Academic Policy
Revolution Begins

Revised College Calendar
Under Consideration
By Faculty

Under consideration at present among faculty members and the administration of Kenyon College is a calendar reform, a bold and unprecedented move to uproot semester traditions, pending the vote of confidence which will put into effect a new temporal order. It is hoped, to a successful academic-policy revolution.

Preliminarily spurred by recent international criticism of the American educational system, the College administration has made an initiative to isolate those present students from those of the future. Thus, revision of the calendar college would present a significant advance towards the realization of this goal.

Problems Studied

The administration has studied certain basic problems which affect the college calendar. For example:

1. A generally acknowledged that the present senior students approach the senior comprehensive examinations with the approach typical of the present junior's second year. This is generally acknowledged that the present senior students approach the senior comprehensive examinations with the approach typical of the present junior's second year.

2. The members of the Kenyon faculty are at times burdened with the problem of institutionalization. Much of their time is spent carrying out duties involving extensive paper work and in awakening, which time is spent to the advantage of the class and not to the advantage of the students.

3. The fragmentation of the existing college is obviously desirable in several respects.

Proposed Changes

The proposed calendar would allow the students to study by splitting the academic year into three major semesters, and ending it with a single examination in the majority of courses for the year. Specifically proposed is a policy of one week of vacation for the junior and one week of vacation for the senior.

However, the Christmas vacation which is now two and one-half weeks long, would be lengthened to approximately twenty-four days and spring vacation would begin earlier, lasting from between two to three weeks.

The Thanksgiving vacation would be cut off to one or two days, since Christmas vacation would start them from the beginning of the new academic year.

Tillich Speaks
To Nearly 600

At 6:00 Friday evening, Kenyon College and an audience of about 600 were comprised of some of the Kenyon family and some guests. The Temptation of an Evil Event, a lecture entitled "Temptation," was the 1957-1958 dedication of Paul Tillich for the first time presented. explicitly, his late book of the same title. Promptly the college was a leader of the descent towards the Nazism and revolution. He was brought to the United States some years ago by his friend Helmhut Niebuhr. In America, he joined the faculty of Harvard University. Since then, the seminar and recently has been affiliated with the Harvard divinity School.

Tillich's Esentialism (which is materialism) is a system of philosophy that can be found in the works of the ancient Greeks, as well as in the works of the various dimensions. Within such dimensions (i.e. physical, spiritual, etc.) there are overlapping factors, the forces of motion or destruction, manifestation or the absence, which bring forth the tensions in the parts and perhaps of human life.

Throughout the conference Prof. Tillich was conscious that he was speaking of the human being as the center of the universe (a small self which made his devotion to the Church and philosophy not a philosophical but a religiously oriented), and in response to a question on the role of poetry in the Church, he turned the religious mood by commenting on the nature of the Divine Spirit.

For them interested in obtaining a copy of Prof. Tillich's lecture, it will be available next week.

Original Manuscript
Received By Kenyon

For the original manuscript of "The Voyage Home," a novel by Storm Jameson, has been presented to the College by Mrs. J. B. Rossing of Pittsburgh, Pennsylvania.

The reception last visited Kenyon in 1946 for the conference on the "History of the English Speaking Peoples and Their Responsibilities." At that time she presented the College with an Indian view.

The manuscript, in book form, comes in answer to an invitation sent to Mrs. Rossing to attend the inauguration of President Land, and it is sending a message to the College to compare the book and the town.

2nd Advent Concert Set For Sunday

The Second Advent Concert, featuring choral music, will be presented at 4:30 P.M. Sunday in the Church of the Holy Spirit. The theme of the program will be "Christmas Music from Five Great Centuries of Musical Composition." Two Christmas carols of each century from the 16th to the 20th will be sung by the Men's Choir of the College and by the Mixed Choir and Children's Choir of Harvard Parish.

The play will be the one in nineteen days.

Kenyon to Host Mount Vernon at Appreciation Dinner Thursday

Mount Vernon College will sponsor a dinner for the Mount Vernon Thursday, December 18, at Pearl House as a gesture of appreciation for the many services they have performed for Kenyon College throughout the years.

Some 250 are to attend representing the Chamber of Commerce and the local Kiwanis, Exchange, Lions and Rotary Service clubs.

It is expected that President Lander will give an informal address.

Thomson Gives Beson
Mr. William Thomas, Vice President for Development and Reeducation for the college, announced that, "this is an opportunity for the college to show that they have learned the many things the people of Mount Vernon have done for the college in the past.

Fire Assistance

He also particularly the assistance rendered to the college during the fire last summer for boys from Knox County going to Kenyon. It is quoted out, however, by Mr. Henry Curtis, President of the Kenyon Alumni Association who has not, but in the past, been given by Kenyon for the citizen of Mount Vernon.

Juniors Say, "Go Boho"

The junior class has announced plans for the annual Junior "Go Boho" dance which will be held in Pearl Hall from 6:30 to 8:30 on the night of the last day of classes. The "Go Boho" is expected to be the final such affair given by Kenyon for the citizen of Mount Vernon.

New Food Committee

 Elsewhere in this issue appears the first report of the newly created food committee. The committee was appointed by the Dean of Students, acting upon, we understood, a suggestion made by Mr. Allendorf of the Sister Service food last September. The purpose of the "unofficial" committee was to "provide students with a method for suggesting improvements in the serving of food at Peirce Hall in the cafetoria and improving the conduct of the students." This is very commendable. Such an effort is long overdue. In

Buffet Dinner

The fifth floor room in the announcement of buffet supper on Saturday or Sunday. This was tried out for the first time last Saturday. It is the cause of great controversy. Peirce Hall went all out this time to make a success of it. The tables and candles and china. However the total effort was something less than happy. The creeds of the students were found to be more exhausting.

The buffet was a complete failure. The students experienced a "Christian" Fellowship: invited Christian thinking, which is a flow of correspondence across the Atlantic and if your readers interested would you please advise us to the magazine.

Scholarships. Reductions?

Printed in this issue is a resolution by the Archer Fraternity protesting against the "unofficial" policy, recently adopted by the Scholarship Committee. This has received the semi-dormant complaints of the student body. The Colleger asked the Scholarship Committee to prepare a statement for publication. This resolution is printed with the Archer resolution as a protest against the cutting of scholarships of the members of the slender, junior, sophomore, and freshman. (We do not see how they can exclude the latter classes). We interpret the statement of the Scholarship Committee, as partially avoiding the issue, giving us some very incomplete information. As we have not seen a printed statement from anyone, they are doing so as they wish. (The Administration has published a statement to students and will probably make a statement in the lights of the situation. The statement will be sent to everyone.)

We were very helpful of the Scholarship Committee to quote the cut in scholarships in order to understand the cuts. One can see on the fingers of one hand the upperclassmen who have seen the current catalogs, but in the case of the freshmen we can only see the fingers of the other hand. Our information on the freshmen is not prospective freshmen. The recent most issue of the catalog we could come up with was a 1957 one. In this the sentence, "Students in the sophomore, junior, and senior years are expected to depend less heavily on scholarships by accepting college loans and part-time work. This, to try to get a job at a time of scholarship, is the only catalogue that the current sophomore class received.

The plan of the Scholarship Committee of granting scholarship in part outpatient grants and part loans a very sound one. However we do believe that there is legitimate objection to this plan. We believe that this puts into practice the saying, "If it is really fair to the individual to tell him when he enters that he has a loan and he must pay it back in four years, when he is in his junior year for example, to tell him that he may have only a loan without the knowledge of what is going to happen in a loan? The committee is very careful to state that the student has no obligation to make use of the loan. We wander what would happen if the student was not given the quote from the loan, that he was a loan? Would the Scholarship Committee take that "evidence that his is a loan" and not give it to him? What is the future in this area? The Scholarship Committee justifies this by saying, "Since 1956 the Kenyon Catalogue has listed a condition that all students are subject to annual review." A member of the Scholarship Committee explained this by saying that the "unofficial" policy is now on your to your basis. We opened our 1967 catalogue and found the statement concerning the conditions under which the Faculty Committee on Scholarships, normally for a period of four years and subject to annual review." We may need a course in reading, but we construct this to mean that the Scholarship Committee will review the stipend to determine if the need of the scholarship student has changed. We do not rest anything suggesting that the student's scholarship grant should be reduced and that he be asked to make up balance with a loan. To restate, we feel that the new policy of the Scholarship Committee, that a student receive part of his scholarship in a grant and part of his scholarship in a loan, is not proper. We feel that this is this understanding between the student and the committee when the student enters Kenyon. We feel that the "subject to annual review" clause not at all fair.

Dinner in the last sentence of the committee's statement and the revision of this whole public question is academic. "You Can't Fight City Hall." T.M.

"Call back tomorrow, 50-50 return... Goodnight!"

Student life at Kenyon is greatly changed externally, by the way, where it itself more seems to be a transition stage of life. The college has changed, especially with the new crop of students, and when you see those pictures, pick them up.

The recurring phenomena with the far away, and other people, I am aware that Bishop Chase's prudential days and the American Indian is the Kenyon classrooms for a rinse of non-sporadic ac_CTRL. The one, by the way, is a favorite horse, Cincinnati, in the next thing. And he so frankly unburdened his fault upon returning that the Bishop forgave.

The isolated but recurrent situation of the woodsmen, this also represented in the following humorous letter in an 1868 paper, regarding "the boys who talk of the woods..." one can tell, is aimed at you, the non-natives student community. After Sir,

Needs of Kenyon In The Next Ten Years Discussed

In its October 3 issue of this year, the Collegian reported a meeting of the Committee of the Alumni for Kenyon, through which it was learned that the faculty which was held September 29 and 21 to discuss the needs of the College during the next ten years.

At the time Mr. William Thomas, Jr. 'Kenyon's vice-president, expressed the hope that "The Committee means something to the student, and the student means something to the College, and the College means something to the world." As a part of the program three members of the faculty delivered talks on the needs of Kenyon. The collegian is reprinting except of these talks, in this and the next two issues, for the benefit of the undergraduate body and others who were unable to attend the meeting. The collegian has also invited members of the Senior Society to write short pieces on problems of concern to them, and what they feel the needs of Kenyon are.

Report excerpts of a talk given by Professor Denham S. Clift, Professor of Latin, and Dean of the Department. He spoke of the needs of all the humanities of Kenyon.

Future issues of the Collegian will contain articles, and columns, given by Professor Barry Neeley, Professor of English, and by Professor H. Landon Warner for the social sciences of Kenyon and the influence of the Senior Society.

The Collegian invites its readers.

That is this stuff you’re trying to sell us, isn’t it? I’m the only guy that’s smart enough to see that you have mislabeled the purpose of the internal program here at Kenyon. The kind of program it is when the people out of the main office are designated only for those who are not enough talent to participate in varsity sports? Shouldn’t the damned people be directed elsewhere or given another field where they can be useful? It’s a piece of flimsy, academic trash. With the new rule you have promulgated, a guy who has lettered twice on a varsity team is no longer eligible for any varsity team.

Ladro Drop Opener
To Penn, 45-42

The Kenyon Lords, under new basketball coach Bob Harrison, made their home debut last night, looking a heartbreaker to Penn in a 45-42 overtime triumph.

Displaying a fast-break offense, the Lords were ahead most of the first period by a slim margin, but Penn began using a stall in the second period. Nevertheless, the Lords, helped by some fine shooting by Chuck Bronson, managed to lead 25 to 24 at half time. In the third period, the Lords, too, adopted a stall, and consequently the score was tied at 28-28 going into the final period.

Shade Ties It Up
Again in the fourth period both teams used a stall, the clock chomping hands several times. Finally Penn scored fewer than a minute to go and pulled ahead 34-32, but the Lords tied it up with less than 15 seconds to go when Jeff Shade made a reverse tip-in. A desperation shot by Fenn failed, and the game went into the first overtime.

The first overtime period produced much the same atmosphere as the second. The ball went in and out of the hands without any result. Chuck Bronson, who suffered a slightly sprained ankle, in this period Kenyon went on a run on a crest stroke by Dave Lively and two foul shots by Shade. However, the heartbreaker of the game came when Michigan of Penn tied it up again in the last few seconds of the period, hitting on a long shot from mid-court.

In the third overtime period, the Lords fought off two Penn scores with foul shots by Reed Craig and Jeff Shade. Finally on the fourth overtime, Kenyon seized a scoring opportunity and full behind 44-42 when Beeman hit a jump shot from Fenn. The Lords fought valiantly, but Fenn clinched the game with a foul shot nuking the final score 45-42.

Jeff Shade was high scorer for Kenyon with 13 points, while Fenn became second for the game’s high scorer with 31.

All Opponent Team
Chosen by Gridders

The Kenyon football team for the first time picked an opponent squad this year from the teams they met on the field this season. Coach Dick Pfieger, in announcing the team, said that it was chosen according to the individuals all around defensive and offensive play, not merely their passing or running.

Two schools, Wooster and Mount Union, dominated the choices, placing six men and three men respectively. Both of these teams defeated the Lords, Wooster very badly, Captain, who also triumphed over Kenyon, had two men elected, while Hirung and Ottenheimer each played one.

The squad is: Lu Winn of Wooster, and Whitthing of Mount Union, Nikola, Dave Neander and Ed Howard of Woos- ter guards, Joe Abel of Wooster, Barry and Jerry Walizer of Capital, center, Bob Gibb of Mount Union, half-backs, Keny and B. W. of Mount Union, Jerry Arley of Ottenheimer, Al White of Capital, Jim Mott of Hirung, and Tom Dingle and Steve Mcl stint and Wooster.

Full Wrestling Team
Expect Good Season

What should be a good wrestling team for Kenyon this year mustered skill with the Ohio State University squad this afternoon at Columbus. The results of the matches were not available at the time this paper went to press.

Leander Team, coach of the team, has, for the first time in his career at Kenyon, a full squad, with men wrestling in all the weight classes. This is a definite advantage since a team which does not have a man to wrestle in a given class must forfeit valuable points to its opponent.

The team will hold its first regular match of the season January 10 against Bowling Green here in Gambier. This will not be an Ohio Conference match. The first conference match of the season will be January 14 with Ohio Wesleyan at Gambier.

Probable lineup for Kenyon are listed according to their classification by weight.

The Chase Society held its annual dinner and Christmas party for children of Kenyon's faculty on December 19.

Among the guests were many College students who sang carols with the children.

The event was a success, raising funds for the Kenyon Children's Home.

Scholarship Policy

The policy was revised due to financial reasons, and without informing the students. Scholarships were offered, and John L. Stanley, President, expressed his approval.

Statement of the Scholarship Committee

The committee voted on giving scholarships with the amounts of money available to help as many students as possible.

The committee's actions are to be carried out in the best interests of the students.

Matters of Concern

Concerned about the scholarship policy, the committee had a meeting to discuss the situation.

Academic Policy (Cont. from Page 1, Col. 1)

The seniors as well as freshmen are doing poorly in a certain subject, which would be allowed to drop in the current year, getting a half unit credit rather than full credit of the course.

The faculty has taken into consideration those problems which arise in the student's program, and they find that with the exception of the new program, it could be modified to cope with such difficulties as might arise.

It is to be noted, in effect, that present freshman courses are year courses; the second semester's work being based upon a sound knowledge of work covered in the preceding semester.

Matters of Concern

Other matters of concern to both student and faculty members are being considered by the administration.

Included in these is the present "honors work" system which might open the honors field to the students of a certain below superior work.

The committee, as stated in principal, the proposed calendar now reads the final vote, which will serve to kill the proposal or bring it to realization — possibly by the fall of 1959.

MCCREERY COMPLETES GRAD. REQUIREMENTS

Don McCreery of East Division has been described by his professors as a young man who is "considerable improvement over last year." This is especially evident in the freshman class, comparatively how 41% of the freshmen received degrees. Last year's figure was a high 62. Also, there was a corresponding decline in the amount received by upperclassmen this semester. The percentage for the entire school dropped by approximately 3%, Caliber Rising.

There are many probable factors for this improvement. For one thing, the most evident, especially in the case of the freshman class, in that the caliber of the classes may be rising. This is also evidenced by the fact of Kenyon's high academic reputation which allows the selection of the best students from the rest.

Undoubtedly this year's earlier rushing enabled the freshmen to become better situated in their classes, reaching in better grades. Regardless of the cause, it is a fact that there were fewer degrees given this semester than in the fall of 1957.

Longaker To Publish Book

On Role Of President

Many volumes have been written to analyze and elucidate the role of the President in the area of American civil liberties and civil rights. Unfortunately, however, too little has been said about the position of the President in the Executive in this capacity. Richard P. Longaker, member of the Kenyon political science department, intends to insist in the removal of this virtual void with his forthcoming book The President and Individual Liberties. Although the study will include some historical material (e.g., John Adams and the Alien and Sedition Acts), the emphasis will be on the administrations of Truman and Eisenhower.

Fewer Restrictions

Prestige is one of the reasons that government and society still place such restrictions on the President. However, restrictions have been lifted during recent administrations.

Aided by Grants

Working under the auspices of research grants, the President has been able to explore new areas of study and bring further information to the public.

The President and Individual Liberties is still in the process of being written, and the long-awaited Longaker will be released shortly.
