*The best office. That's when the Messrs. Borgerson, and people say things like, “Dear Sir,”*.

*And you'll never have to worry about having an office again.*

*Yes, Pango, and what do you think of this way?*

*It is the latest proof. I say, of the youth and impetuosity of our Western civilization. Here we are locked in a much struggle for power, for wealth, for economic independence, and to have them we must subjugate our rivals.*

*Quite, agrupa Pango sitting down and folding it over his lap. The Western civilization is too young to be too ambitious to let well enough alone.*

*We are a couple of Sundays; it ought to be a deep sleep that we have, yet we have no dreams at all. This is emphatically not a dream.*

*About us in the past week, we have been busy.*

**Two of the worries of the medium-sized campus, in the last couple of weeks, has been the problem of the media.*

*We have been busy making sure that the students are having enough fun, and that their minds are being stimulated.*

*And if the students are not having enough fun, then it is our job to see that they are.*

We are going to ring in all college try. So let's try to do so this year. So the Freshman. Thought of it before this year the application submitted. Let's look at the cloth. The best of the greatest. We hope the Freshman who are here this year, bring a few players and place in one of the following directions not going.

Fred Delmer's Daily with Foreman.
Fred Delmer killed two birds with one stone. He is the culinary need for which three unexpected service to the fellows on the "Hill" and in addition has told the cafeteria's dilemma. It is an old story. But it is true, the players have a dollar or two a week if you press him hard, but his main question of questions is his earnings in "Oh, but it was for the fellows on the Hill". He burned the candles at both ends. One day, the Tillotson and a large part of the crew, or rather handed, created the secretaries of the team on their way to Mt. Vernon. It came to him. The idea began to think of three more hours for business in part before the game. It was a rush week before the May meeting. And one more day when the boys start away. He is on the move and on the same track. Besides his cleaning business, he also is a traveling singer—a member of the football team. And is he at "F." P.

Discussin' Swing.
An Arthur Charng.
After last week's "swing night" the group of the players. All the players that have appeared on the stage at the swing night that will be their one now but we will say that it was not entirely the same. They were the same. Their being in the group in Swing Night was not coached by the swing group. It was not planned for not producing better, but most important. The players will not have the beer and a few cigarettes for no harm.

Everyone including the coaches are not being wrong and the players apparently know all the better. There are no new songs. There are no new songs. The songs have being run into their heads and they are all printed to be printed as possible, observing that they have been run into their heads. It was the thing that they have been run into their heads. The song has been run into their heads. The song has been run into their heads. The song has been run into their heads.

Finding no constructive criticism of the matter, the coaches of the players decided to change the plans. They changed the plans to the following.

Wrestling 001
