FRESHMEN ELECT

A few days after the opening of school the Freshmen met in Sn Pi Kappa hall to elect class officers for the coming year. Alfred B. Beatty of Hinsdale, Ill., was elected president, and Stuart Mathews, of Chicago, was chosen vice-president. Malcolm Curtis of Grand Rapids, Mich., and Thomas Thacker, of Waukega, Ill., were elected secretary and treasurer respectively.

For the Homecoming Banquet on Friday night October 2, were discussed after which the meeting was adjourned.

Shortly after the opening of the season it was decided to have a bigger class than ever before, and so the Freshmen committee started working.

Milliken immediately started work on Freshman discipline. The "mess" and "pullman" parade were held as usual. The Sophomores, although greatly outnumbered, have kept the new men in good order, not, however without the assistance of a few deacons of the discipline, as was the case last year: a embargoed and backed by the Kenyon Kites.

FIRST ASSEMBLY

MEETING HELD

This year's first meeting of the Kenyon Assembly was held Wednesday, September 26, in Phi Hall. Phi Page, 1934-35 President of the Assembly, called the meeting to order. Bert Hathaway, new Secretary, then read the minutes of the June Meeting and they were approved as read.

Page called for nominations for the office of Treasurer of the Executive Committee, a position due to the resignation of Dr. Cotrell. J. G. Thompson nominated Dr. Taylor, and it was unanimously elected by the student body.

Page made a short speech calling for the whole-hearted support of the students throughout the fall. "The sacred privilege granted to members of the Phi Kappa Psi is an honor which is to be treasured and the soul's work to be done."

The meeting adjourned on a motion by Bertrum Paul, who nominated the freshmen with the Assembly's approval. The meeting will be held in front of the middle entrance to the Assembly Hall after each meeting.

ATHLETIC PRIVILEGE

R. J. KUTTER

The discussion topic, "cooperatively constructing a belt erected by a well filled stadium," is the subject of the recent speech of Dr. Cotrell. He moved that dance fees of five dollars a season were collected from the students. The motion was seconded by a number of students and unanimously approved.

The meeting adjourned on a motion by Bertrum Paul, who nominated the freshmen with the Assembly's approval. The meeting will be held in front of the middle entrance to the Assembly Hall after each meeting.

Commons Committee Starts Second Year

On Sept. 25 in Peacock Hall the initial meeting of the Board of Management of the Commons took place, thus inaugurating the second year of this committee's existence. The members of the committee are: Dr. O. T. Bums (chairman), Dr. W. H. Voogd (vice chairman), Mr. H. L. Koller (secretary), Mr. E. C. McWhorter (treasurer), Mrs. Gates, and Dr. Thomas E. Griffith (student representative).

"The first thing we want the student to know," said Dr. Bums, "is that the Commons Building is primarily for them. The lounges and game rooms and eating rooms are for the students, too, and is being made.

Bums stressed the fact that the quarter of the buildings are bare to the students, whereas the costs and friends when they can play in the Commons.

And the Board of Management orders for the next year, "...as much as it desires to be the home of games and recreation, to the student body and the Commons," added chairman Bums.

He urged, on behalf of the board, that all legitimate objections concerning the running of the building be brought officially to himself, or more particularly to Thomas Griffith. Whatever and whenever the appearance of the student body and the attainment of the student body and the Commons, the student body and the Commons, the student body and the Commons, added chairman Bums.

For the benefit of the incoming student a resume of the permission that is given to the student body and the Commons, a section of land standing requirements that the student body and the Commons has given, the students shall stand to one side in the lobby, so as to form a passage way through which the president's party may pass into the dining hall. The student body and the Commons shall then follow and remain at their tables until the President has finished his grace.

On the second floor floor can be found the ballroom which has been entirely reconditioned for the opening social season. This room which is available at all hours of the day and evening, and a comfortable lounge may be used for such parties. It was appointed by the new Civic Board for the use of the student body and the Commons.

FRESHMEN WELL HAZED

Wednesday, Sept. 29 brought to Kenyon one of the largest entering classes of the past. The freshmen were treated to a meal and then to an afternoon of activities. The scenes were like those of any college with the typical college routines. The Sophomores walking up and down the halls in their street clothes, the Directors all having a good time, the freshmen song and other orders given to them, they made a loud interesting picture. They came from Old Kenyon to Home Hall. After eating for an hour they were taken into the gymnasium and a few freshmen had to do a little walk. Later they were told to go back to their divisions. The freshmen had gone through their first and went out still smiling.

This day morning at about eleven o’clock the freshmen gathered at the gymnasium for the Annual pageant. Tradition has established it since 1897 that the freshmen shall battle with the sophomores for the honor of having the winning classes honors in the historic game, which was cut from an eagle flown by the fire which occurred in the old gym in 1867. The winning being determined by the number of hands found on the case after a battle of three minutes. The very strong freshmen won a match of Marley Hall to Ascension Hall where the case was received by the two teams and then marched on to the field,生气 the first round of the game. It made a big impression on the spectors watching the famous battle. After a brief rest the sophomore, and the waiting sophomores, the case of the engagement was placed to the middle of the field, and the battle was on. Down trampled men, and up they stood they. Underneath the pole that was formed, some poor souls called for mercy, some was shown. Hitting, struggling, kicking, dragging, all were used to about the victory to freshmen class by a score of six hands to eight. This flashed into the record the thirtieth traditional case run which has now been won 30 times by the freshmen and 9 times by the sophomores. However, the sophomores were going to their turn as the next lineup demonstrated.

The hard part of the activities for the freshmen were past but they still had their pages and the fire for Home Coming. So on Monday night the freshmen were lined up again in front of Old Kenyon. They had candles much to the enjoyment of the sophomores. They started the parade by going to Ascension where they were greeted by a cheer given by Professors, President of the college. Then they took more started the walk and were addressed by several members of the faculty. Then they were taken to reception place.

very pleasant facilities. There is one room with bath which may be had for $4.40 per day with two persons occupying it, or $3.00 per day with one occupant. For all other rooms a charge of $2.00 for two persons and $1.50 for one person is made. The Memorial Tower or from which the entire campus and surrounding countryside may be seen is open on Sunday afternoons. In the basement floor are the Coffee Shop, the College Shop, ping-pong room, and private dining rooms. The Coffee Shop is an auxiliary function of the Commons, and in a way a competitor of the main-floor dining hall. Chairman Burner states particularly that the students make the shop a gathering place. The conventional room, was designed for the use of the student and should be used accordingly to his best advantage," said Burner. The College Shop is a strictly private affair, run by students for the convenience of the entire student body.

Chairman Burner wishes to assure the students that there is nothing aloof about the Commons. He added that he trusts to see a constant stream of visitors in the Commons, and that the building become increasingly the social center of the campus.
