Winter Varsity Teams Draw High Averages

The registration recently released the cumulative average of Kenyon's three winter varsity teams. The registration average of the basketball team was 2.6, of the swimming team, 2.4, and of the wrestling team, 2.4. These are exceptionally good averages for athletic teams in comparison with other schools and should effectively refute those charges made against Kenyon's "non-athleticism" by basketball fans from the minor league.

However, if this is not enough to convince the members of these teams have any claim to excellence, there are 23 members of the swimming team only seven receive varsity letters. So far this season, the 21 on the basketball team only six receive varsity letters, and the 10 on the hockey team, with four receiving a better than a 3.5.

WRESTLERS PLACE FIFTH IN CONF.

The Ohio Conference Wrestling Tournament came to a close Saturday and the Mount men emerged as fifth place finisher.

Walt Schori and George Wear of the Mount were the only two wrestlers to win their respective weight classes and were chosen as conference champions. Schori, an eighth-year senior and the first weight champion in Mount history, was unseated by the referee and they were declared co-champions for the weight class.

What's next is a trip to the National Tournament. The Mount展望 had planned to have a full team of eight men in the competition.

Schori Only Finalist

During the first two rounds of single elimination tournament of the Kenyon team, they were eliminated as were several other teams competing in the event. Going into the third round, they were eliminated by George, Armes, and Robins. The Mount was the only team in the tournament that was shut out of the final.

New Improvements

During this past year a noticeable program of divisional repairs has been undertaken by the respective fraternities and divisions on the hill. What is more significant, although not negligible, is the general spirit with which the individual divisions have undertaken their projects and have worked toward completion.

This year, in addition to the regular painting-refinishing program which ordinarily accompanys the initiation of new members, a majority of the divisions have invested considerable money in new furniture, and renovations to the fraternal furniture, pool, arch, for example, recently furnished their lounge, and added and dragged to grace a refinished floor and new paint in the Phi Kappa Psi fraternity a coat of paint for the Middle Hanna halls and tacked a bathroom stall in the same building. The D Phi Kappa PSI lounge was refinished, as was that of the Phi Lambda Psi fraternity. The Kappa Kapi also painted their basement and refurbished a new upstairs lounge and furniture, and two new curtains worth more than $50 were installed. The Phi Gamma Phi lounge was refinished, and the lounge in the college also was decorated.

The Mount's new lounge is a described as being roomy, comfortable, and modern. The lounge is equipped with a new ceiling, new drapes, and new furniture, and is the finest facility on the hill.

Schori Comes in

Wrestler Schori won his first round match by a 2-1 decision, but was eliminated in the second round by a 3-2 decision.

Baseball Wins One And Loses Two

Kenyon's baseball team opened its 1959 season last Saturday losing the first game of the doubleheader to Wooster by the score of 4-0. Fortunately, the Mount came back in the second game and scored the ninth run of the day to win the contest.

The next day, the Mount visited the home of Hillsboro and bested them by the score of 3-2. Unfortunately, the Mount lost the third match to Earlham by a score of 7-4.

With the final tallying of points, Kenyon ranked fifth among those
ten schools. Hiram College took first place with 77 points. Akron

provide, "a sound intellectual basis for the understanding of religious
faith, and the application of that understanding both to
the other academic disciplines and the practical problems of
daily life."

The department pointed out to
the Collegians that it is definitely not a vehicle for evangelism, but a
center of "intellectual inquiry, with the purpose of providing for
students "both a sound and en-
during foundation of knowledge
and the stimulus to further study
and inquiry."

The department explained that
"Religion is one of the primary
bases of culture. Europeans and
American literature for instance
is full of religious references
biblical and otherwise, which can
be understood only by those
who have the necessary background
of knowledge, and that providing
this background is one of the
responsibilities of the department.
However, they point out that
"religion is manifestly not merely
the handbook of the other disci-
plines, and this most important
function of the department is to
see that it is studied honestly in
its own right."

Dr. Zucker is presently pro-
