February 15, 1943  Kenyon College, Gambier, Ohio  Number Nine

NEW APPOINTMENTS ANNOUNCED

President Chalmers announces the appointment of Mrs. George Drew Hocking as Visiting Assistant Professor of Psychology for the winter term, and of Mr. Charles F. McKinley as Part-time Instructor in English and Administrative Assistant. They are additions to the faculty of the college of liberal arts in Kenyon. Mrs. Hocking, a graduate of Mills College in California at Oakland, received her degree of Doctor of Philosophy from John Hopkins University and has served as assistant professor at Mills College. Mr. McKinley received his A.B. degree from Kenyon in 1940, and last year taught at Munson Academy in Mansfield, Massachusetts.

President Chalmers also announces the appointments that have been made to the faculty for the pre-meteorology program.

Dr. Sergio de Benedetti has been appointed Visiting Associate Professor of Physics. Professor de Benedetti received his Ph.D. in physics from the University of Florence and comes to Kenyon from Swarthmore, Pennsylvania, where he has been engaged in research on cosmic rays at the Bartol Research Foundation of the Franklin Institute and has served as instructor in radio engineering for the Signal Corps of the United States Army at Swarthmore College.

Mr. E. Allen Cook, jr., who has been serving as a mathematical physicist in the Naval Ordnance Laboratory at the Navy Yard at Washington, D.C., has been appointed Visiting Assistant Professor of

COMMENCEMENT TO BE HELD

The second Special War-Time Commencement will be held on Saturday afternoon, March the twentieth, the ceremonies being commences with a luncheon for the graduates in Peirce Hall. Fourteen seniors are expected to be eligible for degrees in course, and two seminars. The commencement speaker will be Count Carlo Sforza; sometime Foreign Minister of Italy and recently elected the head of the Fighting Battalion. Count Sforza is at present a lecturer at the University of California at Berkeley.

CREDITS TO BE GIVEN THOSE LEAVING

On February 9, it was decided by the faculty that a student certified by the Armed Services Representative at Kenyon as having been called to military service will receive credit for one half unit of work in a unit course, or three hours, and one and one half unit of work in a half unit course, if he completes a half term's work to the satisfaction of the professor in charge of the course.

EPIDEMIC HITS HILL

Within the past few days, an epidemic of measles has struck at the students on the Kenyon campus, and the newly-finished Infirmary is doing a capacity business. Plans for the Dance Weekend have been formally cancelled and all students are in quarantine within the town of Gambier and are asked specifically not to go into Mount Vernon or anywhere else outside the college town.
NEW APPOINTMENTS ANNOUNCED (continued from Page 1)

Physics.

Mr. Robert F. Browning, who received his A.B. degree from Kenyon in 1941, has been appointed Visiting Instructor in Physics. He has come to Kenyon from a position with the Delaware Lumber Company in Delaware, Ohio.

Mrs. F. William Kahrl of Mt. Vernon, Ohio, who graduated with First Class Honors from Royal Holloway College of the University of London, and served as instructor in the department of Applied Mathematics in that university, has been appointed Visiting Instructor in Mathematics, as have Mr. F. Harshman Miller and Mr. John W. Holmes. Mr. Miller is a graduate of Kenyon in the class of 1939, and Mr. Holmes is a graduate of Harvard.

President Chalmers has also appointed Mr. Thomas Stevenson Smith, Assistant in Physics, and Mr. Kenneth E. Burke and Mr. Groff Collett, as both Assistants in Mathematics.

Dr. Nancy Cole has accepted appointment as Assistant Professor of Mathematics in the pre-meteorology program. Professor Cole is a graduate of Vassar College, (continued next column)

and received her degree of Doctor of Philosophy from Radcliffe College. She has taught at Vassar, Radcliffe, and Sweet Briar Colleges, and at Harvard University.

Dr. Arthur B. Cozzens has been appointed Visiting Associate Professor of Geography for the pre-meteorological program. Dr. Cozzens received a degree of Master of Science in geology and of Doctor of Philosophy in geography from Washington University. He has taught for eight years at the University of Illinois. Recently he has been specialist in Topographic Intelligence in the Europe-Africa Division in the Office of Strategic Services in Washington, D.C.

HEADS OF METEOROLOGY PROGRAM

President Chalmers has announced the organization of the faculties during the period of the Pre-Meteorology program. He will himself preside over the faculty of the liberal, arts, theology, and pre-meteorology. Mr. Robert B. Browne, the Secretary of the College, will continue as Dean of Students in the liberal arts college.

Dr. Gilbert T. Hong has been appointed Dean of Pre-Meteorology. The usual relationship of Bexley Hall to the whole institution remains unchanged, the seminary being the divinity school of Kenyon College and Dr. Roach its Dean.

The Technical Training Command of the United States Army Air Forces has assigned Lieutenant Donald M. Ryan as the Commanding Officer of the Training Detachment at Kenyon College. He is assisted by Lieutenant Benjamin H. Massey and a staff of non-commissioned officers and enlisted men.
The Kentucky Lords arrived Ashland 49-39 in one of the closest basketball games ever seen in Rosse Hall. The game, half last Tuesday evening, started out looking like an easy win for the Lords, but by the end of the first half the Eagles had pulled up to within two points of the home team. The score read 26-28 at the gun.

Tempers were short throughout the second half and several incidents heightened the anger of the fans. Neil Turner received a very painful injury when he was fouled on one of the visiting players, and shortly after this he was struck on the head, needing time out to recover from the blow. Capt. Russ Schenck was the victim of an unfortunate accident when he collided with one of the Eagles in the middle of the second half. He was cut on the forehead and needed three stitches to close the wound.

Play throughout the half grew rougher by the minute and the fans called an outburst. This finally came near the end of the game when Byron Palmer Harbison was held near the grandstand by an opponent. Harbison swung on the Eagle and the bands emptied in a flash.

For the next five minutes the floor was the scene of a mad riot. fists flew as the spectators tried to take it out on the Eagles for the brand of basketball they had played all evening. Coach Chuck knel finally quieted things down by firing several blanks in the coach's pistol.

The remaining minutes of the first were rather uneventful as the Lords clung to their lead in their first Ohio Conference story of the current campaign. The game is scheduled to face the Eagles again at Ashland on February 18th.

For the past two weeks under the direction of "Red" Lomax the Commandos have been engaged in a boxing tournament in the basement of Rosse Hall.

The men have been fighting in four classes starting at 125 lbs. and continuing up to the heavyweight division.

To date several excellent bouts have resulted from the preliminary pairings. When the winners of the first round bouts meet later on in the month there should be a number of good fights every afternoon. Those who lost their first bouts will fight it out again in a consolation tourney. This plan will enable every man to face at least two opponents in the course of the tournament.

ARMY AND NAVY ANNOUNCEMENTS

Earlier this week the Army and Navy issued a joint statement giving a little more light to the subject of the reservists in colleges.

The Army has stated definitely that the men still in college enlisted in the E.R.C. will report for service two weeks after March 23rd.

The Navy program has not changed much. Men are still asked to remain in college until the coming summer. It appears that they will be called to service about July 1st and then sent to school.

The Navy further states that V-1 and V-7 enlistees must remain in college in daily attendance therein in order to remain on an inactive status in the Reserve Corps.
CHALMERS TO SERVE ON COMMITTEES

President Cordier K. Chalmers has been appointed an associate member of the University Meteorological Committee, representing on that committee the colleges and universities taking part in the "G" program of pre-meteorology.

Vice-President James Adams of Brown University has been appointed an associate member of the Committee to represent the "B" colleges and universities.

The "G" institutions are: Amherst, Bowdoin, Hamilton, Haverford, Kenyon, Carleton, Reed, and Pomona Colleges, Denison and Vanderbilt Universities, the University of Virginia, and the University of Chicago; the "B" institutions are: Brown University, New York University, the University of California at Berkeley, the University of Washington, the University of New Mexico, the University of Minnesota, the University of Wisconsin, the University of North Carolina, the State University of Iowa, and the Massachusetts Institute of Technology.

President Chalmers has also been named to membership in the Commission on Liberal Education of the Association of American Colleges, under the chairmanship of President James Phinney Baxter of Williams College.

METEOROLOGY STUDENTS ON HILL

An interesting spectacle took place Wednesday afternoon as numerous men in army uniform walked in orderly fashion out of their Greyhound Bus and went to their quarters in Old Knyon and later marched over to the Common. Some of these men came from Camp Custer in Michigan.

MPN IN ENLISTED RESERVES

According to latest information received in the Dean's Office, it seems apparent that all Kenyon enlisted men in the ERC will be called to active duty at the end of the current term, March 23, 1943.

Premedical students in the ERC and enlisted men are studying other approved specialized courses will likewise be called at the end of the current term; upon completion of basic training, men in this group may be assigned to further study under the Army Specialized Training Program.

Pre-Medical students and students in approved specialized courses who are not enlisted in the ERC may expect to be called to active duty at the end of the current term, at which time they may be detailed for further training under the Army Specialized Program or assigned to other military duty.

Enlisted men in ERC will be ordered to active duty fourteen days after the close of the current term, or as soon thereafter as practicable. You will be expected to present, at the reception center at the time of reporting for active duty, a certified transcript of your College record. These transcripts will be made up as soon as possible after the close of the term; they will be mailed to you at your home address. If you wish to have your transcript sent to some other address, please notify the Registrar's Office before you leave College.

As far as can now be ascertained, the new Navy College Program will not be put into effect until July 1, 1943. Therefore, until that date, all students in the Navy programs, are urged to stay in their respective colleges and pursue with renewed vigor, their college studies.
