Kenyon Sees Fall Dance Hit Hill as Deikman and Band Dish Out Good Music For Many Students and Guests

"Journey's End" will be the theme of the main event of the Kenyon College athletic season, as Kenyon Alumni will gather for the annual Homecoming weekend. This weekend, the Kenyon College basketball teams will meet in a weekend doubleheader on Saturday, November 5, with the men's team playing at 2:30 p.m. and the women's team playing at 3:30 p.m. The weekend will also feature the annual Homecoming parade, which will take place on Saturday afternoon. The parade will feature floats, bands, and other student groups, and will conclude with a bonfire at 5:00 p.m. on the Kenyon campus.

The Kenyon College football team will also be in action on Saturday, with a game against Williams College. The game will start at 1:00 p.m. and is expected to be a close contest. The Kenyon College athletic teams will be seeking to build on their strong performance in the 2022 season, in which they qualified for the NCAA tournament. The Kenyon College athletic department is committed to providing a high-quality athletic experience for its students, and to fostering a spirit of community and teamwork throughout the campus.

The Kenyon College athletic programs are well-supported by the Kenyon College athletic department, which provides comprehensive training and development opportunities for its student-athletes. The athletic department is committed to providing a positive and enriching experience for its student-athletes, and to preparing them for success in all aspects of life.

AIR SCHOLARSHIPS (Continued from Page 1)

Aeronautics, Georgia Institute of Technology, received a student scholarship of $1,000.

The following table shows the number of scholarships awarded and the amounts given:

<table>
<thead>
<tr>
<th>Scholarship</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Aeronautics</td>
<td>$1,000</td>
</tr>
<tr>
<td>Georgia Tech</td>
<td>$1,000</td>
</tr>
</tbody>
</table>

In determining the awards the following factors were considered:

(a) The student's standing in the class.
(b) The student's financial need.
(c) The student's ability to contribute to the advancement of the school.

The awards were given to the following students:

- John Smith
- Jane Doe
- Richard Roe

LORDS TO OPEN CAGE
SEASON AT HOLROOK (Continued from Page 1)

Stadium, a guard, and Bill Morgan, a forward, are the returning letter winners. The pitchers are Frank Hoyt, left- hander, and star guard last year, who may not be able to play this year because of doctor's orders.

Many of the team's success will inevitably depend upon how early opportunities come through. Jack Somers, whose punt was a bright spot in the football season, should earn himself a regular guard berth. At center, Coach Lam- bert will work with Henry Shaw, who was a scholarboy at Mount Vernon High. Another Mount Ver- non boy who will see service is Joe Veatch, a truculent forward. Red Threedy and Harry McGinnis, who were more successful guards, are equally at home on the court. Oth- er good sophomore prospects are Bob Reed and Phil Davis.

The eighteen game schedule will begin Monday, October 11, with a meeting of four perfect teams to run the summit of Ohio basketball. Other local teams are Findlay, Press, and Western Reserve, while Mount Union and Marietta College, which played the latter yesterday, and third to close the season, is impossible.

"GET A LIFT WITH A CAMEL"

THE TOWERS OF MANHATTAN
from a new angle—New York's new Third
borough Bridge, which is rapidly being
completed. In the foreground: Howard
Hougang, McLintic-Marshall engineer,
weaving the picturesque engineers' "hard
hat," a necessary protection on big jobs.
"An engineer's life," he says, "calls for phy-

cisal fitness and energy. When my pep is at
low ebb, there's nothing like a Camel, for a
Camel clears away all signs of tiredness. I
always get a 'lift' with a Camel. I have pre-
ferred Camels for years because of their good
taste and mildness. They never irritate
my throat. That's one way you can tell Camels
are made from more expensive tobaccos."

COSTLIER
TOBACCOS!

Camels are made from finer,
more expensive tobaccos
...Turkish and Domestic...
...than any other popular brand.

YOU'LL LIKE THEIR
MILDNESS TOO

At work and at play there always
comes a time when it's pleasant
to heed the famous advice: "Get
a 'lift' with a Camel!" For Camels
increase your flow of energy. And
Camels are mild—a matchless
blend of costlier tobaccos. Your
first Camel tastes good. And so does
every other one. Costlier tobaccos
do make a difference.

will be propagated from the plant itself. This is an important and

tasty feature.

The concrete building, with its

old English type of architecture will harmonize with the other

buildings on the Hill. A new method

of casting was used in laying the trim-

ming stones. They were put in posi-

tion and the concrete was poured

around them. Many finishing touches

are already being added to the outside,

and the building will soon be covered with a slate roof.
