Eberle Finds Germany Changed
Since His Student Days

"It is my personal opinion that war will in time lead to a higher standard in Germany and that the nation will wish to improve itself. It is also my belief that while the war continues, it will mean the most horrid destruction ever seen on the face of the earth, and perhaps Europe will be destroyed very quickly."

The diplomat was in his second week of the war. As a Rhodes Scholar, he plans to stay in Germany until the war is over.

Students of Kappa Alpha have decided that the campus is to take a rest from the上年度 and return to an "all-out pursuit of learning and fun and frolics." The roll was taken and found to be the same as that of the previous week.

Eberle, who is a member of the Kappa Alpha Fraternity, was one of the few students to manage to get a good night's sleep last night. He stated that he was "tired of the war and ready to go home."
**Frosh Set Style in Monday Evening's Pajama Procession**

Big Bill" Describes Fuzzies as "Best Ever," Parade Before Faculty. Silent Cheering AsThornton Leaves Baby

Kenyon Pajama Parade, which was to be Monday night, was a great success, with nearly all the students in pajamas, and the general sentiment was very enthusiastic. The decorations were very clever, and the music, as usual, was good. The parade was led by "Big Bill" who described the fuzzies as "best ever." The parade was very well-attended, and everyone had a good time.

**American Rediscovery Week to Rally Patriots**

**Adolphus**

The week of October 4 has been designated American Rediscovery Week by the American Association for the United States of America. The week is designed to encourage a rediscovery of American values and principles, and to promote a renewed appreciation of American history and culture.

**Authoritative In Nature**

This week's rediscovery week will be focused on the principles of American democracy, freedom, and the rule of law. The week will be marked by a variety of events, including lectures, panel discussions, and cultural events.

**Nor Ryman... Nor Reason... By H. B. H.**

This week is one of the most important weeks of the year, as it marks the beginning of the fall season. It is a time of change and transition, and is often referred to as the "September Effect." During this week, many students return to school, while others prepare for the upcoming holiday season.

**Further Activity Needed**

College newspapers all over the country are at present carrying bold face editorials on WAR, PEACE and NEUTRALITY. Good (and journalistic) style, the sentiments are the same: "Keep the United States Out of War." Activity such as this was taken at a recent Kenyon conference as widely as possible. Peace proclamations are being endorsed by practically all college newspapers in the country. Here are a few samples of the same: U. S. colleges and universities must not do anything to increase the conflict. Unfortunately, all, of the proclamations seem to be mere verbal gymnastics, and, although assuming a strongly pacific sentiment, they predict no positive and decisive action for the future. "We do not want war for the United States" is more than a mere slogan, and it is a real sentiment of over 70% of the country. A cry. Proclamations seem to be of little value unless they carry with them the determination for a continued constructive expression of their demands. When these proclamations are made, the sentiment expressed becomes embodied in the people and in the work they do. In brief, the proclamation becomes a future action.

**Administration Wins Acclaim**

Last year it will be remembered there was a rather extensive student-administration conflict over the judicial and health affairs of the college. Administration won the battle, and Kenyon's editor carried the grippe. This year, however, the administration has been improved so much that any student can feel that it is a better college. We have been promised to extent that all comments regarding them are complimentary. The administration of the college is doing a splendid work.

**flashes from other pans**

We were quite taken aback the other day when we discovered that the new telephone directory for the city of Beaver Creek was out. We had never thought that there would ever be a directory of such a small town as Beaver Creek, but we are glad that there is one. We never thought that there would ever be a directory of such a small town as Beaver Creek, but we are glad that there is one.

**BAND PLAYS TO ATTRACT RECRUITS**

Young men doing their military training and who are interested in music may be interested in the following information. The Kenyon Band is planning to give several concerts during the year, and they are in need of new members. If you are interested, please contact Mr. Smith, the Bandmaster.

---

**NOTICE**

Vice President — Not doing it.

When I am right, sometimes I am right.

I never write.

I am just a little.

And poor myself another drink.

No, nor, no, no.

McNeil in Interview Tells College of Evident German Prosperity

Satisfied With the Win Over Millers

Late in July of this past summer, Dr. McNeil returned to the United States from his. recent year travels to Germany, Austria, Italy, and France. "Germany seems to be perfectly normal," he said. "There is no sign of a revolution. Nothing seems to have changed, and everyone seems to be going about their business as usual."

When asked what he thought of the American people, he replied, "They are a hardworking people. They seem to be content with their way of life."

Alumni Letter Reveals College Progress

Tennis Went Well

South Hanna and Middle Hanna Victorious; Outstanding Doubles

In view of the 36-point lead held by the Blue and Gold in the National Invitational Cup, it would have been easy to overlook the fact that the Blue and Gold won every game and the entire team went home with some form of recognition for their efforts.

South Hanna—Middle Hanna

South Hanna demonstrated the kind of tennis that it takes to win the National Invitational Cup. The team, which was composed of five regulars and one substitute, was nearly invincible. The Blue and Gold won every game and the entire team went home with some form of recognition for their efforts.

Capitol Bombs Lords in Drizzle

Non-existent Blocking and Ragged Tackling Sets Score at 43-0

It was a drizzly day in the afternoon, and a muddy southwest wind kept everyone out of the game. The official decided to move the game inside to play on the new field. The weather was so bad that no one wanted to play.

The Aggies for October 20:

Buchanan

Keystone 56 49

Keystone Shores 64 99

Keystone Specials

Total Undergrads 204 308 200

Very few entering used an introduction to the physical training of the College Ship by this time, the convenience of location was secondary and the ship was used more for recreation. The ship was also used for training in the arts. The ship was also used for training in the arts. The ship was also used for training in the arts.

The benefits of this training include:

- Improved health
- Increased strength
- Better posture
- Improved coordination

The College Ship is entirely fenced off from the land and is a popular destination for the town.
