oberlin included.

**Kenyon-Mt. Vernon**

Kenyon defeated a team representing the Mt. Vernon Y. M. C. A. at Rosse Hall on March 6, 22-24. The game looked more like a practice than a game, and the Mt. Vernon team offered little strong opposition. A game was played merely to fill in an open date in the schedule. Schafer scored 10 field baskets while Seymon played well for the victors.

A recent issue of the Chicago Post announced the engagement of Mr. Warren Scothorne, '22, to Miss Grace Hill, daughter of Mr. and Mrs. Fred A. Hill, of Chicago.

**Management of Commons**

Again Changes

With the resignation of Mrs. Flick at the end of this month the Commons again changes hands. The new manager will be Mrs. P. W. Bingham of this city. It is hoped that the change will result in increased efficiency and more general satisfaction both on the part of students and also with those employees. Mrs. Bingham has had some experience in the management of similar institutions.
