More Than A Homecoming

Homecoming, as a perpetual landmark in most American colleges, has since its inauguration been little more than a superficial social occasion. It is a return-to-college weekend extolled for its color and dedication to the equipment of the alumni. The college and fraternity systems set the stage. A football game is played, the campus displays a Color Day pageant and a number of indeterminate parties make up the program. The form varies little from college to college and varies to what? To attract the alumni or the alumnae? Apparently so, for several colleges have created a new feature to Homecoming, namely the Alumni College.

Kenyon is one of the first colleges to subscribe to this new idea. It is indicated that it will undoubtedly develop into a regular Homecoming feature. If this is the case, and the indication is strong, Homecoming will be endowed with new importance. At Homecoming Kenyon can display its anachronism as well as physically; Kenyon Alumni, attracted by the desire to refresh themselves by continuing their college education.

WHY YES, PANGO

Here I sit in the midst of the 1922 Ohio State Football team, and I am overwhelmed by the thought of this great, great team. The thrill of victory, the enjoyment of the game, it has all been great and I am filled with pride for my team. I am the happy owner of a large collection of Ohio State memorabilia, and I am ready to share my knowledge with the world. So, let us begin our journey through the fascinating world of Ohio State football.

What could be more delightful for Kenyon gentlewomen than to join in the Homecoming festivities of this autumn, and therein find their share of "Dapper Days" and other delightful topics? Mine is a cozy gym, and I am one of the members of the class of 1924, and I am listed on the program. All who are interested are invited to come and join in the fun.

Von Wider Issues Call For New Men

Last year, a new minor event was launched, the "Join Us" campaign under the direction of Mr. Von Wider. The campaign was designed to attract new members to the Kenyon Fencing Club, which was struggling to maintain its status. The campaign was a success, and the club was able to attract a large number of new members.

Registration of Cars

With an idea of safeguarding the good names of Kenyon, and also to give the students an opportunity to register their cars, the Kenyon Fencing Club was organized. The club was successful in coordinating with the Mindsignel Club, and the registration of cars became a reality.

Kenyon's War Chest

It was with considerable interest that I heard the news of the recent Japanese invasion of Manchuria. It is a shame that the Japanese have chosen to make such a move, and I hope that they will come to their senses soon. Kenyon College has already contributed a large sum of money to the war chest, and I hope that other colleges will follow suit.

I find it difficult to understand how the Japanese could have committed such a愚蠢 act. I hope that they will think twice before making such a move again.

The Big Nationality Debate in the World

The Big Nationality Debate in the World is sure to be quite exciting. It seems to be that for weeks there has been a lot of discussion about what nationality one is. Some people say that they are of American nationality, while others say that they are of Japanese nationality. It is a shame that there is such a dispute over something so trivial.

The fashionable Solidarity Movement

The fashionable Solidarity Movement is a movement that has been gaining popularity in recent years. It is a movement that is based on the idea of solidarity, and it is a movement that is gaining strength all the time.

Scribe Decrees Barbarous Treatment; Freshman Relates Sad Fate in Crawl

If it isn’t one thing it’s another. Last week it was the Pajama Party — this time I’m griping—you would too if it’d been you. There how you enjoy lining up against a building blindfolded, having your chronometer yanked while you were trying to punch water from the floor. And then I got in a big bunch because of the bathroom. Which you’d think wouldn’t be as much of a bother. After all there is a “man” in there, the something in playing the game, the something in the rules. There’s nothing I can think of to say about it. I’m too busy scratching my head.
