THE 1941 LORDS… THEIR RECORD 5 (7) AND 2 (7)

NEW TAX INCLUDES COLLEGE DANCES
Because exemptions from the excise tax have been reduced, Kenyon students may not be able to afford to pay for their tickets. The excise tax is applied to dances and other social events, which can be a significant expense for students. The tax is intended to reduce the number of activities that Kenyon students can participate in.

National Thought

We have received an immense number of letters, and although we are
ballets, and pamphlets which lead us to suspect that there is a
great deal of crotch thinking going on in the United States a-
bout the writers and the people in this country, it is evident that it is
affecting our everyday life. From the Federal Security Agency we
have received many complaints, and it is possible that a pamphlet
entitled Civil Liberties and the Universities and Colleges may be
published. Mr. H. Chapman Rose, a member of the Organization for
Young America, has written a paper on this subject. Incorporated has sent
a note to the president of the University, expressing our opinion of
them. We wonder if the students will not contribute to their newspaper
the other day, which is to be found in the student publication. No,
not in the student publication. It is to be found in the student bulletin. It is
on the brown paper balloon as it is held up before the student in the
President's Hall. A new form of publicity.

SEMILAVANDY

The note from the president of Hobart College is a thing that interested us
very much because it was the writing of a man who is in a position

in the world. The president of the University of the United States of
America, which is the University of the students, has written to us
that he is very much interested in the work of our society. He said
that he had been reading the bulletin and that he was very pleased
with the way in which the society was working. He said that he was
very much interested in the way in which our society was working, and
that he hoped that we would continue to do so.

Resolution

WELLESLEY COLLEGE
WHEREAS, the Lord in His in-
finite wisdom has taken from us our student editor, William P.
Cummings, graduate of the Class of 1902.

BE IT RESOLVED, that in behalf of the membership of the Alumni
Association of the Class of 1902, the Wellesley College Alumni
Committee adopts this Resolution in tribute to the memory of its
late editor.

One of the most distinguished members of the Alumni Association
of Wellesley College is the editor of the entire alumni body: editor and
benefactor of the College; long an outstanding member of its Board of
Trustees; honored not only by the many other organizations through
which his loyalties are personal to the members of this Association, which
has made a unique and contributive contribution to the welfare of the College
under his guidance and devotion.

BE IT FURTHER RESOLVED, that an engraved copy of this Resolution be
sent to William P. Cummings, that we may extend to him the members of the family an
expression of our deep sympathy.

William E. Chesebrough, Jr., Secretary.
Alan B. Goldsmith, President.
Wellesley College Alumni Association of the East.
CHARGING LORDS PILE UP 51-0 VICTORY

Kernity Wins
Five Mile Run
Ken Kernity led his team and his country team to a 15-20 victory over Ashland College last Saturday through the teeth of a strong wind. In a first class race, Captain Kernity, after trailing for the first few miles, caught his adversary in the fifth and final mile to go for Kenyon. Kernity and Reinheimer will go to the Ohio Conference meet this weekend.

Results: Time 36:21
1. Kernity (K) 2. Clove (A) 3. Reinheimer (K) 4. Keller (K) 5. Taff (K) 6. Mellor (A) 7. Stoffer (A) 8. Stoffer (A) 9. Martin (A)

Divisions Choose
All Star Team

The method used in selecting these players was rather complicated but it was so democratic as possible. A member of each division who was actively concerned with the intercollegiate football competition sent a letter to the complexion of his choice for a first and second team. These letters were then compiled granting ten points for a place on the first team and five for a second team. The total number of points was found for each individual mentioned in the various selections and this number was divided by the maximum number of points that the individual could receive. Percentages were then determined, and the top ranking persons for each position were separated out for the first team (Continued on page 4)

Imel Says Lords Will Have Height, Numbers

Members of the Varsity basketball squad have been working out during the week for the past two weeks in Room Hall. Eight players, in reporting regularly with the rest due to come out as soon as the last football game is played.

Questioned as to the prospects for the team this season, Chuck Imel, new varsity mixer, replied, "This year's team will be one of the largest ever, both in number and height that Kenyon has had in many years, and this shouldn't hurt them any."

The squad will be built around Byers Lawrence, Dav Rotten, Jim Logan, Andy Anderson, and Jack Berno, all of whom played varsity ball last year. Others expected to make teams are "Becky" Taylor, Berghoff Beer.

HERE AND THERE ON THE CAMPUS

Jim Logan and Bob Easton journeyed to Howard High School last Thursday and Tuesday, Nov. 11, where they judged a declama-
tion contest that afternoon.

George M. Dennevin, 29, presented a new auxiliary stunt used by the Speech Department last fall, which has been developed and produced in the M.S. 18 plays, and has been well received from the dramatic and from the literary field. This year's team was also a record for excellence and honor. The annual meeting was given to those whose performances were not quite high enough to place them on one of the two teams.
