"LET GEORGE DO IT"

School Calendar

For Weat of Tuesday, March 24

Wednesday—Art Lecture

Glee Club Rehearsal, 6:45 p.m., Chapel

Economics Club, 7:45 p.m.

Thursday—Glee Club Rehearsal, 6:45 p.m.

Philosophy Club, 7:45 p.m.

Friday—Art Lecture

"BALD EAGLE OF ST. LOUIS" HERE FRIDAY

C. Peterson, Cine Artist, To Demonstrate Trick Shots in Billiard Room

HOLDS RECORD

Charles C. Peterson, pair of billed

unconventionalists, will present

March 24 to assure the audience

that his billiard performances are

the result of first-hand training given in billiards.

Besides "The birthday" and "The cudgel," Mr. Peterson will

demonstrate various tricks, including those that are

usually considered impossible in the game of billiards.

Referee Calls Wrong Man Victory in Final of the Evening

The Downfall of Roscoe, whose grace that astonished

Roscoe Hall, probably would have turned over in her grave

some time ago. Dr. Thomas Jefferson, who was

present, gave his opinion of the game of Roscoe Hall last

Thursday night.

The first two fights—new ways to precede club rivalries—were

light, but in consideration for the paid admission, refereed by a

vastly excited audience, referee to a seceded sport in the balcony

where he could fight all the battles for his heart's content.

President Peirce and his party of guests in the front row tried to

look unperturbed by the proximity of so much harm of humanity.

Commons Banquet

A flat rate of fifty cents per stu-
dent and one dollar for guests is 
charged for any and all banquets 
held in the Commons. The meal is 
served as is to be served, except 
for flowers, apples, and sausages.
We were rather uneasy to 
discover this rule, especially in the 
wake of the commendable move 
ment to hold the Poilce Hall a 
"common ground" for the student 
body.

With these rates in effect, it 
becomes difficult for the ordinary 
Kenyon club or organization to 
meet its expenses. We are now 
special special members of Poilce 
Halls Committee. However, we 
are not sure of our ability to 
provide the necessary money for 
the building, and we are therefore 
doing the Commons committee an 
injustice. We believe that all 
that we are entitled to a commoner 
oversight in the running of the 
Commons. It is our belief that this is 
not true; we recommend that the 
committee remain the present 
management.

In the last few years great ad-
vances have been made at Kenyon, 
The School of Aviation, the 
Hunting Field, and the new swim-
ing pool are proof of material ad-
vancement.

This year, for the first time in many years Kenyon College has been represented in inter-collegiate 
basketball. The defeat squad of six 
boys went into a season of twenty 
intercollegiate matches, and one tournament at the begin-
ing of the season. A number of 
these games were played in the 
variety halls in the worse halls the 
true opponents was played with 
dreamers with freshmen debut of 
other colleges.

The Kenyon College Football 
Society, just organized this year, 
functioned as the baseball team. 
Members of this society at 
least once a month during the 
winter parties or games played 
by the students. The purpose of the 
party was to have a good time 
and to socialize with the students.

The Kenyon College Forestry 
Society, just organized this year, 
functioned as the baseball team. 
Members of this society at 
least once a month during the 
winter parties or games played 
by the students. The purpose of the 
party was to have a good time 
and to socialize with the students.

For Digestion's Sake—smoke Camels

Smoking Camels found to have
a positive beneficial effect upon Digestion...

Our modern "eat-and-run" way of living is hard on digestion. Experiences with indigestion are all too common! Hence unusual interest attaches to the following fact: that smoking Camels has been found to have a marked beneficial effect in aiding digestive action. You'll find Camels milder too, more delicate in flavor, packed with the rich enjoyment of choice tobaccos.

Turn to Camels for your digestion's sake... for the greater pleasure to be found in smoking Camel's costlier tobaccos.

Camels set you right!

"Camels are a Favorite" with us here," says Mr. Joe Menz, who provides over New York's Hollywood Restaurant (above), where diners flock to enjoy fine food. "As I look over the crowd, I see Camels on lots of tables. We've found that success comes through giving people the best. The fact that Camel uses costlier tobaccos and people prefer Camels shows that they appreciate the best."

Camel's indigestion.

Historically, the value of the smoke was insignificant. With this demand increases the spectators might well have been in the Colosseum at Rome 1500 years ago, and the wrestlers, with arrows, swords and a little more skill, the gladiators of the arena. Thus "themselves down" is no longer a custom, for fame and distinction have marched on—people "now" now.

OTIS BARTON,
secretary-manager,
who drives in the "Hustlephers," says, "Camels make my food tastes better and help it to digest."

KENYON COLLEGIAN
INTRAMURAL CONTESTS
BEHIND SCHEDULE

BY SWIMMERS, 50-27

(Continued from Page 1)

were competing against Dicker,
Ohio Conference diving champion. However, our own Cap-
tain Eberle did his best to even
up the sides by favoring the Ken-
yon divers. On Milken's first dive, Eberle switched him an "A". The
captain's note is "Eberle day, in
Eberle way. I'm favoring Kenyon
boys more and more."

Today:
40yd relay — Kenyon (Long,
Elle, Matthews, Sebach);
200yd breaststroke — Wellman,
Shorey, 2nd;
100yd backstroke — Thomas;
Elle, 1st;
50yd freestyle — Elle, 3rd;
40yd freestyle — Elle,
Elle, 3rd.
