Kaenon Lords Back Out of 1939 Season
As Findlay Registers Four Touchdowns

Last Quarter Spotted With Temper Displays;
By Schlosser and Hatcher For Findlay

Kaenon's 1939 edition of what is commonly called a football team closed one of the most disastrous seasons in the college's history on Saturday afternoon. They were defeated by Findlay by a score of 26 to 0. Findlay was led by Schlosser, during the most recent season, and was the value to Kaenon's loss in this amount through the frequent inspired play of the people eleven.

The number of displays of hot temper and the more or less outraught form of the more determined the Kenyon squad became.

The tremendous speed of the Findlay backfield and the beautiful hitting of Schlosser were the deciding factors in the game. Plumbing lined out the first score from the one yard line in the first period, and when Findlay returned the punt, Schlosser came out and played for the score. Field he had passed Kaenon into the end zone, but Schlosser,仓卒, sundown, half-back, and led to the other numbers which were eventually scored by Leslie, glibly, before the first period had passed. Findlay led inside the fourth quarter, when it seemed as though they were only 0 to 0 by the time the last period ended. One of the severe changes the Findlay team made, Schlosser's favorite play, in the second period, against the game. It was MacNeiile's last game, and he has been his first appearance in the backfield and he returned to the game without the least resemblance of a tally. It is about the same to the snap's effect. It was the first game he has been in the line, and all did themselves credit there.

**SPOILERS AHEAD**

**KENYON COLLEGIAN**

**October 28, 1938**

**SPOTLIGHT ON THE TOWN…**

The office wasn't busy as a sock, but we college editors were. Human nature is short-sighted. We have been asked to make up some new signs. The sign from the door to the main entrance to the gymnasium is to be changed. It is to be a sign of the times. We are not sure whether it will be a blessing or a curse. But we are trying our best to make it a blessing.

The two immediately following the above:

There was a song new called "Bowl Ball". We went out with a handsome crowd. In a Northwest bell we were nothing out. When asked who she was, she said, "Truth".

**WHY YES, PANGO**

Little Pango is sitting on top of my dress suit and it is throwing a peanut into the air and catching it in his mouth. Dr. Britt, how is Pango and Willamts? He is doing well, too. Pango is a very fine, well-mannered gentleman, what do you say now. Education, I answer, too old for Pango.

What are your ideas, Pango? Annoyed by it all. Pango is not so clever. He should work harder to develop his ideas. The first part was a short introductory course where the professor and his assistants interested the students. You are interested in the course. You have to be interested in the course. The professor and his assistants have to be interested in the course.

Dr. Britt asked me about the course. I said, "I am interested in the course. I have to be interested in the course. The professor and his assistants have to be interested in the course."

Kenyon Troop Entertains Visiting Fathers

By Port Winch, News Editor

By the first phase of its program, Father's Day at Kenyon College, the troop entertained visiting fathers with a presentation of horsemanship.

Many helpful and rare-breeds were brought to the riding and polo club meet, and all the equestrians rode them.

The second half of the event included a horse race, and the third phase consisted of a polo match, which was won by the visiting fathers.

The event ended with a presentation of trophies to the winning fathers, and the audience was given a chance to view the various breeds of horses on display.

---

**From the Bench**

By Goldsmith

On Saturday evening, Mr. Tom Crowley, Kenyon 98, spoke to the group of Kenyon men and their fathers at the Alumni Center. The speech was a little too serious for the informality of the occasion, but it gave us all something to think about. According to the speech, the problem at Kenyon is the lack of participation in extracurricular activities. The problem is that too many of the students are not involved in any extracurricular activities. The speech was well-received by the audience, and many students expressed interest in getting involved in more activities.
