KENYON BEATS CAPITOL

Kenyon's long torted tennis team
won their second match of the
current season when they
overpowered Capital, 7-0, on the
Benning field courts today.

In the first singles match of the
court, Kenyon's pilot, McNeil
was held to a point by his
counterpart. But in the second
singles match, Kenyon's Brownlee
was forced to an identical score
by his Capital number 2. Kenyon's
number 2, Williams, who
played a flawless game in the
twice played, was held to a point
by the pilot on the Capitol
team.

A Garbled Story
Of Two Beta Pins

Mr. J. E. Walker, who had received South Leonard Hall by acquiring the office of secretary, has completed a number of miles on a 40-mile trip. He is not a great distance, 35 miles from his home in the University. The fall registration of those thirty seniors, members of Theta Chi fraternity, this pin formerly rested on the chesty, Teddy Bear. The Thirty of Denison is affiliated with Miss L., and thus directly with Teddy Bear. The absence of the pin hasn't made a noticeable difference to Teddy Bear. Dance weekend will perhaps be his chance to show off his new pin. He was able to ride the story of several miles trips and the pin of Mr. Walker, given to Theta Chi pin in question was completed by a Mr. Tanser. Mr. Tanser was connected with Kenyon's swimming team against and is alleged to have done quite well. Ever since this pin only made a trip, a matter of some miles for Teddy Bear, the pin will perhaps become a part of the story of his new pin.

QUICKSAND SLOWS
SEWAGE PROJECT

Mayor Parker Reveals
Projects Two Months
Behind Schedule

Quicklysand, bad weather, a shift in contact with the sewage disposal plant, and several items all have served to delay construction of Kenyon's $400,000 sewage disposal plant, about two months behind schedule.

Mayor Parker revealed to a Collegen reporter last Monday that the pipe lines are already laid but are to be moved to the company building the disposal plant, and because of the delay caused by the subletting the contract to another company, the building of the plant was delayed.

While digging up pipe lines several gas leaks were discovered. This necessitated a great deal of back digging with shovels instead of the mechanical digger.

Mayor Parker said that most of the boilers equipped with remote control would be connected to the system and the college lines would be laid by the Kenyon College men.

In one of the branch pipes which will control the entire sewage system, there were large gaps equipped with a bit pump in order to connect with the higher line. These pumps will be entirely automatic and will lift the sewage which is then directed to a covered sewage windmill.

The Imhoff disposal plant is laid out in a satisfactory manner, and the largest plant to be built in this country.

PHI KAP ELECTION

Last Monday, April 23, Phi Kappa Sigma without issuing ballots or casting votes elected a number of members to the chapter.

President, John A. Silver; Vice President, Russ McPherson; Secretary, Wally Ventola; Treasurer, Teddy Bear; and Al Porter as Vice President High Executive.

MUSIC COURSE SEEN AS POSSIBILITY

For quite some time Dr. Colle- gian has been working on a pilot course in music which is now available for Kenyon students. Classes have been held in the student body and from all accounts it is easy and rewarding.

The main reason to have this course available for Kenyon students is to give the students the benefit of the course and to allow them to take music as a course.
