Kenyon Holds Reserve for Four Downs on One Yard Line

Kenyon defeated Western Reserve at Gambier on November tenth by a six to nothing score in a game that thrilled the largest crowd of years and depicted that unconquerable Kenyon fight and spirit at its highest pitch.

The game was a struggle from whistle to whistle, as the six to nothing score indicates. Reserve, smarting under recent conference defeats, was on hand to win from the Old Purple eleven. Kenyon, without a conference victory to her credit, was equally determined to emerge victorious.

The crowds of homecomers, full party guests, students, and other football enthusiasts were given the gridiron treat of the season. It was our hundred per cent a Kenyon Day.

Kenyon produced no outstanding stars, every man who reported to the referee played his best. Spectacular plays were made by practically every member of the team; it was a smooth running machine that conquered the upset aggregate and far from be-

COACH LOVE OFFICIALLY ORGANIZES BASKETBALL CANDIDATES FOR TEAM

Kenyon Has Hardest Conference Schedule

Prospects for a good basketball team this season look better than they have for many years. Apparently the team will again be a small one, but exceptionally fast. The competition for regular bench is keen and Coach Love reports that the strenuous afternoon practices is gradually building up a combination that will make a favorable showing in the Ohio conference.

Kenyon has without a doubt the hardest schedule in the conference and, though it is difficult to make predictions at this early date, the student body and alumni can rest assured that the local basket shooters will put up a good

There are two ways of judging the success of a football team: by the percentage column and by the improvement shown from game to game. It is evident to one having only a slight knowledge of mathematics that the loss of six games out of seven will land any team close to the foot of the ladder. The season of 1925 has been anything but a success if one stubbornly refuses to consider anything but the Conference standings.

But to view the season in another light, to think out of games won and lost, but of the fight against overwhelming odds which the purple warriors put up, a thrill of pride must course through the veins of every true Kenyon man. The college does not boast of a large enrollment and consequently the athletic representation is small. The fact that the season began and ended with a span of twenty-five men on the field is ample proof of the perseverance displayed by the players.

Kenyon has been handicapped all season by its inability to halt a forward pass attack. This was due not to the lack of a forward pass defense, but to the lack of speed in the backfield. Consequently, Muskingum, Mount Union and Wittenberg forward passed the Episcopalians to death. When they found the purple wall adamant, the opponents resorted to the air route, which usually resulted in a long run and a touchdown.

Early season games are the bane of a football team, for some supposedly weak outfit usually crashes through with a victory at the same time injuring one or more stars. Such proved to be the case with Hiram, Kenyon's first opponent. Defeated by a team which could show nothing sensational in the way of offence or defence, the Kenyon line showed an entire lack of ability to block; while the backfield could not defend against the forward pass. Once and once only did the Gambier eleven show any semblance of an attack. With five minutes to play they advanced the ball by successive down to the ten yard stripe only to have a pass intercepted. The tackling in the game was poor.

The result of the Muskingum game, 35-0, showed that the faults of a week ago had not been corrected. Although the line held well, forward passes proved fatal. The punch necessary to put the ball over was also absent. Thrice Kenyon had the ball on the enemy five yard line, and in many times they failed to produce a marker.

The Mount Union game marked the first stage in the team's improvement. Each individual was fighting harder than ever and in addition an attack was displayed which resulted in a touchdown. The tackling and blocking were much better but there was still the lamentable weakness against passes. All the enemy touchdowns were the result of long beavers.

An alumnus present at the Witten-berg contest said "the team has improved one hundred percent." The big Lutheran team furnished the stiffest opposition of the season and Kenyon, in holding them to a 28-7 score, had to battle all the time. Outplayed at times but never out fought, the purple team showed a forward pass attack that kept the spectators on their feet at all times. It resulted in one touchdown and would have been worth more if the running attack had succeeded.

Prospects looked rosy for a win over Athens but, as sometimes happens, an unfortunate circumstance combined to wreck all hopes. Time after time Kenyon lost the ball when a score seemed eminent, while during the first half Ohio University twice scored via the forward pass. In spite of the 140 score, the Kenyon forward well out played their opponents, the backfield made good gains, and the tackling was hard and good.

The story of the Reserve and Baldwin-Wallace games is told elsewhere. The Reserve contest was the climax of a season of development in which the preceding games had been stepping stones which pushed the pigskin over the goal, and the stubborn defense to hold the advantage gained. Twice Reserve threatened to score and twice they repulsed. All the old defenses were gone; here was a polished machine which knew what to do and did it.

It is not fitting to close a chronicle of the season without some mention of the men who gave all they had for the honor of the purple banner. As usual there were those who because of their greater ability stood out above the others and were called upon to play the games. Three men were: Votaw, captain, Rybak, Harris, Dickson, Somervell, Heworks, McCarthy, Tabor, Salvin, Jones, Daily, Edwards, Mulvey, Diller, Lyman. With only four men from the squad leaving school and with Coach Wipper's system established, a successful season is anticipated in 1924.

Unfortunately the group picture above does not include "Bob" Heworks or Hitchcock. Both of these men deserve much consideration in their respective positions on the first and second teams and it is a source of genuine regret to the management of this paper that they are omitted.
College vs. University

"A few young men, well educated, are worth a host, superficially taught," which is not found in a city. Each person in that community knows each other, and knows each other well, but in any city how many persons, that is average persons, can claim five or

The Keynesian perspective

...what is the Keynesian picture of the economy? Keynesians believe that the government should intervene in the economy to stabilize it during downturns and to promote growth during booms. They advocate for fiscal policy, which involves government spending and taxation, to achieve these goals. Keynesians also support monetary policy, which involves the actions of central banks to influence interest rates and the money supply.

...the Keynesian perspective on the role of government in the economy. Keynesians believe that the government should play a more active role in managing the economy, especially during times of economic downturns.

...the impact of Keynesian policies on the economy. Keynesians believe that these policies can help to stabilize the economy and promote growth.

...the limitations of Keynesian policies. Keynesians acknowledge that their policies may have unintended consequences and that they may not always be effective.

...the Keynesian perspective on the role of government in the economy. Keynesians believe that the government should play a more active role in managing the economy, especially during times of economic downturns.

...the impact of Keynesian policies on the economy. Keynesians believe that these policies can help to stabilize the economy and promote growth.

They couldn't destroy the work he did

"The Republic has no need for savants," sneered a tool of Robespierre as he sent Lavoisier, founder of modern chemistry, to the guillotine. A century later the French Government collected all the scientific studies of this great citizen of Paris and published them, that the record of his researches might be preserved for all time.

Lavoisier showed the errors of the theory of phlogiston—that hypothetical, material substance which was believed to be an element of all combustible compounds and to produce fire when liberated. He proved fire to be the union of other elements with a gas which he named oxygen.

Lavoisier's work goes on. In the Research Laboratories of the General Electric Company the determination of the effects of atmospheric air on lamp filaments, on metals and on delicate instruments is possible because of the discoveries of Lavoisier and his contemporaries.

**President Jacobson Talks On Spirit**

The second regular assembly was held in Philo hall, Nov. 6, 1923, with President Jacobson in the chair. The amendment was passed regarding the awarding of gold footballs and gold basketballs to men receiving letters for three years in these two sports.

A discussion on the proposed Honor Committee amendment followed. Mr. Greaves explained the new amendment which stated that in the future the committee be composed of two members from each class so as to facilitate rotation of each class graduates. The motion made by Mr. Alling that it be rejected in its present form was seconed and passed. Mr. Sturges then presented the revised Honor Committee amendment.

The following men were elected to fill vacancies on the Honor Committee: I. B. Brown, Carey and Slagle.

Mr. W. H. Rush reported on the progress of the Revelle and urged that the Junior class be given the hearty support of the entire student body. The motion by Mr. Rush that each man in the Freshman, Sophomore, and Junior classes be assessed five dollars, three dollars and fifty cents to be paid at once and the balance when the book is put on sale and that the members of the Junior Class be assessed five dollars and forty cents to be paid at once, was seconded and carried.

President Jacobson, in behalf of the Senior Council, announced that the faculty had granted a holiday on November 10.

Mr. Russell urged that the men support the Senior Prom, and also reminded the assembly that it was to be a gay dance. Mr. Russell also announced that there would be no College tea dance.

Mr. Ellwood's motion to the effect that lunch be served at the Commons at twelve-twenty during the week instead of twelve-fifteen was seconded and carried.

President Jacobson, Chairman of the Commons Committee, stated that he would look into the thirty-five dollar common's fee and report on it at the next assembly. Some discussion followed after which the meeting was adjourned.

"Mr. R. H. Cholney, '18 and Bob Schonfeld, ex-24 were on the Hill the weekend before the Homcoming Game."

Mr. Raymond Van Epps, Cleveland, visited his brother in West Wing during the week end of the dance.

Jim Wade, '22, accompanied by Miss Jerry Sheppard, and Jim Fitch, who escorted Miss Pflugher, attended the Fall Hop.

LIBRARY NOTES

Miss Louise Bowell, who was the library assistant last year has resigned and Mrs. Weidt, well-known to Kenyon students, is assisting this year in the library.

The periodicals received by the library have increased the shelving space in the reading-room. Additional titles can be located in Horton Hall. For the back files which are not in the reading-rooms ask at the desk.

Views adjoining the Kenyon estate in England and old views of Gambier are on exhibition in the case in the library reading-rooms this month.

Students who wish to use books from the stacks in the library on Sunday should bring them to the desk during the week and ask to have them reserved. The reading-rooms only are open on Sunday.

At present there are many books missing from the library and the students who are responsible for taking them out should see that they are promptly returned. Books missing for a considerable length of time are considered lost. Doubtless there are old library books in many of the dividers and it is requested that students inaugurate a thorough search for such books and if any are found the Librarian would greatly appreciate their return. Only the students suffer from this neglect which necessarily must be remedied.

ANNOUNCEMENT
The Collegian Board takes this opportunity to announce that, in the following numbers of this publication, certain definite information regarding the Centennial Celebration and notes concerning events one hundred years ago will be printed in these columns. The Centennial Programme will appear in the next issue.

Should any interested alumni care to send in suitable material for publication at any time, the staff will be indeed grateful.

COACH LOVE
(Continued from Page 1)

battle against any of the bigger teams in the league.

Captain "Bud" Evans, Schmick, Stansfield, Lewis and Corey have all had previous experience and are making a creditable showing so far this season. Furniss, Torrance, Rumphson, Reid, Pfleger, Fronizer, Hatchcock, Carey and others compose the remainder of the squad and should prove an asset to the team. With three full teams working out every day it will be possible to turn out a quintet worthy of representing the college on the basketball floor.

A barnstorming trip has been planned for the Christmas holidays to put the men in shape for the Conference games that start shortly afterwards. Some of the best independent teams in the state will be played in an effort to prepare the Purple combination for her hard Conference schedule. The game with Ohio State University the Saturday following the close of Thanksgiving recess will open up the season and from this time on the team is scheduled to play foreign games until February 6th, when Miami comes to Gambier. The following four matches will be staged at home and the last home game of the season will be against Baldwin-Wallace on February 29th. On March 5th the team will play the last game of the season against Antioch at Yellow Springs.

Word has been received that "Muff" Pennell, '23, started on a short visit to Gambier, but being delayed at various points on route postponed his trip until a later date.

THE OLD FIGHT BEATS RESERVE

(Continued from First Page)

ing a "one man team." The efforts that Coaches Wiper and Love had expended throughout the season culminated in a climax at the Reserve game, and to those two men go showers of praise.

First Quarter

Kenyon kicked to Reserve who turned the ball several yards. Reserve found gaining difficult, and punted. Kenyon found Reserve's line a tower of defense and was forced to punt. Reserve did likewise, but Dickson, breaking through the line, blocked the kick. Kenyon scored a first down, but found ground gaining a hard job and was forced to punt. Reserve attempted a forward pass. Davis to Cox, which netted several yards, but a fumble on the part of Cox after receiving the ball, being recovered by Somerville, returned the ball to Kenyon. The teams continued their battle without apparent success and the period ended with neither team scoring and the ball in approximately the center of the field.

Score—Kenyon 0; Reserve 0.

Second Quarter

Nank substituted for Crowl, Reserve fullback who was injured on the last play of the first quarter. Somerville took the ball off tackle for a beautiful thirty-five yard run, the longest of the game. Harris attempted a drop kick, which fell short of the posts, and the ball was surrendered to Reserve. Capt. Davis attempted to punt out of danger and Haberock blocked the kick, giving the ball to Kenyon on the one yard line. Madden was substituted for Salvino, McLain for Tabor, Harris for Whipple and Dickinson for Dalley. Malvey, after two unsuccessful attempts to put over the touchdown had been tried, sneaked through the left side of the line for a marker, the only scoring of the game. Harris failed in an attempt at a kick goal.

Reserve received, returning the kick off the forty yard line. Cox got a long pass from Davis, and after dodging away from the Kenyon secondary defense, was fumbled by Somerville two yards from the goal line. Four successful efforts to cover two yards of ground failed, and Kenyon came into possession of the ball, just as the half whistle blew.

Score—Kenyon 6; Reserve 0.

Third Quarter

Reserve kicked to Kenyon who returned the ball to her own twenty yard line. Kenyon made first down when Dickinson trotted fifteen yards through tackle. The Reserve line held and Kenyon punted to Reserve's twenty yard line. Tabi attempts to break through the Purple line failed and Davis punted to mid-field. Somerville fumbled, but McLain recovered. Somerville gained three yards. Dickinson, Somerville, Malvey and Whipple attempted in scoring two first downs, while the Kenyon student body were enthusiastically cheering this unexpected success. Malvey's pass was intercepted, and Reserve marched down the field for two first downs. The Kenyon line held and they resorted to a passing game. Davis' pass was blocked by Kenyon. Another attempt at passing was also blocked, and Kenyon came into possession of the ball.

Score—Kenyon 6; Reserve 0.

Fourth Quarter

Kenyon failed to make the necessary ten yards, and punted. Reserve's passes were incomplete, and a punt put the ball on the twenty yard mark. Kenyon, after three attempts at the line, failed to score a first down and punted. Reserve returned the punt. Whipple took the ball for a small gain, but other attempts were failures. Kenyon punted out of bounds on the forty yard line. Reserve opened up on forward passes, the first of which was intercepted by Malvey for a forty yard gain. Kenyon scored first down, then gained. Reserve fumbled but recovered, then tried a pass which was incomplete. A punt to Cox netted thirty yards. Another netted fifty. Kenyon was penalized for interfering with a man attempting to catch a pass, placing the ball on her own fifteen yard line. Reserve was desperately endeavoring to score, and tried a pass over the goal line which was fortunately grounded, giving Kenyon the ball on her own twenty yard line. Several small gains resulted on line plunges, and the game ended with Kenyon in possession of the ball on her own twenty-three yard line.

Final score, Kenyon 6; Reserve 0.

Line up and summary

Kenyon (6) Reserve (0)

Rybak, L. E. Whitney

Dickson, L. T. Moser

Haberock, L. G. Sullivan

McCarthy, C. J. Davis

Tabor, R. G. Bone

Salvin, R. T. Whittington

Votase (capt.) R. E. Goss

Malvey, Q. B. (capt.) H. Davis

Whipple, H. B. S. Davis

Somerville, R. H. Wisconsin

Dalley, F. B. Crowl

Substitutions: Kenyon, McLain for Tabor; Madden for Salvino; Jones for Votase; Dickinson for Whipple; Harris for Dalley; Edwards for Harris; Whipple for Edwards. Reserve, Nank for Crowl; Hudak for Wotomek; Rennen for Salzman; Needs for Hudack; Garber for Whitney.

Touchdown Malvey.

Sidelines on the Game

Except for one spot of line backers in the third quarter Reserve depended on forward passes, while Kenyon, save for two attempts at passes, attempted on a tricky cross back for gain. Dickson and Somerville featured a strong line. Reserve scored the most first downs, seventeen to Kenyon's seven, but these were mainly in her own territory.

Only twice did they prove dangerous, once when held for downs at the end of the first half, and the second time when they were working their passes at the close of the game.

On two occasions Kenyon barely gained deep kicks for held goals. Somerville led the day in the long run column with a thirty-five yard dash off tackle in which he shook off three tacklers. Malvey's run after intercepting a Reserve pass in the last period, was good for a forty yard gain.

Mr. Jack Conner, Toledo, was on the Hill November third and fourth.

Mr. and Mrs. J. A. Morton, Mr. Vernon, were in Gambier for the informal dance, November 10th.
