The alumni council has game meeting in Marietta
Fifth Annual Assembly Attended By Prominent Graduates

COMMITTEES

Report On Problems Of College

The fifth annual meeting of the Alumni Council of Kenyon College was held in (location not clear) on November 1. Ideal fall weather contributed to the pleasantness of those attending and the Commons Building furnished comfortable and convenient living quarters for the visiting members of the council. Members present were: T. J. Godfrey, president; Charles C. Wright, secretary-treasurer; Menas L. Bryant, W. L. Cummings, H. R. Davies, C. R. Gantner, H. L. Gayer, J. E. Good, B. C. Martin, R. R. Menninger, A. A. Nelson, R. D. Nicholson, R. G. Ringwall, Ruth Southworth, A. F. Teague, V. A. Weaver, and P. H. Zeim.

The business meeting, beginning at 5 p.m., lasted until late in the evening, with an interruption for dinner, which was served in the private dining room of the Commons Building.

Mr. Wright, secretary-treasurer of the council, read the treasurer's report. He then, according to the campaign for membership conducted by the general alumni office in Cleveland, O. and many other places, were in paying membership during the year.

Officers of the council elected for the ensuing year were: president, Thomas J. Godfrey; vice-president, Don C. Wharton; secretary-treasurer, Charles C. Wright.

Three elections were made to the executive committee: Carl R. Gantner, Don C. Wharton, and Henry D. Long.

Four members-at-large were elected for one year each: J. E. Good, H. R. Davies, W. L. Cummings, and Charles C. Wright.

The council discussed and decided to feature the Alumni Council meeting in the fall by having it in the week-end of the alumni homecoming day. It is planned to have this type of meeting in the future and to include an interesting football game, the meeting of the Alumni Council, fraternity initiation, and perhaps a general alumni banquet for which a more formal program could probably be obtained. The plan is also to have this homecoming week-end entirely distinct and separate from the fall dance which would be held earlier in the fall.

Dr. Marchart was re-elected.

Disappearing game goes to Marietta

Purple Superior For Three Quarters But Cannot Score

Kenyon was unexpectedly defeated at Marietta last Saturday by a score of 21-0. The Silvermen came out early in the game via the air route after Wensek has returned a punt from midfield to the thirty-five line soon after the opening kickoff. The Silvermen did not come immediately, but for a lateral pass was knocked down and recovered by Stevenson on the twenty yard line. However Marietta started another drive from midfield. On the ball at the Kenyon thirty yard mark, Ward stepped back and tossed a perfect pass to Weber, who engaged and eluded across the goal line, McKenzie scoring.

This was the fifth defeat out of the seven starts for the Marietta although in the two losses in which it was far superior in every phase but results. Marietta scored three touch downs, and aside from the touchdowns, she was never inside the line.

The other superior feature of the team is the coaching staff and the team is generally active in class affairs.

Junior and Freshmen Elect Officers

Officers of the Junior Class were elected at a meeting held on the back porch of Pierce Hall on Wednesday, November 1. Frank Gunn and Charles Stiles were nominated for President. Stiles was elected. Paul Good and Bill Martin were elected for the office of Vice-President and Secretary-Treasurer respectively without opposition. Steps were taken to clear the debt which the class had from the May Dance.

Freshman elections were held at a meeting held in Pierce Hall on October 31. Bud Madsen was elected President. Phil Lee, Bush and Bill Thompson, Secretary-Treasurer; Norman Blevins, John Lybarger, and Rudy Messinger, Vice-President; Birge Thompson, Bernard DeVosse, and R. E. Trainor, Assistant Secretary-Treasurer.

The new Freshman President is the captain of the Freshman football team and is generally active in class affairs.

Lectures Delivered at Literary Meetings

Mr. MacKay held his regular meeting Sunday evening, November 10, in the upstairs lounge of Pierce Hall. Bob DeForest, secretary, and Kenyon, were admitted to membership in the new organization, Mr. MacKay, who was its sponsor.

On October 2, the society had the privilege of hearing an informal talk from Dr. Day on the subject, "Folk Music of Other American Writers."

Polo also held a meeting November 10, the captain, Lawrence, and guest, and gave a very interesting talk on some of his experiences while in college and later in Europe. Dr. Last-Weitsy's education has been most cosmopolitan, and his reminiscences prove a generous store from which to draw.

Polo wishes to announce the presentation of a sombrero as a Christmas gift. By the time the exact date will be announced, the program at the University of Cincinnati.

Small crowd attends homcoming game and dances November 7-8

Edgar Hughes, Hoyt Perform Well in Opening Home Game

A pre-season, exciting game on November 1 finally ended in a tie with Capital University, 13-13. With both teams having fine chances to win and with Kenyon ahead until nearly the end of the last quarter, it was for the crowd a really enjoyable afternoon. A large crowd from Capital came to Gumbler for the band, from the school added atmosphere to the festivities.

Kenyon's play was marked by the fine performance of Hoyt, Shick, and Ridge, and with Hughes and Thompson doing full share of the lifting. Stan's running gained many yards in midfield, and he filled the place left by the absence of Gannum in great style. The team as a whole was very fast and many times tore down and around and back for long gains. Kenyon scored early down to eight for the visitors, and yet, in look of the beautiful touchdown run from kickoff at the beginning of the second half to keep on the running.

Capital kickoff off and Carmichael carried the ball back, almost singlehanded, and a sharp fight in forty yard territory brought the first touchdown and seems stumbling. Kenyon opened up a pass attack, but was abruptly halted when a pass was intercepted and run back to the twenty-yard line. This first quarter was the finest of the game and the second quarter consisted of a fast back and forth from one twenty-yard line to the other without any score.

With the opening of the second half both teams made the outstanding run of the day when he took the kickoff on the fifteen yard line and, by cutting down and the defense across the midfield, made his way past the Capital team for a touchdown.

BANQUET TO BE HELD IN CINCINNATI FOLLOWING ST. XAVIER GAME

Cincinnati Alumni Plan Big Reception

Kenyon's football team and all student athletes who accompany the team to the St. Xavier game, November 21, are in for a treat according to plans completed by the Newman University Association to entertain the guests from Cincinnati.

The most exciting event of the season since the team from the Hill who now live in and near the Queen City have arranged is this day and night. Those who wish to be at this event should start preparing to make it the most enjoyable trip of the year.

The new president of the Southern Ohio Newman Association, A. C. Garlock, and the new secretary, R. C. Doolin, have spent the last two weeks on details to obtain a large attendance, and reservations are paid to individual students who are interested. The Cincinnati alumni and Mid Continent campuses will send their representatives to the meeting for the big banquet, which they will provide the entertainment for the evening.

The banquet will be held the week-end and the division in which they are located.

Another milestone was passed in the last few weeks with the successful conclusion of the Fall Meet, Nov. 1-8. This dance, given by the Best Club, is one of the biggest events of the fall season and is second in importance only to the May Meet. The order of the theme was what some viewed, however, for on Friday night the crowd was rather small and unusually unresponsive. Phil Baxter and his orchestra, signed at the last minute in place of Satterland, found it difficult to judge the audience, and a few stray complaints of the music helped not little. Even his own excellent arrangement of "Sải Up and Crier" received no hand whatever.

Saturday night proved to be a different story. The crowd was larger and became enthusiastic, and brightened up all around.

The committee, thanks to assistance from Mrs. Traiser, executed some arrangements which might well be followed in the future. By the time the Polka settled in, the only available general lounge has been the one on the first floor. This fall, a general lounge was placed on the second floor to open up general seating and serve the special meal. This fall a great deal of difficulty was experienced in collecting money ahead of time to cover a required advance deposit. As has been said, State Randall and his orchestra were first engaged for the Fall Ball, but because the advance deposit could not be collected in time, the contract could not be sent in and the committee had to cancel this excellent band to go unengaged.

The band which was signed a few days later, Phil Baxter, was on a pari with other Polka Hop orchestras of the college. The plan is to have such bands to be engaged for each of the major games which may eliminate much confusion and expense.

The alumni association was invited to have its无力 to see a great deal of difficulty was experienced in collecting money ahead of time to cover a required advance deposit. As has been said, State Randall and his orchestra were first engaged for the Fall Ball, but because the advance deposit could not be collected in time, the contract could not be sent in and the committee had to cancel this excellent band to go unengaged.

The band which was signed a few days later, Phil Baxter, was on a pari with other Polka Hop orchestras of the college. The plan is to have such bands to be engaged for each of the major games which may eliminate much confusion and expense.
The staff regrets the late appearance of this issue. Due to the short period, a short cut as was material was shipped up by express only a few weeks delay. Since this was to be the last issue before Thanksgiving, this will be the last in which the number of pages will remain unchanged. The next issue will appear December 15.

EVEN EVERY MAN GET A MAN

A chance at the list of students in College will show anyone that Kenyon men are smaller this year than the list of thirty-five. Only two hundred and twenty men were enrolled this fall. The list, falling off in size mainly of course to financial conditions, and it is not expected the number will ever be as large as the surface of the College. Nothing can be done about this by anyone this year, but next fall Kenyon must have its full quota of men, and every student now in school will be able to play an important part in securing the numbers.

Several parties are being planned for the coming winter and spring at which high school seniors will be guests with us for a day or two. To make such parties a success it is necessary that the facilities which they should be, every man should be prepared in advance of the possibility of seeing that at least one high school boy or girl come to college. There are now only a few weeks to secure the College will itself, provided that enough money is secured to keep the picture. All these arrangements are accorded the guests.

For many boys it will be impossible to take the chance during the winter to visit the college, but the future is not too far off, and the students who are attending will be eager to welcome them.

ALIBI

With the opening of the final period Kenton opened its season against Edge and Erickson. The Kenton boys played through the line for four first periods. From the thirteen yard line Minter took the ball around left end and ran for a pretty run for a score. Black dropped it for the point and the game again went. But without further delay, Capital launched a very clever driving attack which was stopped short of the score was taken with only a minute or two to play before the end of the game.

Maritza

The game continued with Capital driving the ball across the Kenton fifty-yard line, but when they were momentarily stopped, a pass was attempted which was intercepted by the Kenton defense.

Kentucky two Ohio members of Congress—Representative John L. Cable, '86, of Lima, and Representative Robert Crosser, '97, of Cleveland—were reelected by large majorities November 4.

The Republican, was chosen for a fourth term in the Fourth District, while Crosser, a Democrat, won the seventh term in the Eighth. Twenty-first. Both men encountered stiff contests, but came through with decisive margins.

Kentucky's only member of the Senate—Senator W. C. Coffey, '79, of West Virginia—did not seek a second term, announcing before the Republican primary last Summer that illness prevented him making the race.

Another Kentucky alumna who has attracted wide attention failed of re-election. He is John J. Cleve, '98, of Columbus, Prosecuting Attorney of Franklin County. Although his success in convicting Paul James Howard for the murder of Thomas N. He placed him in the front rank of America's prosecutors, he was a victim of the Democratic landslide that swept Ohio this year.

At a meeting held at Hotel Cleveland November 4 a group of porcelain enamel manufacturers from all over the country formed their first national association. Robert A. Weaver, '93, Vice President of the Penn Enamel Corporation, Inc., and editor of THE ENAMEL MAGAZINE was elected President. At the Porcelain Enamel Institute, Inc., the association will launch a sales promotion campaign of national advertising and broadcasting, which will include the education of the housewife as to the desirability of porcelain enamel products. There will also be established a research bureau for the development of the uses of porcelain enamel.

29.—T. T. Van Swearingen of Westfield, O., has moved to Columbus, O.

30.—The Rev. Herbert Oberholtzer, of Bath, Calif., is now connected with St. Mary's Church at Leonia, N. J.

31.—William N. Wyman is now associated with the firm of Field, Clark and Co. of Chicago, Ill.

32.—Matthew F. Maury of Philadelphia, recently suffered serious injuries in a motor accident. He was therefore unable to attend the Annual Meeting of the Kentucky Alumni Council on November 1. We are glad to announce that he has recovered.

33.—Charles K. Riker, Jr., 50, of Columbus, is a member of Delta Tau Delta.

34.—Charles E. Lecri is traffic manager of the Cincinnati & Lake in Cincinnati.

35.—William A. Trenk is with the Standard Oil Company in Cleveland.

36.—Dr. E. B. Birgman on the Board of Trustees and is Chairman of the Membership Committee of the new Cleveland Club.

37.—Herbert L. Oberholtzer, '94, Kentucky, now of St. Edmund's Church, Natick, California, is to be the vicar of St. Mary's Church, Leonia, N. J.

38.—Charles B. Field has moved from New York to Harrison, Pa.

39.—The Rev. Harry M. Kelham has gone from Kokomo, Indiana to St. Thomas' Church, Pascagoula, Mississippi.

40.—Mary L. Kellam, '78, Kentucky, formerly tutor of Andrew's Church, Kokomo, Indiana, has become assistant pastor of that church.

G-E Floodlighting Wins Favor for Football - Hockey - Track - Baseball - Tennis

G-E floodlighting equipment has a winning record. Its victories are counted in terms of pleased spectators, increased attendance, satisfied coaches and players.

The development of G-E athletic-field floodlighting equipment was planned with every consideration for the fundamental and special playing conditions it must meet. That is why the big Novalux projectors give ample and evenly diffused light over the entire playing area.

The development of General Electric floodlighting equipment has largely been the work of college-trained men in the G-E organization—other college-trained men are largely responsible for the continuing leadership of General Electric in furnishing the many other products which bear the G-E monogram.

DRAWNINGS OF CAMPUS ON SALE

At the request of the Alumni Council, Betty Detila, a Cleveland architect, has recently made six very interesting pen-and-ink drawings of buildings on the Kenton campus. These drawings are now available at the in the main office of the campus. An art that浙江大学 during the period of the city's early growth. They are meant to be taken from personal to personal and to the campus. The drawings have been produced by the use of pen and ink by Horace Clark. Vanier Chair of Cleveland, in a high form suitable for the New Year's Eve celebrations. Samples are being shown on the campus of the College. The drawings can be ordered either through him or from the Alumni Council Office.

1300 Keith Building, Cleveland. Price, 5c, singly, or $2.50 for set of six, envelopes included.

GAMBLER ACQUIRES WHITE WAY

A few weeks ago we mentioned that Gambler was now boasting a flashing sign in one of the leading downtown restaurants. As that time we predicted that the village would seem somewhat more alive, and, like Professor West, might be able to see a fair way to be fulfilled. The City Fathers in cooperation with the Ohio Power saved several street lights installed at strategic points in town. That these lights took away from half the quaintness and attractiveness of the village is one thing we in a big city now.

A WAKE-UP FOR THE WAKE-UP

It has often been remarked that the freshman class grows smaller each year, but we concur that it also becomes more manageable. For many years, various turbines on the hill have had in that effect quaint system known as “wake-up,” by which the members of the H.W. A club are set on their feet with sharp knock in head sometimes after 6 A.M. Now it is well-known that Junior Marlin gets up bright and early every morning to set the old bell in Middle KY and the hour of this fruit, freshman Austin Mann of Bad Wing, get it into his head that Junior was wake-up man for the wake-up men. Accordingly one Sunday night not so long ago Junior received a telephone call, answered, and heard a small voice say, “This is Mann of Bad Wing. I'm on wake-up this week and I wanted to remind you to be awake. Wake-up man is to ring the bell tomorrow morning. My room is on the second floor from the right. Is it not now agreed that the fresh go more glib each gallon?”
