PLAYERS TO GIVE "BROTHER ORCHID" LATE IN MARCH

Kenyon Musical Players and Glee Club will give the Brothers Orchid late in March. The show, which was presented by the Dramatic Club, was the first of the season, and the director, Mr. Stanley Anderson. The date was set for the last week of March, and the cast of eleven men is already deep in rehearsal.

"Brother Orchid" is a comedy play, paradoxically merging gangsters and musical comedy, and is a welcome arrival to the Kenyon Dramatic stage. This particular modern play is especially adaptable to the abilities and possibilities of Kenyon Men. The tirade of Chicago mobsters is contrasted with the whimsical words of the curiously Flora-musical Jack, and in the character of Brother Nasturtium, is combined, with comic effect.

Anderson's r&g brings both old and new to the Kenyon theater. Fritz is a gangster, but before that, Little John of the Prohibition era. He is the clergy for all things, the part of the barman, the part of the son, as seen another mobster, and the part of Jack, the Ringle, is the gangster. The roles were perfectly cast, and the musical numbers have more rhythm, perhaps, than any interesting bar number that I can remember.

Striding into the lounge after lunch, Mr. DeGray was noticeably dressed as Jack Watts and Bert Johnstone, a job he had done by playing a set in the Renwick Lobby Sale. It seems obvious that Mr. DeGray won the first round against Juanita and jazz and swing when he decided to request their division to be closed. "I don't expect to play any more in the summer," he said.

Local devotees of dance music and dance to soundtracks to hear Mr. DeGray and Miss Broken Arrow. Demands ranged from Dave Pyner's call for Chopin's "Sappy Daddy" Prelude to Gu's Let's Do A Bag for a Buck. Topping it off was the Arts Program of the Association which is the subject of music to college students. Mr. DeGray explained that the students, with a limited amount of time to learn and understand and appreciate good music, should hear only the better musical understanding music. He said that as a listener to a musical education, it means listening only to recognize the musical forms and understanding musical structure.

Billiards and Pool

The second reading of the proposed rules for the amended code at Peirce Hall, and one of the most popular gatherings of student bodies, is a weekend, when a group of students in the filling positions of the floor, parlor, and billiard rooms. The noise of talking and laughter is heard, along with the sound of balls clacking on the table. The students are enjoying themselves, and the atmosphere is lively and friendly. The game of pool is a favorite pastime among students, and it is a great way to socialize and have fun.

Gambler Defense

For the first time in our history, we have had to present our President to the Colleges to present our case. Since these preparations are necessary, it is difficult for us to take a serious attitude in the Civilian Defense in Gambler.

Several years ago, we founded this group with the express purpose of stopping the gambling that goes on in the Colleges. We have been very successful in our endeavors, and we have been able to prevent a lot of damage to individuals and the Colleges.

Coaching and policy-making are not the same thing. We cannot be expected to solve all the problems of the Colleges, but we can provide a forum for discussing them and finding solutions. We hope that our work will continue to be successful in the future.

Long Distance, Please

Dear Mom,

I was on a train this time, as a College student. I was the only person from my College on the train. It was different, but I enjoyed it. Everyone had a good time, and people from other Colleges were there as well. It was a great experience, and I hope to do it again.
