PHI KAPPA SIGMA, NATIONAL FRATERNITY
INSTALLS THETA CHAPTER HERE SATURDAY

Zeta Alpha Will Become 39th Chapter
Of Phi Kappa Sigma Fraternity at Kenton
Saturday, January 14, Will Be Toastmaster at Banquet in Peirce Hall.

Bringing to realization a movement which has been under way for a number of years, Zeta Alpha will become Theta Chapter of Phi Kappa Sigma Fraternity at Kenton, Saturday, January 14. The date has been selected by the organization for the enrollment of Theta as thirty-ninth Phi KAP chapter. The fraternity, founded in 1852 at the University of Pennsylvania, voted last August to grant the petition of the Kenton group.

Active members of Zeta Alpha and a number of alumni are to be initiated, but Initiates in the class of 1910 are to be taken in after mid-termin examinations.

Several members of the original Zeta Alpha, dating from 1891 to 1910, have signified their intention to return to the Hill when the chapter will have made a branch of the organization.

Many Guests Expected
At the installation it is expected that there will be a number of prominent guests present: the Phil K chapters at Michigan, Ohio State, Purdue, Dickinson, Washington- Jefferson, Penn, Dickinson, and the West Virginia and Northwestern members, to whom it is believed the Kenton chapter will come to Glantze hall on Tuesday, January 12, in New Orleans special invitations have been issued. The list of prominent Phil K's in the Middle West, and some visitors from Cleveland, Cincinnati and other Ohio cities have made reservations for the installation.

Installation will be directed by a committee headed by the present chapter, Secretaries, A. L. Jenkens, E. H."Dickie," Schep, Dickinson, A. D. Nashville,plus attorney. Following the after dinner speeches, there will be a formal dinner in Peirce Hall at 9:30, with the program

Bowman Toastmaster
The toastsmaster of the dinner will be W. E. Bowman, '14, of Cincinnati, president of the General Alumni Association of Kentucky and secretary of the quarterly meetings whose work in behalf of the Zeta Alpha petition culminated in its acceptance at the 1891 convention in Brooklyn, Pa. After graduation at Kenyon he was a member of the Phil K chapter at Columbia University, New York City.

Active members who are to be in the installation class of initiates are:

PHI BETA LEWIS

Among the news that it contained "fit to print" on Wednesday, December 30, the New York "Times" included the statement that "Money Lewis is studying law in the junior class at Kenyon College." What news is to the "news" in the "news" news? Then Kenyon College was (as it was) two weeks later.

DOROTHY MCKNELL DRIS BRINGS BACK NATIONAL INDOOR JUNIOR TENNIS CHAMPIONSHIP

First National Title for Kenyon; Local Event Применяет, Davis Cup, Impressive March to Title in City of New York.

Kenyon's name, and the name and ability of Dorothy McKennell as the greatest junior tennis possibility to appear since the recognition of Bobby Riggs, last summer, has been blazed across the tennis world's headlines during the National Junior and Boys Indoor Tennis Tournament played in the chilly seventh regiment armory in New York City during the Christmas vacation. The tournament was the last among the Juniors for McKennell, and produced both for her and for Kenyon the first title of a National championship.

LORDS TURN ON HEAT, DEFEAT OBELISK, 41-26

Henry Sebok Pauses Visitors With 20 Points; Second Conference Triumph.

Henry Sebok apparently was not exercising himself on February afternoon when he set a pool record at 15:48 in the 8:00 style event, for on Saturday night he piled up 21 points to lead Kenyon to another victory over DePauw. Sebok, with 14 goals, 23 points, and 1 point, was the only member of the team who did not play in the 8:00 style event.

Those who saw the Michigan State games were amazed by the efficiency of the Argos, Kenyon's State No. 3, who at one time played evenly against the Adel- ness board and California, and against famous polo players throughout the game. Meeting the finest intercollegiate polo team in the country, Cornell, at the Glantze Hall on Wednesday, December 28, the Kenyon players were undoubtedly the first half, came back in the second half with a rally that took the best team winning 14, 13. Compared in the woods of poles and the strength of the game was by half W. R. Cornell team, which was reduced to trial for the first time in the season. The Cornell team will be included in the most powerful Conference team.

POLOISTS WIN TWICE FROM MICHIGAN STATE

Take Seven, 5-1, Low to Powerful Cornell Team, 14, 15, as Gain Goals, Win Invitations for Event.

Effectively solving the Michigan State style of play after dropping the first game to the visiting team, brought them inside the Spartans, defeating them by scores of 9-5, 14-26, at the Ashland Celenus on Saturday and Sunday, December 19 and 20.

Evelyn led during the first two chukkers of the Saturday contest by 9, 5, but the ballots were managed to put down the lead on a single point. In the Sunday match, however, Kenyon's own talent, with a great number of players, was a lot of trouble. Because of lack of the local polo players with which the other teams can compete, it was almost curiously achieved return match with the same score on the same day.

Among the players who were in the game, it is said that the ballots were made up of the best players from the Michigan League, and that they were the best players in the state. The ballots were made up of the best players from the Michigan League, and that they were the best players in the state. The ballots were made up of the best players from the Michigan League, and that they were the best players in the state.
Circulation Committee.

SnooNnApE

Continental Bank had charged the customary five dollars; others had been charged from two to five dollars.

Gold-PeNded Doors

Continuing, the bill stated that "it is the opinion of the division that the number of such doors, and the length of time that they shall be allowed to remain in use, should be limited to 3000, and the bill has been referred to the committee on labor for further consideration."

A New Development

It was reported that Mr. White states that the mining and milling districts are "completely" stopped by the strikes.

Weaving.

There is a great deal of agitation between jealousy of a permanent Sack and wanting to maintain a healthy standard of living for oneself and one’s family. The laborer is not the only one who feels this, particularly when he speaks to an impressive college administrator.

Hospitality

The Executive Committee, can and should become an executive committee. The work of this body in disclosing where the student assembly fees go and revising the distribution of these fees was a real task, and the results have been well worth the effort.

The not least valuable contribution of the committee was the setting up of a "continent fund" to entertain members of visiting clubs and debate teams in the college dining hall. The Ohio University debating team which dined in the Colonnades last Friday was enthusiastic about Kenyon, about the excellent meal, and the cordial welcome they received (even though we did defeat them in the swimming race). It is a fine way to stimulate and strengthen friendly relations with other educational institutions.

Prior Scores Are

It is well known that George P.'s or near the country with the aid of the house. Page used to "think" as much down in Ohio than pass through it very few times when they saw him. But even with so much experience, eyeglasses really need a break. When Mr. P. visited Nashville during the last winter, he was quite surprised to find "down in the South" the same kind of stories which are told "up in the North" about the same kind of people. He was particularly impressed with the "speak to the people when you have time."

The appointments, announced last week, were two to Parsons and one to the Special Council of the "Conservative League." The appointment of Stephen M. Young of Cleveland, former Congressman at large, was a member of the Class of 1811.

Assistant Assistant General are Fred C. Gilpin, "B. of navigation," and William Henderson Evans, '16, "Midwest."

John C. Studebaker, a young man in a Delaware, Ill., newspaper, has written a fine article on the subject of the recent strike. He wrote it in the belief that the strike had been necessary to bring about a better condition.
POLO
Continued from Page 1
Coble, the strongest man on the Cornell team, rating 5 goals, is con sidered the best player in Intercolle giate polo, and has been a mem ber of the national championship team for the past three years. In addition to playing for Cornell he plays every week with the New York Athletic club championship team.

The Kenyon team, given a 7 goal handicap, assured host during the first half, as Cornell didelled them with a powerful display of teamwork and powerful driving. Again and again shots of the first half were saved off Combe's stick squarely into the Kenyon goal. At the end of the first half the score stood at Con nell 12, Kenyon 7.

At the intermission the two teams exchanged mounts and Ken yon scored a vastly different team. Trebбит, weighted in Kenyon's first goal, was the third chukker and he repeated four times during the last chukker. And also scoring in the nall frame, Cornell, meanwhile, was held scoreless during the last period, although the third chukker find Combe getting in Kenyon's face with his long drives. The final put away off Cornell's great right wing might have resulted in an upset victory for the locals.

Aside from the individual heroics of Combe the chief factor in the Red team's victory was the new work. It has been gen erally impossible for Captain Lib erny to expand the Kenyon team, because of the absence of an ade quate polo ring in which to prac tice.

The Kenyon polo team will be in Boston, New York, for Friday, January 15, where they will engage the Cornell team on the following Saturday. The Kenyon team will be greatly different but it has not yet been determined.
