EIGHTY-ONE MEN IN CLASS OF 1934

Freshmen Go Through Usual Hazing In First Days

GANE—RUSH

Won By Sophomores For Third Time

In the absence of Dr. Pelton, Mr. Weig spoke to the new men at the opening chapel, Thursday evening, Sept. 18. When all problems had been cleared, the unseasonably cold, an unusually large number of first-year men, and the traditions of the college, they were "all in," with five transfers from other colleges. This group was more than 100 men, however, by the failure of many from the St. Louis University valedictory party to appear at all, particularly among the Juniors who lost out over the summer a total of recognition from their ranks.

On Friday and Saturday nights the 3rd-year men put on their annual parties under the whip of President Sophomore Crowell, a versatile New York snob, and their former 2nd-year men were the obvious targets of their attention.

As is usual with matriculation treatment, by the time the main rush was held, the Men of St. Louis were freezing, eager for coverage. Dean was elected cage captain. What happened, however, was not his fault. For the third time in the long history of the main rush, the Sophomores flouted glasses of surprise and thirst by winning a victory, with not one freshman making a mark at all. Of course, at least one of the many men gifted against the sum of some eighty glasses. It seemed before the rush that nothing could be done by the second year to.avert the main slaughter. But Sophomores brains were working thanks in large part under President Froehlich. Alistair, West, and Ritterblau; and Sophomores tents were flying at the head of MacLowry's group, with a lead of ten yards on the handle.

PEIRCE UNDERGOES SERIOUS OPERATION

a For the first time in many years, President Pelton was not present at the annual senior class banquet in Mount Vernon, on the tenth of September. An operation to remove part of an appendix demanded an operation. For the next few weeks, it was necessary for him to remain in the hotel. Ten years later, he was to be seen in Mount Vernon, but a few days later, he returned to Champaign, Ill.

During the Peru visit, Mr. Peirce has been seriously ill, but has been able to return to the job.

OPENING GAME LOSSES TO OBERLIN, 25-7

Team Weakens in Second Half After Scoring In First

Thus far Kenyon's football has run true to form, the team having had an unsuccessful struggle at Oberlin, 25-7, on Saturday, Sept. 27. During the first half the Purple offense and defense looked unbeatable. Screen and Crawford, grounded almost at will through the line, and the Oberlin attack was totally impermeable. The opposing defense was successful, however, in preventing equal gains. Early in the second quarter, Drum called the pass play which resulted in Kenyon's nose touchdown. He himself made a perfect pass to Sork, who galloped over the goal, for a touchdown.

Shortly before the half the half, Oberlin halfback, completed a pass to C. A. Leifer forty-five yard gain, and took the ball over for a score. The try for extra points was successful. Even at this stage of the game, Kenyon looked strong, and seemed ready to plunge through in the second half. But, alas, things went wrong. An unfortunate Kenyon substitution at left end spoiled opportunity for a worthy gain. The screen interference tactics resulted in another score for the enemy. From that time until the end, the Kenyon team was forced to play in reverse. The ball was level and, from several plays, Crawford's backs ran wild.

Sorkman supplied splendid defensive help, and until his interference weakened, was a monstrous ground. Crawford in his vaunted defense, started off as a success, but was overtaken by a ground and shuffled. Sorkman is credited with being the chief offender. Crawford did the handling and did it in a manner de-credi to his credit. Higgins, Hall, Christoph, Hoyt, and Sorkman played (Continued on Page Two)

Sr. Honorary Club Loses Second Year

SENIOR HONORARY CLUB BEGINS SECOND YEAR

C. Jopling Lesher Chairman of Select Group

Alpha Pi Kappa, senior honorary society, is beginning the second year of its existence under the chairman of C. J. Lesher. The group this year consists of seven men, five of whom have been chosen, in addition of the nine men of last year.

Dorothy Peres has been an honorary member, with the active membership held by James Hughes, Edward Baldwin, Joseph Adkins, John Wil- liams, and V. C. Loder. The two remaining seniors to enter Kenyon's society are H. F. Allmendinger, and C. B. C., respectively. The standards of the organization are high, and the responses for membership are considerable and extracurricular report, as well as unusual campus influence and popularity.

THOMPSON INJURED IN AUTO MISADVENT

ESCAPES SERIOUS INJURY AS CAR OVERHEATS

On, September 25, two days after the opening of school, Walter Thompson, a senior, was badly injured when his car overturned on the road back to Mt. Vernon. The accident happened late at night, as a result of an attempt on the part of Thompson to edge off the guardrail. He was injured when the car overturned and his face was injured.

Later in the evening, Thompson returned to school.

Sad news from the wards of the hospital, but it is comforting to know that he is expected to recover. Thompson is a member of the class of 1934.

DR. RADFORD CONTRIBUTES TO GERMAN SCHOLARSHIP JOURNAL

"The Cultes and Ovid" Title of Article In "Philologico"

It will be of great interest to the men on the hill to learn that Dr. Radford has just contributed to the German classical journal "Philologus," which is published in Leipzig, an important article of fifty pages entitled "The Cultes and Ovid." The Cultes is one of a remarkable number of Latin poets who have written on the subject of the Greek religious ceremonies. Ovid has been especially interested in the subject of the Cultes, and has written extensively on the subject. The poems in question have attracted the attention of many scholars in the realm of classical literature. The poem has been the subject of several papers in recent years. Dr. Radford has had the cooperation and assistance of Professor R. H. Friedberg, of the University of Heidelberg, who has collaborated with Dr. Radford on the project. In his article, Dr. Radford presents a careful and thorough study of the Cultes, and has included much original research. The article is a valuable addition to the literature on the subject of the Cultes, and is a significant contribution to the study of Latin literature.

CLAN CRAFORD, '13, IN STEEL MERGER FIGHT

Pitted Again Newton D. Baker In Legal Battle

A "Villion-dollar battle" has been raging in the courts at Youngstown. D. O. Throughout the summer, the attorneys for Newton D. Baker and the Ohio Steel Co. have been fighting with the Youngstown Sheet and Tube Company with the mighty Bethlehem Steel.

And among the attorneys who have been matching wits in this financial struggle one of the most prominent is one of the younger alumni, Clark Crawford, of the Youngstown Sheet and Tube Company, as counsel for the Bethlehem Steel. Crawford has been involved in many important cases, and is considered one of the ablest attorneys of the younger generation.

LORD AND SADLER

Named In Honor By Donors

Of the many men who in the past fifty years have had the interests of Kenyon at heart, none has been more zealous, more consistent, more devoted than the late Bishop William Andrew Lord. As an alumnus and trustee of the College, the Bishop worked on the Kenyon Board of Trustees for many years, and was a regular contributor to the College. Lord and Satterfield have purchased much of the Bishop's property, and the Bishop's estate has been given to the College in his memory.

Bishop Leonard was, with Bishop Vincent, co-chairman of the Board of Trustees of the College. Bishop Leonard was a regular contributor to the College, and the Bishop's estate has been given to the College in his memory. Eagleson was one of the Bishop's close friends, and the Bishop's estate has been given to the College in his memory.

The Bishop was generous with both money and effort in the interests of the College. They were always his main object. The Bishop was always ready to give of his time and talents to the College. Eagleson was one of the Bishop's close friends, and the Bishop's estate has been given to the College in his memory.

The Alumni Council of Kenyon notified by its friendly cooperation, that it is the privilege of the Colloom to grant a liberal gift by a letter, written by Bishop Lord to Kenyon Alumni, on April 17, 1928, in a plea for support of the Alumni Council.

"Men of Kenyon: The splendid effort made by the Alumni Council to obtain the supporting interests of the College is one of the important questions at issue, and in no case more so than in cases where they must either rest content or entirely give up their present position.

This summer, during his visit to Kenyon, Dr. Radford participated in an international conference on the subject of the Cultes, and his article was presented to the conference. In the course of the conference, Dr. Radford was awarded the prestigious ASCC (American Society for Classical Studies) prize for his article. The ASCC is a prestigious society that recognizes outstanding contributions to the study of ancient culture and literature. Dr. Radford's article was considered to be one of the most significant contributions to the study of the Cultes in recent years. The article has been widely praised for its depth and originality, and is considered to be a benchmark work in the field of ancient literature.

BURTON AT SOPHOMORES

The dual responsibility of keeping the freshman in line until Thanksgiving and handling the May Hop was an onerous job for the two elected sophomore presidents, Burton and Crosswell. The choice is one very popular with the men of the whole college, as Burton is both outgoing and sound in judgment. He will be a success.

HARRY STOYLE AGAIN

Football has once more recovered its normal atmosphere after a vacation of one year. To new men this change is not apparent, but it was noticed by the older ones this fall. Yes, the "Bakery" is once more under the efficient management of Harry Stoyle! At occasional intervals Harry relinquishes his position to various new-field, and last year he turned to the last bastion. While he was operating his last, the "Bakery" suffered a pitching spell, as he answered the bell call and is again trying hard peppers and veal cutlets.

FRATERNITY RUSHING BEGINS OCTOBER 4th
1936 Pan-Hellenic Rules To Govern Pledging

The "pledging" in the relations between fraternity and the new men in school will rest at seven o'clock Saturday evening, October 4, from 7 to 9 o'clock. The pledges of the following Tuesday, the Pan-Hellenic Council, will make their pledges in effect. These regulations provide that new men may be entertained by appointments on Sunday afternoon and evening, Monday and Tuesday evenings. From ten o'clock until the time that the bids are distributed on the last night, the rules of the first eighteen days are in effect. New men accept the bids by going to the parlor of the fraternity of their choice. The pledging this fall will be unique in that the men who accept fraternity bids will not be initiated until November, 1936, and the earlier initiations held this year will be in honor of the men who are now pledges.
